## RELOCATION CAN SERVE FAMILIES

In connection with the new family counseling program, Edward Nossoff, acting relocation program officer, announced last week that the relocation division is now in a position to give additional service to families about relocation.

The co-operation of community leaders has been enlisted in the new program, which will include all members that can be contacted by the staff. Residents may come to the unit offices for advice concerning not only their future relocation plans, but other necessary services such as hospitalization and other welfare services, which will be referred to the proper authorities.

## SEVEN CALLED FOR INDUCTION

Seven boys have received notices ordering them to report for induction in Phoenix on Monday, May 1, W. Allen Cushman, acting selective service representative, reports.

The following six will go to Phoenix and will be returned to the center after being assigned to the Enlisted Reserve: Umon Iakanishi, 12-12-D; Etsuo Jimmy Ogawa, 4-11-A; Takashi Ezaki, 12-12-A; Hideo Fujii, 15-8-B; Henry Hiromitsu Inagi, 211-10-B; Tetsu Henry Nakabayashi, 3-12-A; and Minoru Fujisaki, 305-12-B. The seventh person, Howard Chiroshi Okano of Unit III, was a recent transfer to Crystal City, Texas.

## RESTRICTIONS RELAXED FOR FAMILIES OF TG-BE-INDUCTEES

In order to assist evacuees about to enter military service who are anxious to relocate their families outside the centers before induction, the current restrictions on restricted areas on the Western Fights Area have been relaxed, according to a release received April 21 from the WRA Denver Office.

With Mrs. Harriet Powell already added to the staff, T. Tanaka, former manager of the Bik, 27 employment office and more recently, business manager of the hospital, is the latest addition to the relocation division's new family counseling program.

Commenting on the results of the recent survey which showed that about 25% of the community are interested in relocation, Nossoff said that at the same time that the relocation division will attempt to aid them, it will try to interest more residents in relocation, "because in the final analysis, that is the only concrete and sound solution to their problems here."

The restricted areas are: Northern Utah, Northern Colorado, East Oregon and part of Idaho.

WRA Denver Office will give favorable consideration to the request of any evacuee who has passed his pre-induction physical to relocate in the restricted district if he or his wife has immediate relatives with whom the wife intends to reside after her husband's entrance into military service.

Prior approval will be required from the appropriate relocation office on each individual case. Families relocating on this basis are not expected to return to the center when the husband enters military service, it is stated.

## CAB COMPANY MAN LEAVES

Robert C. Freedman of the Sun Cab Company in Baltimore, Md., left this week after interviewing about 50.

Employment opportunities as auto mech a-nics and helpers were offered by Freedman, not only for the duration but after the war.

## SPAIN DELEGATE TO COME

In a few weeks another visit will be made to the Colorado River relocation center by a Spanish Delegate.

In order to assure the presentation of the petitions and complaints of the Japanese nationals residing in the Center, and at the same time simplify the procedure, I would greatly appreciate it if such petitions and complaints could be prepared in advance in writing and in quadruplicate.

Thanking you for your attention to this matter, I remain.

Counsel of Spain

**EDITORIAL:****RELOCATION HINDRANCE**

Last week, five Japanese American farm laborers, just arrived from the Gila River Relocation Center, were driven out of Great Meadows, New Jersey, by the threat of mob violence.

This occurred as a result of aroused public resentment which culminated in an emotional mass meeting of those who protested Edward Kowalick's hiring of these evacuees. Since these evacuees had been investigated and their loyalty to this country ascertained, the incident must be interpreted as an expression of instigated race discrimination.

It is not in regard to this incident at Great Meadows alone that we are concerned but with the future developments which will come as a result of how people react to this incident. Already, this "incident" has developed into an organized move to get anti-Japanese legislation passed in New Jersey. Furthermore, the Governor has indicated his position by stating that he doesn't blame the people in his state for not wanting the evacuees.

We believe strongly that there are certain alarming aspects in the case which warrant the serious attention of all groups and organizations for whom a fair, sensible and enlightened treatment of racial minorities is a matter of basic conviction and policy. Because the events that have taken place in Great Meadows are disturbingly reminiscent of the shameful race riots which occurred last year in Detroit, Beaumont and elsewhere we feel that the type of hysterical, prejudiced temper holding sway in Great Meadows must be discouraged whenever it takes or begins to take hold in any community. The very fact that Dies and the reactionary Republicans in California have been using the evacuee problem as a political football is enough to indicate that this problem is of national importance.

On the eve of invasion of the Nazi fortress of Europe, unity of the people behind our Commander-in-Chief is doubly important. This means among other things that all available manpower should be utilized to produce food and ammunition for successful prosecution of the war. The War Relocation Authority is an integral part of this victory program. Following the wholesale evacuation of the Japanese Americans from the West Coast military area into inland relocation centers, the W.R.A. took the progressive measure of segregating those evacuees who are to be held in custody for the duration of the war. The other Japanese Americans, after clearance by authorized Government agencies are now being relocated to the mid-west and east. The resettlement program of the W.R.A. will make available manpower where it is greatly needed; also, it would integrate this minority group, along with all minority groups, into the total war effort, thereby strengthening national unity.

Any action, therefore, directed against the W.R.A. relocation policy is action not against Japanese Americans alone, but an attack on our entire national program. This is the point we must bear in mind when considering the problem of the evacuees. We cannot allow the defeatists, the anti-war, the anti-democratic forces to utilize the evacuees and the Govern-

To MR. & MRS. HIDEO UYESHIMA, Blk. 37-11-A, a girl, Apr. 21.

To MR. & MRS. TSUNEJI MICHAEL KODANI, Blk. 15-9-D, a girl, Apr. 20.

**N.J. CLERGYMEN JEOPDRE FORCED****DEPARTURES**

According to a teletype received, the New York Herald Tribune in its April 22 paper, ran a story which said 200 New Jersey clergymen, at the 87th Newark Annual Conference of the Methodist Church, unanimously passed a resolution April 21 deplored the action of Warren County farmers who, a week before, forced the departure of five Japanese evacuees, assigned to work on a Great Meadow farm.

The ministers also, the release stated, heartily endorsed the efforts of WRA to resettle evacuees of Japanese ancestry.

**VISITING SERVICEMEN**

Camp Livingston, La.: Fvt. Yoshiro Sanbonmatsu, Ft. Riley, Kans.: Sgt. Norio Fujikawa and Camp Shelby, Miss.: Tom T. Iwatsuki.

**FOUND:** Brown coin purse at Blk. 36 basketball court. Owner please claim at the Unit I Chronicle office in Administration Bldg. 3.

**FOUND:** Lady's purse containing cash, lipstick, address of Dr. Nakadate, between Camps 1 & 2. Owner please claim at Camp 3 Police Station.

ment's resettlement program for their own ends.

Taken in this light, such an incident as occurred in Great Meadows must be challenged.

4/15-JAPANESE AMERICAN COMMITTEE FOR DEMOCRACY.
