Approved Plan No Longer Required for Assistance Grant

The requirement of an approved relocation plan as a condition to relocation assistance has been suspended until further notice in the case of residents eligible for relocation, except those who will need public assistance at a point of relocation, according to Malcom E. Pitts, acting WRA director.

Previously, an approved relocation plan was deemed necessary because of the possibility of an immediate mass movement which would endanger the entire relocation program, and in order to provide further time in which to adapt the field organization for a larger number of relocatees. 257 RELOCATE DURING FEBRUARY; 98 GO WEST

Two hundred and fifty-seven residents relocated during February, 1945, 98 persons returning to the evacuated area on terminal leave, and 159 going to other areas, the relocation office discloses.

This makes a total of 129 residents who have returned to the West Coast, and 344 residents who have gone to other areas, since January 1, 1945, or a grand total of 473 relocating thus far this year.

Figures for February, 1944, show that 255 persons were granted indefinite leave during that month.

WRA Director Will Be Here Next Week, March 6 and 7

The schedule to be followed by Dillon Myer, director of the War Relocation Authority, during his visit here next Tuesday and Wednesday, March 6 and 7, has been released by the office of the Project Director.

On Tuesday morning, Mr. Myer will confer with the relocation and welfare sections. After lunch, he will make a tour of the project.

Beginning at 2:00 o'clock in the afternoon, Mr. Myer will address a mass meeting of both evacuees and appointed personnel, which will be held at Blk. 4 stage, if the weather permits. (Otherwise, the meeting will be in the Unit I high school auditorium. Arrangements are being made to provide transportation for Unit II and III residents who wish to attend.)

From Wednesday morning to 3:00 o'clock in the afternoon, Mr. Myer will meet with various evacuee groups to discuss questions which residents would like to have answered. Residents who have questions for Mr. Myer are asked to submit them in writing, either to their block managers or block representatives, not later than 10:00 a.m. Monday morning, March 5.

After these discussions, the administrative management and operations divisions will meet with Mr. Myer. He will leave early Thursday morning for Phoenix and Washington.

TWO POSTON SOLDIERS WIN BRONZE STAR; VISITOR T/SGT. TOYOTA WAS AMONG FIRST TO REACH "LOST BATTALION"; PFC. KUWAHARA BACK FROM FRENCH FRONT

ored were two Poston soldiers, Sgt. Kay Ihara, 222-5-A, and Pfc. Martin L. Ito, whose family lived until recently at 327-1-C. They were awarded Bronze Stars, with citations as follows:

The Bronze Star to Sgt. Kay Ihara: "...for heroic achievement in France from 15 October 1944 to 8 November 1944. During this entire period, acting as artillery liaison radio operator in heavily wooded mountainous terrain, Sgt. Ihara maintained continuous communication between his artillery battalion and the attacking forward echelons of the supported infantry. Often in danger of bursts from enemy artillery and mortars, Sgt. Ihara worked untiringly sometimes for 24 hours a day and in the most miserable weather, in order to maintain the vital continuous flow of information from infantry to artillery. By his efficiency, courage and devotion to duty, Sgt. Ihara reflects credit upon himself and the United States Army."

The Bronze Star to Pfc. Martin L. Ito: "...for heroic achievement in France from 27 to 28 October 1944, while serving as radio operator for the forward observer in the drive to relieve the "Lost Battalion" of the 141st Infantry. As a result of heavy enemy concentrations of artillery fire there were many casualties among the forward troops. When the poor observation forced the forward observer into temporary inactivity, Pfc. Ito, ever ready to be of service, notified the unit's aid station whenever there were wounded and litter cases. Though severely wounded across his upper arm, he did not seek

any treatment himself and continued to maintain contact until assured that medical aid was on its way to his comrades. By his courage, initiative and devotion to his injured comrades, Pfc. Ito insured prompt treatment for the wounded and reflects much credit upon himself and the United States Army."

Sgt. Kioto Ihara, 21, is the son of Mrs. Yoshino Ihara, and has a brother, Pfc. Toshio, who has been stationed at Camp Shelby. Volunteering in July, 1942, from Denver, Colo., he trained at Shelby until he went overseas in April, 1943. He was a student at Sanger Union high school before evacuation.

Pfc. Martin Lloyd Ito, 27, is the son of Yen-kichi Ito who recently returned to San Diego, Calif. He has two sisters, one of whom is married to a Navy man, and the other to a Nisei serviceman. Also a volunteer, in May, 1943, he was assigned to Shelby and went over last August. He was wounded in France on October 28, 1944. He is a graduate of San Diego high school.

T/Sgt. Kameo Toyota, who is visiting his parents, Mr. and Mrs. Chujiro Toyota, 213-1-C, wouldn't tell it himself, and it was from the Pacific Citizen that the Chronicle learned that he was one of the 10 Nisei soldiers who first reached the "Lost Battalion" of the 141st Infantry.

T/Sgt. Kameo is one of four brothers to serve in the Army. The others are Sgt. Yoshio, a volunteer from the center, who is now fighting in France; Pvt. Toshi Toyota, in training at Camp Rob-

inson, Ark., and Pfc. Shichizo, younger than Kameo, who was killed in Italy last August.

Asked about the famous rescue, the sergeant was very reticent about the part he played. "Ask me about the 442nd and I'll tell you anything," but he didn't want to talk about himself. They did break through the German lines, and the "Lost Battalion" was very glad to see them. They were really glad and appreciated it very much. And they had time enough to exchange hellos, and then they went on "to find some more of the boys." And that was about all there was to it.

Except that he was wounded last October, too.

A graduate of Modesto high school (1936), where he went out for track and basketball, and Modesto junior college (1938), T/Sgt. Kameo was planning to continue with his education when he was drafted in January, 1941, from Gilroy, Calif.

Everything else is between him and the Universe.

Visiting his parents, Mr. and Mrs. Denemon Kuwahara, 2611-A, last week, was Pfc. Roy Kuwahara, 25, who has been at an Army hospital in Imperial Valley, convalescing from wounds sustained in fighting in southern France last October.

Pfc. Kuwahara was drafted in January, 1942 from San Gabriel, Calif., where he was farming with his parents. He was stationed at Camp Grant, Ill., and Camp Elandring, Fla., before he went overseas last August. He is a graduate of El Monte high school.

APPROVED PLAN NO NECESSARY FOR RELOCATION GRANT
(Continued from front page)

Now, however, the relocation field offices both on the West Coast and in the interior, are geared to handle a much increased volume of business. Also, the movement of evacuees out of the centers into any community has not been large enough to create any problem, and it is believed that the outward flow will continue to be gradual and orderly without special controls. It has also been noted that the requirements of an approved plan have been regarded by center residents as an obstacle to relocation.

available on the area of proposed destination. It may be that on the basis of this information, the evacuee's relocation will not be practical without some advance arrangements. For instance, housing may be a problem in a particular area and the WRA may not be in a position to assist in locating even temporary housing. If the applicant still wished to proceed to the area, he will be granted assistance. In no instance will he be advised against going into any community because of the lack of community acceptance. It will be assumed that he will be accorded the rights and privileges of a loyal citizen or a law-abiding alien in any community.

For the above reasons, those eligible to relocate will be entitled to relocation assistance and property transportation assistance to points in the United States from which they are not excluded by military order.

The field offices will prepare communities to accept evacuees on the same basis as other individuals, and serve as a co-ordinating agency to assist established agencies to welcome newcomers into the community. Every effort will be made to give special preparation to the relocation of families.

However, the relocation office will supply the relocating evacuee with all the factual information

Under special circumstances, the requirements of an approved relocation plan may be reinstated in a community, so that the movement of evacuees into particular communities will be gradual and orderly.

Visit of Huachuca Group Re-Postponed
The visit of the Ft. Huachuca troupe has again been postponed, according to Dr. John W. Powell.

The requirements of an approved relocation plan will remain in effect with respect to relocated evacuees who seek assistance in returning to the evacuated area, to persons relocating to Alaska or Hawaii, and to persons who will need public assistance upon relocation. No persons excluded from the West Coast will be given assistance for travel to that area.

MORE OFFERS IN FROM PITTSBURGH AREA WRA

Since the publication on January 20 of the last special job bulletin on opportunities in Western Pennsylvania, many good job offers have been received, says WRA Pittsburgh. However, to capitalize effectively on the increasing interest of Pittsburgh employers it is necessary that a response be registered by evacuees in the centers, they state.

A new and relatively unexplored community as compared with older ones where there are already concentrations of evacuees, Pittsburgh's merits are urged to be considered by center people.

In Pittsburgh, the housing shortage is not so serious as it is in other cities, although good living quarters cannot be said to be plentiful. General rental for a five-room apartment is from \$30 to \$40. The city of Pittsburgh is open on the community invitation plan.

The following jobs are among those available: assistant dental technician, athletic director, clergyman or theological student, clerk-stenos, cooks and assistants, many domestics, Issei families, and steel workers. Persons interested are asked to contact the relocation offices.

To Mr. and Mrs. Bud Yoshito Nakashima, 325-14-E, a girl, Feb. 25.

To Mr. and Mrs. Masato Shintaku, 219-2-C, a boy, Feb. 27.

Member organizations have been advised of the resolution and encouraged to offer their services accordingly, the statement declares. Services of some non-member cooperating groups also will be made available to evacuees.

The service of these voluntary organizations covers both advice and representation in court for all types of civil matters. Some organizations also handle criminal matters. Among the more common problems requiring legal aid handled by Legal Aid Societies are these: installment contracts, wage claims, landlord and tenant relationships, recovery of personal property, small loans, family relations and workmen's compensation.

Persons able to pay are not accepted as clients of Legal Aid Societies, but will be referred to capable and honest attorneys who will charge a fair fee, or a reduced fee if necessary.

Some representative cities in which members of the National Association of Legal Aid Organizations are located as follows: Buffalo, New York, Denver, New Haven, Washington, Miami, Atlanta, Chicago, Indianapolis, New Orleans, Baltimore, Boston, Cleveland, Tulsa, Philadelphia, Providence, Dallas, Salt Lake City, Milwaukee, Detroit, Minneapolis, Kansas City and Cincinnati.

Relocation officers have been instructed to maintain contact with the Legal Aid Society in each area, to develop sound relationships which will be beneficial to evacuees.
