Fifth March pre-induction physical examination call for local selective service registrants has been announced and those listed are scheduled to leave Tuesday morning for Denver, disclosed Walter J. Knodel, center selective service officer, yesterday. This call lists 41 Amacheans registered with various

California draft boards. Considerable difficulty has been encountered thus far in informing the Lamar draft officials of the number of men who are to respond on indicated dates, states Knodel. Therefore, those holding notices to report on Mar. 28 are requested to sign up with Harlow Tomlinson, chief of

internal security, by 9 o'clock Monday morning.

Names and addresses of those on call:

John Masaki Arishita, 8F-11F; Art Arata Furuno, 9E-8D; George Tsuneichi Hamamoto, 9E-9F; Minoru Harada, 6H-4C; Johnnie Mitsuo Hirooka, 6H-5D; Shigeo Ikejima, 7E-7A; Minoru Kan-

### ALL CENTER CO-OP CONFAB SLATED FOR AMACHE

The second all center Co-op enterprises' conclave will be held in Amache, April 3 to 5 inclusive, with Heart Mountain, Poston, Gila River, Manzanar, Minidoka and Tule Lake delegates scheduled to attend, according to Tokuyoshi Kawasaki, executive secretary, yesterday.

Jerome is not expected to be represented since that center is to be closed in June.

The Federation of Center Business Enterprise was formed last November for a trial period of six months which expires April 30.

### NISEI ARMED SERVICE POLICY CLARIFIED BY WAR DEPARTMENT

WASHINGTON--Replying to a petition addressed to Secretary of War Henry L. Stimson by a group of mothers at the Minidoka relocation center, Lt. Col. Harrison A. Gerhardt, executive to the assistant secretary of war, explained the policy of the War Department in the segregation of Japanese Americans in a single unit.

"The present assignment of Japanese-American inductees is very often interpreted as a segregation policy on the part of the War Department," he said. "This is because the reason for the use of Japanese Americans in a single unit is not clearly understood. There is an urgent present and future need for replacements for the 100th battalion and 442nd combat team. In order to fill this need, it is necessary to assign inductees for training for these units.

"Secondly, inasmuch as the War Department fears

### 49 DRAFT REGISTRANTS LEFT THURSDAY FOR ARMY "EXAM"

This month's fourth contingent of 49 center draft registrants departed early Thursday morning from Lamar to take their pre-induction physical examination in Denver. The original call listed 64 selectees but various deletions brought about the reduction, stated Walter J. Knodel, local selective service officer, Thursday.

### PROJECT ATTORNEY HORN "LOANED" TO HEART MT.

Donald T. Horn, project attorney, left here Thursday for the Heart Mountain relocation center to handle pressing legal evacuee and administrative problems, according to James G. Lindley, project director. Horn will temporarily take over the duties of the former project attorney who passed away two weeks ago.

Complete breakdown of the list shows: (1) reported to call--49, (2) relocated--7, (3) transferred--1 (Crystal City), (4) hospitalized--1, (5) rejected--1, (6) failed to report--5.

The following are the names and addresses of selectees listed:

(1) Reported for call--Shimao Adachi, 7E-12B; Yutaka Adachi, 7E-12B; Masao Kemikawa, 6E-8D; Robin Shigiro Kaneko, 11K-10E; Omi Kawano, 9K-2B; Toshi George Koochi, 7G-1B; Dick Noburo Kurihara, 8K-3C; Tatsuo Harry Kuwahara, 7K-3F; Jun-

### BLOCK PERSONNEL DIRECTOR JOBS TO BE ELIMINATED

By the end of this month, the positions of the 29 block personnel directors will be completely eliminated as the Washington WRA headquarters would not approve of them, stated Henry F. Halliday, assistant project director, this week. The functions delegated to the block personnel directors are to be assumed by the block managers and their clerks.

### KOEN RANCH MESS HALL TO RE-OPEN EARLY NEXT MONTH

The Koen ranch mess hall will re-open early in April, announced the mess division today, with the same set-up and regulations applied in the workers' mess hall. Kazuchi Soda, a former XY ranch hand, was appointed chief steward.

With spring planting and plowing time "knockin'", the operation of this farm mess will simplify and aid all farm activities tremendously.

## GRANADA PIONEER

Published Wednesdays and Saturdays by the WRA and distributed free to each apartment. Editorial office: PIONEER building, Amache, Colo. Telephone 63. Reports officer: Joe McClelland Editor: Sueo Sako

Just a couple of days ago, Henry F. Halliday, assistant project director, and I had a little "pow-wow" on new changes occurring throughout this nation. Halliday, who just returned from a recent Denver trip, mentioned a number of significant and insignificant items that he noticed or heard. And there was one tip-off on a new trend that may gather momentum as time elapses which will vitally concern those who are hesitant in relocating.

There seems to be a noticeable indication that many employed Denverites are now "job shopping," which fact has caught the eyes of competent persons connected with the employment bureaus in the Mile High City area. Another outstanding factor in this slight movement is that these job hunters are no longer classing high wages or salaries as number one requirement on any offer. In addition, many workers offered better jobs with high pay in other states and areas are showing an increasing tendency to ignore them; others employed in war industries are constantly on the "beat" for another bread-and butter or meal ticket.

What does all this mean? It may be that the rank and file of the American public is expecting the global struggle to end shortly; on the other hand, it may be that far-sighted individuals are seeking permanent positions and are not going to be "caught with their pants down" when the men on the fighting fronts begin to return.

Regardless of what this new trend may be, it brings another immediate and growing problem that evacuees within the relocation centers will encounter as each day passes. It means that Caucasians who rushed into the war factories and plants are flocking elsewhere to more secure jobs--jobs with less pay, but with more

## JAPANESE AMERICANS AID WAR EFFORT IN CLINTON PLANTS

Seven American-born Japanese are braving the wrath expressed toward their race on the streets of Clinton, Ia., wrote J. W. McCormick, staff writer of the Clinton Herald, recently. They are doing their best to prove the falsity of the snap judgement that "a Jap is a Jap!"

Among the seven nisei there is Hasegawa Shirokichi, wrote McCormick, who is a US veteran of World War I, born in Hawaiian Islands and later moved with his parents to the United States. Shirokichi attended American schools and worked on American farms and in American industries up and down the west coast prior to evacuation. Now after a short interruption, he has returned to work for an American firm, the Clinton Bridge Works. Since his name is cumbersome for the American tongue, Shirokichi has changed his name to "Ben."

Shirokichi and five other nisei youths are employed at Clinton Bridge Works as welders. Several of the boys told staff writer McCormick, "Tell the people of Clinton we are doing everything we know how to help win this war for the United States. We are 100 per cent for America and are giving 10 per cent for war bonds."

And the only nisei girl in Clinton is 18 year old Sally Okura who has joined a French family at the invitation of their daughter, a 'pen-pal' of Sally's for several years. The "mailorder" friendship began long

## FORMER AMACHE TEACHER VISITS

Lt. (jg) and Mrs. Harold Provancha paid Amache a visit Wednesday en route to Memphis, Tenn., where he is stationed, according to the education office.

Lt. Provancha was industrial Arts instructor on the senior high school faculty until his enlistment in the US navy in December of 1942.

security. And jobs with less pay were the ones available to nisei and their parents which means greater competition in those fields.

If this movement makes any headway, it will make a tough "road back," a tougher one. At least those who first started on the long trek back will have the consolation that they are ahead of those who embarked belatedly. But don't forget the old saying, "better late than never."

before Pearl Harbor and continued unabated during Sally's internment.

She is now working at the Burpee Seed company packing seed orders for American victory gardens, truck farms and lend-lease shipments.

## THEY'RE ALL EITHER TOO YOUNG OR TOO OLD

A break-down of Amache's population for week-ending Mar. 18 shows that approximately 52 per cent are males and 48 per cent are females. A further "investigation" reveals that females outnumber all age groups with the only exceptions being those 55 years old and over and 17 years and under. A third of the center population is 17 years old and under.

# CENTER LABOR SHORTAGE ACUTE, 130 JOBS OPEN

The center hospital is facing an increasing danger as the residents continue their tremendous demand for medical and surgical attention, states Dr. William Carstarphen, chief medical officer, this week. It was pointed out before that luxury hospital service cannot be furnished with our present depleted staff, and if there is no marked decrease, it will result in a continued loss of hospital personnel.

In this connection, warns Dr. Carstarphen, attention is called to the glaring fact that center population has dropped 8 per cent from last year's census, and yet, the work for the hospital has increased nearly 80 per cent in the past several months. On the other hand, there has been an alarming decrease of hospital workers and personnel.

Our function here is to serve the public legitimately, but if the center residents continue to overload our medical staff with elective work and personal favors, it will result in serious consequences, added Dr. Carstarphen. And if there is no let-down, residents themselves will be forced to help combat this problem.

Therefore, advises Dr. Carstarphen, the residents must realize the services are entirely free and furnished by government funds. There are no charges made for medical, laboratory and X-ray services as well as for the drugs or pharmaceuticals prescribed by the doctors. This includes special nursing care and any attention given to extra-ordinary cases such as special diets.

Free services of this type will naturally be abused by some thoughtless people, but I am sure the majority will show its appreciation and co-operation by not purposely abusing the regulations, Dr. Carstarphen concluded.

Relocation, pre-induction physical orders and induction notices have taken a terrific toll of evacuee workers, states Walter Moers, personnel officer, and in many cases have left departments "behind the 8-ball."

A rough estimate reveals that there are nearly 130 jobs open and if this labor shortage continues uninterrupted, the employment office will be compelled to put on a juggling act to place workers where they are most qualified and needed.

HAVE YOU HEARD?

FLASH! This is Radio Berlin. Latest war news from the Italian front. A communique from General von DeFeat contain the following good news of the war's progress. Quote: Ve got da dummox 100th Battalion Jankees on da run. Due to da LIE uv da land da Nisei Americans are retreating forward, while da Nazi army is advancing backwards.

HABIT IS FUNNY

BACK home when this guy went to dinners he was plenty perplexed when he sat down to an enjoyable feast and found a variety of silverware staring at him. Which knife? Which spoon? He looked around shyly to see what the others would do. Then he'd proceed cautiously so that "Emily Post" would not frown at him.

Well, this guy went thru a similar experience just the other day--only in reverse. He was invited to a surprise luncheon party in Granada to partake in some very deliciously palatable delicacies. Ah, the food prepared a la Japanese style. It brought back tender memories of the tempura houses back in California.

When this guy sat down, did he find a variety of silverware? No, eh gads, a lonely pair of "hashi"--chopsticks--was staring at him. He was plenty perplexed.

Nearly two years in a relocation center with a fork as the chief means of transportation from the plate to the mouth makes a guy pick up "hashi" with some sort of misgiving. A guy kinda loses the finer art of manipulating the all-around oriental "food carrier." And on top of all that this guy had a couple of damsels sitting in front of him, which didn't help the situation at all.

Did this guy feel charged? You know it! And how do I know? Well, guys and gals, the derraed fool

## 28 NISEI REBEL AT LIFE IN ARMY; AWAIT COURT-MARTIAL

ANNISTON, Ala.--Twenty-eight members of a Japanese-American battalion in the United States Army, sent for training to Fort McClellan here recently, have refused to take military training and have been confined in a stockade to await trial by court-martial.

Brig. Gen. Wallace C. Philoan, commanding officer of the infantry replacement training center at the fort, made the disclosure.

He said the men "have lived for many years in Japan and have become indoctrinated with the philosophy of the Japanese people."

They stubbornly refused to obey training orders and would not salute the American flag, it was said.

Other members of the group, officers said, had subjected themselves readily to military discipline.

## CONSIDER EVACUEE DEPENDENT STATUS

HUNT, Ida. March 18--Eligibility of Class B dependents of nisei soldiers for allotments will depend on facts in each individual case and whether in the opinion of the War Department elements of dependency are present, according to a teletype received here from John Provinse, chief of community management in the Washington office.

The War Department also gives consideration to the basis upon which relocation centers are operated. No deduction for subsistence shall be made from allowances received by residents of centers under the Servicemen's Dependents Allowance Act of 1942.

## MOMENTARY LAPSE OF MEMORY ?

One of the most amusing incidents went on record at the high school recently when Mrs. Okely Stillinger, general education instructor, had a momentary lapse of memory or something, according to a very reliable source.

Since a number of students are subject to induction in Uncle Sam's army, a future Joe Nisei must receive a periodical check-up on his grades. During one student's routine report on his grades, he arrived at Mrs. Stillinger's class for his all-important mark. Absent-mindedly, she signed her name "Mrs. Bigelow." The rather startled fellow continued his tour, and subsequently ended up in Mr. Stillinger's mechanical drawing class.

Here the big "kick" was recorded. Mr. Stillinger noticed the signature "Mrs. Bigelow" on the report sheet and nonchalantly asked the anxious student, "Who's this person, another new addition to the faculty?"

The red-faced student replied, "No, she's your wife--Mrs. Stillinger."

Incidentally, the Stillingers are not newlyweds.

SPRING fever or some such disease has hit our staff like a ton of bricks and were all in the "dumps." Somehow we manage to get out two issues a week as

## NATIONALITIES FORGOTTEN AT WASHINGTON UNIVERSITY

If you've had an idea that most of the fellows in This Man's Army would answer to English-sounding names like Smith and Jones, that isn't the Army, wrote Helen Clanton in the St. Louis Post-Dispatch, one of the city's largest daily newspapers. When mail is distributed at Washington University for members of the Army Specialized Training Program, you'd believe, if you were there, that America really is a melting

pot. For the Stravinskys and the Meyerbergs, the Jensens and the De Labriers are learning how to fight side by side for Uncle Sam. And the experience which each brings from his individual background is a valuable part of Army life.

For instance, there is Harry Kayashi, the son of parents born in Japan, who received his degree in chemistry from the University of Colorado, and had just completed basic training at Camp Grant, Ill., when war was declared and the relocation order went out from Washington. Harry didn't sit around griping about his lot in a relocation camp. "I got a job as a laboratory technician in the camp hospital," he recalls, "and I really enjoyed the work."

After three months, Harry was permitted to return to active duty as one of Uncle Sam's soldiers. He was transferred to Fitzsimmons General Hospital in Denver, where he was given an opportunity to do research work with serums, in the serology department. Subsequently, he was accepted for training in the ASTP. "I wanted to study medicine," he mentioned, "but since the medical quota was filled, my second choice was engineering. Now I believe that I will try to get into sanitation engineering after the war."

### TO BE GUEST SPEAKER TOMORROW

Dr. Gordon K. Chapman, executive secretary of Protestant commission for Japanese, will be the main speaker for the Sunday morning Christian church services, 10:15 o'clock, at Terry Hall, according to Rev. Lester Suzuki. Dr. Chapman is conducting a tour of the various relocation centers.

Gerald Griffith will render a musical number.

Various type of farm machinery and implements were shipped to other relocation centers during the past week from this project, stated Roy Nakatani, farm office manager, yesterday. Centers receiving them are Manzanar, Heart Mountain and Topaz.

In return, Amache is to receive other vitally needed farm machinery from those projects. All these transactions were "thawed out" at the recent farm conference at Gila River center.

Another urgent plea is directed to the center residents for more farm workers to speed up the present planting of potatoes and onions.

**WE MEET AGAIN**

That's what Norma Hamamoto and Momoyo Kinoshita will be saying tonight. And, in all probability, one of them will "regret" the meeting. Momoyo will be cavorting for the All-Stars and will no doubt be given the duty of checking Sepol's high-scoring Norma once again. They have met thrice before and in each instance Momoyo has successfully kept the Ramblerette flash from scoring more than six points. Incidentally, Shooting Stars' stalwart defender is the only gal in the Girls' league who has stopped 19-digit-average Norma (in five league tilts) all season.

They were chosen as the best forward and guard respectively in the loop, but so far the guard has held the upper hand.

Tonight's tussle will be their fourth meeting as opponents. Can Norma break the jinx and get away on a scoring spree? Or will Momoyo check her versatile opponent with her eye-pleasing defensive performance? Yes, it will be very interesting to watch this duo match their respective ability, probably for the last time this season. Watch them close. **FOR THE LAST TIME**

Many Amache boys, and the visiting Chicago cagers, too, will probably be playing their favorite game of Naismith sport for the last time tonight and tomorrow--for the duration--as a civilian. Yes, a lot of them have passed their pre-induction physical and are awaiting call into the armed services. In fact, two of the local casabans, Miles Hamada of the "AA" champion Dusters and Tom Kashiwabara of the "A" All-stars, will leave early Monday morning for their induction into the Army. Sunday will mark their last basketball games as civilians.

Yes, they and many others will be wearing the khaki soon. If they can show the same kind of spirit

# DUSTER-CHICAGO CLASH TONITE; GIRLS IN PRELIMINARY TILT

Double-A champions, the Dusters, who are the pride and joy of Brush Arai, will tangle with the visiting Chicago Hyde Park "Y" quintet tonight in the local high school gym. The Ramblerettes will face the Girls All-Stars in the preliminary slated for 7:15 o'clock.

Suffering three embarrassing defeats up in Denver, the visiting Chicagoans are raring to redeem them-

selves at the expense of the Amache casaba tossers. With Shig Fukuyama and Hide Uba leading the attack, the Dusters are in for a very busy evening of maplewood maneuvering.

Brush Arai will nail his hopes on shoulders of Soapy Miyashima at the pivot post, flanked by James Watanabe in the front line and Miles Hamada in the back court. Shig Sugano, Al Kato, "Lefty" Nishijima, Joe Shiro, Bob Kuwatani and possibly Richie Mimura will be in there hammering away for Duster victory.

In the opening encounter the Ramblin' Ramblerettes are favored to take the Girls All-Star by a close margin.

## TWO TILTS TOMORROW WINDY CITY CAGERS TACKLE LOCAL DOUBLE-A ALL-STARS

In tomorrow's feature contest the cream of local caging dynasty, the "AA" All-Stars, with such basketball luminaries as veteran Tosh Shimizu, sharpshooting John Kashiwabara and all-around Soapy Miyashima, will "jell" their combined strength to match buckets with the high-powered Chicago Hyde Park "Y" barnstorming basketballers in

the high school gym. The youthful Amache high school varsity cagers and the single-A All-Stars will clash in the 1:15 p.m. opener.

This will be double-A All-Stars' third tilt so they should work out as a well-coordinated unit and if they hit their stride it should mean victory for them. They will not only floor a speedy quintet but also a rangy one that has plenty on the ball when it comes to singeing the netting.

### "AA" ALL-STARS MAY MAKE DENVER TRIP

The local "AA" All-Star basketball team may participate in the three-day invitational cage tournament in Denver sponsored by the citizens' league on Mar. 29, 30, and 31, if the present plan by the center sport enthusiasts gets the proper backing and interest.

Besides the above trio, the All-Stars will have lanky Chick Furuye, Miles Hamada, Al Kato, James Watanabe, Shig Sugano, Ben Yamagiwa, Tsu Sumada and John Tsuruta to make it plenty tough for the Chicagoans.

Teams from Hart Mountain, Topaz, Cheyenne, Salt Lake City and several quintets in the Denver citizens' league are expected to play in this all-nisei tourney.

Local fans will see one of the fastest court tussles this season when the Amache high school speed demons meet the "A" All-Stars. In all probability, this will be a regular western "firemen" style of game with the casaba traveling up and down the court in a fast and furious pace, and with plenty of scoring.

So to Miles and Tom, and others going with them Monday, and all those going in the future, we wish each and every one the best of luck and happy tramping.

John Kashiwabara's Indian roster, which reads like a bunch of 100 yard dash men, is as follows: Tosh — continued on page 6 —
