## POLICE STRIKE QUICKLY SETTLED; RETURNED TO DUTY

The Poston II police force returned to duty yesterday morning as a speedy settlement was effected in regards to their demands for better food and a truck for full-time use.

Chief Of Internal Security Ernest L. Miller and Chief of Police Harry Madokoro conferred with Head Steward J.L.E. Burdick and Transportation and Supply Chief Townsend with the result that the policemen will be fed warm meals in the 210 mess hall, and promised a truck for full-time use as "soon as such is immediately available."

According to Chief Miller, Poston Units 2 and 3 are using trucks only during nights.

"The situation was not as serious as appeared on the surface," stated Chief Miller yesterday to the Press. "It was an unfortunate misunderstanding based on an understandable anxiety by the force, based on working conditions which were only fair."

"It's my belief that it would have been better policy," he continued, "for Chief Madokoro to have taken the grievances to the Fair Practice committee. I believe he would have done so if he had been fully aware of the functions of that Committee. But in view of its being a fairly recent addition to our community, he wasn't

## AG DEPT. TAKES INITIATIVE TO BEGIN "PLANNED PROJECTS"

Elaborate Projects have been planned out by the Agri. Dept. of the three units. However, whether these could be completed in successful fashion is dependent on the "arrival of proper equipment, supplies and materials," for the scheduled programs.

These were the opinions expressed in the meeting, held at Ad. Bldg. III, at Poston I, on Oct. 26, with Frank Mizusawa, head of the Farm Management, presiding as Chairman.

### UNIT 2 COUNCIL IN BUSY SESSION; HEARS REPORTS, APPROVES COMMITTEE RECOMMENDATIONS

Poston 2's council, in its 7th session meeting Monday morning heard that its treasury coffers will be richer by some \$560, which is the allocation of the Community Enterprise funds based on percentage of sales here during September.

According to Treasurer Sumio Nishi, the funds will be expended for community welfare.

John Nakamura, chairman of the Works Project committee proposed an over-all committee to be formed among the 3 units which will promote efficiency in the industrial projects and which will dispose of duplication of projects whenever and wherever possible to reduce cost of production plans. Mr. Masuda of 222 was appointed to work with the com-

fully educated of its functions and didn't," concluded Mr. Miller, "think of using that medium to gain his ends."

H. A. Mathiesen, Ag. Dir., expressed his confidence that more equipment will arrive, although it "may take time." It was also stressed that the Dept. is very much interested in purchasing farm tractors, and tools from the evacuees to solve the problem of shortage. Renting of such items has also been taken into consideration.

Listed on the top of the proposed projects, is the Poultry Industry, which requires about 50,000 chicks. This will provide approximately 1000 fryers per week for the Mess Halls. Egg production under the same project will also be carried out, it was indicated.

It was been estimated that 1250 gallons of milk per week are required for the population of 17,000 Postonians. The quota is 800 cows, of which 100 heads are "practically" on its way to begin the Project, the report suggested.

The third Project intended is the Apiary Industry, which will greatly aid in solving the sugar situation at

STATUE OF LIBERTY

# VOICE OF AN AMERICAN

In view of the present global conflict, one of the most significant dates of the year happens to fall on October 28. For it was exactly 56 years ago today that the Statue of Liberty on Bedloe's Island was dedicated.

Overlooking the metropolitan scene of New York, the towering landmark is symbolic of our American way of life and loftily stands as an inspiring monument for all free men in the four corners of the world, fighting grimly and with determination to uphold a sacred tradition that "they are endowed by their Creator with certain unalienable Rights...Life, Liberty and the pursuit of Happiness."

It is emblematic of the concerted efforts of all loyal Americans to assist the oppressed to get rid of the diabolic yoke of tyranny and slavery. All freedom-loving people eagerly await the day when her dimmed torch, a token of Justice, Tolerance and Liberty, once again enlightens Mankind's horizon in all her majestic glory.

## 80,000 JAPANESE AMERICANS

To approximately 80,000 American citizens of Japanese extraction, the spirit exemplified by the Statue of Liberty is of especial significance. While millions of fellow citizens and allied soldiers are locked in mortal combat on sanguinary battlefields in preservation of their God-given Rights as free men, the Japanese Americans are being persecuted on the home front by super-patriotic organizations.

One wonders if the exhortations of such alleged patriots as Roger Jessup, chairman of the Los Angeles County Board of Supervisors, and Walter J. Sullivan of the LA American Legion to "revoke the citizenship of Japanese Americans" are sincere and are cognizant of what we are fighting for. One cannot help but wonder, suspiciously and yet pityingly, if such persons have been susceptible to and indoctrinated with the Hitlerian theory of pitting race against race for an eventual crack-up of national morale, to deliberately create a racial issue to disrupt and hamper the efforts of our Nation in its greatest test for survival. Whether it's done unconsciously or otherwise, they seem to be the saboteurs and not, as claimed, their intended victims of circumstances.

Eighty thousand proud American citizens of Japanese ancestry ask simply that such personalities and groups withhold their vilifying judgments and look to the records as have the FBI and the Tolan Congressional committee, as well as other fair-minded groups and DETERMINE THE TRUE MEANING OF AMERICANISM AS SYMBOLIZED BY THE STATUE OF LIBERTY.

The Japanese Americans implore their misguided fellow Americans to perceive as did Abe Lincoln: "With Charity to all, with Malice toward none, and with FAIRNESS IN THE RIGHT AS GOD GIVES US TO SEE THE RIGHT."

ONLY IN AMERICA COULD THIS HAPPEN! IN RE EVACUEE TRUST FUND; LET'S KEEP THE MONEY!

You know, this could only happen in America. I mean about presenting the peoples' viewpoints without fear of a Gestapo.

Now this writer has always had much respect for the editorial comments of Mr. K.T. And with due respect to that fellow scribe, permit me to take advantage of our freedom of speech to digress a bit on the topic of the evacuee trust fund.

Perhaps the Issei Voice is right. Cooperatives may possibly border on Bolshevism. But it was my understanding that the fund is to be created, organized and held in trust by the people, thru their elected representatives on the Fair Practice Board.

On that account, maybe the Coop enterprise (canteen) should be discouraged. I wouldn't know. The h...with the people! Every man for himself!

Why not allow the cotton pickers to keep all their earnings? Vernon Kennedy, the Employment Chief, told me that there is available approximately \$2000 of the Caucasian personnel money for the trust fund, or as the Voice would like to have it, for the individual pockets of those rendering personal services in the way of maid and laundry service. Well, why not? Then maybe this writer would be within his

rights to ask \$25 per week as a reporter. And maybe the chefs and the lawyers and the secretaries would be within their rights to demand wages compensatory to their positions!

Albert Kaniye, Works Director of the Poston County Fair, and his associates were commended by Project Director W. Wade Head for their part in its success in a letter, the text of which follows:

Yeh, let's forget about all this community service ideal. Let the suckers who vote for cotton picking go out themselves. Or if they get to hang on to whatever they earn, it might not be so bad. If the garnishing project pays prevailing wages, let those American citizens keep all the money they earn!

Dear Mr. Kaniye:

You have my sincere respect and congratulations for your fine work as Works Director of the County Fair.

Why should we worry whether the cotton's picked or not! Why should we worry about the next guy! Is that the characteristic trait of all human beings? If so, let it reign in all its inglorious state!

Under very difficult circumstances and handicaps, you were able to present to the community the remarkable record of the achievements of many individuals and groups. You and your co-workers are deserving of the respect and thanks of all of us.

That Poston has a future, and a bright future, is evident by what has been developed in the few short months that we have been here, - made evident in the splendid and varied exhibits of the Poston Fair.

Being a bit on the younger side in age, this writer may not possess the foresight of the older generation in regards to cooperation, sacrificing for the good of the greatest number.

Yours very truly,

Perhaps this scribe has too much faith in mankind, is too idealistic. Perhaps we should overlook the fact that we're all in here together. And the idea of educating the people along cooperative and unselfish ideals discouraged.

mittee. An industrial department within the Council committee was sanctioned and the group was empowered to take charge of the production of mungo beans and tofu.

An emergency committee of Manabu Fukuda, George Ono and Henry Fujii was appointed to make immediate investigations with Adm. J. D. Crawford concerning a solution to the problem relating to the use of local storage space for absorbing influx of evacuee properties from residents of other units.

Cotton working conditions were reported by George Ono, chairman of the Fair Practice committee.

present, the mess halls are providing one gallon of syrup per hundred persons per week. In order to produce 1000 gals. per week for the 17,000 people, a thousand to sixteen hundred colonies of bees are needed. Due to its high concentration, the honey can be diluted with 25% water in most instances, thus "decreasing" the amount of actual honey to about 8000 gals. per year, figures revealed. This industry is now in progress at Unit 2.

A similar meeting will be held this afternoon at 1:30 at the Agri. Dept., Blk. 37, it was announced.

ONO AUTHORIZED

George Ono, chairman of the Unit 2 Fair Practice committee, was authorized to negotiate the best way possible and to act accordingly with Units 2 and

## TRACTOR DRIVERS HONORED BY 221ERS

A party in honor of the tractor drivers was given by the residents of Block 221 Sunday night at their block kitchen. Miss Chiyoko Kobayashi was the general chairman of the affair and was aided by Mes Yamamoto and Bill Hirata as "emcees". Dancing, games and a scavenger hunt were enjoyed.

## MLLSES. ADOPT CLUB PURPOSE

With Becky Hasegawa presiding, the Mademoiselles held their first business meeting at Rec. Hall 226 Monday night. A purpose "to better ourselves and each other" was the club theme adopted. Tentative plans for a formal installation of officers were made and a committee of cabinet members were appointed to plan the activity for the calendar year.

## MESS HALL WORKERS MEET

Poston 2 kitchen workers met recently to discuss problems pertinent to themselves.

A need for a steward for Area 2 was indicated and the present steward system was pointed out as being unsatisfactory. A steward elected or appointed by the workers was desired. Six more workers are needed in each kitchen because of former helps who are attending school.

In place of the tin in front of the stove, a concrete layer was recommended to prevent serious accidents.

## RESIDENTS LEAVE POSTON TWO

Tomizo Ishibashi, father, and children, Tomu and Yukiko of 226-14-C left for Corrine, Utah, by special bus and escort, Sunday night.

Eugene Kodani, popular resident of 219 left Sunday for Huron College, South Dakota through a scholarship awarded by the N. S. R.C. He was honored at a farewell party given by his friends. Majoring in Civil Engineering, Kodani was graduated from Monterey H.S.

GEO. IKUTA ARRIVES  
IN POSTON III

Last Japanese to leave Reedley California, George Ikuta and his wife arrived yesterday in Camp after leaving Reedley on Oct. 26. Due to illness, they were not able to evacuate when all the Japanese were forced to leave that vicinity in August.

Mr. Ikuta stated that the Caucasian people treated them very well while in Reedley, but he was glad to be with all his friends here again in Poston.

George Ikuta was a very active member of the Reedley chapter of the J.A.C.L. and aided greatly in the evacuation helping the people with their numerous problems.

The new arrivals were Mrs. Nakamura and daughter who joined her husband in blk 316, were escorted by two members of the police force from Fresno Assembly Center.

TETS MORI MARRIED  
IN GILA

Tets Mori, who transferred to Gila, married to Yachiyo Teramoto formerly of Selma, Calif. on Oct. 15 at the Christian Church in Gila.

Tets Mori was secretary of the local Red Cross Chapter.

Yachiyo is the sister of Yasi Teramoto who was employed in the Fire Dept.

They first met each other in Central Calif. when Tets evacuated from Los Angeles.

HIGH SCHOOL GIRLS MEET

Roku I high school girls met last Sunday and selected as their club name J.U.G. meaning just us girls. Election meeting will be held next Tuesday, Nov. 3.

### "DON'T CUT WIRE FENCE," IS WARNING FROM AGRI. DEPT.

Because of the continuous cutting of wire fence bordering the outskirts of the Center by the residents, the Agri. Dept. today issued an warning to those indulging in such practices to refrain from doing so, other wise drastic steps may have to be taken to prosecute them, "if caught in the act".

"These wire fences are there to protect the Truck crops from the cows. It should known by now that the residents will not be benefited by feeding vegetable to the cows. Let us cooperate in keeping these fences intact," one spokesman for the Dept. declared.

Meantime the Police Dept. is heartily supporting the plan, keeping watch whenever possible, to avoid further damages.

### MESS WORKERS: PLEASE SAVE BOXES, CRATES FOR GETTING VEGETABLES!

Large boxes and crates are much needed for harvesting crops, and distributing them to the Mess halls, reminded the Agri. Dept. today to all the kitchen personnel.

"These boxes should not be burned or destroyed, but saved so that fresh vegetables may be placed into them for shipment to individual Blks. The loss of these containers may mean a loss of vegetables for your kitchen," the Dept. said.

The harvest season here is now reaching its "peak" the report also stated.

### HALLOWEEN PARTY FOR PUPILS

So that little kids will not miss their annual Halloween "fun", the Boys' and Girls' Clubs and the Athletic Div. of the Rec. Dept. announced yesterday that they will sponsor a Halloween Party for the pupils from 3rd grade to 8th grade, on Oct. 31, commencing at 7:30 p.m. and ending at 9.

The locales will be in the Main Firebreak, one on the South and another on the North side. Two huge bonfires will mark the sites.

Games, apple bobbing, donuts and competition for the best costumes is in the offing (though masquerading is not necessary).

**FISHERMEN:** Angleworms from Lynwood, Calif; and three best-selling artificial plugs in Arizona--black-bass getters, salmon eggs and artificial tadpoles are fishenticers sold at the Main Canteen.

### RESIDENTS TASTE FIRST MOYASHI SINCE EVACUATION, "LIKE IT"

The initial distribution of the bean sprouts to the Unit 1 kitchens has been completed according to Agri. Dept. report.

Though the first shipment was "not enough" and residents were only able to taste "few strands of moyashi," the production now has been brought up to meet 40 lbs. per Mess hall per week, doubling the previous amount.

Under the capable hands of Mr. & Mrs. Yoshimi, and Mr. & Mrs. Tamura, formerly of Los Angeles, it is believed that soon the factory (Blk. 35) will be moved to a larger building, to speed up the Moyashi project.

### DRAMA GUILD HAS 'NEON SIGN'

A green "neon sign" was installed at the dedication ceremony held Mon. night, Oct. 26, at the Drama Guild Theatre at Blk. 44-14 before a large crowd. This "neon sign" is said to be the first one of its kind in Poston.

According to Junko Maruya of the Drama Guild, a three act comedy skit titled "Postonese" will be presented to the public in the near future on Poston's only indoor stage at the Drama Guild Theatre.

**LOST AT LUAU PARTY:** 1 butcher knife, 2 cooking forks belonging to Mess 59. Finder please return to same.

INDIANS RALLY TO TRIM VALLEY, 7 TO 5; O.C. TAKES CHAMPIONSHIP

The scalping Indians came from behind to edge out the Valley Nine in a close 7 to 5 decision in a 4 inning tussel, held at the Powell-Evans Fld. last Mon.

The downfall of the Valley gave the Orange County the undisputed "AA" league championship crown, with 7 wins and 2 losses.

Valley splurged in the second frame with five runs to go ahead of the "determined" Indians, put the latter through sheer batting power, finally exploded in the last inning to eke out the win, 7-5

I. Hashimoto poled a four-bagger in the second with one on to aid in the victory. T. Imamura was tabbed for 4 hits while Uyeda was "damaged" for five bingles.

POSTON III "FLATFOOTS" UPSETS POSTON I, 5-4

Led by Tom Kitahata, girl softball chucker, Poston III coppers edged out a close decision over Poston I coppers last Sunday at Poston I.

As Poston I was heavily favored Poston III played errorless ball to give Tomi Kitahata good support to pull an upset.

Batteries: Poston I, J. Hasukawa, H. Manaka; Poston III, T. Kitahata, Mas Iwahara and Nobuo Takasugawa.

THOMAS NIWA

Proposed by the Indians, Cheyennes, and Blk. 35 Old Men's clubs through the cooperation of Lyle Kurisaki and Henry Sakemi of the Agri. Dept., the Powell-Evans Field was approved by Mr. H. A. Mathiesen, Dir. of Agri. recently, through the efforts of Harvey Suzuki and Dr. John Powell, Dir. of Rec. and Eds. The park, which is to occupy the 525 x 300 feet firebreak area east of Blk. 35, will include a baseball field, two tennis courts; a volleyball court, and a basketball court.

Landscaping will be handled by the Nursery Dept. under the supervision of Harry Kikuchi, while the Rec. Dept. is to provide the man to work on the field.

Shade trees of Chinese elm and mulberry will completely surround the area and along the railed boardwalk, between the baseball field and court, a flower garden and lawn will also be planned between the field and courts. The courts which will be situated directly south of the baseball field are to be of cement flooring.

A suggestion by Mr. Ralph Gelvin is also to have the outfield of the baseball diamond in lawn.

Mr. Kobayashi, head of the Rec. Dept. states that a requisition for water pipe line has been made and approved.

With the great difficulty of obtaining men and material prevailing, the completion of this plan will undoubtedly take some time.
