

TULE LAKE SCENES TO BE SHOWN

Poston people will soon have an opportunity to see a display of pictures showing different scenes at the Tule Lake center, it was announced today. The pictures were received yesterday and are now being mounted and prepared for display purposes by the Industries division. Included in the group is a picture of a winter snow scene showing residents of the Tule Lake center enjoying sledding on the mountain adjacent to the residence center.

Other pictures show different views of the farm and a street view showing the type of housing.

Announcement will be made later as to where and when the pictures may be seen.

NAMES FOR ADVISORY COMMITTEE ASKED BY HEAD

WATER FESTIVAL SCHEDULED FOR AUGUST 29

Probably the biggest outdoor event in Poston this month would be the Red Cross Lifeguards' Swimfest, to be held at pool 21; this coming August 29, lifeguard-sponsors reported yesterday.

Clubs, organizations, and teams are urged to register now either at the three pools--15, 21, and 45; or at the unit one Red Cross office.

W. Wade Head, project director has asked the Poston Community Council to recommend names of residents of all units to serve on an advisory committee for the segregation program, it was learned yesterday. He has asked that this committee be representative of the various organizations in the community. The text of Mr. Head's letter to the chairman of the Poston Community Council follows:

"It is my desire to have the evacuees participate to the fullest extent in the handling of the segregation program in Poston. I am, therefore, most anxious to have a body representing the residents to work closely with the Administration in all phases of this program.

"I, therefore, am requesting that the Community Council appoint a committee representing the entire project who will act as consultant and advisor on segregation. It is my suggestion that from three to five members be appointed from each unit and that these members include representatives of such organizations as Parent Teachers Association and women's clubs.

"As you know, the work on segregation has already started; and I would appreciate your taking action on this matter as soon as possible, so that we may have the benefit of such a committee in the early stages of the program."

RETURN TO JAPAN DEPENDS UPON TWO NATIONS

The fact that an individual has made application for repatriation does not necessarily mean that he will be able to go to Japan, it was pointed out at the Segregation office. The possibility of going to Japan depends on many factors over which the WRA has no control.

The sailing of an exchange ship in wartime must be arranged between the governments of the United States and Japan. Past experience has shown that this itself is a difficult matter.

Negotiations are carried on by the State Department of the United States government and the appropriate branch of the government of Japan prior to any exchange of nationals. The next step is for the exchange of

lists of individuals and each country has the right to specify persons who are acceptable on such future exchanges. The fact that any individual has made application for repatriation, this expressing a desire to be exchanged, does not mean that he or she will be acceptable to the government of Japan. No steps can be taken by the United States government, or the WRA, in behalf of these people looking toward an exchange other than making known the fact that the application has been properly filed.

SUMMER SESSION POSTPONED

The Teachers' Summer Session scheduled for today has been postponed until Thursday it was disclosed.

A far cry from the first block managers' meetings are the latest meetings. English used to be the spoken language but now with the majority of the blockheads preferring to speak Japanese, the meetings are mostly conducted in Nipponese. When the Japanese language starts flying thick and fast, Mr. Crawford picks up the latest comic book usually lying handy around and busies himself in the antics of Superman or Capt. Marvel until the conversation takes a caucasian trend. What Mr. Crawford doesn't miss.

TURTLES

Camp One has its chickens, rabbits, etc. to think about. Here in Camp Two, turtles seems to be on the noisance list. 207 "kame-ing" to the fore with the most turtles.

FISH STORY

What some of these kids won't go to to catch fish. They open the flood gates from the main canal, let in a goodly amount of water onto a handy fire-break and then catch the fish that happen to go through the pipe.

Well...well...well... the health dept. finally got around to draining the water from under its own offices after issuing complaints to those who had let water from their coolers drain under the house.

FIRE! FIRE!

What young housewife dropping in on her neighboring room espied a fire in the wastebasket? With the fire just catching on to the bed, she quickly ran the water faucet in the room to pick up the bucket under the

BEST APPOINTED TULE LAKE CENTER PROJECT DIRECTOR

Raymond R. Best last week became project director at Tule Lake center taking the place made vacant by Harvey M. Coverley, who has joined the U.S. Army.

Mr. Best is a native of Michigan but received his education in California. He is a graduate of Los Angeles high school. Most of his business life has been spent in Idaho. He came to the WRA from the Department of Agriculture on April 25, 1942 working first at the San Francisco regional office and then at Manzanar for a short time. On July 4th, he went to Minidoka where he was transportation and supply officer and on last New Year's Day was transferred to Moab, Utah, in charge of the temporary center which was established there. Later he was transferred to Leupp, Arizona, where he has been director. Paul G. Robertson from Washington office has now taken charge at Leupp.

In commenting on his assignment to Tule Lake, Mr. Best said: "This project has to succeed. The eyes of the people of United States and those of the Axis as livable as possible and operate so that the people may live as nearly the same as they did before they came to Tule within the bounds of the restrictions which it is necessary to impose."

Mr. Best said also that he had as much respect for a man or a woman who frankly says he or she wants to be Japanese as any other man or woman.

Mr. Best has a wife and three sons, one of whom serves the United States in the Air Cor-

1393 TREATED AT MEDICAL CLINIC

Statistics from the hospital showed that during the month of July there was a total of 1393 out-patients treated at the Medical Clinic.

The number of persons admitted to the hospital totaled 177 and the amount discharged were 173.

Dental patients for the month reached 1278 while the number of optometry patients were 623. There was only one case which was referred to outside hospitals or doctors.

A total of 172 major hospital cases was recorded—medical, 49; surgical, 62; obstetrical, 26; pediatrics 14 and births, 21.

65 CHILDREN EXAMINED BY HEALTH DEPT.

Elms Rood, Supervisor of Public Health Nursing announced that 65 children entering school for the first time were examined by the doctor, Monday.

Of the total number, 29 had completed all of the required immunization treatments and certificates were delivered to their homes, Miss Rood stated.

Many of the children are now completing their immunity treatments and will soon be eligible to receive the Certificate of Immunization, she stated.

ANNIVERSARY SERVICE OBSERVED BY CHRISTIANS

"Founders Day Anniversary Joint Worship Service" was observed by Unit III Christians at Chapel I, Recreation hall 305, last Sunday evening, August 8, 1943.

One year ago the initial service of the III Poston Christian Church was held. On Sunday, the young people met jointly with the older adults to unite in worship and to celebrate the progress made during the past church year.

The devotional service was under the chairmanship of the Rev. T. Okimoto and the message for the evening was delivered by the Rev. K. Imai.

The Young People's group sponsored the reception which immediately followed the worship service. A large special anniversary cake was enjoyed by all.

GEORGE TAKAOKA TAKES BRIDE

The Betrothal of Miyeko Tanaka, daughter of Mr. and Mrs. M. Tanaka, 323, to George Takaoka, 325, culminated in their marriage yesterday evening in the Christian Church, Chapel I with Rev. Paul Nagano officiating.

The bride was attended by Iris Tanaka as Maid of honor. Bob Kanagawa of Unit II was best man.

Mrs. Takaoka was attired in blue dress with white sheer trimmings and carried real white shasta daisies and roses for her bouquet and the maid of honor wore a pale blue dress.

Reception followed immediately.

Baishakunins were Mr. and Mrs. Kurokawa and Mr. and Mrs. Jimbo.

CORRECTION

Error has been made on the Unit III Trust Fund Statement, Saturday, August 7.

The following is the corrected statement as issued by Community Council.

Balance on hand, 6-30-43---\$13561.03; Dividends to Work Corps members---\$8892.

Shibai, June and July allocations--\$100; Name contest awards--\$20; PC3AA (sporting equipments)--\$200; Mimeograph machine--\$129.50; stapling machine--\$11.08; Mimeograph supplies--\$37.68; Poston CC for Marcantonio Bill H.R. 2011 petition forms--\$2.50; General hospital commission Unit 3 portion of hospital distribution and emergency fund, Ratio of 2-1-1---\$2500.

Total disbursement--\$11892.76. Balance of Trust Fund--\$1668.27.

For Note--refer back to Saturday's issue.

Copying the name contest held for Poston Square Garden, 318 residents held one for their own unique garden. Hereafter the garden will be known as "Paradise Garden" in English and "Matsukazu Koen" (waiting for Peace) in Japanese.

Winning English name was submitted by Kiyoshi Kawamoto of 318-13-D and Japanese by Mr. Tomosuke Masukawa, 318-2-D. To the winners, Congratulations! Incidentally, this week's Starlight Symphony Hour will be held under the serene shade of "Paradise Garden", with Miss Alice Grube as commentator.

Last year it was the scorpion that was a menace to the residents, this year we have another to add to our list... crickets. They are very annoying because of the noise they make during evenings and keeps one from getting his or her beauty nap and they sure seem to like rayon materials.

Better check up your wardrobe because most likely you'll find holes in them--these menacing crickets are all over the place--in apartments--in latrines--in shower rooms--and in our shoes, too--and they bite! How about it--can't any department do something about it?
