To aid WRA in its relocation and liquidation program, the Treasury Department has informed the WRA that they will unblock all but a limited number of the accounts of evacuees on the Army clear list, according to WRA Washington.

Through the project director forms to request unblocking orders will be forwarded to the Federal Reserve Bank in San Francisco. The bank will determine whether the statements on the individual forms are correct. Individual unblocking orders will be mailed in care of the project director, and private banks will be notified.

Evacuees in these categories are ineligible to apply for unblocking orders through this special arrangement with Treasury: (1) persons not on the Army clear list, (2) those who have been issued specific blocking orders, (3) evacuees who have represented or acted as agents for any person outside the continental United States on or since July 26, 1941, and (4) persons who now hold funds belonging to blocked nationals.

Those who are not eligible may, however, apply for reconsideration of their cases by filing Form TFU-1 with the Federal Reserve Bank of San Francisco. Business enterprises may apply for unblocking through the same procedure.

MORE WRA COMMENTS TO SALT LAKE SUGGESTIONS TOLD

Fifth of the Chronicle's series giving recommendations of the All-Center Conference, and WRA comments thereto, is given below, continued from the May 12 issue.

"Recommendation No 15: That when an evacuee relocates or returns to his former business or home, WRA should make every effort to release frozen assets (blocked accounts), both in cases of individuals or organizations

"Comment: Those evacuees who have been cleared by the War Department for return to their former homes stand an excellent chance of regaining their frozen assets or blocked accounts. WRA has already been negotiating with the Treasury Department on this problem and will soon announce procedures for presenting applications to the proper officials for consideration. It is suggested that the Community Councils inform those whose funds are frozen or blocked to take their problems to the Project Attorney and secure his assistance in preparing applications for clearance and his advice on clearance and licensing procedures.

"Recommendation No. 16: That the WRA negotiate for the concluding of arrangements whereunder alien parents may be able to operate or manage properties with powers of attorney issued by their children, particularly by sons in the United States Armed Forces.

"Comment: We are investigating this matter and will provide further information at a later date.

"Recommendation No 17: That the WRA arrange to secure outright releases for parolees who relocate.

"Comment: Parolees

who have relocated and desire to be released from parole restrictions should apply to the Enemy Alien Control Units of the Department of Justice. Persons making such application should submit any factual information they may have bearing upon their loyalty to the United States and their willingness to cooperate in the war effort. This would include; (a) names and designations of any sons and daughters who are serving in the armed forces with their approval, (b) statements from friends, acquaintances or colleagues, and (c) any additional information they may have bearing on the continuation of their parolee status. WRA will be glad upon the request of an individual parolee, to submit any information it may have regarding his character and loyalty to the Department of Justice.

"Recommendation No 18: That the WRA obtain the establishment of some avenue of governmental indemnities for relocatees who may be some victims of anti Japanese violence in terms of personal in-

Formerly of Arvin, Calif., he had been in the United States since 1900, taking early residence in Livingston,

### SERVICES FOR LATE SGT. OGAWA SLATED FOR FRIDAY

Memorial service for the late Sgt. John

Montana. From Okayama-ken, he lived in Block 3 before moving to Block 15.

WRA COMMENTS TO SALT LAKE CONFAB, GIVEN HERE (cont. from city page) West Coast by certain small cliques is largely bluffing. While there have been several cases of attempted violence, every effort has been made to bring the obliprits to justice, and this procedure will be continued.

"If evacuees should suffer any damage or injury, they have the same rights as any person to seek compensation in the courts from the persons causing the loss. If the evacuees need additional money protection, there is insurance to cover almost any kind of risk. WRA will assist center residents upon request in obtaining insurance for themselves and for their property to cover any risks or damage that they think might occur after relocation. We are entirely confident that coverage can be obtained.

"Federal legislation would be necessary to provide indemnities of the sort suggested by Recommendation No. 18. We know of no similar Federal legislation that has been passed by Congress. In view of the fact that no similar special consideration has been given to other persons or groups, the presumed adequacy of local law-enforcement agencies to handle any problem, and the other avenues available to evacuees to seek compensation or protect themselves in advance, it seems extremely doubtful that Congress would give favorable consideration to the proposal.

(to be continued)

# BOMBER, SAINTS CLASH IN FINALS TOMORROW

With the 1945 Softball Tournament title at stake, the Bomber and Saint aggregations are scheduled to tangle tomorrow at the Field 3 diamond. Slugging their way into the final-play-off, the Bomber nine toppled the Shamrocks, 4-3; Blackhawks, 3-2; and Zebras, 3-1; while the Saints boast victories over Delano, 6-5; and Red Devils, 10-8.

No favorite to cop the tourney crown, the diamond duel will be a 50-50 toss-up. Both nines field a speedy infield and dependable outfielders, but with Jack Nishida toiling on the mound for the Bombers, they will hold a slight edge in the pitching department. Opposing Nishida on the mound, will be Ben Kinoshita.

Kinoshita	p	Nishida
Ohta	c	Shimura

**WRITE, IF YOU WOULD SELL**

Frequent inquiries from individuals desiring to purchase or lease farm lands or other real property from evacuees have been received by W.R.A.'s area offices in California, according to these offices.

In order to assist the offices and to render service to evacuees wishing to dispose of property, each evacuee is requested to address a letter to John G. Hunter, evacuee property officer, Administration Building Unit I, stating: type of property, number of acres available for sale or lease, housing facilities, utilities, location, type of farm crops if any, and any other information that might be hseful.

Thursday nights.

**BOMBERS EDGE ZEBRAS, 3-1, IN SEMI-FINAL**

Another close victory was annexed by the Bombers as they edged the Zebras, 3-1, in the tournament semi-final tilt at field 39 last Thursday.

With M. Oda hurling a no-hit, no-run game until the fourth, the Zebras held a slim 1-0 margin.

An error in the fourth was the beginning of the Bombers' first tally as Koike reached second in the mishap. Stealing third, Koike scored as Yoshimizu flied out to center-field, tying the score at 1-1.

Two walks and an error added up to two more runs in the first of the sixth canto for the Bombers as hurler Nishida blanked the Zebras for the remaining innings.

Shimamoto, R. Sasaki, and S. Mori each garnered two hits for the Zebras, while Koike, Yamamoto, and Shimabukuro tapped out the only Bomber biggles.

**BATTERIES:**  
Bombers-Nishida, Shimabukuro.  
Zebras-Oda, Horiye, B.

The evacuee property officer would also like to have brought to his attention any personal property such as automobiles or farm equipment, of which any evacuee may wish to dispose, and he will assist in all ways possible in disposing of these.

## WRA OFFICER HILL FROM TEXAS SPEAKS TO COUNCIL

M. Homer Hill, WRA officer from Texas area spoke before the Council men May 9 at the regular meeting of the Community Council presided by Mas Otani.

He gave the detailed description of possibilities of farming in the vast lands of Texas. Climate is similar to California with the rainfall averaging 30 to 45 inches. Growing season is 220 to 260 days. Production consists of mostly everything. From June 1943 to July 1944, 6300 tons of fruits and vegetables were shipped out to markets at Beaumont, Houston, Dallas, San Antonio, Kansas City, St. Louis, and Memphis. Total crop was worth one and a fourth billion dollars. Flowers are shipped into Texas cities.

Best crops are tomatoes, potatoes, peanuts, citrus fruits, corn, and cotton. Irrigation is done through canals, bayous and wells.

There are opportunities to own land. Aliens cannot own lands same as in California.

Texas would rather accent small groups of relocatees and areas are available for farming.

Further information on Texas may be received from the Relocation Office, 310-5 A, or write direct to H. Homer Hill, District Relocation Office, Texas District, 434 Mercantile Bank Bldg, Dallas, Texas.
