S/Sgt. Kazuo Masuda, son of Mr. and Mrs. G. Masuda, 49-11-D, Gila, formerly of Orange County, has been reported killed in action. Friends here have learned.

The council also approved the appointment of six police commissioners, who will cooperate with Mr. Matsumoto in re-organizing the Unit I police force. They are: Sho-

FIVE RESIDENTS OF POSTON FILE EXCLUSION TEST CASE

Five new Japanese test cases have been filed in Los Angeles Federal District Court, the Open Forum, Civil Liberties Union bulletin, reported today. All have been filed by residents of Poston.

They are: Elmer Yamamoto of the Unit I legal division who cites in his suit that he desires to return to Los Angeles for the purpose of resuming his law practice.

Tadayuki Todah, who was born in Japan but became a naturalized American citizen after serving in the U. S. Ar-

my during World War I. Formerly proprietor and manager of the City Hall Grill, opposite the City Hall of Los Angeles, Mr. Todah has been chef of Mess Hall 32 since his arrival in Poston.

Kiyoshi Shigekawa, who was a member of the Board of Directors of the A.F. of L. Seine and Fisherman's Union of Terminal Island. At the time of the German invasion of Poland, he instigated the movement which resulted in the Union offering its services and facilities to the government of the United States. He and his family were evacuated from Anaheim, Calif. where he was engaged in the fishing and citrus growing business. In Poston he was the first Unit I police chief and until recently was connected with the community analysis section.

Yoshio Ekimoto, who had a valuable farm at Lancaster, and wants to return to resume his farming. It was through his work that the Unit I USO service originated. He is employed in the block supervisor's office.

Mary Duce, who was born at Terminal Island, Calif., and desires to return to California for the purpose of living and working there. A resident of Block 36, Mrs. Duce now works in the procurement office.

Representing the five are several attorneys, including many ACLU counsels.

"A one-man mortar team made the positions of several Nazis in northern Italy confusin' but definitely not amusin'.

"It was worked by Staff Sgt. Kazuo Masuda, Santa Ana, Calif. The Nazis were entrenched on a hill. Sgt. Masuda dashed up a slope, filled an extra helmet with dirt and buried the mortar barrel in it. He squatted beside this 'emplacement' and wrapped his stubby legs around the tube. He had no sight or tripod, so he calculated the range in his head.

"The Nazis poured shell after shell at him, but the one-man mortar team kept at it until they withdrew in confusion."

25 Sasuga, 2; Shiro Ito, 12; Taniio Shibuta, 30; Tsumoru Tanaka, 26; Hiroji Hakita, 35 and Masami Abe, 43.

As his first duty, Chief Matsumoto has issued a call for 30 policemen. Interested men are asked to contact the Unit I police station, Blk. 28.

OKIDA GOES TO SAVAGE

Terry Okida, 20, son of Mr. and Mrs. Ryosaku Okida, 6-1-B, left Monday to report for special training at Camp Savage, Minn.

Formerly of El Centro, Calif., he is a graduate of El Centro high school where he was active in athletics. In Poston he was a member of the well-known Valley "AA" basketball and softball teams.

Terry applied for Savage sometime in June and was accepted on July 15.

DR. POWELL REPORTS ON TRIP

After an absence of eight weeks most of which were spent in Washington helping to expedite leave clearance reviews, Dr. John W. Powell, associate project director, returned to the project last week.

On the return trip, he said, he made a special study of the problem of home placement for high school students in the relocation areas. During his leave, Dr. Powell went to Cleveland, Chicago, Milwaukee, Madison, Minneapolis, St. Paul, and other cities. He saw about 50 resettlers from Poston, some who have been in their present cities longer than they were in Poston.

He reported that resettlers in Chicago, including Thomas Masuda, former mayor here, and Kenji Nakane, who was with the adult education department here, seemed to feel that Chicago was not a healthy location for young single Nisei at present.

The resettlers committee in Chicago which helped new arrivals to get adjusted, is now beginning to participate in the work of groups interested in the problems of all minorities. The Madison and Milwaukee

SEASONAL WORK AT IDAHO FARM

Bert O. McCulloch, WFA representative is now recruiting men farm workers for Cassia County Farm Labor Sponsoring Association, Burley, Ida.

Seasonal offers are now at all unit relocation offices for 150 workers for this area. The work will be harvesting potatoes and sugar beets and other farm crops.

For particulars, interested persons are asked to inquire at their unit relocation offices.

relocation advisory committees are also making a broad appeal in behalf of all young people resettling in that area with emphasis on the Nisei problem but without thinking of the Nisei as the only young people with problems.

He noted as an encouraging fact that the Nisei as they get adjusted help other Nisei, a sign that the Nisei are growing up.

Dr. Powell attended a meeting of the local committee in St. Paul at the request of the Chicago area supervisor and discussed problems of placement of minors with the relocation people of Cleveland and other cities.

WHAT IS "THE MIRACLE"

Betty Hutton and Eddie Bracken help to bring about the "Miracle of Morgan's Creek" which is scheduled to show at Poston's outdoor theatres next week.

It will show Monday at Block 4, Tuesday at Blk. 44, Wednesday in Unit II and Thursday in Unit III. Diana Lynn and William Demarest are involved in the unorthodox proceedings too which "Wonderman" Preston Sturges directed.

ESCHEAT ACTION FILED AGAINST POSTON FAMILY

First action against Japanese alleged to own lands in Orange County in violation of the alien land law was filed in Santa Ana Superior Court on Sept. 2 as the State moved to deprive the Japanese of the land.

The action, filed by the District Attorney's office, involves the families of Shosuke and Taka Nitta, 21 2-B, and several other individuals.

The State contends Mr. and Mrs. Nitta are Japan-born and ineligible to hold California lands, but that they acquired title to 55 acres through other parties and transferred title to their sons when the sons became of age. The Court is requested to declare the titles invalid on grounds they were perpetrated to evade land law provisions.

Mr. and Mrs. Nitta and their eldest son Hitoshi are at Poston, and Minoru, the second son, is in Cleveland, according to the District Attorney's office, which has been working on the case with the Attorney General's office. It was not added that their youngest son Mitsuo is a staff sergeant in the army who was recently appointed to Officers Candidate School at Ft. Benning, Ga.

The other defendants, Hideo Matsukane and Mr. and Mrs. Ernest K. Yamada are in Box Elder County, Utah, and Denver, Colo., respectively.

BRIEFLY

by "B'nM"

(George Oki, former Postonite, writes to us from Tulsa, Okla., where he is attending the University.

Tulsa sure is a nice place. It isn't too hot but a little sultry. You should see the quarter of a million dollar houses or should I call them mansions, which covers just about a whole block or two. There's about a dozen Nisei here, about half a dozen boys and half a dozen girls.

I guess I'm going to be the only Nisei going to the university except for one other Nisei working for his Master's Degree. One other Nisei with half a semester to go was inducted into the Army on Sept. 15 and he's in the reserve now, but he expects to go quite soon.

The U. of Oklahoma (at Norman) accepts Niseis and out-of-state tuition fee is only \$55 and if you are a resident of the state you get off a lot cheaper. It's a very good school.

(George's letter, and other letters we receive from the "outside, will appear from time to time in this column. As you all know, George relocated in July of this year.

APPRECIATION

"Due to the abruptly advanced date of leave which commanded me, I was unable to see individually, my many Poston friends before my departure. Therefore, thru this publication I wish to extend my heartiest wishes to you all for a successful future that lies somewhere ahead of each one of you - also to say 'So long for a while' gratefully and with sadness of leaving,
Mike Shiratsuki"

FRANCES CUSHMAN ACCEPTS NEW POSITION; RESIGNS HERE TO A BRIGHTER FUTURE...

At a special student body assembly held Monday in the new Parker Valley High auditorium Miss Frances Cushman, principal, announced her intention of leaving Parker Valley High to become superintendent of Phoenix Indian Schools in Phoenix. She is believed to be the first woman to hold the position.

Only after much consideration had she finally decided to accept the new position, she said.

Within the time she has been with Poston schools, she has done much to make them something to be proud of. Many times she has gone out of her way to help the students and to help our school become a better one. Also she will be remembered for her successful efforts to have Poston III high school the first to be accredited.

Her absence will be a loss not only to students but to all who have come in contact with her. However, we wish her the best in her new position.

DOGS HAVE FIRST SHOT

Poston I has a very orderly dog population, Miss Elma Rood of the public health department reports.

The dogs, 51 of them, reported Wednesday with their owners for inoculation before a large and admiring audience of children. Dr. Caldwell, veterinarian, administered the inoculations while the owners held their dogs.

The second shot will be given on Wednesday, Sept. 27, the dog owners will then receive their certificate of protection against rabies. At that time Dr. Caldwell will speak to the elementary school children about Arizona state regulations on dogs.

OCHIKUBO HEARING CONTINUED UNTIL ARMY STATES POLICY

Hearing on the petition of Dr. George Ochikubo, dentist, to return to the Pacific Coast area, was ordered continued until September 25 by Federal Judge Peirson M. Hull because an Army hearing board is already "considering" the case, the Los Angeles Examiner reported last Tuesday.

INDIAN SERVICE TUBERCULOSIS EXPERT HERE

Dr. A. J. Wheeler, head of the Phoenix Indian Sanatorium, and tuberculosis specialist of the Indian Service, arrived Wednesday for a three-day stay here to review the cases of tuberculosis in the hospital and to consult with the medical staff concerning these patients.

Each case is reviewed individually and the patient interviewed and advised as to the progress of his disease.

WANTED

WANTED TO BUY: Good piano, now in storage on coast. See Dr. A. L. Harris.

WORKERS WANTED: 2 apprentice butchers, 3 office girls, 2 cashiers. Inquire at C.E. office.

Ochikubo, who has been at Topaz, arrived in Los Angeles on a military pass in connection with a petition to enjoin Major General Charles Donastool, commanding general of the Western Defense Command, from further "excluding" him from the Coast area, the story said.

He was accompanied by Saburo Kido, of Salt Lake City, national JAFL president, who was formally admitted to practice in Federal Court by Judge Hall before the proceedings began. Kido formerly resided in Poston II.

Judge Hall pointed out that military authorities had already approved the re-entry of several American Japanese of proven loyalty, and said there would be no object in hearing arguments on a temporary injunction when the Army had already considered evidence in Ochikubo's case.

Should the military not rule by September 25, Judge Hall had indicated that he will hear the case on its merits, the Examiner added.
