## NAZIS HURLED BACK 210 MILES IN AFRICA; U.S. FORCES ADVANCE EAST ON GUADALCANAL

\$350,000 ALLOTTED.  
FOR 70 POSTON  
SCHOOL BUILDINGS

20,000 NAZI PRISONERS TAKEN;  
75,000 ITALIANS STRANGLIED

At a meeting held Nov. 6, in the Ad. III Conference room, twenty-five principals, teachers, parents and representative students were present to discuss common school problems, hailing from Poston I, II, and III.

A report was made by Charles Popkins, Construction Engineer, regarding the school buildings and their progress.

All specifications have been sent to Washington to receive a priority rating from whence they will be able to start the greater part of the work on the buildings.

There has been about \$350,000 allotted for school building materials. The site for the elementary school will be at the location of the first adobe plant while the junior and senior high school will be in the vicinity of Blks. 28 and 39.

In all, there will be about seventy school buildings and twenty living quarters for the teachers.

Among those present were: Dr. Miles Cary, Miss Retha Breeze, Chester Potts, Mary Tachibana, Charles Popkins, George Peavey and Azusa Tsuneyoshi.

### GILA ISSEIS DENIED

The reply of the WRA

CAIRO, Nov. 7 (UP)—The United Nations hope for a complete victory on the African front remained on the ascendancy as the Imperial 8th Army continued to drive Marshal Erwin Rommel's battered main forces back to the western edge of Egypt and is piling them up at the Egyptian-Libyan frontier, according to reports from the westward driving allies today.

The bulk of the survivors of Rommel's Nazi units have been trapped at Buqbuq, 210 miles west of El Alamein, the original battle line, at Sollum, 20 miles further west, and at the junction of the coast road and Halfaya (Hell-fire) pass on the frontier.

Already 20,000 prisoners have been counted in British hands and upward of 75,000 Italian troops are gradually being cut off of food, water and ammunition, and are about to surrender, reports from the battle zone said.

### U.S. TROOPS REPULSE PINCH ON VITAL HENDERSON AIRFIELD

WASHINGTON, Nov. 7 (UP)—American forces defending vital Henderson Airfield on Guadalcanal Island have advanced several miles to the east, while other American units have repulsed enemy attacks to the west of the field, a communique issued today by the Navy revealed. The successful eastward advance carried out by the U.S. Army troops occurred Friday, Solomon time.

Light enemy resistance was encountered during the eastward march, the communique stated. It took the American troops several miles beyond the lines, and held back the Japanese' recently landed ground forces east of the Airfield. The movement was apparently to prevent the enemy from getting those forces into shape for a pincer drive across the field with columns advancing from both east and west.

CUCUMBERS ON THE MESS TABLES

WHAT'S BUZZIN' FOR TODAY

More than 113 lug boxes of cucumber were picked from the patch, west of Blk. 18, for kitchen distribution last Fri. the Truck Crop Div. declared yesterday. The planting, under the experimental stage at present, was found very "satisfactory" and more are expected to be picked before the termination of the season (before the frost period arrives).

Daikon which is found along the Blk. 17 and 32 has also been harvested and passed to all the mess halls. While the crops appear "light", growth is still expected to a certain extent before the final harvest.

LOS ANGELES CONDITIONS TOLD

Francis Bottles of West Los Angeles, in his recent visit to Poston III with his mother and several friends, explained to the Bulletin that "there seems to be more people walking on Broadway today due to tire and gas rationing."

"The number of street cars running on the city tracks are the same, though in few cases, women conductors could be seen. The former Japanese town on First and San Pedro is quite "lonely"; and most buildings are bare, save few stores and hotels.

"Food prices have now become more or less stable, but you're pretty lucky if you can get a hold of a ham or any preservable meat. Fresh vegetables are very scarce and prices are high.

"Candy bars are usually limited to two, and many times you don't get the variety you want. Chewing gums are rationed to two packages per person."

Asked if people are still going to theatres, Mr. Bottles said, "Certainly and we are getting one "A.M." showing for Defense workers and others who are working on early night shifts."

THANK YOU, MR. FUKUNAGA

We, the members of the Japanese Medical Staff in Poston General Hospital, wish to thank Ichiro Fukunaga of Blk. 13-1A for his kind donation of a 1935 Chrysler automobile, to the Hospital staff.

Mr. Fukunaga, your timely gift is appreciated and the car will greatly aid in our medical work.

## TO PEOPLE OF POSTON:

I wish to express my thanks for the way you are rallying to the cotton picking. It is a satisfaction to see the money coming in which you can use to improve your blocks, churches and schools.

It is good to help the farmers of Parker Valley and to build up friendly relations between our community and our neighbors. It is best that you are helping to gather the nation's cotton crop and it will not go unappreciated.

### "FIRE RECORD" FOR CENTER GOOD, SAYS MARSHAL HOFFMAN

Comparatively speaking on the basis of population, Poston has had the "least fire damages" to date, declared W.E. Hoffman, Regional Fire Marshal of all Centers to Tom Nishimoto, Chief of Unit 1 station.

During the week of Oct. 30-Nov. 6, total fire damages of three units amounted to \$93, indicated in a report to W. Wade Head office.

### POSTON POLICE TO BE UNIFORMED

Complete uniform equipment to outfit the police force of the three units of Poston arrived at the office of Ernest L. Miller Chief of Internal Security Friday. Army twill suntan shirts, trousers, belts, shoes sun helmets inscribed "Poston Police," and badges (to arrive soon) constitute the smart sartorial attire.

Strict regulations will concern the wearing and wearer of the official garments.

## POSTON SOON TO HAVE PERMANENT COUNCIL

At the second meeting of the Organization Commission, held last Fri., Nov. 6, at the Hospital Aud., the Commission attempted to clarify the overall picture of Community Government. According to WRA Instruction 34, there should be instituted in the permanent Gov. of Poston, an overall council, with the

possibility of a local council for each of the three units.

### LAW DEPT. STAFF KEEPS REGARDED AS DEMOCRATIC ADMINISTRATIVE METHOD

The minutes of the last Staff meeting of Oct. 31, of the Law Division, which has been settling some of its major problems by staff meetings attended by all the lawyers and Yoshiye Yamada, secretary of the staff meetings, was sent Sat., Oct. 7 by Theodore Haas, Project Attorney to the San Francisco and Washington Offices of WRA as "an example of a democratic method of administration," according to Mr. Haas.

Furthermore, Mr. Haas stated in answer to questions, that the Law Dept. of Poston has handled many more problems in proportion to population than the Law Division at Manzanar. He stated at the meeting that the Judicial Commission at Manzanar which is composed of Ass't. Project Director, the Social Welfare Worker, the Chief of Community Services, and three evacuees, is as democratic a system as the one employed here with the two Judicial Commission of Poston which are composed of evacuee judicial commissioners.

The sample draft, which was drawn up by E. Yamamoto, K. Tamura, and R. Yoshida, of the Legal Dept., was checked by the Commission, which proceeded to work out the preamble; rights of suffrage; distribution of powers; legislative dept., powers of the Council; initiative, referendum; recall, executive dept., and judicial commission.

A Drafting Committee of the Constitution was appointed to draw up the Constitution in final form. They are: J. Maeno, H. Iwata, S. Togasaki, Dr. H. Kita, S. Nomura, H. Amano, and Dr. T. G. Ishimaru of the Commission; Ted. Haas, K. Tamura, T. Masuda, S. Kido, and E. Yamamoto of the Legal Dept. were appointed to the Drafting Committee of the constitution to draw up the constitution in the final form.

After the redrafting of the constitution, the Commission will convene to correct and pass the draft which will be brought to the attention of the Proj. Dir. for his approval. In the final stage, it will be presented to the residents of Poston for ratification or rejection.

## ARMY SHOULD REALIZE NISEI ARE AMERICANS

The Army is committing a serious psychological error in asking for volunteers to its Military Intelligence School on the basis as reported in a recent issue of the Bulletin.

Maj. Karl T. Gould is quoted as announcing that "the response to this plan for Nisei to enlist in the Army will be looked upon as the acid test of whether the requests ... to enlist...are made in real sincerity."

This is definitely putting the loyal American citizens of Japanese extraction "on the spot". For the simple reason that the Army, like many misguided super-patriotic civilians, is forgetting the simple fact that such citizens of Japanese ancestry are, first of all, AMERICANS in every sense of the word. And that as such, their knowledge of the Japanese language is limited. It must be realized that a very limited number of Japanese Americans would be able to meet the standards imposed by the Army in gaining entrance to the school. Few, indeed, are there who can speak the language fluently, much less read and write "kata-kana" with facility, not to mention the more difficult "kanji."

It is to be hoped, if the Army is at all desirous in gaining the true perspective

## "MASTER OF MY FATE"

Some residents, imbued with the notion that the present far-flung sanguinary warfare will come to an early demise, have, unconsciously or knowingly, hampered the efforts of the sincere ones to adjust themselves to their present circumstances and pave the way for their future welfare. While an early end of the conflict would undoubtedly be a momentarily happy event, it would be the height of folly to base all our aspirations on such wishful cogitation.

The Japanese as a whole have been pictured as a proud and prideful race. The Tolan Congressional committee, among others, have recognized the diligence and industriousness of the Japanese in the USA. That the Japanese have contributed to the welfare of the USA, especially in agriculture, is a recognized fact.

Are we to allow an insignificant minority to destroy that record? Our first generation folks have not much more to go, as the life span of a human is measured. But their conduct to date and during their residence here will be a "noble, logical diagram that will be a living thing, long after we are gone," in the words of Daniel Burnham, the architect. To their youthful citizen offsprings, whose future is still before them, it will be a challenge, in the consecrated name and memory of their parents.

Whether the war will end soon or not should not be our lot to discuss at this time. The Japanese Americans must plan now and activate themselves to assure their own future prosperity. The Isseis must lend a helping hand to fulfill their purpose on this earth.

It would not be untimely to record in our memory this verse from Henley's "Invictus":

"In the fell clutch of circumstance  
 I have not winced nor cried aloud,  
 Under the bludgeonings of chance  
 My head is bloody but unbowed...  
 It matters not how strait the gate,  
 How charged with punishments the scroll  
 I am the Master of my Fate,  
 I am the Captain of my soul."

regarding the sincerity of the Japanese American citizens' protestations of loyalty, that those in authority will recognize the lack of such citizens' command of the Japanese language... which is what might and/or should be expected of any AMERICAN, regardless of race.

### WARTIME WEATHER

The Poston temperature reading, withheld 24 hours by wartime restrictions, was reported for November 6 by Unit 2 Administrator James D. Crawford as follows:

High -- 81  
 Low --- 35

"No reform can produce real good unless it is the work of public opinion, and unless the people themselves take the initiative." - Buekle, in his monumental unfinished, "History of Civilization In England."

**POSTON TWO SCHOOL  
 COTTON PICKERS**

A total of \$171.44 passed through the hands of grateful Parker Valley cotton farmers and the students at Poston Two school when the three senior high school classes vied for top "pickin'-iny" honors. This money will be divided 50% to the General Student Activities Fund and 50% among the senior, junior and sophomore classes in proportion to the total amount of cotton picked.

Led by June Sugidono from Blk. 220 who picked 33 pounds of long staple cotton and Yoshimi Kobera of Blk. 214 with a high of 73 pounds of short staple, the Junior class led the pack, amassing a total of 2185 pounds, which netted them \$64.18.

The Sophs pulled in 2nd with 1428 lbs. and the Srs. picking 1264.

 CITIZENS TAKE INTEREST  
 IN GENERAL ELECTION**

Absentee voters made 474 applications for the Nov. 3rd election in Monterey County. In which regards County Clerk C. F. Joy is reported to have stated to the Monterey Peninsula Herald in its Oct. 28th issue. "There is considerable interest on the part of the interned Japanese in the election."

While exact figures on the number of applications by them was not given, Joy said that a small percentage of the total of 474 were filed by soldiers.

**EVACUATION COMPLETED;  
 8,000 IN AGRICULTURE**

In an AP dispatch, the Army was reported to have completed its task of transferring 110,599 Japanese from strategic military areas on the West Coast to relocation centers.

Referring to the movement as "without parallel in the Nation's history, the operation covered a period of 8 months. The exodus was reported to have been completed last week with the removal inland of the last Japanese from the Santa Anita and Fresno assembly centers.

According to the AEP story, about 8,000 Japanese now are engaged in agricultural labor outside relocation camps in several western states.

## KNOW YOUR TEACHERS

Mrs. Georgia Robertson. She comes from Orange County, having graduated Iowa State College and University of Southern California with mathematic and education major. She heads the mathematic department of all three units in Poston. She enjoys her work here very much and wouldn't trade it with any other job in the United States...

Margaret Arakawa, a San Diego girl. She graduated San Diego State Teachers College majoring in elementary education. She teaches fourth grade and enjoys teaching...

Louis Marpet. Professor who teaches the Sopomore core studies hails from the other end of the country, Brooklyn, New York. He is a graduate of the Jamaica Teachers College and New York University, majoring in Social Studies.

"Considering the short time since the school has been organized in Poston, I think that it is running rather smoothly. I sincerely hope that the students will use the time here in Poston profitably so that they will be able to take their place in the Post-war America."

Azusa Tsuneyoshi, hailing from San Diego, who teaches 8th grade Social Studies, attended San Diego State, majoring in Economics and History.

Comments: "I enjoy teaching here in Poston and I think the children are cooperative and willing to learn. My main desire is to do my part in helping to educate the children here in Poston so that they will keep up with the students on the outside."

## "DEAR PRESIDENT"

His mother and sister were sitting under the neighbor's cooler. His coaxing did not move their indifference to buying something "that was n't useful". If it were for pleasure, Yosh was advised to wait till he was sixteen so he can get a work-card and earn his own money. Yosh was n't on speaking terms for a while, mourning over the tragic fact that he was not sixteen. Everyone treats you like a baby at fourteen, he thought.

He was lying on his stomach down on the floor looking through the various magazines when something in his head clicked. In the July 27th issue of the Life magazine, there was an article headed, "Life Reports 'Dear Mr. President'", relating the variety of letters that pour into the White House since the President's invitation to "Write to me personally in the White House". It was a dream on a silver platter! A real chance to write to his hero! He rushed to the crude desk that his brother had recently made, and searched excitedly for a pen and paper. He wrote, "Dear Mr. President!" It looked fine. Unending drops of perspiration rolled down his brow.

Few weeks later, an official-looking letter addressed to Y. Ochi came from the U.S. Dept. of Labor, Children's Bureau. When questioned he only said, "It's personal", and hastily disappeared with it to read it all by himself. The letter read:

"Dear Y. Ochi: President Roosevelt is so busy he is not able to answer all of his letters personally but he does see that they are answered by someone who can be helpful to you. The Children's Bureau is especially interested in the program for boys and girls, so we were asked to answer your letter. You stated that you are living in a W.R.A. Relocation Center so I called a man who works in the Washington office of the W.R.A. His office is trying to help the boys and girls in the Center have a program for their free time. For that reason I am sending your letter to him and he will do anything he can to help. It may take a little time to get this all worked out. I hope you are able to get your model airplane soon. Sincerely yours, Merrill B. Conover, Consultant in Group work, Social Service Division.

A little later on September 21, at the office of W. Wade Head, Project Director at Poston, a letter was received from the W.R.A. office in Washington. It contained a copy of Yosh's letter and a letter stating that Mr. Myers, National Director of the W.R.A. suggests that some kind of work be given to the lad. On being informed, Yosh was exultant. "Gosh, as soon as I get my pay, I can buy me the model plane; and something else too!" he exclaimed.

The copy of his letter to the President ran thus:

"Dear Mr. President: I live in a Relocation Center in Arizona, under the W.R.A. People over sixteen can only work and get paid. I am 14 years old and want to buy a model airplane but don't get paid or work so I can't buy any airplane or bonds. Can you please send me a dollar to buy a model airplane? I have nothing else to do.

Yours truly, Y. Ochi"

### INSPIRATION

F. Y.

Like a sharp  
Prick  
Of a needle,  
It aroused me from my  
Absent mind.  
With pen in  
Hand

I scribbled furiously  
Then  
Like some ghostly  
Shadow,  
It faded from my  
Thoughts into  
Oblivion---

That inspiration.

Chame

TEACHER, HOW CAN I  
HANG THE PICTURE?  
THE NAIL'S BACKWARDS.

LET ME SEE .....  
WHY YOU'VE BEEN POUND-  
ING IT INTO THE  
WRONG WALL.

NOW, YOU JUST TAKE  
IT OVER TO THIS  
WALL.

GOSH! TEACHER  
IS SMART!

Thank: Chame

BE PATRIOTIC, DEAR  
GIVE ME A DIVORCE  
THEN I'LL BE RE-  
CLASSIFIED TO I-A.

BUT THERE'S A CATCH TO IT —  
HE WANTS TO MARRY ME.
