PFC. KUWADA IS HURT IN FRANCE

It was no surprise to Mrs. Teru F. Kuwada of 308 12-D, when she received a wire from Adj. Gen. J.A. Ullo on Thursday, informing her that her 23-year old son Pfc. Nobukazu William Kuwada was "slightly injured" in action in France on August 15.

Last Saturday a letter had come from Bill himself, telling her that he had been wounded in southern France and that he was at present in a hospital in Italy.

Bill was among the first volunteers from Poston who left in May, 1943, and was assigned to the 442nd Combat Team at Camp Shelby, Miss.

His brother Frank recently received his active duty orders and is now undergoing basic training at Camp Blanding, Fla.

Bill also has a father, another brother and six sisters. One sister is married, and another has relocated to Chicago.

Before evacuation, Pfc. Kuwada lived with his family in Morgan Hill, Calif., where he graduated from Live Oak High School. He was in the time-keeping department here before his enlistment.

AMMUNITION JOBS NEAR SALT LAKE OFFERED TO NISEI MEN

Civil Service appointments at the Tooele Ordnance Depot, 37 miles from Salt Lake City, are being offered to interested evacuees by the U. S. Army. The job offer is limited to Nisei men who will take their families with them, although Issei members of the family are welcome.

The work consists of handling ammunition ranging from 30-caliber bullets to 4-ton bombs, but is not hazardous because all the ammunition, with the exception of rifle cartridges, have no detonators or fuses.

Wages start at 77¢ per hour and may eventually go as high as 90¢, depending on ability and length of time employed. This is for a basic 40-hour week with time-and-a-half for overtime. Workers are eligible for all

Civil Service rights, including 26 days per year of vacation leave. Appointments are for the duration and six months thereafter.

Complete housing with furniture is available from \$28-\$38 a month. All schooling for children will be satisfactorily arranged, and community sentiment has been found good by the Army and the WRA.

Draft deferments will be requested for all men 26 or over who have dependents. It is reported that the Ordnance Depot has a very excellent working relationship with the local draft board in obtaining such deferments.

Provost Marshall General Clearance is required, but a streamlined arrangement has been made with that office by which clearance is expected very soon after application.

Interested residents should make application at their unit employment offices.

ON FLORIN FIRE

Indications have been received that an earlier WRA release, which stated that no damage to evacuee property resulted from a fire at Florin, Calif., on June 21, may be incorrect, reported M.M. Rozier of the Washington WRA in a teletype dated Sept. 7.

Thorough investigation of damaged caused by the fire is being conducted by the WRA because of conflicting reports.

FIVE SENTENCED

Found not guilty of assault, but pleading guilty to misdemeanor charges, Yonosuke Nakashima was sentenced to 30 days at Yuma Jail, while Frank Koga, Jun-ichi Yamasaki and Victor Tanaka were given 30-day suspended sentences in a decision rendered yesterday morning by Project Director Duncan Mills.

In another case, a Camp 1 resident was found guilty of assault and was sentenced to 90 days at Yuma jail with 60 days suspended.

PATIENTS WILL KNIT, CROCHET

Knitting, crocheting, and embroidery work will be done for members of the community by the occupational therapy group in the hospital, Miss Ruth N. Crawford, assistant chief nurse, reports.

Materials and patterns should be taken to Miss Crawford who will arrange to have the work done and returned, properly sterilized.

For this service, a contribution will be accepted, which will be added to the Christmas Seal sale funds. The funds are to be used for purchasing additional occupational therapy equipment for the patients.

"TENDER COMRADE" WILL BE SHOWN

Ginger Rogers stars in next week's movie, "Tender Comrade", in which Robert Ryan and Ruth Hussey have supporting roles.

The following schedule has been announced by the movie department: Pool 21, Monday; Block 59, Tuesday; Unit II, Wednesday, and Unit III, Thursday.

V-LETTERS MAY BE IN JAPANESE

From National Red Cross headquarters, the local office has received the information that V-mail letters may be written in Japanese.

"We have cleared the matter of V-mail letters written in Japanese with the Post Office," the letter reads, "and were advised that no complications would result if individuals in the U.S. wished to use this method of communication to servicemen."

BIRTH

SGT. YONEDA BELIEVED FIRST JAPANESE VFW OF WORLD WAR II

Described by his union as "a long-time fighter against Japanese imperialism and fascism of any kind," Sgt. Karl G. Yoneda, 38, formerly of San Francisco, is the first Japanese American soldier of this war to be elected to the Veterans of Foreign Wars, the VFW has been informed.

Sgt. Yoneda, who volunteered for military service from the relocation center at Manzanar, Calif., is now fighting in Burma according to letters received by his wife Mrs. Elaine Yoneda. He is a member of local 110 of the International Longshoremen's and Warehousemen's Union and former vice-president of the Alaska Cannery Workers' local 5, both CIO. The sergeant

was elected to Howard A. Sperry Post 3570, San Francisco, of the VFW while overseas. Officers of the post, which is made up entirely of union men, told the VFW they believe he is the first Japanese American VFW of World War II.

Morris Watson, editor of the ILWU Dispatch, in describing Sgt. Yoneda's fight against fascism and Japanese imperialism supplied two instances. On one occasion Yoneda was on the picket line when longshoremen and Chinese picketed shipments of scrap and oil to Japan, and in 1936 he helped to organize a labor committee which refused to load ships carrying supplies to Japan.

When Japanese aliens and Japanese Americans were evacuated from the West Coast in 1942, Yoneda, his wife and their son, Tom Mooney Yoneda, were moved from San Francisco to the VFA relocation center at Manzanar, Calif. Mrs. Yoneda and Tom returned from the center to San Francisco last year.

DESERT

....School has finally started.....
 ..with the ringing of the ole' school bell at 8:20 Monday morning the school officially opened for the students of Poston III.

School this year should be better in many respects. For instance, the new auditorium building will permit better assemblies, dances, etc.... The new equipment that arrived in many classes should help in making this school year a better one.

..One of the much talked about things at school is the teachers. From what we hear, there are quite a few additions to the teaching staff.

In high school this year, they are "featuring" seventy minute periods. The reason for this is--the periods are made long so all the class work and home work can be done in class. This way the student does not have to do any school work at home... How this plan will turn out, time will tell...

..Well, the beginning of school will mean different things to different students. To some it will mean a new horizon and more things to learn. To others it will just mean less sleep and "waste time"....Whatever it means, school is still school.

..With the termination of the old movie contract in mid-September the new schedule bills some swell pictures... Here's few chhidesones from the list--Miracle of Morgan's Creek, Jane Eyre, Lifeboat, and Four Jills in a Jeep ---plus old but good "Suez." (Tyronne).
