

INDEFINITE LEAVES ON SIX-MONTH TRIAL BASIS NOW AVAILABLE FOR RELOCATEES

Residents of relocation centers will be eligible to go out on indefinite leave for a trial period of from four to six months and may secure permission to return to the center at the end of that period if they find it necessary, according to new regulations of the War Relocation Authority received today by Project Director James G. Lindley.

Explaining the new regulations, Leland Barrows, Acting Director of WRA in Washington, said:

"The adoption of this program permitting indefinite leave on a trial basis is an effort on the part of WRA to meet the needs of those evacuees who have been uncertain of their ability to make a success of relocation, and those who have hesitated to leave the centers without assurance that they could come back in the event

EVACUEE PERSONAL PROPERTY

WRA TO MEET FULL SHIPPING COSTS TO RELOCATION POINT

All personal properties of evacuees may now be shipped to relocation points at government expense even though shipment to the center was also made by WRA expense, according to revised instructions received by Ralph J. Mitchell, property officer. The weight limit is also removed on household and personal effects.

Shipment of commercial property of an evacuee's trade, business or profession, including farm machinery and equipment, sufficient only for a family-size venture and not more than 5000 pounds in weight to the point of the evacuee owner's relocation, will be paid by the WRA. This procedure may be followed only when the relocation officer of the community certifies that the use of such equipment is essential to the evacuee's successful relocation and that they cannot be replaced at the time. Such shipment must also receive the approval of the project director.

FIRST INDUCTEES PLACED ON RESERVE

Twenty Amacheans, who left Monday for induction at Fort Logan, were returned to the center and placed on the inactive list Tuesday by the army until a larger group is formed, according to Walter Knodel, Selective Service officer. The boys will remain on the reserve list until called by the commanding general of the Seventh Service Command.

Representatives from Poston, Tule Lake, Gila River, Heart Mountain, Rower, Manzanar and Minidoka, began arriving this morning to attend the second all-center enterprises conference to be held Monday thru Wednesday, according to Tokuyoshi Kawasaki, executive secretary.

An interesting program has been scheduled for the three-day confab by the local chapter, host for the event.

Featuring on Monday's program are registration, words of greeting by Kawasaki; reports from George Morey of the New York office; remarks by Otto Rossman; and a welcome banquet at the workers' mess hall.

CENTER-WIDE CENSUS TAKEN TOMORROW

All residents are required to remain in their apartments tomorrow morning immediately after breakfast as a census of the center will be taken beginning at 8 o'clock, announced Henry F. Halliday, assistant project director, Thursday afternoon.

Aside from these persons on duty--policemen, water pump operators, hospital personnel, including the boiler men and firemen--no person will be allowed to leave his apartment until the entire cen-

sus has been completed, stated Halliday. Mess hall employees must remain in their apartments until they have been registered by the census takers.

Heads of the family should recheck their family and alien registration numbers so that correct numbers can be given the census takers.

The sounding of mess hall gongs under the direction of the internal security section will signify the completion of the census, concluded Halliday.

After all the undesirable and desirable publicity we receive, one would unhesitatingly believe that the rank and file of the American people should have a clear picture about the Americans of Japanese descent and their law-abiding parents who have relocated or those still remaining within the relocation centers' confines. To the contrary, the majority of the American public are somewhat confused and do not know what to believe and what not to believe.

This fact has many a time been proven to me when I questioned a number of local administrators who have traveled and have had contact with persons from various walks of life. The average John Q. Public reads the glaring headlines blasting us and a few days later his eyes are attracted to a news item telling a story of a nisei girl enlisting in the WACs. This type of cycle of news has the average person "coming and going."

I remember one Caucasian fellow who knew and understood the evacuees within the centers and when his friends heard he was well-informed about us they questioned him. This "nice Joe" received his greatest shock when he asked his inquirers exactly what they thought about us. His friends bluntly told him, "We read about them in the papers, but we don't believe them—so now you tell us since you know them."

And I got a terrific kick when this same "Joe" related the time he happened to sit opposite two men connected with the anti-nisei pressure groups. He unintentionally became involved with the couple over the loyalty of nisei. The two men poured out a tale of our distrust and hate for America.

After swallowing all they had to say, this "nice Joe" suddenly popped the question, "Did any of you ever have a Japanese Ameri-

Letter TO THE EDITOR

(Editor's note: Anyone having any information on the whereabouts of the person mentioned in the letter is requested to notify the PIONEER.)

TO THE EDITOR:

We have received a rather pathetic letter from a Mr. Mankichi Yuasa who lives up in the frozen Northlands of the Yukon Territory. He is anxious to locate a long-lost brother, Shobei Yuasa. The only information he is able to supply us with, is that the brother lived formerly in San Francisco. Mr. Yuasa apparently is an old-timer, perhaps more at home in the Eskimo language than in English, and therefore is relying upon us to do everything we can to locate the missing man.

We are not sure just where the majority of former San Franciscans are now located and are writing you therefore in the hope that you might be able to assist us in some way. Any suggestion or help that you can give will be very greatly appreciated.

Might I add that we continue to enjoy your paper. In many ways your mimeograph sheets seem very close to the heart of the people.

FSA RETRACTS STATEMENT ON LOANS TO ENEMY ALIENS

No loans from the Farm Security administration will be made to any enemy alien under any circumstances, according to a release made by Edwin G. Arnold, chief of the relocation division in Washington DC. The announcement was made to retract a previous report that loans

were available to aliens of any nationality.

The regulation further states that American citizens of whatever ancestry will be treated with justice and protection against discrimination. But in cases where any applicants loyalty to the United States is questionable, a committee will be justified in making further investigation.

ONE DAY IS ENOUGH

THIS SATURDAY, according to my calendar TODAY (Tuesday), is April First, and my calendar isn't in the habit of April Fooling me--I hope. Commonly known as "All-Fools Day" the kids will be going around with their April First antics in trying to get the best of each other. It will all be in fun and laughs will be on the unwary victims.

Thanks to one of Fate's rare kindnesses I won't be in Amache April Fool. I'm gonna cover up my typewriter at the end of this column and forget all about my daily toil. Believe me, I need a rest and I think I deserve it, don't you? Don't answer that!!

I'm gonna give this camp a break by getting out of here--quit shouting hurrah hurrah, I'm coming back next week. So there!

In the meantime, if anything goes wrong with the PIONEER I'll be sharing its woes, BUT way up in Denver--thank goodness. If everything goes hunky-dory, give your thanks to the STAFF IN CHARGE because they must have worked hard to make it so. If I know anything about the guys and gals in charge, they'll have something very, very different cooked-up for your pleasure--a topsy-turvy edition with all the trimmings.

Well, have your APRIL FOOLING Saturday and get it out of your system, go to town with your antics. And when the day is over resolve to do no more "fooling." I mean in a silly nonsensical way. One day of being an April Fool is enough; from this day on be alert, be wary, be careful--lest each day become April First for you.

I don't mean to be super-serious, but strike a happy medium. Life must have its good, clean fun, jokes, humorous incidents and frequent hearty "guffaws." It all adds zest to living. A good laugh is a good tonic for that run-down feeling.

And whatever happens don't let anything get you

STRICT VISITING RULES ENFORCED AT ENGLEWOOD

Only blood relatives may visit inmates of the Federal Correctional Institution at Englewood, Colo., according to information received by the Community Council. However, a person may obtain a visitor's permission directly from the warden of the institute.

The message further stated that anyone refusing to take the soldiers' oath at the time of his induction will be inducted into the army and probably subjected to court martial proceedings.

RECRUITERS FROM SEABROOK ARRIVE

E. Stanley Parcells, representative of the Seabrook Farms, accompanied by George Sakamoto, former resident of Amache and at present employed by Seabrook, will arrive here this morning to interview prospective workers for the farm, according to Mario Vecchio, relocation advisor. The two will be located at the relocation office for a few days.

Interested families, single men and women for cannery, dehydrator, quick-freeze plants and farm and orchard work may receive information regarding wages, housing and working conditions.

A trial period indefinite leave for four to six months may be taken by any person for these jobs, concluded Vecchio.

McCLELLAND'S GET DESERVED REST

CHECK-UP MADE BY WRA OFFICIAL

Seymoure Cahn, head of the examination and investigation section of the Washington office, arrived here Monday to make a preliminary check-up of local administrative operations and procedures, according to James G. Lindley, project director, yesterday. Upon completion of his business matters here, Cahn will leave for other relocation centers.

THREE EVACUEES TAKEN TO PUEBLO FOR ARRAIGNMENT

Three Amache nisei, who failed to report for pre-induction physical examination Tuesday, were taken into custody by the US Marshal yesterday morning to be taken to Pueblo for arraignments, according to Walter J. Knodel, Selective Service officer.

From Pueblo, they will be taken to the Federal Correctional Institute in Englewood, Colo., to await their trial. The draft-evaders were George and Frank Takamoto, 10E-5C, and Riyuo Uyeda, 12F-8B.

EDGEWATER BEACH HOTEL AGENT HERE

Mrs. Mary Nagata will be at the relocation office for a few days to recruit workers for the Edgewater Beach Hotel, Chicago, according to Mario Vecchio, relocation officer.

TAKASHI SHIMA TO HEAD ARA BOARD

Takashi Shima was elected chairman of the Amache Recreational Association Board of Directors, succeeding Taka Aratani, at a special meeting Sunday at the SF CA office. The abrupt change arose over the WRA policy regarding eligibility of community activities workers in the ARA.

The other newly elected member is Kuhachi Ikuta, succeeding Saburo Cujow who relocated, as co-signer of checks.

The main purpose of the confab was to discuss the possibility of the basketball team attending the invitational JACL tournament in Denver, Mar. 29, 30 and 31.

SCHOOL HEADS ATTEND CONFAB SENIORS TO TAKE CLASS PICTURES

Dr. Lloyd Garrison, superintendent of education, and Herbert K. Walther,

high school principal, left Wednesday afternoon to attend the thirty-second state-wide conference of school officials in Denver. The two are scheduled to return here today.

Approximately 125 members of the high school senior class will have individual pictures taken for the school annual today and tomorrow in the conference room by George Inouye, center photographer, according to Katherine Stegner, advisor.

"Bow wow, I want to play basketball."

During Sunday's action-packed casaba tilt, a little Boston bull appeared on the playing arena to create a "howlarious incident." And the spectators received their share of laffs when this "privileged character" cavorted up and down the court as only a pooch can.

As the crowd began whistling and calling, this "four-footer" would bend an ear--not knowing which call to respond to. Before long, the hapless dog was running in circles. What was he doing? The fox trot? No! It was the Amache "dog trot."

Acting also as a spy, this bulldog performed some subversive activities as he snooped around where the Chicago quintet was resting. After one look at the Hyde Park aggregation, this doggy creature decided to park his carcass elsewhere before he had his hyde beaten off.

What, with all the socials going on lately, how can a person find a date for every occasion?

It's really a tough problem--yet there must be a soluble answer. After carefully studying the situation, I have found one solution. And that is, ask the girls at the canteen for dates. Of course you'll have to have some ready cash because dates cost .73 cents per pound.

If you eat all your dates, what are you going to use for bait when you ask Kate at eight? In order to rate with her, it's best not to be late and make her wait because she'll skate straight to your gate. Don't hate her for this, because you can depend on fate and won't that be great!

SLATE IMPORTANT MEETING FOR ALL BASEBALL MANAGERS

An important meeting of all baseball managers and players is slated for this Monday night, 7 o'clock, according to James Hanamura, athletic director. Discussion will center on the possibility of organizing a hard ball league this season.

RAMBLERETTES TO CLASH WITH INVADING GRANADA HI SEXTET

In the curtain-raiser of Tuesday night's benefit basketball twin bill at 7:15 o'clock the pride and joy of Sepol, the Ramblin' Ramblerettes will meet the challenge of their cross town rival, the erstwhile sextet of Granada high school.

The high-riding Sepol six after rampaging through the girl's league to the championship, toppled the all-star aggregation in two successive tilts, and holds a victory over the same Granada hi six. Now riding on the crest of an eight-game winning streak, they will again enter the fracas as favorites. In their first meeting the Ramblerettes easily subdued the Granadans 31-20, but with more practice under their belt the visitors should put on a much stiffer battle.

All season it was the uncanny one hand shooting of Norma Hamamoto and smooth-working, veteran Chizu Kanda that coach Al Kato nestled his hopes in the front line. But last Sunday, surprising the fans, the coach, and all probability herself, it was Eva Sugiyama who put on a flossy performance, driving through to tingle the twine for 20 points. Should either of the versatile scoring twin find the hoop with regularity as they were so accustomed throughout the season or should Eva Sugiyama repeat her last Sunday's performance, the local cagerettes should by far top the 31 markers they

BENEFIT GAME

AMACHE VARSITY CAGERS TO BATTLE 'AA' ALL-STARS

The local "AA" All-Stars will tangle with John Kashiwabara's flashy Amache high school varsity in the second tilt of the benefit casaba doubleheader Tuesday night. Sponsored by the athletic department of the community activities, the entire proceeds of the event will be turned over to bolster the high school athletic fund.

After a long lay-off the prep basketballers looked im-

pressive in the humiliating thrashing that they administered on the single-A All-Stars last week, but will face a much more severe test when they meet the "AA" aggregation. Running up against the lanky All-Stars, the prepsters will have trouble controlling the backboard, but high-scoring Tosh Okamura, Harry Kajioaka and Johnny Mizoue along with hard working Jack Hoshizu and Jun Furuno in the back court should give their elder brothers a busy evening. Besides the above named quintet the following players are certain to see plenty of action: Hank Shimada, Goro Shizuru, Romeo Kitagawa, "Dag" Nakatogawa, Frank Goi, Calvin Kitazumi, Ken Kashiwabara and Russell Yamaga.

The cream of the maple-wood cavorters of the "AA" league, with three center encouters and the Denver tournament under their belt, should be a well-coordinating unit by now. The All-Stars will floor a lanky quintet with such skyscrapers as Aki Watanabe, Soapy Miyashima, and Chick Furuye and will have plenty of speed with eye-pleasing John Kashiwabara, ever-flashy Tosh Shimizu, Benny Yamagiwa, Alfred Kato, Shig Sugano and John Tsuruta. Although the "AA" stars will be rated slight pre-game favorite, it should prove to be a hum-dinger of a battle.

NISEI LEADS UTAH UTES TO NATIONAL COLLEGIATE CROWN

Wat Misaka, a regular on the Ute squad, achieved the honor of being the first nisei to perform in the Madison Square Garden and also the first nisei to be on a National Collegiate championship aggregation when his Utah University collegians pulled one of the biggest upsets in the history of the tournament by ekeing out the highly favorite Dartmouth quintet in an overtime decision, 42-40, last week to capture the National Collegiate AA crown. On Utah's first visit to the Garden some time ago, they were eliminated by Kentucky in the National Invitational Tournament.

The Utes suffered a crushing blow in the opening minutes of the championship tilt when their high-

scoring center and play-maker was forced out of the game with a twisted ankle, but pint-sized Wat Misaka, who had been regularly playing at the guard post ably filled in his shoe, and despite his height disadvantage, shoved in a pair of field goals to help out in the cause.

Tickets for the game may be obtained at the PIONEER, 8F CA office and the high school office.

COUNCIL ADDS HAPPY ENDING TO SLAUGHTERHOUSE TALE

JOB OPPORTUNITIES

Last month an urgent plea for slaughterhouse workers appeared in the PIONEER, bulletin boards and block managers made appeals in the mess halls. As no one would accept the "B" rating position, the block managers and council body assured any slaughter workers of a "C" rating. Several days later, a body of 11 men appeared for the critical job.

The monthly WRA checks were issued to workers in

the early stages of this month and the block managers and council body living up to their word, "shelled" out the difference of \$20.92 to the slaughter workers from their own pocket. At present, all slaughterhouse workers are receiving "C" rating but the little things that are being done by farm representatives and block managers to assure residents of a plentiful supply of meat and vegetable should be greatly appreciated by all.

The farm division also extends its deepest appreciation to the block managers and council body for their great contribution to the center as well as to the slaughter workers.

Applicants must show that indefinite leave for the trial period is a definite step toward permanent relocation."

Individuals and families to whom this new type leave is granted must accept certain responsibilities and meet certain conditions. They must have a specific offer of employment or a community invitation, and meet the requirements for regular indefinite leave.

The new type leave will be issued only to applicants whose destination is a state east of the Mississippi River or in the states of Minnesota, Iowa or Missouri.

Applicants must agree not to change employment nor to travel outside a prescribed travel district without approval of the Relocation Officer in that district. Applicants must be at least 21 years of age

For the first time in the center farm, planting of vegetables for seed will be experimented. The varieties to be planted for seeds are daicon shipped from the Gila center, turnips, onion and carrot. If this experiment succeeds, the harvested seed will be used for the coming season and also be shipped to other centers.

The farm division is making another urgent appeal for more farm workers, either male or female, as preparation for planting the seasons' crop is busily underway. At present, about 20 women are hired on the center farm doing similar work as the men folks--weeding, transplanting, hoeing and irrigating. The problem of drafting farm workers will arise soon, warns Roy Nakatani, farm office manager, if the shortage of labor is not filled. Also, a great satisfaction to farm hands will be the re-opening of the Koen mess hall which should vastly speed up farm activities. --Jim Otsuka

or accompanied by an immediate member of his family of at least that age.

In evacuee getting trial period leave must finance his own transportation. He may, however, decide to convert to indefinite leave and apply for an assistance grant and receive such a grant on the same basis as persons going out on regular indefinite leave. Application for such a grant may be made at the center or at any time after departure, but within 30 days of the final date of the trial period. Receipt of such an assistance grant will automatically convert the trial period leave to regular indefinite leave.

Persons going out on trial period indefinite leave will not be permitted to visit the center during the period except in the case of emergencies such as death or serious illness in the family.

Holders of this type leave may secure permission to return to the center at the end of the four-month trial period but not more than six months after the issuance date of the leave. After six months the trial period leave will convert to regular indefinite leave.

Center residents may obtain further information on this new type leave from Walter J. Knodel, relocation program officer.

ALL PIONEER BOYS ARE ENGAGED

WHERE OH WHERE IS THE EDITOR?

DENVER, Apr. 1--(Exclusive to the PINE EAR)--According to unreliable sources Editor Sueso Sako was making a personal appearance tour in Denver.

The source also indicated that Mr. Sako later made a personal disappearance too.

GIRLS IN LATHER

IT IS PRECISE TIME AT THE PINE EAR OFFICE.

With the rattling of the typewriters and the clank clanking of the mimeograph machines, the PINE EAR four star edition is about to make its initial debut.

But wait, today's headline has a romantic touch. Who is spreading such confounded rumors? Maybe stupid cupid will really have a headache when he hears that: ALL PIONEER BOYS ARE ENGAGED,....in their daily work.

WORLD IS SHOCKED TO HEAR SAD NEWS

WITH THE FIFTH ARMY IN ITALY, Apr. 1--The world was shocked today to hear one of the most disheartening news since Pearl Harbor.

Frontier dispatches disclosed that this drastic incident occurred when an unknown nation joined forces with the Nazi army. Incidentally, the name of that nation was Vaccination.

Here's the story behind the story: After considerable confusion the PINE EAR reporters found out that Vaccination was long preparing for war because it has always been in arms.

NEEBO NO FIGHTS FOR OUR RIGHTS

WASHINGTON, DC, April 1--An attempt was made to prevent a new crisis in the manufacture of numerous foods made from beans--yes, beans.

Processors today appealed to the WRA officials to requisition a ton of beans from the Granada relocation center but were flatly refused.

"The people of the center must have beans at least once a day--to get all their vitamins," stated Neebo Ito, food administration officer.

'HORSE FRICASSEE' IS MAIN DISH FOR THANKSGIVING DAY DINNER

AMACHE, Apr. 1--The mess division has given the press advance notice regarding the Thanksgiving day feast which will take place exactly 209 days hence.

You lucky Amacheans are roally in for a treat. Top-ping the menu is that rare delicacy "horse fricassee"

CENTER MENU TO UNDERGO CHANGE

To eliminate the fresh-fish shortage, the center menu will undergo a drastic change. Instead of fresh fish twice a week, Amache-ites will see katsubushi and pickled herring on their tables five times a week. (Editor's note: UGH!)

A great number of fish in the ocean have become casualties of war and the present supply is being conserved; stated Otsuki Otsuka, fishy administrator.

served with piping hot sea-biscuits, according to "Tiny" Wells, project steward.

Among other things included in the a la menu are zoot spud and appetizing pebbles of energy--beans.

WE'RE TIRED

We, the remaining PIONEER slavers have put out the regular paper plus the April Fool's edition today.

Yes, each and everyone of us are really tired. Who wouldn't be--after a March of 31 days.

WANT TO PICK A FIGHT? BUY YOUR HOSE AT THE CO-OP AND GET A SOCK

Attention all fems with gambs!

The hosiery department of the Co-op has just received a new supply of pre-war silk stockings. In addition, a limited number of toeless hose, for

those who desire to flash their tinted toenails, has been smuggled in by carrier pigeons. (Any stool pigeons around?)

James G. Lindley, project director, dressed in a suit of armor, will have the honor of selling the first pair of these "gifts from heaven" at the hosiery display on the 10th floor of the co-op building.

According to Harlow Tomlinson, chief of internal security, no traffic of any kind will be permitted to travel on Central avenue during the sale which is expected to last exactly two minutes and 45 seconds.

The "riot squad" composed of the Amache police force and the boy scouts will be on hand to keep law and order in the "free for all" which is apt to ensue.

SUPER-PERFUME NOW ON MARKET

Get "Stinkeroo" perfume at your dealer right away. This new perfume, discovered by professor Stupidhead, is extracted from stink weeds.

For heavy users, "Stinkeroo" comes in 10 gal drums.

For the benefit of the customers, a gas mask will accompany each order.

TERRIBLE SOCIAL SEATED TONIGHT

"A Terrible Way to Spend an Evening" social, sponsored by the "Amache anti-social committee," will be held tonight, 13 o'clock, at Terry's "pool" Hall.

Couples may stagger in but no stags will be allowed.

What's this? Yes, a new stock of secondhand tooth brushes is now being displayed at the Co-op drug department, according to E. H. Runcorn, enterprise stipudvisor.

Give your masticators a treat. Get yours first while they last.

All these slightly worn, but beautiful, secondhand tooth brushes were purchased in wholesale lots from the city junk heap, added Runcorn.
