Celia Takemoto presided during the program which was commenced with the playing of "Call to Colors" by Sam Katano, raising of the flag by Tots Ishida.

Short messages were delivered by various administrative leaders.

Burge stated the new building will soon be a reality adding that when the building is finished, it will be fine as the ones the students formerly attended.

Remarks were also made by Dr. Cary, S. Shirazawa, issei advisor, Chester Potts, C. Popkins.

Leaving their names on the cornerstones were administrative and department heads, student representative, block manager, council and Issei advisor representatives.

A caucasian who lived in Japan for the last thirty-five years, Rev. Roy Smith, will be here on Saturday evening to speak to both the young people and adults. He was interned in Japan when the war began but was able to return to the United States, stopping at Hawaii for a short period.

Rev. Smith plans to speak on present conditions on the outside, as well as on interesting facts concerning Japan.

He will speak in English between the hours of 7 and 8 p. m. at Rec 305 to the young people and from 8 to 9 p. m. in Japanese for the benefit of the Isseis.

ISSEI CHRISTIANS TO MEET

Issei members of the Christian Church will gather for a mass meeting on Sunday afternoon at 2 p. m. at both Rec 329 and 305 simultaneously. All members are asked to be present at this important meeting.

EXCERPTS from Granada Pioneer in "Town Hall Talk". "Promises of checks to come do not clothe the ill-equipped who need clothing for a winter unlike any in their life. The few dollars may seem a trifle to officials who receive their checks twice a month but even that trifle means much to workers, as may be seen by the joy with which checks are received and it should make officials realize that something more than glib promises are needed."

COMMENTS ON "CODDLING" "Coddling" is the word some use as being descriptive of the treatment of Japanese in centers. They seem to think that food, housing and etc. is perfection itself. Perhaps, if such accusers would like to live in their so-called "Utopias," I'm sure many would be more than willing to exchange places.

FIRST STUDENT BODY ASSEMBLY OF YEAR HELD

The first Student Body Assembly of the new year was opened by the singing of "The Star Spangled Banner" by the students assembled. The string quartet accompanied the students and later played two classical numbers. "Old Black Joe" and "Old Folks at Home" was sung by the singing group.

Kazuo Kusasa, m.c., introduced Dr. Miles Carey who spoke on the outlook for the coming year. He expressed his confidence in the students of Poston, and in their ability to carry on. He then announced the presentation of \$500 from the students of McKinley High School in Honolulu for use in buying athletic equipment. Again mentioning the outlook for the coming year, he said that our school buildings will be built shortly and that the materials for the buildings will be rolling in soon. As he ended his speech he said, "With cooperation, the buildings can be made ready by the coming fall semester. Everyone is plugging for the school".

After Dr. Carey finished his speech, Mr. M. Sosnowski led in the singing of America. Dr. Harris then made the closing announcements.

This first assembly of the entire student body for this year proved to be a great success, and it is hoped that many more will be held. . . .
