WRA Lends Furnishings to West Coast Hostels

To help overcome the housing shortage, non-profit hostels, offering temporary shelter to 20 or more persons each, are being established, to which WRA will lend furniture from surplus center stocks, Dillon S. Myer, director, announced.

Loans of bedding, chairs, kitchen utensils, and table-ware will be made to hostels in California, Oregon and Washington only. Loan agreements can extend through January 1, 1946, and will be made available only to hostels operated by responsible committees or representative groups other than evacuees or in addition to evacuees.

Except in hardship cases which will receive special consideration, no evacuee may stay at such a loan-aided hostel for more than three weeks. Sponsors will be permitted to charge only what it costs to operate the hostel.

DOG VACCINATION TIME, MAY 23-25, APPROACHES

Vaccination of all dogs is planned to be given by the project veterinarian, Dr. James W. Caldwell, on his next visit to the center, May 23, 24, and 25, according to Duncan Mills, project director.

Unit administrators have been requested to turn in to Mr. Mills estimates of the number of dogs in their Units to be vaccinated.

Notices will be out shortly to residents to ask cooperation in presenting their dogs for vaccination at designated times and places.

W.R.A. COMMENTS TOLD IN THIRD GROUP OF SERIES (cont. from April 28 issue)

"Recommendation No. 7: That the WRA establish adequately staffed offices in important areas and employ persons of Japanese ancestry since they understand Japanese psychology; and also establish in these field offices legal advisors and employment departments."

"Comment: Area relocation offices have now been established covering the entire United States. In the Pacific Coast section, there are three area offices --San Francisco, Los Angeles, Seattle --and 12 district relocation offices in active operation. Other offices are being established so that we shall soon have a field office in each section of the West Coast states where there was an important concentration of Japanese people before evacuation."

A number of Nisei are already employed at several of the field offices both on the West Coast and elsewhere. In view of the problem suggested by the conferees, however, we are also planning in the near future to add one Issei to the staff at a number of the principal field offices. These persons will be chosen because of their knowledge of the Japanese language as well as their general ability as interviewers and negotiators

At each of the area relocation offices on the West Coast --San Francisco, Los Angeles, and Seattle--WRA plans to have an attorney on the staff who will render legal advice and counsel to the returning evacuees. WRA is not in position to represent evacuee clients in court cases but will help evacuees to obtain necessary private counsel through the legal aid program which is already in operation.

Assistance in securing employment is available to the evacuees through the United States Employment Service and the various private groups which are cooperating in the relocation program. WRA field offices are supplementing this service, wherever necessary, and will continue to do so."

"Recommendation No. 8: That the WRA continue the operations of evacuee property offices for the duration, to fulfill the needs of relocatees."

"Comment: WRA plans to continue operation of the evacuee property offices on the West Coast until April 2, 1946--or virtually up until the time when the agency itself will go out of existence. All relocating or returning evacuees are given a 60-day period (after leaving the center) within which to remove their property from WRA warehouses. In emergency cases, application may be made to the appropriate field office for extension of this time limit but in no case beyond April 2, 1946."

"Recommendation No. 9: That the WRA accept for reinduction into centers those who relocate and who find themselves unable to make satisfactory adjustments."

"Comment: The policy governing visits to the relocation centers has now been modified in such a way that all relocated evacuees are permitted two visits to the centers, totaling a maximum of not more than 30 days, without the necessity of securing advance approval. We believe this new policy will largely alleviate the problem suggested by the conferees. We are not prepared, however, to reinduct as regular center residents those

persons who have left the centers on indefinite leave or terminal departure. The Resetlement Assistance Program is organized and has funds to relieve the problems of those who meet adverse circumstances. Through one means or another, we believe that reasonably satisfactory adjustments can be worked out in all cases, and that reinduction to the center would only postpone rather than solve the adjustment problem which eventually must be faced."

They are: Harry Hide Higashi, 2-11-B; Yasuo Yoshida, 27-10-B; Hiroshi Miyamura, 32-2-D; Isao Nakagawa, 323-9-B; Kenichi Nagareda, 32-7-D; and Minoru Suda, 46-10-A.

RELOCATION EX-TULEAN WRITES

Shizu Kumai, who recently left Tule Lake Segregation Center to relocate in Denver, is elated over the situation in which she has found herself, according to a letter received from her by the welfare section at Tule Lake recently.

It's all very nice out here...I want to tell you that I haven't regretted for one moment that I left Tule Lake as I did. I only wish that all the people in Tule Lake could know how it feels to be free again, to live a normal life again. It's really a wonderful feeling."

HELP AVAILABLE FOR RESETTLERS IN CLEVELAND

Resettlement assistance for the evacuees in Cleveland had been assured to them by recent action of the Cuyahoga County Commissioners.

Mrs. Dorothy Barber, District Relocation Officer stated that the original difficulty arose when the county commissioners had questioned their right to advance poor relief funds for the special resettlement assistance program. The attorney for the commissioners stated: "This is rehabilitation not relief. I question the use of poor funds for this purpose. However, if Federal funds can be advanced, there is no question of the ability

NURSES AIDES COP GIRLS' "A" CAGE TITLE

Breaking loose from a 6-6 deadlock at half time, the Nurses Aide girl cagers surged ahead in the latter half to cop the Girls' "A" cage title play-off from the Girl Reserves sextet, 21-16, last Monday at court 38. The G.R.'s had previously captured the first round pennant and the Nurses Aides, the second.

The G.R.'s lack of reserves took its toll after a close first half tussle, as the Nurses Aides, sparked by its trio of forwards, Watari, Kuranaga, and Moriye, coasted in by a safe margin.

WANTED:

Tricycle. See Akiyama, 12-10-P.

SEND-OFF HELD

Under the supervision of the Unit I high school student council, 20 reservists were given an elaborate send-off from the Unit I high school auditorium last Tuesday evening.

Of the 21 that were scheduled to leave, one was not present on the project. Arthur Tatsuno, Unit I, reported at Ft. Douglas, Utah, from Salt Lake City.

Chairman Jackie Nakahara, student body president, conducted the program, including speakers Duncan Mills, Hei-zoro Yoshizumi, community council representative, and Richie Shindo, senior class president. Special guest speaker for the evening was Masao Satow, National YMCA worker, speaking in behalf of the Youth Conference.

BOMBERS DROP

Eliminating the strong Blackhawks from the undefeated ranks in a close tilt, 3-2, the Bombers advanced into the tournament semi-finals Wednesday at field 39.

Tallying the game winning run in the final stanza, the Bombers broke a 2-2 tie that stood since the third inning.

Although the Blackhawks got six hits to their opponents four, they were too widely scattered to be effective.

BOX SCORE:

NURSES AIDES: Watari (8), Kuranaga (9), Moriye (4), Kuranaga, Kimoto, Toyofuku, Tabuchi, Ozawa.
GIRL RESERVES: Hokama (9), Noda (2), Deguchi (5), Mori, Setsuda, Nagata.

USO NIGHT HELD

Two members from each family who have sons, brothers, in the armed forces, and numerous guests of honor were invited to the affair.

Mrs. Seiyo Kawaguchi and Otakichi Miyata acted as mistress and master of ceremonies. Refreshments were served shortly after the Boy and Girl Scouts opened the program with a flag salute. Speeches by Bill Hammaker, of the Phoenix Industrial USO, and J. T. Obata, president of the Poston USO, followed.

The musical portion of the program was presented by the high school orchestra, the Luanans' quartet, Unit I Boy Scout Buglers, and vocalist, Tats Nagase.

tive, while the Bombers slammed out two consecutive hits in the initial canto for their first score and again in the seventh for another. The other tally came in the third when Koike was walked and advanced all the way around on deep flies to the outfield.

Both of the Blackhawks' runs came in the second on Tajii's double and a mishandle by the second-sacker on Fujimura's grounder.

Bombers' first sack-er; Yamamoto, pounded out two singles in three turns at bat, while Blackbird's Horibe garnered two hits in four trips.

BATTERIES:

Bombers: Nishida, Shimabukuro.

DUSTY DESERT

ON CHICAGO

"I can't tell you what kind of money you're going to make, as that will naturally depend on who you are and what you can do. Neither can I tell you what the girls are all making now--but why worry about those things.

"You'll always be able to make a living, and no one can ask for more than that now. I guess you in the centers know more about the type of job offers that are trickling in, then we do on the outside. Study them carefully, if you are interested, and if anything bothers you, don't be afraid to write to your prospective employer and work it out with them--but don't go asking him for the world, otherwise, he may lose interest... See what I mean? But in a lot of things, I know the employer will be perfectly willing to answer your questions and help you in anyway they can...

"Take myself, for example. I have a wife and three children, I'm the only breadwinner in a family of 5. My family doesn't go hungry or do without. We have a car and we get around some, altho' not as much as we'd like. The only things we do without are the things the stores or the butcher can't furnish us, in these days of shortages.

"We don't see too many shows, because our youngsters are all too small and you can't be running in and out of shows with three children--not us, anyway. Our Linda, five last September, goes to kindergarten here; gets along splendidly with the other children and what more can you ask? The butcher saves me pork chops and sirloin

YOUTH CONFERENCE SUCCESSFULLY ENDED

The one week Youth Conclave held in this unit was successfully concluded last night.

Much credit goes to Masami Honda, head of this affair for three units, the committees and the guest artists and speakers who added quality to the programs.

The Youth Conference opened here with the C.A.'s folk dancing session at the auditorium with all those present taking part.

Panel discussions with Frances Cushman and her Indian students, church services with Masao Satow as speaker, club meetings with Bill Hammaker, Arthur Griswold and others as speakers; special assemblies and exhibits, skits on Juvenile Delinquency were some of the activities that went on the past week.

steaks...and the grocer saves us bananas, whenever he gets them. I don't claim to be living like a king, but who is, nowadays...Even kings don't have such a cinch nowadays.

"But we are getting by, our children are growing, we save a little money, and whenever a bond drive comes along--we never miss. The same goes for the Red Cross and the War Fund Drives...So, we make a few friends, here and there and eventually, we expect to be a part of Libertyville, if we stay here; if not, then somewhere else, we will do the same thing.
