RESIDENTS GIVE AMACHE THE "ONCE OVER"

The center-wide clean-up campaign is now underway to "preserve and protect the health of this community," according to Dr. William Carstarphen, chief medical officer. The "Clean-up Week" which ends this Saturday is aimed at preventing outbreak of poliomyelitis, dysentery and other diseases which thrive under unsanitary conditions. Full participation of residents is urged.

Following are few but important suggestions: (1) Expose all bedding and mattresses to sun for a full day. (2) Exterminate all vermin with traps and poison. (3) Air all furniture, closets, and clothing. (4) Discard all unnecessary material. (5) Keep garbage platform clean and free of food scraps, and keep all cans covered.

This is a story of a nisei soldier and the letter he sent his folks. He's overseas now serving with the 422nd Combat Team somewhere in Italy. I knew this doughboy since I was still attending the "little red schoolhouse on the hill." He wrote in simple words, but his thoughts and feelings are not lacking.

He started his letter by saying, "This is the first time I've written since I landed. There is so much to say that I don't know where to begin...."

The letter revealed the anxiety and the high tension among the soldiers while en route to their unknown destination. The sight of land brought a sigh of relief to the boys who had seen nothing but water, water and more water for a number of days. The voyage gave them the opportunity to see the places they had studied in geography classes.

The Nisei Yank wrote, "After that we sailed into the Mediterranean Sea and saw the Rock of Gibraltar. It didn't look too impressive for such a big hunk of rock. But it made us feel safer tho...."

Upon reaching land, the climate was fine--just like being back in my California home-town. The people were quite friendly, but the effects of the war have written a tragic story on their faces, the letter read.

"....Of course, there is the problem of trying to understand each other. And some of the boys are starting to sling the Italian kingo around already like veterans," the nisei soldier said. This must be a similar problem for all American doughboys who land on foreign soil and are unable to understand the native tongue.

But the most significant part of the letter's contents was the constant endeavor on part of this Japanese-American soldier to prevent his folks from worrying over his safety. The trend in the letter was

DOWNEY FEARS CENTRAL VALLEY SALE TO ALIENS

SACRAMENTO, June 12--Fear that provisions of the Interior Department's post-war Central valley soldier settlement bill would allow settlement of refugees on the project and sale of land to Orientals has started Californians here digging in their law books.

Senator Downey (D., Calif.) and other members of the California congressional delegation express primary concern with a phrase in the bill which states that the Secretary of the Interior "is authorized to effect conveyances without regard to the law governing the patenting of public lands."

The Californians fear this language might nullify a present restriction by

which the Government must reserve mineral title in sales of public lands. San Joaquin valley agricultural lands are potential oil producers.

They say it might also permit sale of public lands to alien Orientals, which is now prohibited by California law.

Noting that the bill permits settlement by veterans and by other qualified persons, they fear the latter phrase would allow the Secretary to fix any standards he wished, including refugee settlement.

The bill, which would result in breaking up large California land holdings, was introduced by Senator Hatch (D.N. M.), at the request of Interior official.

STEIDING TO DIRECT EXPANDED WRA PROGRAM

NEW YORK, June 6--E. Price Steiding has been appointed relocation officer in charge of the New York district relocation office to direct the expanded relocation program and to offer increased service to New York resettlers, announced Harold S. Fistere, WRA relocation supervisor for the Middle Atlantic area.

Steiding and his enlarged staff will make efforts to develop job opportunities in specialized fields and increase assistance to families in finding suitable living quarters. They will assist evacuees in resettling not only in New York but on Long Island, in communities in the Hudson River Valley as far up-state as Albany, N.Y., and in Bridgeport and other nearby Connecticut places.

His closing sentence was simply, "Tell mom and pop not to worry. Everything is fine over here."

Throughout America today --in every city, town and village--letters like the one above are received. Thoughts, feelings and love for their close ones are the same. Race, color or creed has no part in these matters.

"As the newcomers arrive here, they are being welcomed and aided not only by the WRA staff but by numerous Caucasian groups and individuals, by many of the approximately 900 evacuees who have already made new homes here, and by local issei and nisei, most of whom have lived in the East for many years," states Fistere.

JAPANESE-AMERICAN TROOPS AID LIBERATION OF ROME

NEW YORK--Participation of Japanese-American troops in the march on Rome, and the liberation of the Eternal City, was indicated here in a U.S. Army Signal Corps radio-telephoto published on June 2 by the New York Times, showing the Japanese Americans marching single file up a road on the Italian front.

The picture was published under a heading, "The March on Rome; Elements of the Fifth Army Moving Up Against the Germans." The army caption on the picture declared: "American-born Japanese on the march. Their division played a notable role in the offensive."

CHRISTMAS MAIL MONTH SET BY WAR DEPARTMENT

The army postal service has designated the 30-day period between September 15 and October 15 as "Christmas Mail Month" for soldiers, the War department announced.

During this period, Christmas packages may be mailed overseas without the presentation of a request from the soldier. Gift packages will be accepted for mailing only within the present limitations of weight and size--five pounds in weight, 15 inches in length and 36 inches in length and girth combined.

FARM PLANTING IS UP-TO-DATE

Vegetable and feed crops have now been planted according to schedule, states Roy Nakatani of the farm division, but more farm workers are needed for such jobs as thinning, weeding, hoeing and irrigation.

The project farm is also in dire need of women "cat-skinners" or otherwise known as tractor drivers. Capable persons are urged to sign up at the farm office.

NISEI INVOLVED IN DISPUTE ABOUT STATUS IS HONORED

PHILADELPHIA, June 9--Naomi Nakano, recently the center of a question about the status of American students of Japanese ancestry in schools where the armed forces are doing research work, presided today at the first half of the women's Hey Day at the University of Pennsylvania, and presented Dr. Thomas S. Gates, retiring president of the university, with a silver tray on behalf of her class.

Recommended for a scholarship in the graduate school, Miss Nakano recently was advised by university authorities to accept another college's offer because of certain government regulations.

CHAPLAIN AKI RETURNS TO CAMP SHELBY

Chaplain Aki returned to the 1st battalion, 442nd infantry, Camp Shelby, Miss., after six weeks service with the AJA unit stationed at Camp McClellan, Ala. Formerly from Fresno, Calif., Chaplain Aki had been previously attached to the 442nd infantry regiment, and was sent to Camp McClellan to help the AJA men there. He has done a fine job, and now, having returned to Camp Shelby, will continue his services for the men of the 1st battalion.

Later, the university announced she could be admitted under subsequent regulations, but Miss Nakano announced her intention to go to Bryn Mawr College.

TRIAL DELAYED TO JULY 24

DENVER, June 9--Trial of three Japanese-American sisters on charges of treason was postponed from July 10 to July 24 by U.S. District Judge J. Foster Symes yesterday.

The women, moved from the West Coast to the Granada relocation center early in the war, are charged with aiding the escape of two German prisoners of war from a Trinidad camp last fall.

METHODISTS SAY MAJORITY OF NISEI, ALIENS LOYAL

SACRAMENTO, June 8--The California annual conference of the Methodist church of Northern California announced today adoption of a resolution expressing a belief that "a vast majority of both aliens and citizens of Japanese extraction have proved themselves staunchly loyal to the United States."

It urged Japanese be permitted to return to the Pacific Coast.

This loyalty, the resolution stated, has been demonstrated despite "more than two years of disrupting change in the economic and home life" of the resident Japanese.

It expressed opposition to proposals to send all U.S. Japanese back to Japan after the war and declared "we are opposed to the attempt to make property ownership difficult for Japanese-American citizens and impossible for their alien parents. It pledged co-operation with the WRA to accelerate the program of resettlement in unrestricted areas."

CLEAN-UP WEEK

JUNE 12 and 17 has been declared a "Clean-Up Week" by the project director "to preserve and protect the health of this community." The "proclamation" deserves the cooperation of every project resident to make its success a clean sweep.

This movement was considered not only from the standpoint of health, which is of major importance, but also from the standpoint of neatness and orderliness in and around each block. It will take but little extra effort to make both front and back yards attractive and home-like.

BUT this should be more than just a "Clean-Up Week." If we're going to work like the very dickens for 7 days and then forget about it for the next 51 weeks, we will have missed the true purpose of the drive. It's only by making every week a week of neatness and orderliness do we realize the true significance of this "Clean-Up Week."

Let's make this campaign not just a means to an end but a start to a good year-round "habit."

WHITHER DELTANS

IF you stayed away from Sunday a.m.'s dust-entwined fracas between the uprising Kuzus and the "hitless" Deltans, you cheated yourself out of a big, big upset.

It's a safe bet that not very many would have given the Kuzus a chance to escape a trouncing; even a close, fairly respectable score was considered as far-fetched. But a Kuzu victory! You feeling okay? asked most sport experts. But, guys and gals, the Kuzus of Sunday were not the Kuzus of "yesterday's" lop-sided losses. Riding on the crest of every break and playing hotter than kitchen stove on a summer day, the 12E'ers made the doughty Deltans bite the dust once again.

The game was called 12 noon sharp by the umpire-in-chief James Hanamura and

SEASONAL FARM WORK OPEN IN MIDWEST AREA

Opportunities for seasonal farm workers in the Midwest area for both issei and nisei can be classed as being "golden," stated Mario Vecchio, relocation advisor, last week.

Within 400-mile radius of metropolitan Chicago there is a need for about 20,000 seasonal workers in orchards and on truck farms. Wages are said to be good and sentiment rated excellent. Described often as the "breadbasket of the nation," Midwest agricultural area with the Great Mississippi River basin offers farm jobs as late as November 1.

If you are interested not only in working but also seeing first hand its productive soils, you are urged to see Vecchio and get additional information.

TO RECRUIT SCHOOL TEACHERS

Dr. Lloyd Garrison, superintendent of education, left for Denver Sunday morning to recruit teachers for the local schools, according to Donald Drummond, acting secondary school principal. Until his return Thursday, W. Ray Johnson, assistant project director, will be acting superintendent of education.

SAM MENIN HIRED TO DEFEND NISEI

DENVER, June 9--U. S. District Judge J. Foster Symos Friday approved the employment of Sam Menin, Denver attorney, by 14 Japanese Americans from the Granada relocation center, charged with failing to report for induction and for pre-induction physical examinations.

The group waived trial by jury and their case was set for trial June 27.

NISEI YANKS DONATE SHOES

Some fifty pairs of civilian shoes were gathered by the men of Company "A", 1st battalion, 442nd infantry, stationed at Camp Shelby, Miss., and donated to the Salvation Army in Hattiesburg, Miss., to be distributed to the needy of that city.

Supply Sergeant, S/Sgt. Alfred Mori, of Kapua, Kauai, T.H., who had charge of the collection was very pleased at the spontaneous and generous expression of the men. Many of the shoes turned in were new and of good quality and fit for many more months of service.

"I sure hope these shoes will make some people happy," remarked S/Sgt. Mori. "They will surely come in handy."

DISCONTINUE JAPANESE SECTION

The PIONEER will temporarily be issued without a Japanese section, announces Joe McClelland, reports officer. Difficulties in maintaining a Japanese section staff have made it necessary to discontinue this service for the time being.

McClelland emphasized, however, that the Japanese section will be re-established just as soon as new staff members can be recruited.

Several Japanese translators and stencil cutters are urgently needed on the PIONEER. Apply at reports office or employment office.

the tussle ended in the top half of the 8th with the Deltans futilely racing the clock at the plate. Score read 9 to 3 in Kuzus' favor and there was one out when the game was halted.

If the game reverts to the preceding full inning as is logical, which was the 7th, then Jun Furuno would be credited with 9 to 0 shut-out. The first "white-wash" game of the

current league season. Furuno was in rare form as he kept "goose-egging" the Deltans inning after inning with his port-side servings, and he was getting fine support afield. In addition to his hurling chores, Jun battling fourth connected for a quartet of safeties to keep the Kuzu offensive steamrollering. Nisei going, Mr. Furuno.

FOURTH STRAIGHT DELTANS IN UPSET

The uncanny Mercuries outslugged the riddled but hither-to undefeated Sakuras for a 13-9 re-play victory to capture undisputed leadership of the Amache baseball league Monday evening on the local diamond.

Once again the Merces jumped to a first inning lead by tallying two runs on Ito's single and Hatanaka's triple sandwiched by Asakawa's sacrifice, followed by a wild pitch. And they made it 4-0 in top half of the second. But the Sepol lads, finding the range, belted Kimura for a pair of runs in the second and three more in the third to take a momentary lead.

The hustling Merces came right back in the fourth to tally twice to regain the lead and clinched the game with a three-and four-run uprisings in the seventh and eighth cantos. The Sakuras started a belated rally in the eighth when rugged Tom Shimazu bounced a liner over Asakawa's head for a homer with two on, but Kitagawa retired the next two batters to end what looked like Sepol's big inning.

Roy Hatanaka with a homer, a triple and a pair of singles had a field day at the plate for the Merces, while Romeo Kitagawa contributed a round-tripper. Al Kato, Tad Ono, Slug Yotsuya and Jim Otsuki accumulated 9 bingles to pace the losers.

REJUVENATED LOBOS TAG ANOTHER LOSS ON SKIBOS 12-1

The hustling 8F Lobos chalked up their third league win by handing the fast dwindling Skibo horsehiders a 12-1 shellacking Sunday afternoon at the local ball park in an abbreviated 6 inning tilt.

With his teammates pushing across two tallies in each of the first two innings to give him a comfortable lead, Bob Shiro, coasted along to register his second victory. Diminutive Roy Hirai's fifth inning circuit clout into right field saved the Skibos from a shut-out.

Bob Shiro of the 8F'ers and Skibo George Aoki with a pair of safties each paced the respective hitting department.

Shiro fanned eight batters in the five cantos he worked on the mound, while relief hurler Hirano kayoed three batsmen to face him in the last frame. Takahashi was charged with the loss.

Staging the current baseball season's shocking upset, the youthful 12E Kuzus handed the once-unbeatable Walnut Grove Deltans a 9-3 trimming at the wind-swept 10F ball park Sunday morning. The hero of the day was Jun Furuno who hurled a masterful ball, in addition to slamming out four hits in four trips to the plate.

Practically chased off the diamond in each of their previous league tilts, the Kuzus wrote history Sunday morning by jumping into a one-run advantage in the opening frame and continuing on to never relinquish the lead. Jun Furuno, nearly had a shut-out within his grasp until veteran Harry Okada smashed a circuit clout into right-center in the eighth with two mates aboard. Deltans barely succeeded in getting their first safety in the fifth.

Makoto Sakaguchi performed well for the Kuzus with his dangerous war club by cracking out a terrific four-bagger, a double and a single, while Kenji Ume-kubo paced the Deltan assault with a triple and a single.

Mas Ishigaki, who was touched for 11 hits, was charged with the defeat.
