## MUSIC DEPT. TO HOLD SYMPHONIES

Postonians who love good music are invited to hear a program of recorded classical music to be held under the auspices of the Music Dept. on the evening of August 7, beginning at 9 at Rec. 44.

Billed as "Starlight Symphonies", this program will be the first of a series of programs featuring the symphonies of master composers.

Dr. Wada of the hospital staff has contributed the use of his valuable collection of red seal recordings, according to the Music Dept's director, Mr. Futa, an opportunity will be given to hear light operatic numbers, and semi-classic pieces; as well as heavier selections.

The program is open to the public, but it is requested that everyone attend early so that the recordings may be heard without interruptions and disturbances.

## FASHION SHOW WINS APPLAUSE

"Made in Poston Sewing School" may soon be proudly advertised to the world by the fashion experts, as expressed by witnesses of Poston's first fashion show, which was acclaimed a tremendous success Sunday night, 9:45 p.m. at Mess 21 which was packed almost beyond its capacity. The show was directed by Mitzie Sugita, sewing instructor, and June Maruya, as mistress of ceremonies, announced the models as they appeared on the specially-built stage with scenic background and realistic flowers.

The interest of the show was further heightened by the soft music by the string ensemble as well as vocal and hula numbers by members of Kamaaina Club, with Toshi Yatsushiro, conducting.

With 72 different clothes everything from sportswear to street-wear, modeled by the maker or someone else, the program was divided into parades of four parts. The Wedding march which climaxed the whole show was greeted with "Oh's" and "Ah's" from the audience. Kay Ishikawa appeared modeling the wedding gown, designed and made by Mitzie Sugita, and Grace Sugita's attendant's gown and little Jane Masumura's flower-girl's dress were designed and made by Mae Hanaoka. They were especially made with consideration of style, material, and expense appropriate for a Poston wedding.

Program was opened with the singing of the "Star Spangled Banner" and terminated with "God Bless America", as seven girls from the cast stood in "V" formation.

The opinions of the audience was well expressed by the guest-speaker Miss Nell Findley who said, "Mitzie Sugita and the members of the Sewing Dept. have shown us how to work hard even in this uneasy situation and getting a work done where there is so little to work with--such as utilizing old newspapers and used wrapping paper for drafting and cutting patterns."

In an interview with the Press, Mitzie Sugita and her fellow instructors expressed their appreciation to the persons who readily participated in the parade, and to the many persons who rendered services, although not mentioned previously stage lights and seating were handled by Tetsu Iwasaki, electrician, and Y. Kobayashi and their crew.

## HUNTINGTON BEACH HIGH STUDENTS!

"The notice published in an earlier number of the Poston Press Bulletin regarding the completion of their high school courses by former members of the Huntington Beach Union High School, of Huntington Beach, California, should have indicated that this arrangement was offered to members of the senior class of 1942 only. Most of the members of this class have already been contacted by the school, although there are still a few not yet heard from. Other students of this high school should plan to attend the schools which will be established in the camps. The credits earned will be evaluated when they return to continue their schooling in this high school."

## SWIMMING WATER CONTAMINATED

The Public Health Service, through its Camp Two representative, Mas Yamamoto, issued the information that the water of the swimming slough located three-eighth of a mile north of this unit, was contaminated with coli bacteria.

"The water is contaminated and potentially dangerous. In view of this condition, all residents are advised that any swimming in the slough and the river is done at their own risk," Yamamoto stated yesterday.

Mr. James D. Crawford, Director of Camp Two, said that he will take the matter up with the block managers and community councils Tuesday and Thursday at their respective meetings concerning any restrictive swimming measures to be made, if any.

The tests were made by the Water Analysis department of the Camp One hospital.

It was specifically announced by the Public Health division, located at 210-12-A, that the drinking and shower water are not affected by contamination and that exhaustive tests to date have revealed that such waters are healthfully pure.

### YOU GOT A FRIEND COMING, TOO?

The Camp Two population was a-bustle with expectancy yesterday with the arrival of new evacuees from the Visalia and Reedley regions.

Some 3,000 are expected to arrive during this week at the rate of 500 per day, and judging by the harrassed look on the attractive face of Receptionist Allyce Hirabayashi in the Administration office, practically every Tom, Dick and Harry in this unit must have an uncle, cousin, brother or a friend coming as the Toms, Dicks and Harrys endeavored to obtain permits to go to Camp Three.

### CAMP TWO BAND TO PLAY AT CAMP ONE SHOW
