THREE HIGH SCHOOL PRINCIPALS DUE

Three high school principals are expected to come to Poston sometime this week according to Dr. Cary, Head of the Dept. of Education. They are Arthur Harris, who has just received his Ph. D. from Yale; Dallas McLaren from Waipahu, Oahu, T. H.; and Chester Potts from U.S.C., who is on his way to earning a Ph. D. Degree.

A grammar school principal has been picked, and Dr. Cary is waiting for her reply as to whether she will be able to accept the position or not.

DIRECTOR HEAD SWEARS IN POSTON II COUNCIL

The newly elected council representatives of Poston II were sworn into office by Director Wade Head Thursday night at solemn ceremonies in which Administrator Crawford and Assistant Project Director John Evans addressed the group.

"Opportunities here are unlimited," Mr. Evans declared in his address. "In your own hands lies the greatest chance of leading your people in unity, and directing their energies towards the common goal, the building of a structure of democracy so realistic, so alive, so close to perfection that it will be undeniable in the eyes of the American community at large when the proper time comes for it to be unveiled," it was pointed out.

FOOD RATION INCREASED; CHEFS AWAITING APPROVAL ON MENU CHART FOR NOV.

In a recent regular Menu meeting held at Mess 37, the cooks of Poston heard Jimmy Yahiro, assistant to Earl Best, Chief Steward, assert that food rations have been increased from 37 cents to 45 cents per day per person.

John Burdick, Chief Steward for Poston 3, and cook representatives were also present at the meeting, to set up the Nov. menu which is due Sept. 5.

Plans are being made to secure Chinese kettles, so that cooks may serve food diet in oriental fashion. It was claimed that this will also require additional room to set such kettles, however that too will be constructed in the present Mess halls, the report mentioned.

In completing the Nov. menu, the kitchen crew was assured that "within thirty days" they will be provided with tofu, bean sprouts, and noodles. Manufacturing of noodles at 4½ cents per pound was possible at present, it was declared.

Building of a butcher shop and a bakery for Poston community is receiving local attention here at the Center.

COMMUNITY COUNCIL

Six men were sworn into the Community Council by W. Wade Head, Project Director, Sept. 2, at the Administration Annex at 1 p.m. The official new members are: Matsuno Tapka (16); Masao Nishida (17); George Hiura (18); Thomas Masuda (31); Frank Kawai (32), and Harvey Suzuki (54)

UNIT 2 REC LEADERS TO CONFER WITH POWELL, UNITS 1 & 3 LEADERS

Basic problems and suggestions for an eventual reorganization of the recreation department to one known as a Community Activities Council were discussed with Dr. John Powell and James Crawford, administrator of Unit 2, at a meeting of the Poston 2 recreation staff Wednesday in the 220 mess hall.

Dr. Powell specifically mentioned that no funds were available thru the WRA or the Army for recreational purposes. Discussions were held on ways and means of financing the various recreational programs.

While nothing definite developed in regards to the proposed Community Activities and Welfare Council, it was revealed yesterday morning by James Crawford that Dr. John Powell had appointed Jimmy Hirokawa to assume the temporary chairmanship of the Rec Council. However, a check-up with Hirokawa revealed that he had refused to accept the appointment.

At a meeting held yesterday by the Rec staff, Lloyd Urabe was selected as the chairman of a committee to

TRAFFIC ORDINANCES FOR
THE CITY OF POSTONChapter 2 (Operation,
Use of Vehicles)

Section 1. Speed limit. No person shall drive a vehicle upon a highway or on the streets of Poston at a speed greater than is reasonable or prudent, having due regard for the traffic on, surface and width of, the street, and in no event at a speed which endangers the safety of person or property or which creates an unusual amount of wind or dust.

Section 2. The speed of any vehicle upon any highway or street in Poston, not in excess of the limit specified in this Section is lawful unless clearly proved to be in violation of the basic rule declared in Section 1 hereof.

The speed of any vehicle upon any highway or any street in excess of any of the limits specified in this Section is prima facie unlawful unless the defendant establishes, by competent evidence, that said speed in excess of said limit did not constitute a violation of the basic rule declared in Section 1 hereof at the time, place, and under the conditions then existing.

The prima facie limits referred to above are as follows:

- a. 15 miles per hour within the community of Poston.
- b. 35 miles per hour on the highways between Camps 1, 2 and 3 and on the highway to the City of Parker, State of Arizona, from the community of Poston.
- c. 10 miles per hour

SCHOOLHOUSE UNDER
CONSTRUCTION

North of Block 317-8-A, a schoolhouse is now under construction. The ground is prepared for laying of the foundation. From the first part of next week, carpenters and electricians will start their respective work.

The main structure consists of adobe which is considered most durable for climatic conditions here in the desert regions. The adobe will be prepared here shortly as is now being done at Poston I and II. Other interesting details will be in this paper from time to time.

FOLK DANCING
TAUGHT IN POSTON III

Mr. and Mrs. Paul Linson were in Poston III yesterday afternoon to begin giving the first in their series of folk dancing instructions to the members of the Girls Council. After they have received sufficient knowledge of this community activity, the Girls Council will teach it to all those interested.

MR., MRS. P. LINSON TO
GIVE FINAL CO-OP TALK
AT POSTON II TONIGHT

The concluding discussion and lecture gathering of a series on co-operatives will be held this evening in the 220 mess hall from 8 p.m.

Mr. and Mrs. Paul Linson will be the speakers for the evening and as has been the policy, a question-and-answer period will follow their lectures.

Lionel Perkins and Paul Linson conducted seminars Wednesday evening in the 210 and 227 mess halls, respectively before a total of approximately 100 interested persons.

Miss Mary Arnold was scheduled to make an appearance last night in the 220 mess hall.

ADDENDA

Block Mgr. Z. Tachibana of 211 in his note of thanks to the community for its aid in searching for the body of the late Mike Cita had mentioned the voluntary help given from all three units of Poston.

(continued from page I)

The essential unity of the three Poston units was emphasized in Mr. Evan's final words:

"...It is the good of all that we must think of...It is only by the most perfect team work that we are going to win the final big game. A team of individual stars is utterly ineffective unless they play as a team...As great a responsibility as you will ever have, as representatives of the residents of Poston II is to work hand in hand with the councils of your neighbors, in matters which effect the common good."

SIGN DEPT.

EVERY AMERICAN'S CONCERN.....

Of concern to every American, deep concern, is the constitutional and traditional freedom of our country's press. This freedom, expressed implicitly in the Bill of Rights, has been preserved through trying times by thoughtful and alert editors. Today, every conscientious person should take it upon himself to insist on a press unfettered of unwarranted and restraining shackles.

The grave responsibility of editors during war time to see that information of value to the enemy is withheld can not be denied. But the war crisis is not to be exploited as an excuse for placing a muzzle on the press.

In this respect, it is very gratifying and encouraging to the editorial staff of the Press Bulletin to have received a favorable attitude from the WRA administration on a vital matter.

The people and the administrators, we firmly believe, must continue to be aware of the fundamental truth that the welfare and prospects of progress in any community can be attained, not through censorship and similar dictatorial policies, but through a program with provisions permitting a thorough airing and understanding of every issue affecting the residents of Poston.

If every policy of the administration and its subordinate officials is shown to be above board and intended solely for the benefit of the majority; if the press is allowed to present every significant problem before the public with candor and honesty for the consideration and decision of the people; if, in a word, democracy is practiced in the Relocation project, the complete confidence of the evacuees in their administrators can be gained for the benefit of everyone concerned.

It must be remembered that the freedom of expression is one of the most sensible and civilized functions of Democracy in America.

A "BANNER TABLE"

Last week Mr. S. Sugita of the Carpenter shop, 310, designed a unique and patriotic table for Mr. Burgo's office. The boys at the shop went to work on the design and created a picturesque table in less than four days from what used to be a heap of scrap pine and redwood lumber. No nails were used--the parts being put together with rice paste.

The table top of inlaid wood is approximately 5 by 3 feet, and represents the American banner. Although it was impossible to

display all 48 stars, four large white stars, inlaid with white pine, adorn the upper left hand corner with the Roman numeral VIII in the center of the four stars. The stripes are cleverly arranged with white pine and redwood.

A small shelf beneath and double pedestal logs completes this unusual table.

To say that the Sign Dept. at 317-8-B is "busy" would be a masterpiece of understatement. With only 5 artists on the staff doing all the sign painting for this city, the crew has been working day and night including Sundays to keep up with all the requests.

Organizer and head of this up and coming Dept. is likeable Hideo Sasaki from Reedley, and working with him are Benjamin Kamada, Larry Ogino, Teo Kaniya and Alice Morioka. Working together as a unit, their aim is to please those who bring in the work and to have each sign fit its purpose.

Designs of the new police and firemen emblems as well as those used by sound technicians and orchestra, to mention a few, were made by Hideo Sasaki. Handicapped as they are by lack of equipment and supplies, the signs they have put out are attractive and of outstanding quality.

Although the main work now is sign painting and lettering, they will also make name plates and wooden signs. Later on, they will probably cover other fields of art but for the present, they are kept busy with signs only.

More applicants are being accepted, and those with special talents along this line should contact this office. Everyone is still on temporary base is, and applicants will be placed on trial.

Swamped as they are with work, orders are always gladly welcomed but they must be placed 24 hours in advance.

In all labor there is profit.

**PRESS CORNERSTONE DEDICATED
AS OFFICIALS, PRESS, GATHER**

"I hope this building stands forever as a memorial to the people who lived in Poston!"

With these words, W. Wade Head Project Director, laid the cornerstone of the Press Club Building, in dedication to the first adobe edifice to go up in Poston, last Wed. evening, Sept. 2, in a brief ceremony attended by Ad. officials and Press members.

Norris E. James, Press and Intake officer, after commending on the hard work done by all to make the building of the Club possible, placed into the bottle these items: two aspirins for the headaches suffered by all the news staff members, two salt pills for their perspiration shed, a dollar bill (serial No. V13964975B), a dime. Wrapped around the bottle was the 100th issue of the Bulletin; and a list of the Staff names. It was then inclosed in the cavity of the cornerstone, cemented for "time immemorial."

In extending his personal thanks to many who had contributed their share in making this project possible, Mr. James expressed the Staff's gratitude to H. Take-da, architect; Charles Pookin, Chief of Construction; Robert Tolson, Construction Supervisor; Roy Anderson, Construction Chief of Poston I; Paul Pierson, Adobe Supervisor of Adobe Plant I, and Dr. Willard Beatty, Indian Service Education Dept.

Mitchell Nakagawa, member of the Press, designed the cornerstone.

**NAPPA SEED GROWN FOR RESIDENTS
BY AGRI. DEPT., HARVEST IN MAY**

So that the Residents may have enough Nappa vegetables next summer, the Agr. Dept. has set up a plot of land bordering the main entrance to Blk. 32 for planting nappa seed, which is expected to be harvested sometime in May next year. The program is under the direction of William Eto, seed expert from Gardena.

SCORPION BITES AGAIN!

Jim Kumaki, 227-14-B, was bit by a scorpion when he was retrieving a ball from under his barrack, Wednesday afternoon. He was given treatment at the medical clinic.

ADDITION

The name of Kikuo Endo, pharmacist, was inadvertently omitted from the story of those professionals who were elected on the temporary community council. He was elected from Blk. 215.

POSTON 3 EDUCATOR VISITS HERE

Dr. Chester A. Potts, Superintendent of Schools in Poston 3, was a visitor here Thursday and met with Administrator James D. Crawford.

Dr. Potts was accompanied by Mr. Theodore Haas, Project Attorney.

OFF AGAIN, ON AGAIN, WATER SUPPLY

Faulty pipe connection and engine trouble caused the water system from being turned off Thursday morning.

Until the cracket flange in the pipe line is replaced and the engine and its connections thoroughly checked by the U.S. Army engineers, Poston 2 will continue to be inconvenienced by the shortage of water.

Water trucks from Unit I relieved kitchens caught short of water.

WATER BAGS REPORTED MISSING FROM HUNT

Several water-bags have been reported missing from the two-day hunt in the area east of Poston 2.

Some have been turned into the 211 mess hall and few to the Recreation Department, but a dozen more of these are still missing.

Water bags may have been brought home by the wrong owners and all strange bags are asked to be returned immediately to the Recreation Department.

LARGE GROUP HEARS LECTURE ON CO-OP

One of the largest gatherings to hear a lecture on consumers' cooperatives at Poston III, about 70 Issei and Nisei, were present Wednesday night at Rec 306 where Mrs. Linson gave a general talk on the current topic being presented through the Adult Educational program.

Mrs. Linson, who explained the cooperative movement and outlined some of the advantages to be gained through its inception at Poston, emphasized the ease with which the present smooth-functioning Community Enterprise could be turned over, stock, fund and all, into a more desirable cooperative venture.

One of the strongest arguments in favor of the consumers' cooperative was that it would enable the people to voice their wish regarding the disposition of the profits from the store.

SENIOR GIRLS CLUB...

The deadline for sign-up for the Senior Girls Club has been extended to Sept. 4. On Monday, Sept. 7, 7:30 p.m., a get-together social will be held with Mitzi Hirasima as chairman. Refreshments will be served. Locale will be Mess 324.

ELECTION EXPLAINED BY PROJECT ATTORNEY

Before a meeting of Block Managers Thursday morning, Ted Haas, Project Attorney explained the procedure to be followed for the Temporary Community Council election, Sept. 10.

Each block is to select one block representative. Polling booths will be located in the block manager's office, 7 a.m. to 2 p.m.

Each block will receive a ballot box and ballots with names printed both in English and Japanese in accordance with the drawings. A sample ballot will be posted on the bulletin boards.

In charge of the election for each block will be an election board, consisting of the block manager and a member elected by the block council. The Board will compile a list of all eligible voters within the block, all those above 16 qualified to enlist in the War Relocation Work Corps.

The purpose of the Temporary Community Council, as explained by Mr. Haas, will be to afford both Issei and Nisei and experience in democratic, representative government. The T.C.C. itself will have power to make recommendations and suggestions to the Administration on all matters of internal policies and practices. The body will also draft plans for a permanent Community Council to be established in the near future which will have broader powers and increased functions.

**NORTH WHIPS SOUTH
IN MIDGET LOOP**

Performing as expected the combined braves of the northern tribes scalped their southern rivals 7-2 Wed. night on the No. 30 plains in the first and only South vs. North All-Star Midget league game.

While Iroquois Lindy Koga was blanking his goes with a no-hitter for 6 frames, his mates led by Sioux Ikemiya who had 4 for 4, pounded on Kawano for six runs on 11 hits, scoring in each of the first four innings.

In the 5th Nakahara replaced Kawano on the mound, allowing a hit and no score. A new Northern lineup took the field with Nagao walking Nakahara. With one down, Shindo hits into left scoring Nakahara from second. Kitabayashi's single to rt. field knocks in Shindo for the Southerner's final tally.

The Second round Midget league schedule opens Saturday, and mgrs. are requested to hand in their team's roster to Rec. 11 immediately.

326-27 BY 9 TO 3**

With approximate crowd of 325 watching, Geo. Yamagata pitched 4 hit ball to vanquish the combined team of 326-27 by the score of 9 to 3. Aided by superb fielding and timely hitting the 325 had easy going against the pitching of Izushita and Miyabe. The hitting honors for the evening went to Nob Sakai, getting 2 triples and a homer.

306 JR. SCORE 8-7 WIN

Shig Matsuoka, star hurler of 306 won his own game in the slugfest between 306 and 317 by allowing only three hits, and helping his team in defeating 317, 8 to 1. Both teams being equally strong in the junior league by being favorites in that loop. Batteries: 306- Matsuoka and Nagata; 317- B. Uchiyama and K. Uchiyama.

**VIGILANTES EYE 209 TEN
TO GAIN 2ND LEAGUE
VICTORY, 3-2**

Combining faultless teamwork with the superb chucking of Tak Kiyomura, the 227 Vigilantes edged out the 209 Whirlwinds, 3-2, on the latter's field for their 2nd American League victory.

Kiyohara had but one shaky period in the 2nd stanza when Fred Oda found 1st on a hit and G. Tajiri walked. Tom Yagi then blasted a temely one out to the left field patch to hurry in two runs. Clamping down, Kiyohara promptly struck out the next two batters.

The 227 ten crossed the home plate 3 times in the opening period and after the hectic 2nd inning, maintained their 1-run lead to the finish.

While Toyo Hisatomi also hurled creditable ball, a 1st inning wildness cost him a tite game, and 5 errors on the part of his teammates was hardly any aid.

**CARDS DUST OFF
G.B.'S OF "B" 'S**

In a five inning fracas played on Fld. 43, Sept. 2, the Brawley Cardinals overpowered the Golden Bear B's 6-3. The Cards 4 run rally kindled by Capt. Kikuchi in the last frame proved to much for the Golden Bears.

Hanaoka of the Cards allowed 3 hits, 2 walk and fanned 2. S. Kawai of the B's allowed four hits, 4 walks and struck out four.

Morioka of the Boars poled a lone homer into right field with no one on in the third frame.

STOP THOSE RUMORS

The weather's hot... the blanketing, powdery dust is ever-irritating. Nostalgia for the old home town too often gets us down.

And then again, many of us are prone to have here more time than money. So we seat ourselves and indulge in idle chatter which is not always in whispered tones.

This is not to infer that any of us should always remain mum. After all, this is still America! And privileged to enjoy, among certain other God-given, inalienable rights, as we may only in this country (consistent with the national security), the freedom of speech.

But that hardly gives any of us authority to circulate statements that are unfounded and based on fabrication, be it malicious or otherwise.... gloating "Did you hear about such-and-such?"

Meaning precisely that there are much too many rumors being broadcasted to the "4 dusty winds of Poston".

The circulation of unverified reports is the surest, quickest path to the breakdown of our morale! Let's do our part to keep that hopeful light in the eyes of our people ever glistening! Don't be an accessory to the demoralization of our entire future! Think it over! What have you or anyone else here to gain by participating in rumor-mongering?

LET'S ASK FOR AND GET THE ACTUAL FACTS!

By the same token, let us be open-minded and welcome suggestions and constructive criticisms. Not any of us are "too old to

DOUBLE "A" SOFTBALL RAISES CURTAIN TONIGHT

The opening battles for Double "A" softball supremacy commence tonight as four of the ten selected nines—namely the Indian vs. Riverside at Powell-Evans Fld. and the Valley-Delano tilt on Fld. 30 take their respective positions followed by tomorrow's Orange County-Peacock tussle.

Excitement galore and keen rivalry should be in store for the fans as the "AA" bracket's five top-ranking clubs from both the National and American circuits tangle together. Included along with the aforementioned teams are the Polecats, Bakersfield, Vista and the Golden Bears.

Just which club will cop the pennant come Oct. 3rd remains to be seen as Vista and the Bears, winner and runner-up respectively in the Nationals, are presently engaged in Poston I's "world series", the opener resulting in a 7-7 tie.

BLOCK 220 UNDERGOES A NIGHTMARE AS 222 SCORES BIG VICTORY

The long range batters of Block 222 produced a pitcher's nightmare for the block 220 hurlers Wednesday evening when the big bats of the winners boomed through the open spaces to the tune of 17 to 3 in the American League game.

In the six inning of terror, the Taniguchi brothers, Kay and Jim were bombarded with 12 clean blows, the 4th being the only inning the victors failed to connect with their bats.

After taking a slim 3 to 2 lead advancing into the fifth, the murderous row of the 222 batting staff riddled the infield with 6 runs and produced 8 more in the grand finale.

S. Kubota held the losers to 3 hits during the massacre.

meet with Dr. Powell in Unit 1. The meeting was scheduled for yesterday afternoon and the committee was also to confer with Units 1 and 3 rec leaders to discuss proposals concerning future activities.

It was asserted that no one had officially submitted their resignations from the local rec staff with the exception of a few.

A suggestion was made that a letter be sent to Congress or a Congressman petitioning for financial aid to promote the rec activities.

The JACL was also mentioned as a possible source for assistance in procuring much-needed equipment.
