HALT NEW ARRIVALS

The special train-load of evacuees from Tule Lake scheduled for Amache and Jerome, Ark. on Oct. 3, was cancelled according to a wire received from WRA Director Dillon S. Myer, Project Director Lindley revealed yesterday.

Said Lindley, "One-hundred-thirty-five Tuleans were destined for Amache, but the matter of housing the recent arrivals properly is already a serious problem. Therefore, a protest was sent to the director at Washington, and a decision to send 49 evacuees instead of the proposed

LABOR SHORTAGE ON FARM IS CRITICAL

"Only 80 volunteer-workers reported to the farm yesterday," declared John H. Spencer, chief of agriculture, "and at that rate, we will never get our crops harvested. It is imperative that we get more workers and get them now," he stated.

Block managers are urged to recruit block-volunteer workers and residents are asked to cooperate fully.

URGES FULL COOPERATION

The week of October 3 to 9 has been designated as Fire Prevention week, and the people of Amache are urged to fittingly observe the week through exercising every precaution against fires.

The citizens of Amache should stimulate and assist, as far as possible, all project campaigns to the end, that the clean-up impulse may finally become a continuous effort and habit, raising civic morale and pride and awakening the consciousness of the people to safeguard community health and reduce fire hazards.

Through your cooperation fire hazards can be cut to a minimum. Your observance of Fire Prevention week will play an important part in this program.

BAN IS PLACED ON OUTSIDE VISITORS

Effective Tuesday, all visiting to the center has been curtailed until the danger of polio has passed, according to W. Ray Johnson, assistant project director.

The various WRA supervisors, he said, have been notified of this order and will pass it on to relocated evacuees in their respective areas.

POLIO CLAIMS LIFE OF AMACHE GIRL

The second death in Pueblo county, from poliomyelitis occurred Friday when a girl from Amache died at a Pueblo hospital, was a news item in the Sept. 25 issue of the Pueblo Chieftain.

The polio victim was the girl who voluntarily left Amache last week disregarding the warnings of the public health nurse.

PARTICIPATION IS STRESSED

Residents of Amache are asked to participate wholeheartedly in a general clean-up campaign, in connection with the Fire Prevention week, Oct. 3 through the 9th, as a means of combatting sickness and epidemics now prevalent, announces Lewis Dakan, sanitary engineer.

"We did not like to issue such an order but it was done to safeguard the health and lives of the residents," said Johnson.

All parents are asked to notify their sons or daughters who are contemplating visiting the center of the order.

Said Johnson, "Somewhere or another, the Arkansas river region is the hardest hit by infantile paralysis in the United States, and at present close to 15 new cases per day have been reported."

According to Dr. W. T. Carstarphan, chief medical officer, there have been no new cases of poliomyelitis in the center aside from the two cases previously reported.

Despite this fact, however, Dr. Carstarphan states that the quarantine will be kept up very rigidly for the next week or so, and emphasizes the fact that residents should observe clean-up week which begins Oct. 3 and which will continue through the 9th.

"It is my wish that the entire center cooperate very thoroughly in this movement, as it will help considerably to eliminate further cases of poliomyelitis as well as other diseases," he concluded.

WAC

Enlistment Open

WAC enlistment is still open to girls of Amache, according to Lewis Fanslan, registrar. WAC enlistees may apply at the employment office at any time during regular working hours.

KNODEL RETURNS FROM WASHINGTON

Walter J. Knodel, selective service officer, returned Saturday from Washington DC., where he spent a month on special detail work, the employment office revealed.

Said Knodel, "I visited the various relocation offices enroute back to Amache, and jobs are plentiful along the eastern seaboard. And during my stay at the Capitol, I met a number of girls from this center who are enjoying their work there, but were a little homesick at first."

RELOCATION

Masao Wesley Hoshino, Cleveland, Sept. 26.

SEMI-MILITARY FUNERAL HELD FOR PFC. INOUE

A semi-military funeral was held for the first time in the rather incongruous setting of a relocation center when final rites were administered Saturday at the 13th Buddhist church to Pfc. Henry Inoue who died at the center hospital Sept. 20 after a prolonged illness.

At the extreme southern portion of the center, adjacent to the barbed wire fences which marked its boundary, the body of Pfc. Inoue, draped with the flag under which he served, rested for a moment after the service, while the Scouts sounded taps and eight men from the 335th Escort Guards fired three volleys in tribute to their

beloved soldier who had passed away.

Attending the service were Capt. Reuben Jackson, commanding officer of the 335th Escort Guards, who delivered a brief address, and Lt. John Kellogg and Lt. George Simony.

Pfc. Inoue came to visit his parents in the center in November while on a furlough and contracted a cold which, later, developed into pneumonia. After convalescing for almost a year in the center hospital, his condition grew suddenly worse and he died at Sunday.

He was 26 and is survived by both parents, two brothers and two sisters.

to the boss
by Patrick
XXXXXXXXXXXXXXXXXXXXXXXXXXXX
dear boss:

first set eyes on this chick in the old pioneer office at 8F--that was back in October. she was quiet, too danged quiet for me, but she got her work done without any fuss or bother. couldn't figure out how i should approach someone like this who huddled in a corner and paid no mind to anything or anybody, but, gradually the invigorating atmosphere of the pioneer office and the queer people therein, thawed her out and she took on new life. . . she broke out with an easy-reading colyum "between us girls," and actually started to talk. . . now, you can't stop her. but ain't that just like a woman?

she's taken in stride (for almost a year now), along with the rest of the gang, the knocks and bumps that come the way of all newspaper offices. . . and she's wormed her way into the hearts of the entire pioneer crew, including that marble heart of yours, huh, boss?

her case history reads briefly: born in colusa, california, age about 21, height 5'2", weight; (she won't tell), high grad--CSF student, and hired-hand on the hometown paper (reporter, re-write) before evacuation.

on the pioneer, she's handled practically every assignment there is to be handled. . . the word "indispensable" fits her to a "t."

why all the hullabaloo about her? well, this enigmatic creature who has frequent "moody" spells, who believes powder-blue looks good on pharmacists, who thinks frank sinatra is the nuts, and who can't resist buying jump platters is leaving the pioneer--relocating.

and i'm just wondering, boss, what the hell are you going to do without her? takako kusunoki, or more informally, taxie or "true-blue."

BOULDER LETS DOWN BARS

Boulder's city council is preparing to let down bars against admission of persons of Japanese origin --aliens and citizens alike --to residence in Boulder, stated the Boulder Daily Camera in a recent issue.

It was contended that since the WRA no longer requires community approval before authorizing Japanese-Americans or Japanese aliens to move to the community, Boulder has no legal grounds for excluding them.

Beet Work Is Available Now

Many opportunities exist for sugar-beet work near Holly, Colo., and Torrington, Wyo., according to Edson Barr of the local sugar company.

The harvest season will begin about Oct. 4, Barr says, and 100 men are needed in each location.

Those interested in permanent relocation on farms are especially urged by Barr to investigate the possibilities of these two areas this fall.

A. Tsuchiya, who represents the local sugar company in the center, may be contacted at the employment office or at 8G-2D.

SEEK DEPORTATION OF ALL DISLOYAL

OMAHA, Sept. 23 --The American Legion at its National convention adopted a resolution asking deportation at the end of the war of all aliens and all American-born Japanese who have been found to be disloyal to the United States by "competent authorities."

ON BUSINESS TRIP

Dr. W. T. Carstarphen, chief medical officer, left yesterday on a business trip to Denver.

AUSTIN STRICKEN WITH PNEUMONIA

Carl H. Austin, appointed personnel member of the plumbing department was stricken with pneumonia on Sept. 23, according to Dr. William Carstarphen, chief medical officer. Austin is reported to be progressing favorably.

SALINAS

WOULD BAN JAPS

Salinas, a California community high on the list of those which suffered most from Japanese aggression appealed to President Roosevelt to prevent the return of so-called "loyal" Japanese on the Pacific coast, according to a recent article in the San Francisco Chronicle.

The plea was in behalf of 142 Salinas boys who fell into Jap hands on Bataan, and, said E. M. Siefert, acting chairman of the Bataan Relief Committee, "feeling against Japanese is bitter on the West Coast and 'bloodshed' could be expected if any Japs were returned to the Salinas area."

NEW TEACHERS JOIN SCHOOLS' FACULTIES

Dr. Enoch Dumas, elementary school principal, announces that the following people have been added to the elementary school staff.

Mrs. Richard Woods, the former Catherine Iague who taught homemaking in the senior high school during the first part of last year, has returned to the project and is now teaching at the 9K kindergarten.

Alice Nishigori from Tule Lake, who taught the second grade there, will teach a grade school class.

Also from Tule Lake, Mrs. Izuko Wada is the new assistant librarian, and Susie Morimoto is doing clerical work in the elementary school office.

Sumiko Okazaki, Mildred Higashida, Mrs. May Fujikawa, Mrs. Rose Takahashi, Mrs. May Hamaji, Mrs. Yasu Saito, Hiroko Kashiwabara, and Rose Makino have recently been added to the pre-school teaching staff. The latter two are from Tule Lake.

NIGHT SCHOOL LISTS COMMERCIAL COURSES

The following commercial courses are now being held from 6:30 to 8:30 p.m. in Block 8H; and all persons wishing to enroll are asked to see Samuel Gordon, adult education head, at his office.

The classes: Beginners' typing, Tuesdays and Fridays; speed typing, Mondays and Thursdays; beginners' shorthand, Wednesdays; and advanced typing and transcriptions, Wednesdays.

Crocheting classes are held from 7 to 9 p.m. on Mondays and Fridays in Room 4, Block 8H.

Fire Losses Low-Hoffman

In connection with the Fire Prevention week, Oct. 3 through the 9th, a Washington press release reports that only 63 fires were reported by the 10 centers during the quarter ending June 30.

Of this total, Amache had 18 fires amounting to \$5 in damages. Fire losses at the 10 centers amounted to 9½ cents per capita,

Herbert K. Walther, secondary school principal, announces that the following people from Tule Lake have been added to the secondary school faculty:

Frances Sugiyama, junior high school recreation leader; Florence Yokota, senior high school assistant commercial teacher; Katsuko Nakatogawa, assistant librarian at the junior high school; Paul Ohmura, projectionist for secondary school; and Jimmy Nishida, junior high school science teacher.

TEACHERS' CLASS TO BE PLANNED

Those interested in learning methods in teaching are asked to attend an important planning meeting Saturday, 1:30 p.m. at 8H-5E, according to Frances Shuck, supervisor of student teachers.

AMACHE HIGH "IT" ISSUED MONDAY

This term's first issue of the Amache high "It," senior high school paper, was issued to the student body Monday.

It is published by the journalism class and edited by Betty Kanameishi, part-time worker for the PIONEER. Louise Goodson is adviser.

DELTANS TOP TEAM AVERAGES

The theory, "Best Defense Is the Best Offense," was proved to be true, as the Deltans, the third hardest-slugging team, made only 17 miscues in eight tilts and walked off with the AA championship. The Motor Pool was the top team in hitting (they slugged close to .333) but made 41 errors which accounted for their defeats.

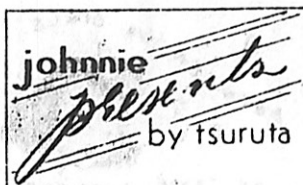

In the individual fielding performances, Deltan right fielder Yorio Aoki, Knine outfielders Eggs Iga-saki, and Tad Mukaihata, Motor Pool chucker, Jack Otani and John Arishita, Dodger hurler had a perfect average. They played errorless ball thru the season.

Knine Chucker Yuk Miyamoto and Dodger second baseman Romeo Kitagawa had the most assists with 18 each. Richard Nimura, Duster first sacker had most putouts with 79 followed by Deltan catcher Tom Ioka, who was credited with 67.

Knine third sacker, George Maruyama made the most miscues, being charged with nine in six tilts. He was closely followed by Miyamoto and Kitagawa with eight apiece.

HARD-UP FOR NEWS

We are really hard-up for sports news now. There is still danger of police so no athletic events are allowed in the center. The "stop" signal was given almost two weeks ago. Most of our sports page has been nothing but statistics and the sorts, and we have run out of them. Don't be surprised if you miss this page in the next issue. We're really at a loss for something to write. Any suggestions?

WANTED: A SPORTS EDITOR

Yes sir, we want a sports editor. We are not quitting because there are no activities going on, but in all probability we might be doing make-up work next issue.

Wimmin? Just ask Joseph Patrick Ide, third PIONEER editor, to leave the fold.

To get back to the subject at hand, Boss Ide (who is known to friends as everything from Joey to Jerk) knows wimmin... from a to b? He has made studies of feminine psychology since his early childhood days in Colusa, Calif. (He claims that town as his birthplace, but Colusa refuses to take the blame.) In very mild terms, Joseph is a lady-killer. He hypnotizes the ladies with his personalized rendition of "The St. Louis Blues," and with his funny, reluctant smile.

Biographically, JPI was born several years ago in northern California; graduated the elementary and high schools there; gained a reputation as Colusa's "personality kid" on the side; and spent most of his spare time in the city by the Golden Gate.

Dear Boss did rewrite work here under the care-free regime of Editor No. 1 Hirano. The sports editorship followed, after which he plowed through mountains of metropolitan newspapers for articles about goings-on in the outside world. Overruling his loud yowls of misery and protests that "now I'll have to work!" Chosef was drafted to number one position on the staff the first of this month. Resettlement plans have brought an end to his work here.

The man stands five-five "with my shoes on," weighs between 120 and 125, has a head of curly hair (color: black), and two eyes, both brown.

Joseph collects pipes. That doesn't mean much... until you've seen his collection. He has everything from a corncob to an opium pipe swiped from a dope den.

As sentimental as they come, Pal Joey is as soft as jelly inside. That exhibitionistic exterior is just a masquerade. (THAT'S A LIE!--jpi)

Letter

TO THE EDITOR

TO THE EDITOR:

Mr. Berry S. Suzukida is showing much interest in the local cooperative and its relation to the community. May we have more like him.

Concerning his suggestion that all business be done in scrip to avoid any income tax, such coercive rule would hardly be in keeping with the principle of democracy in Rochdale cooperatives.

In regard to the scholarship fund, let me make it clear that such additional expense on a consumer cooperative must be paid for out of reduced patronage savings or in other words thru a slightly higher actual cost to the consumers.

Since a co-op belongs

to its members, the members, if they desire, may compel themselves to buy scrip exclusively or they may tax themselves indirectly for scholarship funds. The people decide.

Mr. Suzukida knows that it is my own personal opinion that scholarship funds should not be confused with a consumer cooperative but should come from our local recreation association, which in reality is a Belgian cooperative, that is, the type of cooperative which pays its savings to community educational, cultural, or recreational groups rather than to specific individuals as is the case in consumer co-ops.

へられてゐる。理由と一當所に於ては幸にもしては總撤退に要する先週中癩瘡病患者若し船舶の不足に基因する人は容疑者發生の報告ものであるが、オアフ島に於ける從業員の無く從つて本病を未然に防ぐ警告を無視し又八十五%乃至九十%は曰當局の指令に協力せざる系人に依り占められてる者が大部あつた様である。事も理由の一つに當所は外部の都邑と異り建物に接近して居り食堂洗濯所洗面所便所等は大衆により使用される事として衛生結果となり其の補充は上より觀て此の際特に結果となり其の補充は注意しなけれはならぬ。柴木土より輸送しなけれはならぬ重大危機に直面し何れの角度より重要問題である。に檢討するも不可能な危険であるかは左記の問題であつたのである。例に於て判然たるものがある。當所病院に

於ける本病患者は姉弟の二名であるが之は明に感染したものである。先曰此の姉弟の姉が見舞にま所した折看護婦長は是の姉が痲痘病傳染の危険があると見做して所外に出ない様厳命を下した。然るに之は各戸に及へらるべ

此の姉は其の嚴命を無き石官給物が定數を視してフエブロに帰還超過する事のない様に迄は良かつたが遂居住民保護の爲であるに同病に罹り四日間入院後去る廿四日遂に落命した旨當局に通知がみつた。

斯くの如く本病は油断の出来ない傳染病である故、居住民はこの際細心の警備を怠らず當局の指令に従ひ協力すべきである」とジョンソン氏は「此の際外出集客合葬の許可申請は遠慮され度し」と要望してゐる。

家屋課官給物の再調査施行

石官給物が定數を超過する事のない様に居住民保護の爲である。尚、鶴湖人の居室のために用意された十五の娛樂室中十二まで使用されて居る事を見ても如何に正規の居室が不足してゐるかが判るのである。右に就きエクラ―氏は語る。

「一千八十九名の部屋を用意する事に關し各區長並に区居住民が心からなる御協力を願へてゐるに事は家屋部として深く感謝すると云ふであらう。
