

JOHN BAKER CLARIFIES SEGREGATION SITUATION

With the segregation of evacuees contemplated soon the following teletype was released to the press from John Baker, WRA Chief Reports Officer, in order to clarify the many questions underlying in the segregation movement.

"The War Relocation Authority is responsible for the welfare of all the people of Japanese ancestry who live in relocation centers. The execution of this responsibility is made more difficult by the fact that some of the relocation center residents have indicated that they are neither loyal to this country nor sympathetic to its war aims, while the great majority have indicated that they wish to be Americans. The WRA has an obligation to each of these groups and it also has an obligation to safeguard the further national interest.

After long and serious deliberation, the decision has been made that the responsibilities of the WRA can best be fulfilled if a segregation is made between those who wish to follow the American way of life, and those whose interests are not in harmony with those of the United States. Accordingly, procedures for a program of segregation have been developed.

All relocation center residents found not to be loyal or sympathetic to the United States will be moved to the Tule Lake Center, and those Tule Lake resi-

dents found to be American in their loyalties or sympathies will be moved to other centers or, preferably, given permission to relocation outside. The population of the Relocation Centers after segregation will be composed of those whose interests are bound with the welfare of the United States and who therefore are eligible to move from the Relocation Centers to outside communities.

The program of segregation is not being undertaken in any sense as a measure of punishment or penalty for those who will be moved to the Tule Lake Center. The WRA recognized the integrity of those persons of Japanese ancestry who frankly have declared their sympathy for Japan or their lack of allegiance to the U.S. While the privilege of leave will be denied to those assigned to the Tule Lake Center, this privilege would not have been available to them had they remained in their present center.

Segregation offers promise of giving to those evacuees who want to be Americans, the opportunity to live as Americans and to express their Americanism without interference. It should result in increased assurance of harmony in the relocation centers, it should increase public acceptance of those granted leave clearance, and thus aid in the relocation of these people.

The decisions as to who will be segregated

HEAD EXPECTED BACK SOON FROM CONFAB

Project Director W. Wade Head and Associate Director Ralph Gelvin, were expected to return in the next few days from the Denver Conference with details on the segregation.

E P OFFICE TO HANDLE AUTO SALES

Residents of Poston are reminded by the Evacuee Property Office to fill applications at the office if they are contemplating upon selling their auto in order to benefit the prevailing market prices for auto, prior to OPA ceiling price which is expected to come in to effect in the near future.

The OPA ceiling prices for the automobiles will be based on the blue book prices depending upon the condition of the said automobile. It was pointed out by the Evacuee Property office, will be made in a spirit of fairness and justice.

While it is recognized that the segregation process will put to much trouble those persons who must move, I have no question that the national interest and the long range welfare of the thousands of loyal American citizens and law abiding aliens justify the step to be taken. I urge every resident of a relocation center to make himself familiar with the objectives of the segregation program and with the procedure for carrying it out, so that the adjustment may be made with the least possible difficulty to everyone concerned.

RED CROSS RECEIVES PUZZLES FROM FRESNO

Approximately 25 boxes of jig-saw puzzles have been received by the local Red Cross chapter from the Fresno chapter. Red Cross field area office according to the Fresno chapter.

The jig-saw puzzles will be delivered to the local Jr. Red Cross.

ARRANGEMENTS MADE FOR CHILDREN'S HEALTH EXAMINATION

Arrangements will be made this morning for all children entering nursery schools in Poston I for the first time to have a health examination by a doctor, according to Miss Rood, Supervisor of Public Health Nursing.

Before the doctor examines the child, a record of his weight, height, and protection against smallpox, diphtheria, whooping cough, and typhoid should be on file in Ward 7.

Parents of these children may bring them in the mornings and afternoons without appointment, stated Miss Rood. Workers will take the informations and prepare the child's health examination form.

Parents are urged to complete this before Saturday, August 7 by Miss Rood.

HENRE-E-E-E!!!

BLOCK MGR POLLS TO
OPEN 1:00 TO 8:00 PM

KANAKA... with the growing popularity of brightly colored print shirts in the Poston wardrobe boys are now feeling the embarrassing moments which hitherto has been reserved for the fairer sex. Since the mail order houses are limited in number and variety, the following scene has become a common occurrence. Coming shirt to shirt with another person wearing the same apparel definitely has its disturbing moments. What can one do but smile weakly and murmur, "Nice shirt you got on. You sure got good taste too."

WEIGHTY STORY...

...the ol' mass of muscles ain't what they used to be. This a certain postmaster found out when he bet 10 simoleons he could lift 600, yes, 600--- pounds!

Straining every muscle to the utmost, the postmaster lost his wager as he failed to lift the weight off the ground.

Commented he, "Gee, I used to lift 500 lbs. couple of years ago when I worked on the farm."

(ED: time was, M. M.)

Poston Two residents go to the polls this afternoon (Saturday) from 1:00 to 8:00 p.m. for the second official block managers' elections. With most of the blocks nominating but one man for the office, unanimous vote is expected and many present staffs retained.

CLEAN-UP

Amid a flurry of brooms, rags, mops--hoes, rakes and shovels, Poston Two block residents can be found, vying for "pick 'n span" honors as the first of the once-a-month Clean Up days gets underway this morning.

At the suggestion of Project Director W. Wade Head for better general appearance and more healthful living conditions, the overall Community Council set aside the last Saturday of every month as "Clean Up Day."

Block Managers are supervising the block "tidying" and the Boy Scouts units are aiding in the clearing of the Recreation areas.

NON-CENTERITES MUST PAY FOR SUBSISTENCE & HOUSING

Moris Burge acting Project Director issued the following WRA Administrative Instruction No. 61 (Revised) pertaining to Subsistence and Housing charges made to visiting Japanese-Americans.

I. Subsistence Charges

A. A charge of 20¢ per meal will be made for all meals furnished visiting Japanese-Americans, including members of the Armed Services, except in the case of evacuees visiting the center from other relocation centers.

B. No charge shall be made for meals furnished evacuees visiting the center from other relocation centers.

II. Housing Charges

A. A charge of 20¢ per night shall be made for occupancy of living quarters expressly furnished for visitors, subject to the exception stated in B below.

B. No charge shall be made for evacuees visiting from other relocation centers, nor shall charge be made for other visitors when space is occupied in the quarters of the family, friends, or relatives.

In compliance with this instruction, effective immediately, charges as stated will be made for meals and quarters furnished visiting Japanese-Americans.

Payment will be received at the Project Leave Office at the time visitors call for their out-passes. Charge will be made for three meals per day excepting that on the day in and the day out charge will be for the number of meals served during the time the visitor was in Poston on those days.

Visitors will avoid inconvenience and delay in obtaining their out-passes if they report to the Unit Leave Office upon their arrival.

Out-passes will not be issued by the Leave Office until charges for meals and quarters have been paid.

FISHING LICENSE DEADLINE SET

Community Enterprise urges all residents to purchase their fishing license at the 310 canteen as the deadline for the sale has been set for Saturday, August 7.

Public is warned that the wardens shall strictly enforce the fishing law of Arizona. No fishing shall be allowed for those above 16 who do not possess permits.

COUNCIL DAY TO BE OBSERVED

Unit III Council members will trek to the mountains this Monday morning to bring back rocks for the Poston Square Garden Swimming Pool. This trip was voted upon by the Councilmen at their meeting last Wednesday.

WANTED: Washing machine. Prefer late model. Will pay good price. Write or call 310-2-D.

FOUND: Small bag in Blk. 310. Loser claim at 305 Mer's Office, and pay for ad.

FOR SALE: Bicycle Contact 308-2-B.

Editors Note: Open letters are welcomed.

LETTER...

to the
EDITOR...

Dear Editor:

Last week I was confronted by a very unpleasant salesgirl at Unit I Canteen when I tried to purchase a small folder of matches. She displayed such an extreme snobbery and actually threw the change at me, using the most profane language ever to be uttered by a girl. I couldn't help but write this letter because she isn't the only salesgirl that showed such an uneducated manner.

From the very beginning in Poston, all the canteens had the sourest personalities working on the staff and it hasn't improved since. The service is very poor--the salesgirls and boys are either knitting, reading or talking to their opposite sex friends--obviously ignoring the customers that are waiting.

Not only is the lowly attitude annoying, but the unfairness in selling the goods or foods to relatives or close friends and refusing to sell to ones who were there first is very annoying.

The above mentioned also goes to the source of employees of all Poston canteens. I don't mean all of them are that way, because few of them are ideal salesgirls or boys who confront us with a smile and quick service. Low wages and non-competition may make them so but actually they are forming a habit which will stick to them for a long time.

It would be appreciated if the head of these canteens will discharge the snobbish sales person and make the canteens a more pleasant place. Y.K.
