George Fujii, local mortician, was acquitted last Tuesday in U.S. District Court of charges that he violated the Wartime Sedition Act, Charles A. Harper, internal security officer, reports.

Of the three notices signed "Voice of the Nisei" and posted in the center, only the third was considered subversive or seditious. The prosecution was unable to introduce any evidence whatsoever that connected Fujii with the third bulletin, Mr. Harper said.

The court granted the request of the attorney for the defense who moved that the jury be instructed to return a verdict of not guilty, and Fujii was consequently cleared of the charges against him.

400 GRADUATES GET DIPLOMAS

Over 400 high school seniors will have graduated from the three Poston high schools when 98 seniors will be given their diplomas tonight in Camp III. This is the third year commencement exercises were held here.

Unit II award diplomas to 88 seniors at a ceremony held last Thursday night. 218 in Camp I received their sheepskins at a rite last night.

WATER SITUATION IN CENTER SERIOUS

Disruption of Service May Occur

Frequent disruption of water service during the hottest summer months is predicted by Charles A. Popkin, construction engineer, if residents continue to use water at the same proportion of increase noted between April 25 and May 25.

NO SPECIAL TRAIN JUNE 4

There will be no special train on July 4, according to Relocation Program Officer James D. Crawford. The last departure before that date will be on June 27 and the first after that date will be on July 11.

Morning departures will cease after June 30 and will be resumed on July 6.

Figures for this period indicate that water consumption in Unit I increased 10%; in Unit II, 8½%, and in Unit III, 270%. Because cool weather delayed the widespread use of coolers until the latter part of May, these percentages assume serious significance, Mr. Popkin said, giving assurance that water consumption will be even greater for this month. With the increased use of coolers, it is very probable that the equipment will be unable to handle the additional load, resulting in a loss of pressure and consequent water supply failure on some of the hottest days, he added.

In order to prevent recurrence of last summer's frequent water stoppages, residents are asked to use the minimum amount of water required for the proper operation of their coolers. They are reminded that excessive running water hinders, rather than helps, the efficiency of the coolers.

JOHN BAKER JOINS MARINES

John C. Baker, chief of WRA reports division for the past two years will join the Marines June 15, according to a letter received by Pauline Bates Brown.

Mr. Baker will enroll in the Marine Officers' Training School. No name of a successor was mentioned in his letter.

day night, Joseph Fien, fire chief announced.

The fire alarm was sent in at 6:35 p.m., and despite the strong wind, the fire was brought under control immediately by the fire departments of Units II and III. Camp I engine stood by at the Unit II station for emergency.

This fire was in the same block of the Christmas blaze in which five barracks were destroyed.

Although the building did not burn completely down, all goods stored in the warehouse was destroyed by fire and water.

Damage in Thursday's fire is unknown.

9-POUND CARP LEADS CONTEST

The biggest unit 1 catch to date, in the fishing contest now being sponsored by the Poston Co-op Enterprises is held by S. Yamatani of 43-7-A, with a 20 1/2 inch 9 pound 14 ounce carp, according to Yoshio Nakabayashi, tackle department manager.

S. Kajiyama of 13-12-A leads in the bass division with a 20 1/2 inch bass weighing 3 3/4 pounds. A 7-pound catfish gives E. Yoshihara of 15-6-B, the leading position in the catfish division. His catch measured 27 1/2 inches.

Anglers are reminded that they must possess fishing license under the state law.

The contest closes Monday, July 31, it was reported.

A COLUMN

We see the dawn
In blazing show of
light--
We gaze upon
A dream come true
In NAVY BLUE AND WHITE.
Viewing life's shores
We shall remember that
The key of work un-
locks all of our
doors.

A song of praise,
With high spirit sing-
ing--

We now depart
Alma Mater deeply grav-
en on each heart.
Our hopes for high--
For days that'll stay
so bright--
Our bonds we tie
in NAVY BLUE AND WHITE.

This is the song of

307 UPSETS 322 BY 6-3 SCORE

In a surprise upset of the season, the 307 softball team handed the "AA" league leading 322 boys the losing end of 6-3 score last Tuesday evening at Sportsman Park.

307 led 3-2 at the first of 7th inning but Akira Takeshita's beautiful homer into 322 block tied the score 3-3.

In the extra first inning, it was kept scoreless--R. Karasawa slapping a distant one for an easy home run but was made out at the home base.

At the ninth inning 307 found three bases loaded. Up to bat, J. Inouye, slammed a three bagger to drive 3 runs in to give 307 the well deserved game.

Chuckling for 307 was B. Inouye with his brother Johnny on the other end.

A. Takeshita and P. Kaneyuki were batteries for 322.

In another game of the evening, 318 clinched its place on top of "A" league for the first round by defeating 317-2 to 1.

Kiyo Ishida knocked a homer by hitting a ball in parallel with the first base line.

ADULT ED. GIVES SHIMPO CREDITS FARM COURSES POSTON WITH GRANADA NEWS

by Edith Fukaye

Leave will be accelerated in the next 30 days, seasonal in particular and indefinite also. A lot of contracts are being filled now. Men and women have been recruited for Northern Utah canneries, and the coming in of contracts is awaited.

Forty are already signed for US Foundries in Denver, it is reported. Ninety are wanted; men not subject to immediate draft are preferred.

It is reported there is a large demand for labor in almost every section of the United States; almost invariably reports to the Relocation Office from people who've left the center are good reports, particularly with respect to job availability.

One of the busiest offices on the project is the Relocation Office at Blk. 27 with each member busy working all day. Persons wishing friendly helpful advice should feel no hesitancy about calling there.

Miss Martha Jaquette, home economics director of Poston Schools, has been giving lectures and demonstrations on table manners to fujinkai, quad meetings, and has also been giving lectures at farewell demonstration luncheons.

Odds and ends: that the Federal Social Security Agency will aid relocatees in need is stressed; delinquent seasonal leaves will be changed to indefinite leave.

FOUND: Pair of horned rim glasses in blue case at postoffice. Claim at Unit I Chronicle, Ad. 3.

Courses in farming under the direction of Ralph Shapley, Supervisor of Agriculture in the Poston Schools, will be given in Units I and III as part of the Adult Education Program. The classes will begin during the week of June 19th and will be held in the adobe buildings twice a week in the evening.

Those wishing to take the courses are asked to sign up at the Adult Education Office in Block 36 in Camp I and in the high school in Camp III.

The courses will include discussions of the different types of farming, including cash grain farming, dairy farming, fruit farming, general farming, poultry farming, and truck farming. The production of such crops as wheat, corn, oats, hay pasture, and soy beans will also be taken up in detail. Books and pamphlets will be provided.

"TEN YEARS IN JAPAN" AT LIBRARY

Joseph C. Grew's **TEN YEARS IN JAPAN** is among the eleven new books acquired by the Poston I Community Library this week, according to Miss Haruko Mayemura, head librarian.

Mr. Grew's book has been prepared from his diaries and official papers from 1932-1943, when he was the U.S. Ambassador to Japan.

Other timely non-fiction additions are: **D DAY**, by John Gunther, author of the "inside" books, and **TARAWA**; **THE STORY OF A BATTLE**, by Robert Sherrod, Time magazine correspondent.

New fiction includes: **EDWARD'S FANCY**, by Monica Dickens, great grand-daughter of

The Rocky Shippo, a Japanese American newspaper of Denver, erroneously credited Poston in their May 31 issue with a story, which originated in the Granada center.

The story carried with a misleading head ran:

"Draftees who have passed their pre-induction physical examination and desire to enter service with any group may do so, declared Walter J. Knodel, center selective service officer. If they wish, they also may enter service before being called.

"those who wish to do so should file an 'application for voluntary induction.'"

This means that an inductee may enter the armed force with his friend or friends, if he is not called at the same time.

CURRIE LEAVES FOR NEW YORK

Ralph D. Currie, acting business enterprises supervisor, left the center last Thursday night for New York to attend a conference of business enterprises which will be held there on June 12, the Co-op office reported.

After attending the conference, Mr. Currie will be transferred to work out of the Washington Office, doing field work in several of the centers.

Charles Dickens; **WAIT FOR MRS. WILLARD**, Dorothy Langley; Anya Seton's **DRAGONWYCK**, first serialized in the Ladies' Home Journal; **KITTY**, Rosamond Marshall; **PETER & PABEION**, and **BREAD AND BUTTER**, both by Marjory Hall; **HOME SWEET HOMICIDE**, a mystery by Craig Rice, and Louis Bromfield's **WHAT BECAME OF ANNA BOLTON**.
