

1500 ACRES TO BE UNDER CULTIVATION OCTOBER 1

Poston has been producing a great deal more food than many of the people here realized, it was indicated by a report from the Agricultural Dept. Because some of the farm land is located at a distance from the center, people do not have the opportunity to see the progress that has been made.

Meanwhile the work of getting more land ready for irrigation and cultivation goes ahead. By the first of October it is hoped that there will be ready for use some 1500 acres. The present acreage of land in truck crop production is about 228 acres and 70 acres of field crops.

A total of 627 tons of vegetables were produced in Poston for the past four month period, according to the report of the agricultural department. In addition to the poultry project delivered for use on the project 10,659 pounds of chicken fryers, and the hog project provided 12,922 pounds of pork. There were also 1184 pounds of edible pork products in addition to the meat delivered to the project mass division.

In the industries division more emphasis was placed on the production of food and less on the production of other articles. Some of the other articles were removed from the production list. For the four months period of April, May and June, tofu, moyashi, miso and miscellaneous food production from the industries division amounted to 142,757 pounds.

BOARD OF SEGREGATION TO INTERVIEW SPECIAL CASES

All of the hearings of the Board of Segregation Review except a very few special cases have been concluded, it was announced from the Project Director's office. These few hearings will be conducted by a larger number of the members of the board than was generally the case with the other interviews.

RECRUITMENT FOR WACS TO START NEXT WEEK

Recruitment of nisei women for the WACS will begin in Poston next Thursday with the arrival of Lt. Roberta L. House, assistant district recruiting officer, to interview prospective candidates, it was announced today.

Lt. House will conduct interviews in Unit 3 on Thursday, Unit 2 on Friday, and Unit 1 on Saturday.

Initial recruitment will be for 250 nisei women throughout the country, including those outside the relocation centers as well as in.

Since the Lieutenant's visit here last March, physical requirements for the WACS have been lowered. The age limit now is from 20 to 50, the minimum height and weight are 57 inches and 95 pounds respectively.

Women interested in enlisting may leave their names at their unit administrator's office.

In the meantime the Welfare Department has started interviews with persons who have been recommended to go to Tule Lake and members of their families. This is to determine what other members of the families will go to Tule Lake center and to see that the best arrangements are made for those who do not go.

It was emphasized again that people having notices to come to the Welfare office for these interviews arrange to keep the specified time on the notice and to have all members of the family present over 14 years of age. This is important so that all members of the family can take part in the discussions.

Announcement will be made soon about special interviews and arrangements to be made for people who require medical care, or special services enroute to the Tule Lake center. Plans for handling baggage and freight are being worked out and will be announced shortly.

MOTOR POOL SEEKS DRIVERS

Four truck drivers are urgently needed by the motor pool to replace drivers who have left for outside employment, according to Ken Amano, Ass't Chief Dispatcher.

Applicants must be 21 years of age or over stated Mr. Amano.

FINAL PLANS UNDERWAY FOR HUGE FESTIVAL

Final preparations under way for the huge "obon" festival, which will be held at the Block 28 Recreational area, directly in front of the swimming pool, Sunday, Aug. 15.

The festivities will start with opening services from 9 a.m. at the stage, which will be constructed for that purpose. The YBA choir will present several musical numbers, with the Poston I Buddhist Reverends, Ishihara, Izumida, Kurahashi, Nagafuji and Sogabe participating.

The evening program will start at 8:30 pm at the same locale, with a short devotional service followed by the much heralded "Ondo" dances by the young and old alike. For those who wish cold refreshments, the YBA will be prepared with a cold drinks' concession.

OITA-HIROZAWA WEDDING

Culminating a center romance, the marriage of Nasue Oita and Kiyoshi Hirozawa was solemnized at Christian rites Tuesday evening with Rev. Noji officiating.

Tamaye Sasaki, pianist, accompanied Uta Shimotsuka who sang "My Task."

The bride, formerly of Watsonville, was lovely in powder blue with a corsage of lilies-of-the-valley and orchids.

The bridegroom was popular in the younger circles of Salinas.

A reception followed in dining hall 211.

SECURITY COMPLETED

Hearings for those persons who answered negatively to the loyalty question, which were underway since Saturday, were completed Wednesday morning by Adm. James D. Crawford and Ernest L. Miller, Chief of Internal Security, members of the Review Board of Segregation.

It was revealed that of the approximately 300 interviewed here about one-third of them have requested the right to change their answers.

dear editor

With the C.E. now being viewed with suspicion and distrust due to a bulletin published under the name of a former camp 1 councilman, I have made that remark about not showing movies to the people of camp 2 if the people did not cooperate certainly had a lot of gall.

Maybe he doesn't realize that the C.E. is run on the people's money and that the movies are already indirectly being paid for by the aforementioned people.

Incidentally, why doesn't the community council do something about former councilman Ray Ono's findings on the C. E. and either approve or disprove the findings of the committee which investigated the C. E.

As it is now, the whole thing is one mass of seething, ugly rumors.
