

NO PHYSICAL EXAMINATION RECHECK FOR SELECTEES REGARDLESS OF 90-DAY PERIOD

There have been various stories going around, all of which end up to one erroneous conclusion: That selectees, who have passed their pre-induction physical examination but who have not been called within a period of 90 days, will be required to take another pre-induction physical examination before being called into the armed service.

This trend of thought is said to be erroneous according to Walter J. Knodel, center Selective Service officer, who stated that under the new Selective Service ruling, a registrant who passes his Army physical examination is subject to call regardless of the 90-day period without a recheck. This order has been in effect since the early part of June.

EVACUEES MAY RELOCATE TO OUTSIDE OF USA

Evacuees may now relocate to points outside the continental limits of the United States, according to the revised regulations received just recently by Project Director James G. Lindley. No detailed information was given on the subject.

It was also disclosed that seasonal and short-term leaves will not be converted to trial period indefinite leaves, and from now on trial indefinites will be issued at the center only.

Center residents are urged to make use of trial indefinites rather than short-term leaves since the former give the evacuees as much as six months to make permanent adjustment in a new community, and also permit them to return if unsuccessful.

Additional revisions provide: 1) each person 18 years of age or over, plus those who became 17 before May 17, 1944, must execute a separate trial period agreement in applying for trial period indefinite leave; 2) an evacuee who is converting to indefinite leave, who is otherwise eligible for a grant, and who has paid his own travel expense, may be reimbursed for his actual travel expense; 3) and travel of evacuees on indefinite leave may now be authorized to points of relocation outside the continental limits of the United States.

HEALTHY HUNK OF A MAN...

I can't tell you his name, nor how the story reached my attention. He is a young healthy hunk of a man. At first, I only became acquainted with him through our jobs. Gradually, we were drawn closer together as we found that our thoughts and hopes were common. But all these are aside from the point.

FED UP WITH CENTER LIFE...

It wasn't long before this husky nisei made up his mind that he was fed up with center life. So on the spur of the moment, he packed up his few belongings and headed out toward Chicago and took another gander at the American way of life.

Not a word from him reached my ears for several months. I began to think he was just another casual acquaintance made within a relocation center and now broken.

As I said I can't tell you how the tale came to my notice, I'll just tell you the story.

HITS WINDY CITY...

This adventuresome Japanese American hit Windy City. He was lonely and lost in the huge metropolis, not knowing whether he was "coming or going." As expected, the first thing he did was to seek a decent place to stay. It wasn't so easy, with wartime era having crowded an abnormal influx of workers to the metropolis. He walked the sidewalks for hours, and finally with all his strength and hope gone, he registered for a room in the slum district.

DIDN'T LIKE THE SLUMS...

For an unrevealed amount of time he resided in that undesirable section. His neighbors, friends and other people were rowdy and bothersome. In desperation, the nisei adventurer hit the nicer residential district in search of better living quarters. At first, he couldn't reach first base with the landlords. But one elderly lady out of pity offered him a room on a temporary

11 AMACHEANS GET 10 TO 18 MONTHS FOR DRAFT EVASION

Eleven Japanese Americans from the Amache relocation center, convicted of draft evasion, were sentenced by US District Judge J. Foster Symos yesterday to prison terms ranging from 10 to 18 months.

Sentenced to 18 months were George Toshiharu Takahashi, Yoshio Takamoto, Riyuo Ueyeda, James Kenji Heya, Masaichi Izuno, George Shirio Takamoto, and Yoshitatsu Wakaguma.

ROHWER HOST TO 442ND INFANTRY

Rohwer, Ark., again acted as host for the men of the 442nd infantry, Camp Shelby, Miss., last week, with the USO providing the major entertainment. Forty-six men including Lieut. John L. Slade were present.

poprary trial basis.

Weeks went by but the nisei boarder still kept the same room.

NOR "BOOTED OUT"

My first thought is what kept the nisei from getting "booted out" from a district not too receptive to an American with Japanese face. The reason was that the nisei had paid his rent bill promptly, in fact, in advance. He observed the hours and didn't bring a bunch of rowdy friends who would "camp in his room on Saturday nights." The corner

One-year sentences were given to Noboru Taguma, Susumu Yonokida, and Kazuo Kunitake.

Hideo Ito, for whose trial an interpreter was required, was given a 10 months' sentence.

The case of George Katamori Yamazumi, tried yesterday afternoon, was continued until next week to give attorneys time to report on a technicality in the Selective Service law.

Also continued for further investigation is the case of Harry Morita.

The 14 defendants, ranging from 18 to 29 years, based their defense on the contention that their rights as citizens had been removed when they were evacuated from the West Coast.

stores found that this nisei didn't quibble about prices. He was always dressed presentably, kept clean and tidy. All these little insignificant things tended to make a favorable impression for the name of Japanese American.

The important thing is that today there are great numbers of nisei residing in that district which at first didn't want a "hide nor hair" of a Japanese American. People all "live and learn."

3-ACT COMEDY SET REACHES ONLY 79 PER CENT OF FIFTH WAR LOAN QUOTA

A three-act comedy, "The Rivals," by Richard Brinsley Sheridan, will be presented by the summer session dramatic class under the direction of Robert George, secondary school instructor, on July 13 and 14 in the high school auditorium. A cast of 13 is at present going through a series of rehearsals.

Only 79 per cent of quota has been reached by the WRA staff in the Fifth War Loan, Project Director James G. Lindley announced yesterday.

This represents \$12,146.68 of purchases of bonds and stamps. Of this amount, \$9,331.68 is payroll-allotment purchases for the months of June and July, and

MORE THAN 1000 NISEI IN US ARMY

WASHINGTON--More than one thousand Japanese Americans from WRA centers have been accepted by the US Army since the re-opening of Selective Service procedures for men of Japanese ancestry in Jan., 1944, it was announced.

The figures, as of May 31, report that 1,093 have been accepted out of 3,312 called. It was said that 669 have been rejected to date. Of the total 3,312 called, 139 have declined to report for pre-induction physical.

\$2,814.35 is cash sales of extra bonds through June 30. An additional \$4,341.37 in cash sales of bonds or increased payroll-allotment purchases of bonds is needed to meet the quota of 40 per cent of one month's salary.

Although the Fifth War Loan officially ends on July 8, all purchases of bonds through August 2 will be counted in the drive, Lindley announced, in order that the July 31 payroll may be included.

STORED GOODS TO ARRIVE HERE

A carload of household goods, which were stored in the Los Angeles WRA warehouse and belonging to local residents, is scheduled to arrive in Granada on or about July 10, according to Ralph J. "I'LL BE SEEING YOU..."

LONG AGO

"I'll have to be leaving you, Neebo. I volunteered for the US Army and..."

"No, Chris, no! You can't strand me here. You gotta take me with you..."

All my pleas were of no avail. He had his mind made up.

"I'm sorry, Neebo. We've come through thick and thin but this time you'll have to stay. You needn't worry though 'cause I've asked Jackson to look after you. You'll forget me once you get used to him..."

"But Chris...all the time we had together in Santa Anita. Remember? The Pacemaker, Flapdoodle, Shimano, Hirano and all the rest? Chris, you can't do this to me..."

By this time, I was breathing into thin air. Tears clouded my eyes as he kept blabbing about Jackson....

That was in the middle of December, 1942. That was a long time ago....

AND FAR AWAY

Today brings another day of parting. A year and a half have passed since

Chris Ishii, my father and guardian for so long, went away. These last 18 months have been full of fun and frolic with Jackson. But the memories of Chris can never be erased. Even as I see visions of Capitol Hill, I feel him urging me on--for he's the fella who gave me that chance to make or break.

We may see some of you again someday. For some, it will be our last good-bye.

But the stage is set. The time. The plot. The action. The curtain now descends.

Relocation takes its toll....

UNIQUE JOB OFFERED FOR WOMEN WITH TOTS

CHICAGO, Ill.--Women with younger children seeking employment are offered an unique opportunity by the Hotel Shoreland in Chicago which has recently set up a free play school for employees' children. The school is located in the hotel and women employed as maids or in other capacities, working on the shift from 8:00 a.m. to 4:00 p.m., can leave their young children in this competently supervised play school throughout the working day without worry as to their welfare and without cost. Supervised indoor and outdoor recreation and rest periods are adapted to the age of the children, and a warm luncheon and afternoon snack are served to the children.

Maid work pays \$83.20 a month plus tips; uniforms are furnished and laundered by the hotel. Seamstresses and laundresses are also wanted. No experience is

required. As the number of women availing themselves of this play school feature increases, there will be openings for Japanese American girls desiring to work as pre-school teachers to secure employment in the play school itself. Inquiries may be directed to the Chicago Metropolitan District relocation office. There are a number of Japanese-American girls and women now employed as maids.

RIGHT IS WRITE

YESTERDAY was my second Independence Day without "independence," and for many it was their third behind the confines of a barbed wire enclosure. It is perhaps a credit to the evacuees that they have been able to celebrate the Fourth in its original sense and not connect it with the irony of their present status. In making the best of the situation and in finding in their own small way the means to glory in their existence, they have added immeasurably to their stature.

And this is a story of one of the evacuee lads who is at present going through the woes of training for overseas combat duty at Camp Shelby, Miss. He writes that GI life is tough and as time progresses the training gets tougher and tougher, and the heat is getting him "down." And he has found the answer to that question: What do they do in the infantry? Yes sir, they march, they march, they march. And he goes on to narrate training camp life in as much detail as a letter-space will allow.

Perhaps this statement is old stuff but I think it's worth repeating, especially coming from this laddie: Quote: To me, or to everyone, our leisure time is spent in reading letters from home. And to know what's going on at home. End quote.

IF that is all it takes to make a soldier happy in spending his leisure time, I believe it's a bargain investment that brings oodles of "dividends." We all know that it is the little things in life that really counts, but so many of us like a trombone player let things slide--and forget.

I wonder how many of us really keep up regular correspondence with friends in the service. There must be many, but could there be more? All those who do should be commended for

SPECIAL CITATION GIVEN 100TH BATTALION SAYS UP

The 100th Battalion, which has apparently been incorporated in the 442nd Regiment combat team, has been given special citation in a communique from the 5th Army, according to UP dispatch from Rome.

Following is the text of the special statement:

SADAO NAKAO COMMITS SUICIDE AT JEROME CENTER

DENSON, Ark.--Sadao Nakao, 19, was found dead in a Jerome relocation center warehouse on June 21. He had apparently committed suicide by hanging himself, it was stated.

A former resident of Rohwer, he had suffered a nervous breakdown and had been sent to Little Rock. Later he went to Jerome where he worked in the project hospital.

He was reported missing the day before his body was discovered.

It was stated that he and members of his family were to have been transferred to Granada.

they are performing a service that's really "a friend in need." If by our efforts during our leisure time we can add a small joy to our nisei GI Joes, we can well afford to drop them line or two regularly.

THIS article is not meant to change your ways, but if it will serve as a reminder to utilize your next leisure time to write to that soldier pal of yours, then I'm gratified. Maybe you're not a wizard with the Waterman, but the delight of hearing from you will make up all the difference. So how about it, guys and gals, won't you do right and write.

The 100th Battalion has been fighting brilliantly with the First United States infantry division and has played a major part in the campaign fighting, having landed in Italy shortly after the invasion last September.

MOTION PICTURE**FIDLER 'PLUGS' LOYAL NISEI OVER RADIO**

HOLLYWOOD--Noting that there are "thousands of American-Japanese serving in the United States Army" and "hundreds have been killed in action," Jimmie Fidler, Blue network commentator on motion pictures, protested in a radio editorial on June 11 against the production of a proposed picture "which, through dramatic necessity, may inflame public opinion against the entire Japanese population."

Fidler, whose comments on filmdom are featured each Sunday on the Blue's national network, addressed his protest in an "open letter" to Will Hays.

"A certain studio is planning to produce a new motion picture which, according to publicity, will be an expose of Japanese intrigue and espionage in the United States before Pearl Harbor," Fidler said, "Now, I thoroughly believe that the Army was justified in removing all Japanese from the Pacific Coast. On the basis of evidence I've seen, I'm positive that there are disloyal Japs in this country. I think that a factual report, compiled by responsible investigation, should be made as soon as possible, and all disloyal Japs should be kicked out.

"But I do not believe, Mr. Hays, that any studio has a moral right to turn out a motion picture which, through dramatic necessity, may inflame public opinion against the entire Japanese population including American-born Japanese citizens who are loyal to Uncle Sam. There are thousands of American-born Japanese serving in the United States Army. Hundreds have been killed in action. Thousands of other American Japanese have been deprived of their rights of citizenship, which has been unavoidable, but is still regrettable. The weeding out of Jap traitors is a serious, delicate process that should be left to the government.

"It will be a mistake to produce a motion picture which, in order to be a commercial success, might be incendiary and may, therefore, create intense racial hatred which should have no place in America. Hollywood should be careful not to destroy harmony in a nation whose people have come from all nations. Yours for fair play, something for which Americans have always been respected."

TO OFFER PLENTY OF VEGETABLES

The project farm will furnish a greater variety of vegetables for the mess tables this month if weather permits and enough labor is available, according to Roy Nakatani of the farm section.

Chinese cabbage, beets, green onions, lettuce and Irish potatoes will be harvested during the month.

The farm section is still in need of workers in various divisions and all those available are asked to apply at the farm office.

RADIO EDITORIAL INSPIRED IN INTEREST OF FAIR PLAY

"My radio editorial opposing a planned motion picture which is to deal with 'Japanese espionage in the United States before Pearl Harbor' was inspired only in the interest of fair play," Jimmie Fidler, noted Blue network film commentator, declared in a letter to Saburo Kido, national president of the JACL, last week.

Mr. Fidler's letter was in answer to communication from the JACL after his broadcast of June 11.

CHICAGO PAPER COMMENTS ON JAMES NAKADA

CHICAGO, Ill.--The graduation of James Nakada from the Oak Park, Ill., high school brought forth an editorial comment and a news story in the same issue of the Oak Park weekly newspaper, Oak Leaves, under date of June 15. James Nakada came to Oak Park from Heart Mountain.

Dr. Eugene Youngert in addressing the graduating class laid emphasis on the fact that 26 national origins were represented in the class, calling particular attention to Nakada as having five brothers in the United States armed forces. Dr. Youngert described the service which each of these five brothers is rendering to this country in some detail, and after each such description, the audience is reported to have broken into applause.

"America is a great country in whose veins courses the blood of all peoples. It is before you in this class," he said.

The editorial re-emphasized the international character of the graduating class and also spoke at some length about James Nakada.

"The value of a citizen should not be judged by his ancestry or his color, or even by the fact that we are at war with the land of his fathers. It should be judged only by his present allegiance," Mr. Fidler said. "Thus a Japanese American who is loyal to Uncle Sam is as good a citizen as one whose ancestors arrived here on the Mayflower."

"I do not believe in racial hatred," the commentator added. "If God created one human being, He created all, and I do not concede that He intended one to be less worthy than another. Neither do I believe in war, but war, unfortunately, is unavoidable. Racial hatred is not unavoidable; there is no reason why sanity cannot do away with it."

DELTANS RETURN TO TOP YOUTHFUL LOBOS, 12-6

After forfeiting to the Mercuries a week ago, the Walnut Grove Deltans returned to the field with a revamped line-up to crush the youthful Lobos Sunday afternoon at the local diamond, 12 to 6. This win placed them in a tie for third place in league standing with their vanquished foes.

Johnny Arishita was hurling hitless ball for the '8F'ers until the former champs out loose with their vaunted batting power in the fourth frame. During the melee, the Deltans tallied six runs on five hits off Arishita and his successor Bob Shiro. The Lobos countered with four runs in the top half of the fifth when Norio Matsukawa slashed a triple with the bases bulging and scored on an infield out. But the Deltans retaliated in their half of the fifth with five runs to clinch the tilt.

Joe Shiro, of the Lobos cracked out four hits, including a circuit smash, to nab the day's batting honors, while Dave Kawai paced the winners with three safeties. Arishita was charged with the defeat, while Mas Ishigaki was the winning pitcher.

HUNT, Ida., June 28--Twelve Japanese residents of the Minidoka relocation center were charged with failure to report for military induction and another accused of failing to report for pre-induction examination in complaints filed today.
