POSTON CHILDREN TO BE REMEMBERED ON XMAS AS CITIZENS LEAGUE "GOES TO BAT"; OUTSIDE CHURCH ORGANIZATIONS DONATES MANY GIFTS; TOTAL OF 40,000 'KIDS' MADE HAPPY BY JA CL

With the materialization of one of the National Japanese American Citizens League's "pet dream projects", every child in Poston will be a bit more conscious of the coming Christmas season. Already, over 6,000 toys and games have arrived into Project Director W. Wade Head's office from all over the United States, even including gift donations from Montreal, Canada, for disbursement to the Poston children as Yuletide remembrances as a result of the efforts expended by National JA CL Secretary Mike Masaoka.

Director Head was extremely gratified by the interest aroused by the JA CL among the many church denominations and other "outside" organizations to aid the Japanese American youngsters in this center.

"The JA CL has been working at least three months with outside organizations to get interested," he stated yesterday, "and while we have already received a large amount of gift packages, more are coming in everyday."

The gifts will be distributed thru the offices of the Community Services department, and according to Nell Findley will be prorated on a 2-1-1 basis among the three units. The block managers of the 3 units are charged with the disbursement in their respective communities, it was said.

"We should be very grateful," said Miss Findley, yesterday, "to the JA CL and the many 'outside' church organizations for their combined efforts in making this Xmas more memorable for the Pos-

CHIEF STEWARD SNELSON REPORTS ON CONVENTION IN SAN FRANCISCO

C.E. Snelson, chief steward, returned Mon. from San Francisco Convention of Chief Stewards' of Relocation Centers, to report that "rationing of food seems inevitable," but, "we are working out food balance so that we may have enough in Poston all the time."

"On the trip I found it very difficult to find a square meal in many restaurants and hotels," said Mr. Snelson in an interview. "We inspected the Army quartermaster market center in Los Angeles, where Poston receives her foodstuffs. We are working hard to get more adequate food for this large center."

"The outstanding accomplishment during the Conference was the standardizing of food commodities to all Centers, to distribute equally in allotted amount."

It was reported in the meeting that local officials were "pleased with the cooperation" received from the evacuees' subsistence departments in various Relocation Centers.

UNIT I RESIDENT VOTERS ELECT COUNCILMEN IN "SECOND" BALLOTING

At the second election for the City Council held last Tues., Dec. 15, at Poston I, approximately 4,800 eligible voters casted their ballots. In some blocks, competition was keen among the candidates of their respective blocks with 100 per cent of the voters voting for their candidate.

The following newly elected City Councilmen were sworn in yesterday, at 1:30 p.m. at Ad. 3 by Wade Head:

USE OF COYOTE TRAPS
DISCOURAGED; FINES
METED VIOLATORS

"A fine will be incurred on anyone setting traps of any type," warned Police Chief K. Shigekawa to those found guilty of such acts.

"There has been in the past, several unfortunate incidents where young boys have fallen prey to coyotes traps. This dangerous practice is asked to be discontinued immediately," he said.

ton children. The Chief of the Com. Services rhapsodically elaborated on Mr. Head's statement with, "The gifts are coming in 'by the carloads'! I'm sure we'll have enough for everybody."

Mrs. Johnson, Director Head's secretary, revealed that the donations were coming from such sections of the country as Massachusetts, New York, Indiana, Rhode Island, California and Canada.

The New York City and Washington, D.C., offices of the JAOL have been working diligently on this project for many months. The National office estimates at least 40,000 Japanese American children will be able to enjoy much more merrier X-mas as a result of the cooperation from outside.

Let's Get Going!

The Colorado Relocation Center, housing nearly 19,000 evacuees today, has their daily publication--the Press Bulletin. Circulation has past the 2,000 mark. But we certainly feel they deserve something a little better than just a mimeographed copy of a notebook sized newspaper. Now in its seventh month of publication however, we are still in the same stage.

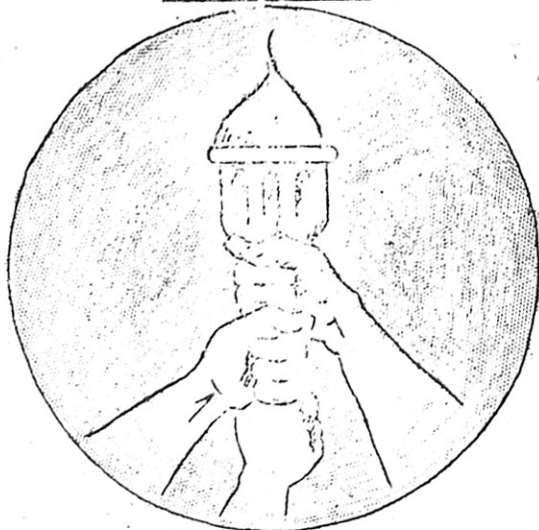

We had been "lead to believe" that eventually we may have a printed publication, like those of the Manzanar or the Heart Mountain numbers.

And we were even "surprised" to hear reports in regards to the recent arrival of a printing press into Poston. But it takes more than just a "hunk of machinery" to operate a regular newspaper. It needs a linotype. It needs ink and paper. And it wants men to run the printing shop.

To the many patient subscribers and friends who have been asking: "when are you going to publish a real printed newspaper, like ones of other Centers?" our humble reply is: "We, ourselves, do not know when the rest of the required equipment will come in when the Shop is to be completely established; and when we, as members of the Bulletin Staff, could "get going" in presenting a better looking newspaper to the Community of Poston.

This is the setup we must explain--as bad as it may sound or appear.

CONTEST COMMITTEE ANNOUNCES PRIZE-WINNING
SYMBOL OF POSTON NEW YEAR'S FESTIVAL

The fair symbol shown above was awarded first prize in the contest sponsored by the Committee of the Poston New Year's Festival.

George H. Namura, Blk. 220, is the designer and he also placed third with his other entry. Yoneo Gota of 219 was awarded second place.

The judges composed of Blk. Managers based their decision on the Unity theme of three Poston areas.

CLOTHING ALLOWANCE FILES "NEARLY" COMPLETED

Volunteers have been working Sat. afternoon and all day Sun. transcribing the Basic Family Cards to the Fiscal office forms on clothing allowance project. Their aid will facilitate earlier release of funds for distribution to all evacuees who were in this Center for the months of July, Aug. and Sept.

Averaging 83 Basic Family Cards per Blk. the transcription is 70 percent completed, reports indicated.

The Blks. "are assembled" into their respective quads, according to the "payroll" quad sections; each supervisor will take charge of typists for one or two quads.

VACATION STARTS NEXT WEEK FOR STUDENTS, FACULTY MEMBERS

"One week Christmas Vacation will begin next week (Dec. 21-25)", said A. Harris, Principal of Poston High School, and "school will not convene on New Year's Day."

There will be a Work Shop program for all teachers remaining in Poston during the holiday. The program will be "Education in Relocation."

All high school students will receive their report cards today for the quarter which had ended Dec. 7. The cards are to be returned Friday, it was reported.

WANTED: F-12 Farmall tractor, 1 1/2 ton. Truck late model. Cash deal. See Chief Shigekawa, at Unit I Police Station.

WANTED TRUCK: Specification. All equipment and price wanted. Jack Armaki, P.O. 30 Price Utah.

SCHOOL PROJECT W.R.A.

"By next October students of Poston can expect to get their education in a classroom as modern as any in America," stated Charles A. Popkins, head of Const. Dept. The schools for Unit I, 2, and 3 will cost in the neighborhood of half-million dollars. 52 pages of blueprint paper were necessary to cover the complete plans.

All the class building will be made of adobe bricks, with the north wall mostly of glass. They will be 22' wide and 145' long, will have asphalt floors. Each building will have a boys and girls washroom. A 10 ft. high standing to give protection from the weather will connect all class buildings.

The Unit I, high school will be situated on the west end. It will have 15 class buildings, one administration, 1 library, and a auditorium with a seating capacity of 1200. Directly north of the school will be the teachers quarters with 8 four-room cottages and a small large club room.

The Unit I elementary school will be located on the firebreak directly west of Blk. 30. It will have 10 buildings, 1 administration, 1 library, and an assembly hall with a capacity of 800.

In Units 2, and 3 the elementary and high school will be incorporated into one large school. Both of them will be built in the west end of the units. They will have 12 class buildings, 1 administration, and 1 library, and a auditorium with a capacity of 950.

ARMY COURSE TAKEN BY FORMER NISEI EVACUEE

Madison, Wis. -- Techn. 5th Gr. Norman S. Ikari resident of Poston, now serving with the U.S. Army, stationed at Camp Grant, Ill. has been enrolled in a correspondence course, Trigonometry, with the Army Institute. This announcement came from Lt. Col. William R. Young, Commandant of Institute.

Cpl. Ikari is one of thousands of enlisted men who will take advantage of this educational institution operated by the Army.

In eight fields of study, 64 subjects are offered by the Institute through the correspondence courses.

In cooperation with 78 colleges and university extension courses for academic credit. The function of the Army Institute is to provide specialized training to students.

EVERY POSTON RESIDENT INVITED TO ATTEND NIGHTLY MOVIE SHOWS

Every resident of Poston, including administrative and school personnel, are invited to attend the movies being sponsored nightly thruout the 3 Units by the Community Enterprises.

This announcement is made by the Public Relations dept. of the Enterprises as there seems to exist a misunderstanding to the effect that the movies are being shown only for the benefit of the evacuee residents. This is definitely not so, it was stated yesterday, and the movies are shown for ALL the local residents.

Before his entry into the Army, Cpl. Ikari was employed with the J. C. Cruikshank Co. of Columbus, Ohio. His mother, Mrs. S. Ikari, lives in Poston.

CARROT PLANTING BEGINS FOR AG. DIV.

Although the initial planting of cucumber in the areas bordering Blk. 18 has been considered "a failure" in the sense of equal distribution to each mess hall, due to the lack of cooperation from the local residents, whom without heed, availed themselves in picking the cucumbers, curtailing abundant delivery to all kitchens, Super. Harvey Suzuki of the Truck Crop Div. reported their crew is now irrigating the same area for germination of carrots. The patch is also partially planted to daikon for seed production for the coming season.

Denver Half Long variety has been planted which according to the Dept. is expected to "do well" in this location.

HEATERS ARE HERE, BUT.....

According to Roy Furuya and Iwao Aoki, who are in charge of distributing heaters, pipes and fittings, six heaters were set up in each block Wed. Because of the limited number of "elbows" in the warehouse, one heater was set up in the Blk. mgrs' office for demonstration purposes. Other five were distributed according to the mgrs' discretion with preference going to families with small children, invalids and sick.

So far it was learned 52 heaters, the minimum quota, have been sent to each Blk. Rec. and Mess halls will be installed with heaters of a larger type.

Meanwhile, residents are again warned not to install heaters without permission, because of difficulties encountered recently.

CONTRIBUTION MADE BY THE FREITAS'

Welcoming news were received by former residents of San Juan Valley, who now are in Poston, from Haruno Kadani, Blk. 32-9-B, who reported receiving of a basketball, volleyball, football and a badminton set from Mr. & Mrs. Winifred Freitas of San Juan Bautista.

The recreational equipment were divided among the young people of Blks. 31 and 32, where a large percentage of San Juan evacuees are residing. Alice Kowaki is in charge of rec. supplies in Blk. 31.

Similar contributions to Unit 2 were made by Mr. & Mrs. Freitas. Yoshiye Takata serves as the custodian there.

PLEASE CLAIM: Blanket and a shawl loaned to an evacuee leaving Poston Dec. 8. Dr. Pressman's office.

**CHURCH XMAS PROGRAM
REVEALED IN DETAIL**

MASS CHOIR...

Mass choir performances on Monday evening, Dec 21 will officially open the Christmas season programs by the Christian church. The mass choir is composed of 200 voices and included residents of all three units under the direction of George Zaama. Their program will include many of the more famous Xmas songs and is probably one of the largest choirs among all centers. They will perform in the open area north of Roku I where a large outdoor stage is now under construction.

XMAS PROGRAMS...

Sunday school programs will be given on Thursday and Friday, Dec. 24 and 25 at Mess 324 beginning at 7:30 p.m. Beginners and primary will give their program on Xmas Eve while intermediates and young people will perform on Xmas night.

CAROLING...

Immediately following the program on Christmas Eve, the young people will go caroling all over the camp, which will take the place of the weekly singspiration.

COOPERATION...

It was also expressed that it would be genuinely appreciated if others will note the time for these various church programs and cooperate by not having any confliotions.

**BASKETBALL SIGN-UP

**SINGSPIRATION TONIGHT
AT REC 329 at 6:45**

pushed to the background by a flurry of activities on other fronts, the widely acclaimed co-operative movement at the Colorado River relocation Center appears to be an almost forgotten thing, but new information can be disclosed now.

The WRA has under consideration an outline plan to be considered in the organization of a Consumer's Cooperative Association in relocation centers.

Space will not permit even a near complete discussion of the proposals being made, but it is interesting to bring to light one of the "suggestions" listed in the outline plan.

Section III, sub-"A" lists several principles under which the cooperative must function. Paragraphs 4 and 5 state:

"Goods purchased by the Association for its members will be sold to them at prevailing market prices and for cash.

"...all surplus resulting from membership patronage will be paid back to the members in proportion to the amount of patronage they gave the Community Store operated by the Association."

It also is recommended that profits are not used for recreational equipment, community welfare or other purposes not directly connected with the business venture.

The above information which is being passed on without comment is no doubt of interest to many residents who will be affected in one way or another.
