Thomas Masuda Opens Law Office in Chicago

Chicago, Ill.--Thomas Masuda, who is believed to be the first resettler to be admitted to the practice of law in Illinois, has opened his own offices in the Metropolitan Building in Chicago. He was admitted to the Illinois bar on September 18, 1944, without an examination on the basis of his excellent record on the West Coast.

Mr. Masuda is a graduate of the University of Washington Law School and practiced law in Seattle for many years. He is a member of the American Bar Association and of the Seattle and Washington State Bar Associations. He came to Chicago from Poston Relocation Center in June, 1944, after visiting other cities. While in Poston he was employed as an attorney in the Project Attorney's office and for a few months was acting Project Attorney. He was elected chairman of the Community Council at Poston at the time he left the project.

He will be here soon.

KELLEY RESIGNS FROM ANTI-JAP COMMITTEE

The recent visit of Dillon S. Myer, WRA director, to Pasadena and Los Angeles, where he addressed two "well-attended" meetings, served to allay part of the uneasiness which had arisen following the return of Esther Takei, 19-year-old student, to California from Granada relocation center.

George L. Kelley, chairman of the "Ban the Japs Committee", resigned from that position after hearing Mr. Myer speak in Pasadena under the sponsorship of the Committee for American Principles and Fair Play. "When I'm wrong, I'll admit it, and I was wrong," Kelley was quoted as saying. "That Dillon Myer fellow convinced me."

He has applied for membership in the Pasadena chapter of the Fair Play Committee.

Given permission by Maj. Gen. Charles H. Bonesteel, Commanding General of the Western Defense Command, to return to the West Coast to continue her education, Miss Takei had returned last month to attend Pasadena junior college.

DIRECTOR DILLON MYER VISITS LOS ANGELES AREA**
(cont. from front page)

Shortly after Miss Takei's return, the Los Angeles Examiner, on Sept. 23, published a statement by Dr. John Carruthers, president of the Pacific Coast Japanese Problem League, and former Navy chaplain aboard the USS Oklahoma, condemning the WRA for "testing" public opinion while part of the public was fighting and without voice in the matter.

George L. Kelley, chairman of the "Ban the Japs Committee", then announced his intention to call a mass meeting to protest the Japanese relocation return. This move was commended by the Native Sons of the Golden West, Long Beach chapter, who also announced that they would oppose the return of "screened" Japanese to the state at that time. Dr. Carruthers said his organization would seek to amend the California School Code to give authority for the admission of any student to the individual school board, pointing out that under the existing code, the city school board is powerless to deny admission to Miss Takei.

With the visit of Dillon Myer, however, Mr. Kelley resigned from the position of chairman of the "Ban the Japs Committee", and considerable other opposition is believed to have been allayed by Mr. Myer's visit to the Southland.

A-CHOP STORY by...

Ichiro Okada
from Bussai Review....
A FATHER FOR YOU.....

A neat little wooden box made from the lug boxes that come to the mess hall was held up close to the window, and with the other hand he laid a steel tape measure to the length of the box, then to the width, and each time he muttered a sound of satisfaction that it was within postal regulation.

Gently he laid it down on the table close to the Boston Chronicle which told of the exploits of his son who won the Silver Star in the Italian Campaign. It wasn't so much of the Silver Star award that he was smiling this particular package to Sgt. Noboru Togitsuka. The elderly father was hurt at heart to have his son injured enough to get a Silver Star. So, like any father who brought up a son, he wanted to cheer him up. It kind of made him act childish, half proud of the Sgt. and half eager to soothe his son's wounds. It showed all over his face as he began filling the package.

"Little of this and little bit of that," surveying the intended gifts, "That's a sad assortment this canteen's got to sell me, 'as he filled his box. There were seabai, dried shrimp, hard candies, a couple of comic magazines, one life magazine, and then he started to worry again.

"Under how heavy this thing is now!" He lifted it in his hands, "Kada o.k.," and row soap a sock, and a handkerchief.

FIREMEN SHUT OUT
ROKU III 10-0

Getting a field day on their opponent's errors, the Firemen shut out Roku III, 10-0.

Playing Saturday on the 328 diamond, the Firemen kept Roku III under the cover, allowing only one hit from them. On the other hand, the Firemen knocked off 11 hits and started scoring in the second inning, with three runs.

Roku III's only threat came in the fifth, when P. Kaneyuki got on third, on the only Roku III hit by J. Hirase, placing him on scoring position. But the inning ended with the potential run still on third.

The Firemen really broke loose in the eighth, started off by F. Tanaka's home run into deep left, to score five tallies in that inning. These were scored on only two hits, the rest on errors.

Batteries were: Firemen: B. Mori p., B. Inouye c.
Roku III: J. Sakamoto p., C. Sakamoto c.

The Asahi-Yankees game was post-poned.

At the post office, he inquired as the the package weighed down the scales, "How much does it weight? He still was worried.

"It's 4 pounds and 5 oz.," remarked the postal clerk.

For the first time, he blossomed with a smile and saw the package disappear behind the counter.

Taking his glasses off, he turned toward the door out into the warm afternoon sun. He was heard saying, "Gosh I hope he isn't totally disabled."

That's a father for you.....

Nisei students are winning outstanding places for themselves in extra-curricular activities at the Baptist Missionary Training School in Chicago, it is reported.

Their schoolmates have elected May Kokubun, daughter of the Rev. and Mrs. Jingoro Kokubun, and Fuzue Uyeno, daughter of Mr. and Mrs. Seichi Uyeno, as president of the student body and senior class, respectively. The two girls are from the Colorado River Project, where their parents still reside.

Miss Kokubun, a senior, is serving also as Young People's advisor at the First Baptist Church, of which Rev. Jitsuo Morikawa, also from Poston, is the associate pastor. She is a former resident of Calexico, Calif. and was attending Redlands University, Redlands, prior to evacuation.

**CLOWNS RALLY TO TOPPLE
RAMBLERS, 16-7**

Scoring in almost every inning, the strong Clowns amassed 12 hits and scored 16 runs to topple the Rambler outfit, 16-7, at Field 13, Sunday morning.

A beautifully executed hit-and-run play on a well placed bunt by G. Yamaguchi, which scored two, began a six-run rally in the first frame that spelled defeat for the Ramblers.

Tallying five runs in the second and third, the Clowns held a 11-0 lead until the fifth inning, when Rambler's Yamamoto had a terrific triple to left field with bases loaded.

Five more runs in the fifth and sixth clinched the game for the Clowns, but the fighting Ramblers, taking advantage of two hits, two errors, and a walk, tallied four more times before "biting the dust."

Nakamura, Clown receiver, led the hitting barrage with four singles while Ramblers' first sacker, Yamamoto, accounted for two singles and a triple to pace the losers. K. Yamaguchi piled a four-bagger in the third inning for the game's only homer.
