POSTON, ARIZONA

WEDNESDAY, MAY 30, 1945

CENTER GATE PROCEDURE REVISED AS OF MAY 28

Effective at 12:01 a.m., Monday, May 28, 1945, the WRA gate control for the Center was to be moved from the main gate to the new center gate house located just off the highway at the main road entrance to Unit I. Military Police control was to remain at the main gate as heretofore, announced Duncan Mills, May 26.

Vehicles driven by evacuees or appointed personnel, carrying evacuees to or from the main gate, will stop at the new gate house to insure that all evacuees entering or leaving the center clear with the gate clerk.

All center statistical control will be conducted from the new gate house, including the collection and/or refund of guest charges. Prior to departure, visitors and residents will pick up appropriate credentials at the departure station for presentation to the Gate Clerk as an outgoing gate pass.

Evacuees departing from the center for less than 24 hours shall turn in their workpasses and 24-hour passes to the gate clerk in return for a blue badge which will serve as authority for the military police to permit departure at the main gate. Upon return the evacuee shall surrender his blue badge to the gate clerk and call for his pass by name.

Plans for Winding Up Agriculture Here Told

With WRA being relieved of the responsibility of harvesting field crops now growing on the Project, which are alfalfa, barley, and wheat, agriculture is being reduced in number of employees and the amount of produce from Poston's farms.

All truck crops will be harvested by June 30, it is planned, and garbage disposal is being done by contract.

Swine is gone.

Chicks will be brought down to 9000 by the first of July, and poultry will be discontinued after distribution July 3 in Unit 2; July 3 and 20 in Unit 3, and August 3 in Unit 1.

Employee reduction was 40 in April. By July 1 there will be less than 100 in agriculture. A reduction of 50% in the appointed personnel in the department will be realized.

During April, the following produce, all of which was used at the center, was harvested: beets, 9.75; carrots, 24.21; daikon, 3.82; lettuce, 6.67; ~~green~~ onions, 10.01; spinach, 6.05; turnips, 2.52; Swiss chard, 15.25 tons.

In May, the following has already been harvested: dry onions, 6.87; carrots, 5.25; cabbage, 7.48; beets, 8.4; turnips, .15; green onions, 5; parsley, .34 tons.

To be harvested by the end of June are: beans, 2; beets, 11.5; cabbage, 12.5; carrots, 46.5; cucumbers, 16.5; onions, 94; Swiss chard, 7.5; turnips, 1; parsley, 1; radishes, 1.65 tons.

SENTIMENT IN WATSONVILLE AREA DECLARED IMPROVED

Sentiment toward evacuees returning to the Watsonville area is improving, Harry Yagi, former Watsonville resident who returned Wednesday from a two-week visit there, believes. He reports a friendly welcome from his former friends there and that no embarrassing incident occurred.

Salinas, because of its domination by four or five big vegetable shippers who fear the competition of Japanese-American vegetable growers, is still unfavorable for resettlers, Mr. Yagi said. However the attempt of these shippers to extend their influence into surrounding communities is meeting with little or no success.

He attributes the improved sentiment in the Watsonville area to the efforts of WRA officials there who have consolidated the backing of right thinking business, church, and civic leaders. Ten Japanese Americans have returned permanently to that area, Mr. Yagi said.

Reception is best in San Jose and Monterey, he believes, reporting that there are now 450 resettlers living in Santa Clara and San Benito counties. A full page advertisement signed by 750 business men and community leaders offering cooperation and acceptance to returning evacuees was run recently in the Monterey newspaper, Mr. Yagi reported.

As soon as his home and store in Watsonville can be vacated by the lessees, Mr. Yagi, who is relocation coordination assistant here, expects to return there to resume his business.

NEW BUS SYSTEM FOR DEPARTURES FROM THE CENTER

Effective Saturday night, May 26, a private bus company set up service between Poston and Parker.

BOYS CALLED MUST APPLY FOR SHORT TERM LEAVES

All residents called for pre-induction physical examinations, induction, or active duty must apply for short term leave in the unit relocation office, immediately after receiving the call, according to the selective service office.

The practice hitherto, which was that the selective service office handle all these matters, is being changed. This new method it is believed, will expedite matters.

FRED OKAMOTO, FORMER
RESIDENT, WRITES

Fred Okamoto, former Unit I resident and relocation office worker, wrote in a recent letter of the present condition in Watsonville, Calif., hitting points that may interest returning evacuees. Mr. Okamoto's visit preceded that of Mr. Yagi, story of which is to be found on the city page.

Mr. Okamoto reports that during his month's stay in Watsonville he came across two unpleasant incidents, one in a restaurant and again in a barber shop. On both occasions he received the impression that it was not the proprietors' dislike of evacuees but the pressure exerted upon them by their customers that led them to denying them service.

Although he reports that the stories concerning anti-evacuee violence are greatly exaggerated, the condition in Watsonville is such that it is difficult for evacuees to make a living there, due to the pressure put upon the entire Watsonville population by those who are gaining economically during the evacuees' absence. This is particularly true in the lettuce industry; it would be difficult for returned evacuees to operate lettuce farms. This condition does not exist in other types of farming, however, especially in berry growing. On several occasions, Mr. Okamoto has heard of persons interested in berry farming who desire the return of the evacuees. The prices of strawberries are exceptionally high, the ceiling price being 32¢ per basket.

SCHOLARSHIPS AWARDED THREE GRADUATING STUDENTS

The Poston I Scholarship Committee, composed of three teachers, two local council members, and three College Bound Club members met Monday, May 21 and awarded scholarships to three members of the graduating class. The favored students are Masaru Murakami, a mid-term graduate now attending the University of Minnesota; Hiroko Sakamoto, who will enroll in Ohio State University for the summer term; and Sachiko Tanaka, who will enter the University of Maryland next fall.

Any member of the graduating class of 1944-1945 is eligible to apply for a local college scholarship. Application blanks may be obtained from and returned to Estelle Hinson, student relocation counselor Rec. 31-A; however, a blank will not be issued to a student until after he has been accepted by a college. Proof of this acceptance must be attached to each application. All applications for scholarships must be made before October 1, 1945. Each one will be acted upon as soon as possible after it

is received, and the applicant will be notified of the action of the committee. Application should be submitted as early as possible so that the applicant will have time to make other financial arrangements if it is necessary for him to do so.

No student will receive his scholarship until after he has enrolled in college, and a college official has confirmed his enrollment.

The Poston I Scholarship fund was raised by donations and by a program of movies sponsored by the College Bound Club throughout the school term.

The situation in San Francisco is described as excellent, the sentiment towards Nisei being better than ever before. The only drawback is housing. There are no houses or apartments for rent, although several houses may be bought. Jobs in that area are plentiful, especially in gardening and domestic types of work, prevailing wages being \$1.00 to \$1.25 per hour. Office jobs, though harder to obtain, are also available in the San Francisco area.

SEMI-FINAL RESULTS OF INTER-UNIT TOURNAMENT

Camp I vs Camp III

The Camp III All-Star nine, paced by their ace hurler, "Killer" Takeshita, made good their bid to play in the Inter-Unit Softball Championship Playoff by trimming the visiting Unit I All-Star, 2-0, in a seven inning stretch at the Sportsman Park in Unit III last Friday.

Working on lead-off man Fukumura's single in the first inning, Inouye sacrificed to put him in scoring position. Kitahara pulled through with a bingle to score Fukumura with the lone run that kept Camp III ahead with a 1-0 margin until the final canto.

In every inning Camp I threatened to score with a man in scoring position, but each time the threat was stopped.

Camp III's final tally came in the seventh when Nishida relieved Camp I's Kamatani and gage up four walks.

Camp I vs Camp II

The Camp I Stars took an easy 6-1 victory over the Unit II All-Star Aggregation in the tournament semi-final tilt at the 229 field last Friday.

The visitors drew first blood in the initial frame by tallying one on a pair of errors, and again in the second canto, the lads cashed in on a pair of mis-cues. A walk and two bingles sent across four more markers to give Camp I a healthy lead.

CAMP III ALL-STARS WIN INTER-UNIT CHAMPIONSHIP

Blanking the Unit I Stars, 6-0, Ben Inouye's three-hit hurling paced the Camp III All-Star aggregation to the Inter-Unit Softball Championship title at field 3 Saturday. Edging the Camp I All-Stars, 2-0, the day before, Camp III met little difficulty in taking the measure of Unit I's second team All-Star nine.

Scoring from the first frame, Camp III took an early 1-0 lead when Ben Kitahata singled to send in Rookie Fukumura who was walked and reached third on an error.

With two away, hurler Ben Inouye slammed out a safety to score Iwashita for Camp III's second tally in the second inning.

Camp I threatened to score with one away in the fourth when Tom Koike connected for a double and a bad pitch put him on third. But, a pop fly and an easy grounder retired the side in order.

Harry Sakamoto's four-bagger began a three-run sixth inning rally to give Camp III a safe 5-0 margin. Joe Ono relieved Camp I's George Koga on the mound to stop further scoring in that inning.

Camp I got two men into scoring position

Camp II's lone tally came in the fourth frame when Ono issued two passes and S. Etow hit a "texas leaguer" in short centerfield.

In the fifth stanza, two successive hits by Murata and Nobuto accounted for the final score of the contest.

Both Yokoyama and Ono allowed only five hits with former whiffing five batsmen and the latter striking out nine.

in their half of the sixth on a walk and an error with two away, but again, the side was retired before any damage was done.

Two errors sent in Camp III's final run in the seventh, after which Ono settled down to issue a lone hit in the remaining stanzas.

Seven infield and an outfield error were tabbed against Camp I during the nine-inning trouncing, while Unit III was guilty of three which did no damage.

Hurler Inouye also tapped the highest average for the game with two singles in three times at bat, and batted in one run. He K'd five, while Ono downed the same number in the three frames he twirled.
