Nisei Engineers Company Lays Defense Against Enemy Attacks in France

SIXTH ARMY GROUP, FRANCE -- Working and fighting in the rugged Alpine mountains on the border of southern France and Italy, an Engineer Combat Company of the 442nd Infantry Regiment, working as part of Gen. Bridges and vital roads are prepared for demolition in the event of German counter-attacks. In addition to these, about 70 enemy minefields have been cleared, 35 by-passes, 40 culverts and six bridges constructed, often under direct enemy observation and fire.

Third Annual Meetings Will Be Held Saturday

Soliciting of funds for the Red Cross drive here is slated to begin today, and will be conducted about ten days, March 21-31, according to the local Red Cross chapter.

Contributors of one dollar or more will receive their new membership pledges.

This is the third annual campaign to be conducted by the local Red Cross. Residents subscribed \$6,433.27 in 1943, and \$4,684.00 in 1944. The local chapter has set its budget for the new fiscal year, March 1 to December 31, at \$4,570.

The local Chapter Plan has set aside about a third of the entire budget for Relief Funds to meet the needs of evacuees on closing of the centers. Remaining expenditures are for administrative activities and services, such as services to soldiers and their families, inquiry and message service, Junior Red Cross, first aid, water safety, life-guards, accident prevention, and other Red Cross work.

The goal, to meet the requirements to raise total funds to \$4,570, is \$500.

Last year, the Red Cross had a membership of 3,600 for the fiscal year, of whom many have called at their respective Red Cross office, voluntarily subscribing and contributing for their 1945 membership. (cont. on Unit I page)

SOUTHERN LANDOWNER BEFRIENDS JAPANESE AMERICAN SERVICEMEN

Host to hundreds of Japanese American soldiers on many occasions has been Earl Finch, southern businessman and farmer of Hattiesburg, Miss., says the Survey Graphic, February, 1945.

Among the things he has done for the Nisei soldiers, were: a picnic on his farm for 600 Shelby soldiers; a watermelon picnic for 300 from Shelby; sending mangoes, bananas, and cigars, to Shelby at Christmas time; arrangement of buses to Shelby from Rohwer and Jerome; arrangement of publication of the song, "Go For Broke," arranging for hotel space in New Orleans for those with three-day passes; writing letters; sending to Shelby a Filipino Orchestra to play Hawaiian music for them following publication of accounts of Japanese atrocities to American

soldiers on the Philippines; inviting 200 from Camp Fanin, Tex., to a football game at Tyler. He has also been influential in the establishment of the Aloha USO Club, at Hattiesburg, Miss., a special club for Nisei soldiers.

In a story, "Ordinary American," the author, Kathryn Close, associate editor of the Survey Graphic, says: "His name is revered by the several thousands of them (American soldiers of Japanese ancestry) now fighting in Italy and France, by the hundreds lying wounded in army hospitals in this country, and by their families, many of whom are still in relocation centers. This hero worship has resulted from only one cause--friendship."

FARM JOB FOR COUPLE OFFERED ON 25-ACRE RANCH

A Los Angeles doctor has offered a job for a couple on his farm. The property is located 21 miles from Palmdale and 16 miles from La Canada, in the mountains on the Angelus Forest Highway. The ranch consists of 25-acres, with running water year-round. There are a few acres of ground suitable for truck gardening or any type of agriculture which could be irrigated easily by the stream. He plans to have 100 or 150 hives of bees. There are a few hives at the present but soon as the doctor can find someone to take care of them, more will be obtained. The produce planned would be chiefly food for the use of the employee and the employer, with the possibility of some special arti-

cles for sale. The employee will also have to take care of some animals such as sheep, goats, and a milk cow for dairy products for home consumption. The raising of trout will be increased since there is ample room and demand.

The employer could arrange for a share for most of the independently-worked produce, but for the development, can guarantee \$100 month, plus living quarters.

Only a man and wife would be preferred, since schooling would be a problem for children, the nearest school is 16 or 17 miles away.

For additional information persons are asked to contact the unit relocation office, in regards to Offer No. 3629-C.

Results of the play-off for the camp title were unknown until we received the March 9 issue of the Blanding Bayonet from a friend stationed there.

SAINTS WIN "B" TITLE; TRIP BLACKHAWKS, 31-26

Forging ahead in the last quarter, the undefeated Saints racked up their twelfth straight victory as they tripped the American League champs, Blackhawks, 31-26, to win the "B" division championship last Friday night at court 38. Nip and tuck until the final canto, the Saints cashed in on 13 free throws to the Blackhawks six, although the lads from Block 39 outshot their taller opponents, 10 field goals to 9.

It was Danny Fukushima again with 17 points to spark the flashy 64th team to win the crown in a blazing 52-37 victory. Immediately following the game, the championship trophy was presented to the commanding officer of the 64th, Col. C. N. C. Ballou.

Printed in the same issue was a large picture of the newly crowned kings of Blanding cagedom, including Danny, George Mizuno, Ernie Mizuno, and George Nakamura.

Correction, please: A Tatsuno does play for the 64th, but not George Tatsuno of Poston as we mentioned in last week's article.

Saints ace scorer, Yosh Nishimura, snagged scoring laurels with 11 counters, seven of which were dunked via the charity route, while Oscar Kodama, tall and rugged pivotman, kept the Blackhawks in the hot title duel with ten markers.

Deadlocked three times in the earlier quarters, the Blackhawks gave their heightier foes fading visions of the "B" crown as they spun into the lead in the third stanza, breaking a 13-13 knot. The lead was shortlived, however, as the Saints edged up on four free flips and a two-pointer to regain the lead, 19-17.

The last quarter saw a flurry of buckets exchanged by both quints, as the Saints held the upper hand throughout. Although both teams found the hoop for four-field goals each, the Saints flipped in four extra tosses to finish victors by a five point margin, 31-26, and a fitting finishing touch to a successful season.

WRA LOS ANGELES SAYS FORTY ACRES LAND FOR LEASE NEAR TEMECULA

Forty acres of land are available for lease near Temecula, Calif., between Riverside and Oceanside, according to the WRA Los Angeles. There are ten acres of citrus fruits and ten acres of truck garden. There is a five-room electrically - equipped house, and a chicken house. A school is near. The owner feels this property would be ideal for a family.

HOW'D YOU LIKE TO HAVE A MOUNTAIN RANCH FIFTY MILES FROM LOS ANGELES

A man has 260 acres of land, about 45 miles from Los Angeles, part of which is in the mountains with 100 acres of tillable land. There are no houses, but there are marble quarries nearby which might provide sufficient marble for houses and barns.

There is a mountain stream running through the property, and there are 160 acres of pasture land suitable for a goat dairy; conditions would permit raising of gold fish and lilies, and warm, soft water is available to permit operation of a greenhouse without additional heat.

It is believed 100 families could make a living raising berries, bell peppers, winter peas, green beans, and tomatoes.

FORWARD OBSERVERS GIVE SUPPORT TO COMPANIES OF 442 INFANTRY REGIMENT

6TH ARMY GROUP, FRANCE--The 442nd Japanese American Infantry Regiment along the front line has constant mobile artillery support by part of Lt. Gen Jacob Devers' 6th Army group, the 442nd cannon company participating in a tough, mountain warfare by covering patrols and disorganizing enemy attempts to attack strategic points.

Throughout the Italian campaign, the forward observers, the "eyes" often have to run the gauntlet of enemy fire in taking positions of advantage in the high windswept crags. The company's artillery was bad news for the Krauts. The 105 howitzers of the company played an important role in the crossing of the Arno river.

In France, it supported the Japanese American infantrymen in the Seventh Army's drive toward Germany. It aided in the rescue of the famous "Lost Battalion", where nine out of 13 of its men who participated were wounded.

Members of the cannon company come from WAR Relocation Centers and Hawaii. Those of Poston are: S/Sgt. Isamu Suchiro, 226-3-B; Pfc. Shigeso R. Miyake, 221-3-A; Sgt. Yoshio Toyota, 213-1-C; Sgt. 328 CAPTURES UNIT III
CASABA LEAGUE TITLE;
DEFEATS 318, 27-20

Thrice a runner-up but never a champion in Poston III. That's the record of the good sportsmanship team the highly favored 318 quintet when they again failed at the end to lose to 328 boys last Wednesday evening at Court 309.

Norman Kitahara, practically won the game all by himself as he constantly scored right under the basket with 17 points to his credit. One of the fastest and most brilliant players of the league, he can be cool at the beginning but can make himself get hot for the basket and is one player hard to stop.

328 started out with a bang and led most of the way except in the end of half when they trailed 318 by 3 points.

The end of third quarter saw 328 hitting the loop to pull out 23-14. They attempted to squeeze the ball, and 318 closed in to 20 points, only to have them score two more goals to take the game.

Constantly bottled up by concentrated defense on him was the high scoring Ben Kitahata of 318. Handicapped by a strong wind, Mineto Shimizu was unusually off his shots which made the last minute rally impossible.

Ahly refereed by three C.A. workers, Ben Inouye, Jackson Niino, Sando Shinmoto and Shinobu Takeshita, the game itself was fairly clean despite fouls, and was marred only by one display of poor sportsmanship.

"Hmm, could be...Naw, ...maybe, she's better ...Yeh, but she's probably taken"...will probably be the things that will be running through the minds of many boys in the next few weeks. The reason for this ardent "mental telepathy is the Junior Prom, which is scheduled for the 14th of April.

Yep, it's a formal affair too.....high heels, neckties and all. This will mean also some more "mental telepathy" for both boys and girls--in the financial horizon.

The locale for the affair is planned to be really decorated with picket fences, stars and like. For the real "inside dope" on decorations, the finished product will have to be witnessed at the Prom itself...

This occasion is a much awaited one in all schools and is not to be forgotten, even here at Poston... This years Prom will even be a more memorable one--one marking our last here here together at Poston for the students of Parker Valley High. So may we hope to witness a surely fitting and unforgettable "30" Prom at Parker Valley High.
