POSTON, ARIZONA

SATURDAY, SEPT. 30, 1944

Poston Goes on Mountain Standard Time Tomorrow

Set Clock Back One
Hour at Midnight

Poston, with the rest of Arizona, will go on Mountain Standard Time beginning midnight tonight, according to Morris Burge, deputy project director. Clocks all over Arizona will be set back one hour at that time.

"It won't be fair unless you get up at midnight to set back your clock," Mr. Burge warns sternly, in the interest of good sportsmanship.

However, reliable sources predict that there will be a considerable amount of cheating earlier tonight and late tomorrow morning.

Poston has been on Mountain Wartime, which is almost like any other time.

PARENTS' HELP SOUGHT IN RABIES PREVENTION

Dr. J.W. Caldwell, project veterinarian, stresses the need of co-operation of residents in the current anti-rabies campaign.

The second and final inoculation took place Wednesday in Unit I, Thursday in Units II and III.

The gravity of the rabies situation is the center is unknown, Dr. Caldwell says, and may not be known for two or three weeks. The reason for this is that rabies is a peculiar disease which may develop any time within 7 days to 3 years after the infected bite, although the normal incubation period is 21 (Cont. on Unit I page)

\$63,266 Property Loss from Fires Last Year

In connection with Fire Prevention Week, which is to be observed here October 8-14, Joseph M. Fien, fire protection officer, reveals that property damage from fires in the center during the one-year period from October 1, 1943, to September 1, 1944, was \$63,266.

\$3,000 of the destroyed property belonged to evacuees and was of the irreplaceable type.

During Fire Prevention Week and thereafter, residents are asked to help prevent recurrence of such extensive property loss through fires.

The simple rules below, if carefully followed, should eliminate most fire hazards within the community:

(1) Keep oil mop in metal container with tight-fitting lid. (2) Never smoke in bed. (3) Don't leave electric irons attached.

(4) Notify maintenance in case of faulty fuses and wires. Don't use pennies behind fuse. (5) Don't use gasoline or cleaning fluid inside house. Don't rub clothes immersed in gasoline.

(6) Don't let rubbish, loose papers, oil- (Cont. on City Page)

Scheduled Remainder Unable to go, Lack Accommodations

Twenty-five inductees left for Phoenix Thursday morning, Sept. 28, to report for induction in the U. S. Army, according to Herbert Carter, selective service head. Because bus transportation was not able to accommodate all who were called, about ten boys were unable to report with the original group. They left the project at 4:30 a.m. Friday.

POLICE FORCE WILL BEGIN OPERATION SOON

With 14 men on the force, the Unit I Police Department will again begin enforcement of the following prohibitions, Chief of Police Kazuma Matsumoto discloses:

(1) Gambling. (2) Smuggling of alcoholic beverages into the project. (3) Self-profiting (Cont. on Unit I page)

MESS HALL QUOTAS GO INTO EFFECT NEXT WEEK

Men kitchen workers will be released at the following rate, according to a Manpower Commission decision sent to Chief Steward Snelson today:

1--To release over 9 men: release 2 weekly for 3 weeks and 1 each week thereafter.

2--To release 7-9: release 2 weekly for 2 weeks, and 1 each week thereafter.

3--To release 6 or less: release 2 the first week, and 1 each week thereafter.

The first week under this plan ends Monday, October 9.

"WE ARE GOING TO SEE TO IT THAT THIS WAR ENDS IN THE RIGHT WAY"

September 16
Somewhere in Italy

Dearest Folks:

I never did have any intention of writing to you folks at Poston, for I have never been much of a letter-writer to people; but since I am one of the boys that have been taken in the army from the camp, I thought it would be nice to thank you folks back there who are helping us soldiers overseas who are fighting in European wars to make things much easier in Poston. We are doing all we can to win this great battle and as far as I can see the Japanese American boys, mostly from Hawaii, are doing a grand job and furthermore, our intention is to do much better and to prove that we are true Americans. We soldiers here went through nearly everything the Germans could throw at us and still we stood on our two feet and fought on, on every inch of ground and kept on going even though we had to climb the highest mountain in Italy.... But let me tell you this, these boys are the finest and hardest fighters you can ever see a swell bunch of boys, and I'm very proud to be with them and to fight with them side by side.

Many boys may think it funny when I say I'm proud to be over here fighting, but they are quite mistaken, for to be over here is something a fellow can do and show what his real intention is. I'm not a bit hurt because I was sent overseas, for I wanted to prove to the people that me and many others love our country and to give freedom to the people we think so much of. Yes, I'm married and have a son with whom I have only spent four months after his birth before I was called into the Army. I love my little family very much and miss them badly, but still I have to think of our future and especially for our son, for he is starting on a new generation. So we are going to see to it that this war does end in the right way and that all this cruelty of Hitlerism ends. So till then I want you all to know that us boys over here are doing our best to see this end soon and to be back in civilian life.

I never was much of a speakers or letter writer to people but I do hope that you all have confidence in us boys and back us until the end. We'll do the fighting and you folks can do a lot for us by staying at home and helping the country in its work. May "God bless you all."

Sincerely,

Pvt. Gilbert T. Ogata, No. 39152209

The Christian Young People's worship service will be held at Rec. Hall 44 this Sunday, with the Rev. Dr. Gordon K. Chapman of Berkeley, Calif., as the special speaker.

FIRE PREVENTION RULES LISTED BY FIEN (cont. from front page)

soaked dust rags accumulate in corners or around outside of house. The cardinal rule of fire prevention is good housekeeping.

(7) Use charcoal braziers or burners carefully. Place them where children cannot fall in. (8) Be careful where you build bonfires. Don't go too close to bonfires wearing flimsy dresses. (9) Be sure where your nearest fire phone is. In case of fire, call fire department AT ONCE. But use these phones only in case of fire or in an emergency situation when an ambulance is urgently needed.

"The fire department is at your service," Mr. Fien adds. "Please feel free to call on them at any time for advice on problems relating to fire."

Just Me

GOLF-COARSE

...do you know where all those coarse language come from-----? That's right. If you are interested take a visit out to the course one of these days. If you ever had some experience you will know why? It's spontaneous. It is all from natural impulse. It is rather amusing to be an on-looker.

CHARM...

...I'd overheard a conversation between a boy and a girl, discussing charm.

"Gads, boys go for girls with pretty dresses," says she.

"Not always, dresses are just containers. Of course, attractive packagings count, too, but contents are what really count," he concluded.

T'WAS A NICE SHIRT...

...It is funny how kids now-a-days are particular about clothing. At breakfast I'd greeted George with commenting remark about his floral printed shirt--it was pretty. Hours flew and kids came scurrying in from school and there comes George but with a different shirt. I asked him why, and he told me another girl had the same printed material made into a skirt. He'll never wear that shirt again. But somehow I was wondering how that girl felt.

LIGHT'S ON...

...rejoicing and cheers were heard thru the block as the electricity went on after six and a half hours of blink.

"The water is on!", one little boy shouted excitedly as he came out of the latrine, and continued to shout, "You can go in now, it flushes."

Seven canteens in the center will be closed very soon as a result of the Manpower shortage, as reported by C. E. Operation's Manager,

George S. Sakamoto.

TAKAKO YAGI ENROLLS AS

SOPHOMORE AT MUSKINGUM

New Concord, Sept., 1944.

--Takako Yagi, RFD 73 Corinne, Utah, has enrolled as a Sophomore on the Muskingum College Campus here for the year 1944-45.

Miss Yagi is the daughter of Mr. and Mrs. Kazutoshi Yagi and graduated from Poston II High School in June, 1943. She plans for a career in Medical Technology.

Muskingum is beginning it's 108th year edition to the academic program and this year will include a Home Management House, in which Home Economic Seniors will live together to gain practical experience, and a college radio studio, from which students broadcast regularly with stations WHIZ, Zanesville, as an outlet.

208 CARDINALS WIN
OVER 226 ZEROS 6-4

Kei Harada and Yoshio Iwasa limited the 226 Zeros to four hits last Sunday afternoon.

Tosh Sonoda for the loser in his top shape went the routes allowing only 3 hits to the winners.

All of the Redbird runs came in during first and second innings, while the Zero's runs came in on the fourth and tag fifth innings.

Starting pitcher Kei Harada led the winner's attack with a homer with bases loaded. For the losers, G. Ono and T. Sonoda each had one for two to lead their attack.

INNINGS:	1	2	3	4	5
CARDINALS					
Runs:	4	2	0	0	0
Hits:	2	1	0	0	0

The tentative date for official closing is October 14, when one canteen will be shut down, and in each of the subsequent weeks, one additional store will be terminated from further service to the residents, until the closed canteens number seven in all.

Although the small store at Block 18 in Unit I and 2 others in Unit II have already been closed because of the lack of workers, it was stressed by Mr. Sakamoto that these closings must be regarded as temporary and that they are as yet unofficial.

Also announced was that all canteens slated for closing are small ones, and that the Main Canteens will definitely remain open for business permanently. Exactly which canteens be closed have not been determined as yet.

DESERT

People come and go in Poston... Perhaps that's what breaks the monotony of camp life for those "duration ups."

Our office staff which boasts close to perfect relocation, also have the visits of the relocatees off 'n on... and it's really good to see them again as they are all doing fine on the outside... among our recent visitors were ex-sports editor, curly top Jimmy Lane from Rockford, Colorado--- and our former peppy typist, Mrs. Ben Nishiyama (nee Kusako Take-ta) with her cute little baby boy from Minneapolis. Write more about them when I go to see them...

A pitiful sight--- when a ball player gives up when his team is losing.

With the new mess worker quota approved by project director some will see themselves cut from a job. Since young girls are so urgently needed in offices, they should be the ones to fill another job.

Jobs are plentiful now and a long list of them are waiting for you to fill at the Employment office...

Go today and pick your choice.

It seems like the Japanese section of Unit III will be appearing again after a months absence, from next month... Tell your folks about it as they may be interested...

The dry goods can-teen was jammed Wednesday morning as bargain seekers rushed to its door. As usual, can't get too much...

A.S.B. FORMED
IN HIGH SCHOOL

The nomination of new A.S.B. officers for the fall term at Parker Valley High School started last week.

The nominations were made through the channels of petitions which were circulated around to obtain the nominees. The deadline for the petition was set for today.

Also formulated last week at the school was a core representative council to handle the matters of the student body. This council is composed of two members from each core class, one boy and one girl.
