Two Residents Fight Individual Coast Exclusion Orders

Seeking to enjoin officials of the Western Defense Command from preventing their return to the Los Angeles area are Elmer Yamamoto, former Los Angeles attorney; Kiyoshi Shigekawa, former San Pedro fishing boat operator; both residents of this center, and Dr. George Oshikubo, ex-Oakland dentist, according to the Los Angeles Times and Examiner last week.

Before a Los Angeles court on Feb. 27, the three professed their loyalty to the United States. It was revealed in their testimony that the WRA has approved their return, but the Army, after individual investigations, ordered them excluded.

ACLU Attorney A.L. Wirin stated that they were of "proven loyalty", but U.S. Attorney Carr informed the court that individual exclusion orders were based on thorough investigation and that the government would "uphold the army to the limit".

COMMISSION PROTESTS DIVISION OF BLOCKS

The Manpower Commission met last week, and protested the closing of kitchens in blocks whose residents would be divided between two adjacent blocks, instead of consolidating within the limit of 250 persons as recommended by the Manpower Commission earlier.

RECOMMENDATIONS SENT TO WRA WASHINGTON BY ALL CENTER CONFERENCE

To plead for the WRA centers to be kept open for the duration, and for as long a time thereafter as may be needed, was the conclusion reached at the all-center conference at Salt Lake City by representatives of seven relocation centers. (Manzanar did not send delegates.)

The conference, which lasted from Feb. 16-24, was a result of the rescinding of the mass exclusion orders and the announcement by WRA that all relocation centers would be closed (cont. on Unit I page)

WRA REPORTS ON OROSI (CALIF.) SHOOTING

The California Attorney General's Office is investigating a recent incident in which six shots were fired into the home of John Shiohara, evacuee who recently returned to his Orosi alfalfa ranch, Paul Fischer, Fresno WRA official, reported to Corlies Carter, this week. Shiohara had reported the shooting to WRA.

Newspaper stories had over-emphasized the affair, Fischer said, and added that about 250 evacuees have returned to that area and more are returning to their homes there constantly.

NEW EDITOR-IN-CHIEF

Edith Fukaya, long-time reporter for the Poston Chronicle, will be the new editor-in-chief. Hisaye Yamamoto, present editor, is relocating.

Supreme Court May Consider Legality Of Alien Land Law

That the U.S. Supreme Court may be asked to try the constitutionality of the California Alien Land Law, was indicated last month, when ACLU Attorney A.L. Wirin and Attorney Hugh B. MacBeth, of Los Angeles, argued in San Diego County Superior Court that the law was unconstitutional because it was based on race prejudice and resulted in racial discrimination. This was reported in the Open Forum, Feb. 24, in a review of escheat proceedings against two Japanese families.

The attorneys said the law was unconstitutional because it deprives the defendants of liberty and property and of equal protection of the laws under the Constitution of the United States; and abridges the rights of the defendants under the California State Constitution, to due process of law and of privileges guaranteed by this Constitution.

Discrimination due to race is justified only when needed by pressing public necessity, under circumstances of emergency and peril. No such necessity exists, and the law penalizes the defendants solely because of their race, the attorneys argued, asking that the escheat proceedings be dropped.

They said that the upholding of the law by the Supreme Court over 20 years ago was not binding because (cont. on Unit I page)

MANPOWER COMMISSION:

The inter-unit Manpower Commission has begun considering the unemployment problem which will be created by the expected termination of 400 positions by April 1, in mess, engineering, agriculture and other departments.

It has also been agreed to review the employment quotas submitted by all sections for the fourth quarter.

Earl Brooks, head of the personnel management section in Washington, discussed quota problems with the Commission during his recent visit.

SELECTIVE SERVICE:

Pardons us. The date March 19, which was reported here last week as being the next active duty call day, is actually the INDUCTION date. No names for that, either.

COMMUNITY ENTERPRISES:

For the period, March 4 through 10, the letter "H" on your ration card will be good for two packages of cigarettes or three packages of pipe tobacco.

Things are bad all over.

HOSPITAL:

Five dietitians are wanted immediately at the Base hospital. No experience necessary. Part-time workers acceptable.

S/SGT. GEO. ETO FROM POSTON MAKES MUSIC IN ARMY ORCHESTRA OVERSEAS.....

SIXTH ARMY GROUP, FRANCE--Proud of its reputation of being a top-flight Army band, but prouder of the fact that it is part of the famous 442nd Japanese American Combat Team, one of the "fightest" outfits in the Army, the 206th Army Ground Forces Band is making music for combat-weary doughboys in rest centers along the French Riviera.

Our last spring in Poston!

The knowledge brings a thrill.
New shoots are on the castor bean,
Flowers are on the hill.
Our last spring in Poston!
With those who've grown dear,
We pray God bless them as we watch
Our numbered sunsets here.

Three years we've choked in desert dust:

We've felt the burning sun.
Exiled from home we longed to see
Our weary waiting done.
But yet we sang and climbed the hills,
Made ugly barracks bright,
We planted gardens, saw the moon
Make the desert gleam at night.

Within our country's boundaries

We have known captivity,
But sayonara, Poston
It's spring and we are free.
We have seen the world pass by our door;
We could not join the race,
And now we throw our shoulders back
Once more to take our place.

(The above poem was written by Mary C. Ferris, teacher of freshman Core and general science in Unit II, February 18, 1945.)

SCHOOL CHILDREN DEPLORE RUBBISH ON GROUNDS

FEBRUARY 27, 1945

POSTON CHRONICLE,

Dear Sir:

We have been noticing how careless the people of Poston are getting about throwing trash around. The movie grounds look very dirty. Paper, garbage and broken glass are scattered along the roadsides and canals. Picnickers have not been careful to burn or bury their trash. Now when we walk to the mountains or to the river, we find rubbish all around. Could you please put an article in the Chronicle requesting people to help keep Poston clean?

Thank you,

DETROIT JAPANESE HOLD MEMORIAL SERVICE

An unusual Memorial and Recognition Service dedicated to Japanese Americans in the Armed Forces of the United States was held recently at the First Baptist Church in Detroit, Mich.

The main speaker was Dr. T. T. Brumbaugh, Executive Secretary of the Detroit Council of Churches, whose subject was "Loyalty to the Highest."

One hundred and seven candles were lighted by relatives or close friends in honor of the absent ones serving either in the Pacific or European theatres of war. One part of the service was set aside for the thirteen who had been killed in action. The audience rose and stood as candles were lighted for those who had lost their lives fighting for American democracy and ideals. The playing of Taps closed the services.

Many Japanese Americans and Caucasians attended.

All guests are asked to bring their ration books, sheets, blankets and towels.

Half-rates will be charged children under ten years old.

SPORTS in Poston III.

Witnessing the few of the boys basketball games, we'd like to do some chit chatting on it. You see, we haven't seen all of it but with one round through we like to write about some outstanding players whom we think need mentioning...

First, the find of this season points to Ben Kitahara, youthful guard of 318. His set-up, long shots are seldom missed and his straight swift passes are something to watch. The first Reedleyite to become a dependable long range artist, he has played an important part this season in making 318 one of the top teams. Nineto Shimizu, the perennial star of the same team, is still in top shape. Tom Sakata of 317 is perhaps one of the fastest and trickiest players in the league, and his accuracy on long range is near perfect...His sportsmanship is outstanding among the other players. Norman Kitahara of 328 is another fast and brilliant player who makes 328 a dangerous team. Aki Fukushima, a veteran player, still is in tip-top shape and does the scoring and coaching for 307 quintet. 309 boasted no outstanding players, but it had a fighting team until one of their mainstays, Kay Shiba returned to California. Not to be forgotten is Sam Takeshita of 322 who has sparked his team during three seasons in Poston and who this season, placed 322 high in the league.

Above is just our opinion...if you have any sports contributions it is always welcome.

Last week we were treated to a long no-

At the same time, we wondered if any Japanese American picture of that type were made to show the public. We did see a short one on Camp Shelby once, but it was before they were really in action. postponed the second round "A" play-off between Delano and the Ramblers until one of the fresh air, outdoor courts gets dry. Meanwhile, the Blackbirds, the first round champs, wait patiently for the victor of that fray to step up into the finals to have it out for the "A" crown.

THE "B" LEAGUE...

is still further behind in its scheduled games. Although the American loop is completed, with the Blackhawks sweeping through without a defeat, the National league has yet to complete a few league games. So far, the Saints are unchallenged as the National champs with the Beavers running in the second spot. If league standings remain unchanged at the end of the season, the play-offs will see the Blackhawks tangling with the Beavers, and the second place Trojans of the American league squaring off with the strong Saints.

GIRLS' SPORTS...

The Postnet "B" cagerettes of Unit I invaded Unit III Saturday and successfully accomplished their mission as they eked out a narrow victory over the Unit III Greenies, 18-15, on court 330.

Forward Yamada led the Postnettes with eight points, but Amy Hashiguchi of the losers bucketed 12 counters for scoring honors.

Yamada tanked seven points in the first quarter to give the Postnettes a 8-2 lead, but the Greenies returned in the second canto, sparked by Hashiguchi with six markers, to edge ahead, 9-8. But, the score

OVER 500 RELOCATE TO COAST, JAN. 2 - FEB. 17 (Cont. from Unit I page) turned west, most of them in family groups, 413 went to California, 43 to Washington, 33 to Oregon and 32 to Arizona.

Three hundred fifty-two of the 12,00 who relocated eastward went to Illinois, 120 to Ohio, 85 to New York, 78 to Michigan, 68 to Colorado, and 63 to New Jersey. The remainder, in numbers ranging between 2 and 60, went to 24 other states west of the Sierra Nevada.

WRA reported that those returning West have had a predominantly friendly reception in spite of several isolated instances of threatened boycott and organized resistance. A large number of the approximately 60,000 residents to be relocated during the coming 10 months have definite plans and a set date of departure.

Administrators said that the evacuees, backed by the remarkable fighting record of the Army's 13,000 Nisei soldiers and the growing strength of organized groups friendly to their families, are showing no particular hesitancy about returning to any area because of unfriendly community sentiment.

FLOWER ARRANGEMENT EXHIBIT THIS WEEKEND

Saturday and Sunday, March 10 and 11, the Postnet Flower Arrangement School will present an exhibit of flower arrangements at the elementary school auditorium in Unit I.

SUPREME COURT MAY RULE AGAIN ON CALIFORNIA LAND LAW

(cont. from front page)
"..these 20-year old cases are not controlling, so far as the application and enforcement of the Statute, as against the particular defendants therein, and in 1945 are constitutional at one time and under certain sets of circumstances may be invalid at a later date and under different circumstances."

Another point presented was that recent amendments to the Federal Naturalization Law, which permit all aliens, including those of Japanese descent, to be naturalized upon honorable service in the army, no longer make persons of Japanese ancestry ineligible for citizenship. Since the California law applies only to aliens who are ineligible for naturalization, it is claimed that the law no longer applies to aliens of Japanese ancestry.

Another point urged upon the court is that under the California Civil Code, suits for penalties or forfeitures must be filed by the State within a year from the time the suit may be filed to recover such a penalty or forfeiture.

Should this claim be upheld by the courts, it will dismiss all escheat proceedings filed in California, since all such suits have been filed long subsequent to a year after taking title to the property.

The defendants in the escheat case include Masako Martha and Jack Shigeru Hirose, 37-11-D; Torao and Shige Yoshimura, 43-3-A and George and Sakae Yasukochi, 37-3-C.

A statement of facts and recommendations submitted to Dillon S. Myer, national WRA director, for consideration, emphasized the difficulty remaining residents, especially dependent Issei, would encounter in immediate relocation, because of the fear of prejudice, lack of financial backing, shortage of housing and other factors. It was recommended that special governmental agencies or units be established solely to provide assistance to evacuees who might require funds in re-establishing themselves; that the present relocation grants be increased, and that long-term loans be made at a low rate of interest in helping the residents re-establish themselves.

There were 21 recommendations in all, which suggested ways and means of facilitating relocation and rehabilitation.

PFC. TOKIO SHIOMICHI VISITS FROM ARMY HOSPITAL

Pfc. Tokio Shiomichi, wounded veteran of the Italian campaign, visited his parents here last week and left Sunday night for Denver, Colo., to visit other relatives.

He will return to the Percy Jones General Hospital in Battle Creek, Mich., from where he is on leave of absence.

The 27-year old Nisei soldier lost his right leg when shrapnel from an exploding land mine shattered the bone, necessitating amputation below the knee.

His brother, Pvt. Joe Shiomichi, was killed in action on the Italian battlefield last July.

More than 500 persons of Japanese ancestry have returned to the West Coast since Jan. 2, date on which the large majority of the evacuated group was permitted by the Army to return to their homes, Secretary of the Interior Harold L. Ickes announced recently.

WRA records, complete through Feb. 17, showed that during the same seven-week period more than twice that number followed the 33,000 who had previously relocated eastward. An additional 62 left the centers to enter active Army service.

The rate of return, the Secretary said, has conformed with the expectations of WRA administrators and with the original WRA assurance that it would be a gradual and orderly process. During the seven weeks a small additional number of evacuees, previously relocated in the East and Midwest, left their new homes to return to the formerly evacuated areas.

ABOUT 13 MEN WANTED FOR FARM WORK BY CURTISS CANDY COMPANY

About 13 men, plus an Issei foreman, are wanted by the Curtiss Candy Co. farm at Marengo, Ill., which is 92 miles from Chicago.

If possible, the employers feel it would be practical to have a foreman bring his own crew. Issei workers are preferred, who are physically able to perform the duties required on a farm of this size.

Workers are sought on a permanent basis, and interested men should arrive not later than mid-March. Wages for single men are \$25 a week with housing and special farm privileges. There is a dormitory for men, and a house for the foreman, if he has a family. Also needed is a cook, possibly the foreman's wife, who would be paid \$25 a week.

At present there are about 10 Japanese employed, who pay \$5 a week for board. There is also a bonus arrangement.

Last year potatoes, soy beans, popcorn and other garden products were grown at this farm. Hard manual labor is gradually being replaced by tractors and other machinery.

ARMY EMERGENCY RELIEF WILL ASSIST SERVICEMEN AND THEIR FAMILIES THROUGH RED CROSS CHAPTERS

Army Emergency Relief recently released the following statement to WRA, pointing up the operation of its special funds to assist ser-

vicemen and their dependents in critical emergencies:

AER is a private corporation, organized under the laws of the District of Columbia, for the purpose of rendering emergency financial assistance to army personnel on posts, camps, and stations, and to servicemen's dependents given by American Red Cross through its local chapters.

SALES RECEIVING CLERK WANTED IN SAN FRANCISCO

A sales receiving clerk to receive and open shipments, hang furs and clothes on hangers, check invoices, and make listing of goods received, is wanted in San Francisco.

There is no heavy work involved, and hours are from 8:30 a.m. to 5:30 p.m., six days a week, with \$48.75 a week for a 48-hour week. There are no definite union affiliations.

A high school graduate, neat appearing and accurate in checking goods, is wanted, but no specialized experience is necessary.

The employer reserves the right to make final decision after a personal interview.

Contact the relocation offices for further information.

MISS BROOKS TO HEAD ST. LOUIS (MO.) WRA

Chicago, Ill. -- Prudence Ross, acting relocation supervisor of the North Central Area, has announced the appointment of Mary E. Brooks, former assistant counsellor at Minidoka, to the position of district relocation officer with headquarters at St. Louis, Mo.

Miss Brooks entered on February 16. Her offices are located at 1415 Paul Brown Building, St. Louis. Previous to her work with Japanese Americans, Miss Brook directed an educational program for the Chicago Health Department.

The organization is now supported by appropriated funds. Its sole source of income is from private donations, benefit entertainments, and shows and motion pictures such as "This is the Army" and "Winged Victory".

In the event the dependents of an army person requires emergency financial aid, he or she should contact the nearest Red Cross chapter. Assistance will then be rendered directly from Red Cross funds, those of suitable community agencies, or from the funds of Army Emergency Relief.

Ordinarily cases requiring long or recurrent assistance, such as extended confinement for tuberculosis, would be cared for by community agencies, equipped to render help of that character. Funds of Army Emergency Relief are usually available only for emergencies.

Through more than 3,750 chapters and 6,000 branches, Red Cross uses its own funds, and is later reimbursed by Army Emergency Relief, to prevent delay in rendering the assistance necessary. AER approves expenditure of its funds on a case basis.
