

**900 SIGNS
 PETITION**

Nine hundred thirty-four boys out of approximately 1900 young men of military age of this center signed the President bound petition drawn up by the Community Council according to K J Takashima chairman of the Council.

The petition sent to the President of the United States asked for the restoration of civil rights for the Nisei who will be drafted soon for the U.S. armed forces.

Since there are still a number of boys of military age who signed up for expatriation, the number signing the petition was large, stated Mr Takashima.

**MEN ARRESTED
 FOR GAMBLING**

Arrested last February 28 in a police raid twelve Unit I men were arraigned and tried before the Judicial Commission last Tuesday morning on charges of gambling.

Two of the men who were second offenders, were sentenced to 45 days each in the project jail with 30 days suspended. A third man tried on an additional count of disturbing the peace was also given 15 days. The remaining nine were given 30 day suspended sentences and all twelve were placed on six months probation.

In pronouncing the sentences Elmer Yamamoto chairman of the Judicial Commission, commented "We regret that the penalties must be severe and hope that this will have a wholesome effect on your future conduct."

SEASONAL LEAVES RESTRICTED

No more seasonal leaves will be issued except in accord with new regulations released Monday.

This new regulation provides for release of evacuees only on seasonal agricultural work and only on government contract submitted by the Extension Service or War Food Administration after approval of the district relocation officer. All inquiries for seasonal labor should be referred back to the government agency responsible for the farm labor program in the county.

**FOURTH WAR
 LOAN DRIVE**

PASSES QUOTA

Passing the set quota of \$22,933.44 by 130% to contribute \$29,000.21 in the Fourth War Loan Drive, the appointed personnel of Poston's three units won congratulations via teletype from Director Dillon Myer last Monday.

Mr. Myer commended them for their "outstanding job" in surpassing their quota by a wide margin and thanked them "for the fine spirit shown in carrying out your part in this campaign."

Lloyd Johnson of the personnel management section who chaired the local drive, added "We appreciate the co operation of all participants in making the Fourth War Bond Drive in Poston a success."

FORMER FAMILY WELFARE GIRL WAG

Mary Ryuko Uyesaki, 27 former counseling aid with the Unit I family welfare section, is now receiving WAC training at Ft Des Moines, Iowa according to news received here by Miss Lou Butler Family Welfare head. She was sworn in on January 31 and began active duty on February 23.

Of her military life, Private Uyesaki writes,

"It's grand and in this way I feel I am doing something."

Prior to her entrance into the Army Miss Uyesaki was secretary in the Catholic Rural Life offices in Des Moines for six months. Her family relocated to Kersey, Colorado last August. She formerly lived at 15-1 B and are from Glendale, Arizona.

**POPULATION
 OF FEB. 26
 13,630**

The relocation bug has been biting quite severely in the past few weeks. This is evidenced in the housing division statistics which recorded 13,630 persons on the project on February 26 as compared with 13,811 persons on January 29.

Of the 13,630 Unit I claims 7,246 people, Unit II 2,827, Unit III 3,434 and Poston General Hospital 123.

Resettlement alone accounts for the population decline because in the same period between January 29 and February 26 there were six deaths and thirteen births.

CRIME AND PUNISHMENT

Every once in awhile our illustrious contemporary, the L's *ng*1*s *x*m*n*r, and many of its political kin, get all hot and bothered about the uncurbed life of Riley we are living.

Among the milder remedies they recommend to arouse us from the bed of roses on which we languorously recline, is the removal of the Inefficient Evacuee Police and the Ineffective Evacuee Courts, and the substitution of Caucasian law enforcement officers.

Sometimes, when we read these suggestions, a shudder gets started somewhere at the base of our neck that runs slowly down our spine and quickly up again, gaining momentum as it goes. We attribute this phenomenon to an uneasy suspicion--ill-rounded no doubt--that itches the back of our mind. We suspect that the men who are behind these stories favor not only an all-Caucasian law and order set-up but a police force equipped with loaded shillelaghs, persuasive pieces of rubber hose (with the snortage, yet), and nice snappy pistols with Simon Legree himself sneering on the bench, wielding a black, steel tipped whip.

We would like to point out--humbly, of course--that the Utterly Worthless Evacuee Police and the Equally Useless Judicial Commission have been instrumental in getting free room and board in the Parker Indian Jail for a couple of male residents who recently violated the Poston Penal Code for a second time.

These two men constitute the very first case in which residents tried before and sentenced by the Unit I Judicial Commission, have actually been made to serve out their penalties. This fact, we believe, is a beautiful commentary on (1) the effectiveness of verbal warning on lawbreakers who have heretofore been tried, sentenced, and paroled on their promise of good behavior and (2) the general law abiding atmosphere that pervades the community.

We doubt very much that this example has served to rebuke those who moan about the awful gentleness with which evacuees are treated. Let it serve then to subdue the few reckless hearts among us. Those two men are in the Parker Indian Jail right now. One must stay there 60 days for assault and battery and violation of probation; the other 30 days for violation of probation. They should be proof enough that the Evacuee Police and the Judicial Commission are not just playing like

We rather think they mean business. H Y.

SPORTLIGHTS.....
..gabbage

IT SEEMS Surprisingly strange that more Unit II girls haven't taken a deeper interest in golfing. A few have been seen practicing here and there, but none on the course....

A one Theodora in 214 was noticed hacking away on the driver in the vacated area opposite her block. She seems to be making rapid progress (distracting)..... 229

boasts a couple of potentials in Nancy Matsui and Yuri Matsuo. Betty Oku, I understand, is the best in her block. Exception is made on women driving this one special occasion, an excellent opportunity to prove to men that they aren't the only gifted sex.....

With more women golfers as "BABE" Didrickson and Patty Berg, Craig Wood and Byron Nelson are in for a steep decline....

THE WHOLE TOWN'S TALKING OF CHICK ABE'S HOLE-IN-ONE ACCOMPLISHMENT LAST WEEK?? SAYS CHICK MODESTLY, "IT WAS LUCK? BUT IT SURE GAVE ME A THRILL".....

Frank Ishizaki, or more commonly known to his friends as "Kanaka", shows plenty of power behind the driver though awkward as his form indicates. "I know I ain't got no form, but the ball goes anyhow" relates Kanaka.... Challenged to a round, your columnist VIA rang up a beautiful score to SPORTLIGHT'S 47....

Wednesday will mark the second divot digging in the second battle for Superiority

The wind seemed to be in VIA's favor, judging from her super colossal "Magure" shots.... 30
