

14 ARRIVE FROM TULE

Escorted by C. J. Benz, industry head at Tule Lake, 14 persons arrived Monday morning in Poston from that center to make their homes with their immediate families, who reside here.

The transfers, who were frozen in Tule because of segregation, include Alice, Kichizo, Yukiyo, Fusaye and Toshimi Hirahara; Shoso, Motoichi, Nakaye, Hisashi and Ayako Nakamoto; Sanjiro and Kin Mayeda; and Mary and Amy Umeta.

Mr. Benz, who made a tour of Poston, declared that he was very much impressed with the (cont on page 2)

INDIAN SERVICE TO WITHDRAW FROM POSTON JANUARY 1st

With the turn of the New Year, management of the Colorado River War Relocation Center will pass entirely into the hands of the War Relocation Authority, according to information released by W. Wade Head, project director, on his return from Washington this week. The center is now operating under the joint direction of the Indian Affairs branch of the Department of the Interior and the War Relocation Authority.

The change means little, as far as the residents of the center are concerned, Mr. Head stressed in making the announcement to a joint meeting of the Community Council, the local councils, block managers and city hall staff members of all three units, held in Ward 7 at the hospital Thursday afternoon.

Administrative officers and appointed personnel will remain here at Poston in the same positions they now occupy, it is planned. Construction, subjugation and all other work will be continued on the same basis. In fact, Mr. Head declared, nothing will be changed as far as actual operation of the center is concerned. The only difference, as far as the evacuees and personnel are concerned, is that their pay checks will be drawn (cont on page 2)

YOUNG CONSTRUCTION WORKER ELECTROCUTED ATOP ROOF

Harold Mamore Imoto, 28-year-old worker on school construction, was electrocuted by live wires carrying 440 volts at approximately 10:45 o'clock

Thursday morning.

Young Imoto was at work on the roof of the elementary school auditorium building when he slipped and grasped at the wires to keep from falling. He hung from the wires with both hands until a co-worker loosened him with a broom. Rushed to the hospital, he was given artificial respiration for over two hours, without success.

He leaves his mother, Kimi Imoto of 37-7-D. A sister, Ruby, was a dentist at the clinic until she left last September to work at the Forsyth Dental Infirmary in Boston, Mass. Thomas, a brother, left for Detroit last Aug. The family was formerly of Costa Mesa, Calif.

The victim was a 1938 graduate of the U. of California with a B.S. degree, and came to Poston early this year after receiving an hon- (cont on page 2)

LIGHTNING WRECKS UNIT 3 TRANSFORMERS

Lightning struck near the main transformer in Unit III early Monday afternoon, setting fire to one of the main switches and causing a noise that "sounded like the whole camp was going to blow up," Morris Burge, Unit III director who was on the scene, said.

The transformer pole caught on fire and flame sputtered out of three fuses, but the blaze was out within a few minutes by the Fire Dept. Unit 3 was without electricity for two hours while the Maintenance Dept. worked in wind and rain to (cont on page 2)

COMPLETION OF LEAVE CLEARANCE EXPECTED BY JANUARY 1

January 1, 1944 has been set by Director Dillon Myer as the deadline for the completion of all leave clearance hearings, Ted Haas, project attorney, said today.

In order that the remaining dockets may be taken care of within the next two or three months, a special review board of 8 "high-ranking key people" has been drafted in Washington to consider the files and recommendations which are returned from the projects.

INDIAN SERVICE TO WITHDRAW

Mr. Haas, who has spent the past month in Washington, on business concerned with the transfer of operating authority, brought back with him letters of appreciation from Hon. Harold L. Ickes, secretary of the interior, Hon. John F. Collier, commissioner of Indian affairs, and Hon. D.S. Myer, WRA director, to the evacuees and personnel, for splendid cooperation given them. They also expressed their continuing interest in the project and their desire to do anything they could to further the interests of the people here.

TULE ARRIVALS

(Cont. from page 1) Victory Gardens, trees and shrubs within the barracks, and the comparative barrenness between the barracks at Tule Lake.

These board members are devoting from 50 to 80% of their time on the leave clearance dockets, it was said. Project Director Wade had authorized to and as many capable men to the local leave clearance hearing board as he considers necessary to speeding up work on the dockets which are expected from Washington. About 450 dockets have already been returned to the project from Washington, including the 100 which were received last Tuesday. The remainder, comprising at least 300 more are expected to arrive shortly.

When the leave clearance hearings are finished, all evacuees remaining in relocation centers will be eligible for leave. It is hoped that a speed-up in relocation will result, Mr. Haas added.

NIT BILT TA MEETING SCHEDULED FOR FRIDAY

Important meeting to discuss the centralizing of nursery schools and kindergarten will be held at Blk. 324-9 from 2:30 p.m., Friday on Oct. 22.

FRESH MILK DELIVERY TO RESUME TODAY

C.E. Snelson, Chief steward, announced yesterday that the fresh milk delivery to Foston will resume today with the dairy delivering the milk by their own trucks.

Through the untiring efforts of Mr. Snelson, the project will be able to get 2500 quarts of milk daily. It is expected that the amount of milk will be ample to supply the needs for the babies, invalids and expectant mothers. During the curtailment, Foston was receiving only 300 quarts every other day.

REGISTER FROM STILL ON FOR TRAINING

Unit 2 registration for commercial courses, including project office practice, bookkeeping, shorthand, and typing is still going forward, Dr. John Lowell C.A. Director announced Wednesday.

The Adult Education Dept. under Mrs. Kezeni is offering these courses in cooperation with the Vocational Training program directed by Eugene C. Paine, of Dr. A.L. Harris' staff.

PROJECT ATTORNEY DESCRIBES BASIS OF INTERNMENT

(Ed. Note: Since questions have arisen concerning the internment of alien enemies, Theodore Haas, Project attorney describes briefly below the legal basis for their detention or internment.)

All citizens of hostile nation or government, fourteen years of age or within the United States and not naturalized, are liable to be apprehended as alien enemies, according to Section 21, Title 50 of the United States Code. The President is authorized to establish regulations necessary for the public safety, stated Theodore Haas, Project Attorney. Pursuant to this statutory authority the President issued proclamations and regulations.

The alien suspected of actual hostility to the United States or other crime against the public safety is given a hearing before an alien enemy hearing board, which is under the administrative control of the Alien Enemy Control Unit of the Department of Justice headed by Edward J. Bernis. The alien is ordered detained or released upon the basis of the hearing.

Most of the alien enemies of Japanese ancestry have been interned at Santa Fe Detention Camp, Santa Fe, New Mexico, whose Officer in Charge is Loyd H. Jensen. The Alien Enemy Internment camps are administered by the Department of Justice and the War Department.

POSTON MAY GET SOYBEAN MILK

Poston will soon have ersatz milk made from soybeans to alleviate the lack caused by the nation-wide milk shortage, if all goes well with the equipment which the Steward's department has obtained from Phoenix.

At present it is planned to experiment with the milk substitute in Unit III only, in conjunction with the tofu industry which will supply the soybeans. If the milk agrees with Poston palates, arrangements will be made to have the milk made available to the other units.

Soy bean milk has a higher protein content than cow's milk and is said to be richer in minerals.

POSTON'S FIRST VOLUNTEER VISITS HERE

Private Charlie Michito Nakamura, of the 552nd F.A. Battalion; B Battery, Camp Shelby, who was the first army volunteer from Poston, returned here last week-end for a two-day visit, wearing shoes.

Originally from Wailuku, Oahu, where he was active in recreational work, Charlie volunteered before the official recruiting in relocation centers began, while he was a Unit I police inspector. Before evacuation, he attended Redlands, majoring in physical education and acting as swimming coach. In Poston he achieved a sort of fame from his

"POSTON MUCH BETTER", SAYS

TULEANS

Poston is cleaner and greener than their former home in the eyes of former Tuleans who arrived here Monday morning as transfers.

Milice Hirahara, who came with her parents, mother and sister, exclaimed at the coldness. "We expected it to be terribly hot," she said. She hadn't had much chance to look around camp, but she thought she would like it here. "Tule is bare, and it's nice to have trees again." The Hirahara's apartment in Block 32 is fronted with a line of tall, slim tamarack trees.

"We like Poston much better," Mrs. Nakamoto, another newcomer from Tule said. She, her husband and three children are now at home in Block 31. Entangled in home-in king, she hasn't seen the rest of Poston yet, but her first impression was of the neatness, she said. The Nakamoto family is originally from Selinas where they had a farm.

The pretty sisters, Mary and Amy, have located themselves in Block 2; and Kin and Sanjiro Miyeda are now additions to the Unit II population.

Habit of going barefoot
Charlie's brother, Eizo, enlisted two years ago and is at

present with the 100th Infantry Battalion, which participated in the Salerno fighting. He was last heard from in North Africa, prior to leaving for the front.

IMPROVEMENTS DISCUSSED BY UNIT III MEMBERS

Improvement of apartments in Unit III was the main subject discussed at the Unit III Block Managers meeting that was held last Tuesday morning at Blk. 306.

Problems discussed at the meeting were:

1. A survey will be taken to determine the number of rolls of linoleum needed to complete the layings.

2. Wall papers will be distributed soon to the block managers who in turn will be responsible for the methods of tacking it up. Experiments on the wall papers, durability and amount needed is being made at Blk. 310-12-3.

3. One person without fail from each block will be asked to help complete the Foster Square Garden Swimming Pool each day. Department heads are requested to allow their employees to work on this project when his turn comes.

4. Weekly census on population, including seasonal return and visitors will be taken by respective block managers.

UNIT III COUNCIL MAKES REQUEST FOR MAIL TRUCK

The Community Council of Boston III in a memorandum to the Project Director, W. Wade Head, made an urgent request for one mail delivery truck exclusively for the use of the Post Office of this unit.

In view of the necessity of handling greatly increasing mail and other Boston matters to be expected for this coming Holiday Season makes it more necessary for this request.

Heretofore, the Post Office has been relying on trucks shared by several departments, due to irregular arrivals of mails and other postal from the Unit I Post Office, it has been not only very inconvenient for the transportation department to furnish the truck, but also to the Post Office and Block Managers who are entirely dependent upon the availability in regularity of such delivery truck.

In another memo to the Project Director, the Community Council requested that the delayed Clothing Allowance be brought up to date at the earliest possible date.

LT. KLEIMAN VISITS CENTER FOR RECRUITMENT

Lt. M. Kleiman of the U. S. Army Air Corps was in Boston Wednesday to interview evacuees who might be interested in special service with the Army in civilian capacities as linguists, typesetters, radio operators and pressmen.

D.C. ALLOWS ONLY \$5000 FOR LIBRARIES

The library fund question raised recently by K. J. Takahima, chairman of the Unit III Council, in a memorandum to the Project Director recalls the manner in which the library budget for Boston was set up. Dr. John Powell, C.A. director states.

It was not generally understood, Dr. Powell says, that though the San Francisco office of the WRA originally allotted \$14,000 for purposes of establishing a school and community libraries, the budget returned by the Washington offices of the WRA and Indian Service to Miles Cary, then director of education, allowed only \$5000 of this figure for the setting up a library in this center.

All the above, however, applies to the fiscal year 1943, and the fund mentioned has already been used for the allotted purpose.

The library budget for this year has not yet been officially approved, but it will probably amount to \$12,000, T. D. Culbertson, Chief Proprietary Accountant, disclosed.

UNIT III JUDICIAL AND MANPOWER COMMISSIONS NAMED WEDNESDAY

The Judicial and Manpower commission were elected at the Poston III Community Council meeting that was held last Wednesday.

Frank Kagiwada, Meguru Ozawa and Matsuo Yoshida were elected to the Judicial Commission Board.

Those who will serve on the manpower commission are: Henry Nakaji, Hideo Higashi, H. Yashimine, Tom Ikeda, Shigeo Ueta, Joe Owashi, K.J. Takashima, Y. Aota and Frank Shimabara.

T. Exaki replaced Y. Tanase as councilman from Block 306.

UNIT II PTA TO MEET TUESDAY

The Poston II faculty held a PTA organization meeting on Saturday, Oct. 9. The teachers met to determine whether sufficient number of parents were interested in the organization of a PTA.

On the following Monday, Oct. 18, temporary teachers committee met with 15 students' parents at the school library and planned to hold a general parents and faculty meeting at 214 dining hall on Tuesday, Oct. 26, commencing at 7:30 p.m.

Similar group selected, school vice-principal, Kazuo Ikeda and K. Takizawa, education committee chairman, to preside as temporary co-chairman at the initial meeting, to elect permanent PTA officers.

All parents are cordially requested to attend.

FIREBUGS CAPTURE DOUBLE HEADER OVER WEEKEND

The Unit III Firebugs displayed a close 6-5 decision over the strong Delano Dukes in an exciting hard ball game Saturday afternoon on the Firemen's Park.

The Dukes kept a close 5-4 lead until the last half of the 6th stanza when the mighty Firebugs came through with 2 tallies on two bingles led by T. Naito.

F. Tanaka collected a nifty 2 for 3 at the plate for the victors while Delano's chucker M. Tano smashed out a perfect 1 for 1.

PANTHERS UPSET BY FIREBUGS

In their second game played on Sunday morning, at the 229 field, the Firebugs found revenge by upsetting the Sacramento Panthers 3-5. The latter had a 4-1 victory over the Firebugs in one of the previous games.

Until the 7th stanza, H. Kurokawa of the Firebugs had the Panthers shut out 7 - 0 sending 10 batters via the strike out route. The Panthers tallied 4 in the 7th frame but could not overcome the 7th point margin.

Lead off man F. Tana again came through with 2 safeties for 3 tries for the Unit III Firebugs while Matsui and Hironaka collected 2 for 4.

The Firemen will tangle with Salinas Valley on Sunday morning, October 24, at the 229 field for another exciting morning of hits and runs!

太平洋岸への帰還

證言は日本人に不利

目下羅府に開催中の期尚は禁止した方加州上院議員の日本が良いと部検事長ハは人帰還調査團の證言ウサーは語つたは何れも同胞に不利▲ポーロン羅府市長はこれ、向題の中心は次は、日本人自身のたへ要請した。の如し

▲羅府郡内にある日米人所有の農園は何れも軍需工場・軍事施設に接近してゐる▲立退人家屋から橋梁・軍港等に關する地圖が発見された

▲日本人は日本政府を背景として経済的氣がしなから、私等は子供の必要時には洗濯場然し馴れるに従つては白人種の企業園内除に取りかゝる。隣心地帯に入れられ食かなくてはならぬ。一番寒い日で去年で雪みだりに真白いに進出計畫室の人がかけつけて堂も洗濯場も近く便従つてゲーデンもこの例を取れば零下七度位の真白い

▲若し日本人を太平洋沿岸に帰還させた部屋は空室を片端し七十四部落に分れてるのである。併し館府四五寸降りて子供等も見へぬ位、だが日

▲三國体系は日本人から各地からの入所を、各部落の建築の位置はホストンのか零合戦でもして遊ばせるといふ事実が、順に従つて詰めて行用式家の配置と合は比でなく一翌千里カがのに適當ださうだ。内地の春に匹敵する
