## CAMP TO CUT 400 KITCHEN WORKERS

In accordance with the instruction from Director Dillon Myer dated July 26 that a reduction in employment quotas be made, Giles L. Zimmerman, Employment Chief, has sent a memoandum to all divisions and sections stating that on Dec. 1, the maximum project quota must not exceed 5,600 workers.

Workers will be given seven days' notice and those who are terminated will be notified not later than Nov. 23. It is expected that the mess halls will be most seriously

affected by this regulation, with over 400 to be terminated in the three camps.

There will be numerous changes in other departments, but the reduction will not be as severe except that the vacancies now present because of segregation and relocation will probably remain unfilled, Mr. Zimmerman said.

Originally the deduction was scheduled to be effective in three stages, calling for a approximately ten percent deduction each month, reaching the minimum allotment on Oct. 1. This deadline was delayed because of segregation, and it is imperative that the work force be adjusted to meet the quota because the money allocated to the project is based on 5,600 workers, the memorandum said.

It will be on a smaller scale due to shortage of materials than the 1942 affair, but nevertheless, the committee headed by S. Shirazawa with Gerald Wumino as advisor will endeavor to present an equally successful bazaar, so every child in Unit III will have their Christmas.

## FAIR PLAY COMMITTEE CARRIES ON

The Pacific Coast Committee on American Principles and Fair Play carried on their fight for fair play for the American Japanese, when they communicated with President Roosevelt, Attorney General Francis Biddle, War Executive Dillon S. Myer, and others, in order to secure a White House report differentiating between the nature of the other relocation centers and the changed nature of Tule Lake.

The Committee is anxious that the excellent results of the relocation program should not be curtailed by public sentiment against the Tule Center.

The Tule Lake segregation center is a camp for Japanese who are obvious and self-confessed enemies of America. It houses only those who, as alien foes, will be returned to Tokyo as soon as possible. A riot by such a group is not surprising.

It would be a mistake, therefore, to make thousands of other Japanese-Americans, whose loyalty has been certified by the Federal Bureau of Investigation, suffer for the Tule Lake incident. The trouble-making of avowed enemies should not interrupt the process of releasing individual nisei-American citizens of Japanese ancestry--whose trustworthiness has been reliably determined.

The country has no reason to tolerate, on the other hand, any more nonsense at Tule Lake. It is hinted that our rioting "guests" hope to create a situation whereby Tokyo can "justify" maltreatment of Americans, but, if so, that is sheer blackmail. Brutality is not necessary. Discipline is, and the Tule Lake Japanese must be forced to accept it.

#### UNLUCKIEST FAMILY

If anybody is taking nominations for the unluckiest family of the year, Mrs. Matsu Omori of Block 22 would probably be willing to enter the series of misfortunes that has been dogging her family of late.

First it was her 8-year-old son, Hide, who had a tonsillectomy this summer and then had to be hospitalized because he had a hemorrhage. After his throat healed, Hide developed stomach pains which resulted in an appendectomy.

Then last month it was Yusuke, 13-years-old, who broke his arm when he fell off of a bicycle. With his arm still in a sling, he was carrying home a bucket of hot water from the laundry when he slipped and the water scalded his legs.

The latest Omori victim is Tex, 18-year-old son, who received burns last week when his gasoline-soaked garage uniform caught

on fire. Yusuke and Tex are lying side by side in the General Hospital.

### UNIT I "C's" TRIPLE UNIT III 6-0

A blocked punt recovered in the end zone proved to be the winning margin as Unit I "C's" downed Unit III "C's" in a league fray Saturday on the loser's field.

Taking advantage of their heavy line and their large reserve, the Unit I High School Football team decided the Camp II Varsity by a score of 7-6 in their initial clash at 207 last Saturday. The "Invaders" touchdown play was brilliantly executed when Kunimura in the second quarter faked an end sweep, shot a 50 yard pass to Mori who caught, kicked the important extra point. Unit II's touchdown came in the third quarter as T. Hojima intercepted an attempted pass on the 30 yard-line and skooted down the side line to score 6 points for Unit II, leaving the score 7-6. The pass for an extra point failed. The last quarter saw Unit II desperately throwing passes which failed to materialize as the final whistle sounded.
