"LUAU" AT WADE HEAD PARK, SUNDAY

The Hawaiian Luau Party, postponed several times due to conflicting dates, is now definitely planned for this coming Sun., Oct. 25, the report by the Kamaaina Club reassured.

The gala affair will be held at Wade Head Park, commencing from 5 p.m., with entertainment and musical numbers supplied in "glorious fashion" by the Hawaiian orchestra, headed by Dr. Geo. Yamada, Mrs. Elmer Yamamoto, Dr. Wakatake and Ted Hata.

Those attending the well-prepared event, which promises to have plenty of food fit for a King, are asked to bring their chairs and forks because of shortage in such items here.

Transportation for Units 2 and 3 will be provided by Herbert Yoshida of Camp 2. Party-goers in Unit 2 will leave from their Main Canteen at 2:30 p.m. Sun., while Poston 3 group will leave for Wade Head Park at 3:30 p.m. in front of Blk. 322.

Luau committee will meet at Blk. 35 mgrs.' office, this Sat. afternoon, 2 p.m. for final preparations.

Dr. Perry Sumida, M.D. is the president of the Kamaaina Club, with the membership of over one hundred and twenty.

"FAIR WAGE" SCALE SEEN IN LATEST COTTON DEAL

Vital to the nation's war production and which faces near disaster is the harvesting of the long staple cotton in Parker Valley which prompted the meeting of the Unit 2's block managers, divisional heads, Councilmen, labor and the Fair Employment Practice board Thursday afternoon.

LA VIDA SODA FROM CALIFORNIA

The California packed La Vida soda water was released to the public of Poston yesterday, it was announced by Fred Ota, general mgr. of the Community Enterprise.

The product was put back on sale at the Canteens after a careful analysis was made by the Health and Sanitation Dept. and approved by Dr. A. Pressman. It was pointed out that only soda water packed in Parker was contaminated.

FIRE WARNING ISSUED BY FIEN

Poston Community has gone through many "fire hazards" during the hot summer months, but it had "weathered it" very well, was the favorable opinion expressed by Joseph Fien, Fire Marshall of the three Units.

"The Fire Depts. of all three units have served very faithfully in minimizing the hazards during the past summer heat period," said Mr. Fien, who also warns the people to

(Continued on Page 2)

After a lengthy conference the group decided on the following provisions which were previously approved by the Labor and Fair Practice Committee:

1. That the voluntary evacuee labor be paid the top W.R.A. wage scale of \$19 a month and the balance be put into Poston 2's trust fund to be dispersed by a board of trustees for workers of Unit 2 in cash or purchases to benefit the workers directly or indirectly.

2. That the wage scale of 50¢ per hour be paid the workers by the growers.

3. That transportation and compensation be provided the workers.

George Ono, executive secretary of Unit 2's Fair Employment Practice went to Parker Friday morning to meet Mr. Dudley, one of the growers with V. Kennedy and a busload of Issei experts to study the conditions of the cotton fields. Ono went primarily to negotiate and discuss the possibility of getting 50¢ per hour wage scale for evacuee labor.

M.G.M. REPRESENTATIVE
VISITS POSTON CENTER

A representative of the Metro-Goldwyn-Mayer studio of Hollywood was a visitor on business at the Colorado River Relocation Center on Friday morning. Meeting with Project Director W. Wade Head and Kenneth Hirose, the former moving picture industry man, Mr. Harris discussed the possibilities of presenting modern pictures to the general public in the center.

A basis for obtaining these popular MGM pictures was generally agreed upon, and as soon as the proper projection machine was obtained here, the residents will be able to see the latest releases from this studio.

COUNCIL, BLK. MGRS.
GO COTTON-PICKING
TO AID PROJECT

To alleviate the pressing need for more cotton-pickers in the Parker area, the Community leaders of the three units, in their meeting held in the Staff room, Unit 1 Aa. 3, on Oct. 22, have decided to recruit volunteers to work on the cotton field Saturday and Sunday during the "crucial period".

The Council, and the Blk. Mgrs. to set the precedent, will probably start the new move by "going cotton-picking" themselves.

VOICE OF AN ISSEI

ON ABSENTEE BALLOT

The basic principle governing the right to vote, appears to be that the voter must necessarily be the one who has a domicile of his own choice. Such seems to be the explicit meaning by the Constitutional provision of the State of California. The Attorney-General Earl Warren of California once ruled that the Japanese American citizens in evacuation camps in inland California counties could not acquire voting privileges because their residences under the State Constitution meant the residence of choice. These barracks cannot be called our residence of choice. However, soon after the ruling above mentioned made publicly known, we learned that the evacuated Japanese who are on the registered lists would be permitted to vote by absentee ballot.

The Attorney-General Warren's ruling is, by all means, sound and logical in as much as the constitutional provisions are concerned. Yet, the standard rigidity of law seems to have somewhat broken down in permitting Japanese citizens to cast their votes by absentee ballot. The application of Law and Order in a newly established colony like ours here, must, of necessity, be one of flexible nature. One must bear in mind that the City of Poston is in the making now--actually in the state of fermentation and all the sediments, must be settled down before the uniform law can be successfully applied.

The voting by absentee ballot has been practiced here in the Councils and Block Managers as well as in the Advisors elections, because the official instructions on voting could be construed that it was permissible to vote by absentee ballot. Mr. Haas, the project attorney, we understand, has ruled that the absentee is illegal and this caused quite a bit of unnecessary trouble in some blocks in Poston. We urge that the block managers and their staff should consult the legal department from time to time of the Administrative instructions they receive contain some such phrase or sentence whose meaning is not quite clear and ambiguous.
