

# ROCKY SHIMPO CARRIES FALSE STATEMENT

The Japanese section of the Rocky Shimpō (Aug. 4 issue) continued an erroneous statement which indicated that all parolees would be sent to the Tule Lake center, stated Project Director Wade Head in Segregation Release No. 9a.

The WRA policy outlined in Administrative Instruction 100 stated that the parolees will not be treated as a separate class for the purpose of segregation. They will be subject to the same policies and rules as applied to all other residents of the relocation centers.

## "REPORT FROM TOKYO" TRANSLATED INTO JAPANESE

The first Japanese language book published in America since Pearl Harbor, will be available to the Japanese reading public when the translation of former Ambassador Joseph Grew's Report From Tokyo will go on sale around the middle of August, the Japanese American Committee for Democracy announced.

This book was written by former Ambassador Grew upon his return from Japan and was issued last November.

The book has been read in English by thousands of Americans and became a best-seller immediately. The price of the new book will be \$1.25.

## 1468 SEGREGANTS TO LEAVE IN EARLY OCT.

The number of people from Poston officially designated for segregation, to date is 1468. It was announced today.

This is not the final figure, it was pointed out. There are some people on the list of repatriates and expat-

riates on whose cases final action has not been taken in Washington. These names will be added later.

This figure does not include the people who will later be designated for segregation after leave clearance has been denied. These hearings have not yet been started.

The figure given today is that which is being reported to Washington under the first two classifications--the repatriate group, and those who have been designated for segregation by reason of the

(Cont. on Page 2)

## FOREIGN PROPERTY OWNERS MUST FILE REPORT

People who have property in any foreign country and are subject to rules of the United States treasury about making declarations of ownership either direct or indirect, are being notified by a bulletin

from the Project Director's office to file the returns. The report must be filed with the U. S. Treasury on special forms for this purpose not later than the first of next November. The Federal Reserve Banks are designated to receive the forms which must be filed in duplicate. The definition of the word property also includes any securities issued by a foreign country.

It is important particularly that people who are to go to the Tule Lake center, take action on this matter before they leave here, because in the excitement of moving it might be neglected.

## DR. HARRIS HAS CONFIDENCE IN ADOBE BUILDING

"It is very unfortunate that the twister struck where the unfinished school buildings were located", said Dr. A. L. Harris, Director of Education, commenting on the damage done to the Unit 3 school buildings.

"The interior of the buildings which had windows in were not damaged", continued Dr. Harris.

Dr. Harris said that he had full confidence in the safety of the structures and their ability to withstand such tests of disturbance when they are completed.

# HOSPITAL TRUST FUND DISBURSEMENT

The hospital committee of Poston, composed

(CONT FROM PG 1)

action taken by the project director on the recommendation made by the Board of Review for Segregation.

At the same time, it was also pointed out, that this list contains only names of people who are to move to the Tule Lake center. It does not include the names of two special groups who are scheduled to leave Poston. These are the people who have applications pending to join their families at Crystal City, and those whose names appear on the approved list for sailing on the next ship for the exchange of nationals between United States and Japan. These two groups of people will remain in Poston pending disposition of their future status.

All of the people who have been so far designated for segregation will be notified officially from the office of the project director. They will receive letters giving them information regarding the plans for the transfer of the people and instructions regarding the handling of baggage and the shipment of their personal belongings by freight.

The movement of people from here to Tule Lake will be the responsibility of the patriotes.

Train schedules call for these people to leave Poston early in October.

of two members from each three units, released a report of the Hospital Trust Fund Distribution of Units I, II, and III.

It showed a net total of \$8125 received by the hospital and the disbursement of \$8133.60 to the various workers. The negative result obtained between the amount of money received and those disbursed was due to the amount of money given by Unit II. \$5000 was received from Unit I; \$2500 from Unit III, but only \$825 was received from Unit II. However, Unit II will furnish the remainder of \$2500 (\$1675) in the very near future, it was disclosed.

Professional workers were paid \$5 to \$15 from the fund per month according to number of months worked, and general workers were paid \$1.40 per month. The qualification was a person must have been working on March 16, 1943, since 15 days were considered as one month.

The balance, amounting to approximately \$1500, after the full amount is received from Unit II, will be placed in a reserve fund, used for emergency needs, stated Tom Sakai of Block 42, a member of the hospital committee of Unit I.

## CHICK-SEXING CLASS PLANNED

A general discussion covering the expenses involved in the formation of the chick-sexing class in Poston 3 was held Thursday evening with approximately 40 interested persons in attendance. The ago-

limit for members to be enrolled in this proposed class is between 18-30 years and entrants must have excellent eye sight. Nimbleness with the hands is another requirement.

## CIVIL SERVICE EXAMS SET FOR TODAY

First Civil Service examination on the Project will be held this afternoon at 1:30 for nisei with typing, stenographic, and clerical abilities, in the Block 18 recreation hall, Employment Division announced today.

Edward Nossol, assistant chief of employment, who is in charge of the test, reported that 20 of the 38 who submitted applications will take the test today while the remainder will be examined next Saturday.

It was announced that John A. Tworek, special representative from the Civil Service Commission in Phoenix, will be on hand this afternoon to help conduct the examination.

## SGT. SHIMASHITA TAKES MISS HIKIDA AS BRIDE

With Rev. Y. Iwanaga officiating, Barbara K. Hikida and Sgt. John H. Shimashita exchanged vows, a t impressive rites, last Thursday morning at the Poston II Buddhist Temple.

Toyome Toyofuku attended the bride as maid of honor and Cpl. Paul Yokoi of Camp Grant was best man.

The newlyweds will reside in Camp Grant where the benedict is stationed.

Dining Hall, 215 was the scene of the reception, with relatives and close friends present.

## APPRECIATION

I would like to convey my sincerest appreciation and gratitude to all my friends who made my stay here in Poston so enjoyable.

It has been indeed a pleasure living in Unit II with all of you.

Thank you.

Tetsu Hirayama

## NEWELL SUPPLIES POSTON WITH VEGETABLES

The Subsistence Dept. has received from the Tule Lake Project, 6 carloads of mixed vegetables during August, with another 3 carloads due this week, according to the Chief Project Steward, C.E. Snelson. This shipment included 451 hampers of peas, 601 crates of spinach, 443 crates of lettuce and 322 crates of green onions.

In addition to the shipments from Tule Lake, 9 or more deliveries per month of fruits and vegetables from the QMC market center have been received and an extra carload of potatoes has been secured for Aug.

From Denver, Colorado, 7,200 lbs. of Canton Noodles is due soon with another shipment of 7,000 lbs. in Sept. It was also stated that Poston has been able to secure 2 shipments of fresh frozen fish per week and even Poston Pork has saved us from a severe meat shortage but with the arrival of a new stock of Pork supply, it is sure to be adequate.

## RECRUITING CAMP I TODAY

Lt. Roberta L. House, WAC recruiting officer will be in Ralph Galvin's office today to interview prospective candidates for the corps.

Residents interested in securing more information on the WACs or desiring to enlist are invited to contact Lt. House any time after 9 a.m.

Today will be the last day of recruitment the Lieutenant said. She will leave the center Sunday morning.

## LT. HOUSE SPEAKS TO NISEI GIRLS

When Lt. R. House, WAC Recruiting Officer, spoke in Unit II last Thursday evening, the enthusiasm among the women who attended ran high, it was revealed. Several from here are expected to volunteer before the WAC officer leaves Poston.

## MISS BREED

## DONATES BOOKS

Miss Margaret Kawashima, Head Librarian of Unit I, reports that Miss Clara E. Breed, who is Supervising Librarian of the San Diego Public Library's Children's Department, has again made a donation of new books for children and juniors to the Poston I Community Free Library. The 72 books received include both fiction and non-fiction books.

# CHECKS TO BE CASHED

Monthly pay checks amounting to \$19 and clothing allowances amounting to \$20 will be accepted by the respective Blk. Mgrs. of Unit III, Mon. Aug. 23, to be cashed by C.E. However, it will be at least 2 weeks because the checks will have to be taken to Phoenix for cashing.

# BETROTHAL ANNOUNCED

Engagement of Sadie Ueda 306 to Lewis Yamamoto 306 was announced Thursday evening, Aug. 19 at the Buddhist Church. Baishakunin for the couple is Rev. and Mrs. Sakow. The wedding will take place sometime in December when Yamamoto returns from seasonal work.

# GIRLS GROUP MOVES TO NEW QUARTERS

Permanent headquarters have been acquired by the Girls' Group which has moved from its old location in Block 6 to Block 36-A. The new site will be headquarters for the Girls' Athletics, Girl Scouts, Girl Reserves and YWC. The new abode also will house the game library for the children and games may be checked out by youngsters. The Girls' Group wishes to extend appreciation to fellow workers in Community Activities for their wonderful help and cooperation.

# RESETTLEMENT PROGRAM NOT HINDERED

Progress of resettlement from the centers has not been hindered by the current emphasis on segregation, Thomas W. Holland, national chief of the WRA Employment Division declared on his visit recently to Poston.

Holland arrived in Poston last Wednesday morning and left last night after conference with the Project employment staff and observed the progress of relocation and segregation activities here.

# USE OF ELECTRICAL APPLIANCE BANNED

Pointing out the existence of a grave danger from fire caused by excess over-load on the electric transformers in Poston, Project Director W. Wade Head issued a memorandum asking the block managers to pick up all unnecessary electrical appliances from among the residents.

The items which are exempted from this new ruling for the time being include coolers, radios, and bottle warmers, but others such as irons, washing machines, hot plates electric stove pads, grills, etc., are prohibited.

Requesting the cooperation of all in this matter, the memorandum stated that if the above restrictions do not take care of the over-load and reduce the existing danger, it will be necessary to give consideration in further restricting the use of electrical equipment including coolers.

Holland stressed that relocation was here to stay, and expected the number of evacuees leaving the centers to reach 20 to 25 thousand by the end of the year. The present total is 11,000.

The WRA official reported that public sentiment to be good and getting better. He also stated that the Dies Committee and the sniping of newspapers like the Denver Post have made very little difference in the public's attitude.

It was also stated that work was being done to facilitate relocation of issei that wish to relocate and that added techniques were being developed for expediting relocation among the issei.
