

NEW DIRECTIVE ON SEASONAL LEAVES

The urgency of securing sufficient evacuee workers to assure proper harvesting of center farm crops was thoroughly aired at the recent meeting of the Community Council and administrative staff members. Accomplishment of other urgent work was also discussed.

And right in its heels

came Acting Project Director Henry F. Halliday's new directive concerning future seasonal leave applications, after reviewing the recommendations of the Community Council and the block managers. On and after Aug. 28, applicants for seasonal leaves must be employed in the center

and have been working a minimum of two weeks immediately preceding the date of application.

Occupational records of every returning evacuee (from seasonal or other re-inductable leaves) will be scrutinized to secure suitable placements in critical project occupations.

LINDLEY ISSUES NEW HOURS OF DUTY FOR EMPLOYEES

Project Director James G. Lindley, in an Aug. 9 project instruction no. 4, supplement no. 2, effective Sept. 1, stated that hours of duty for employees of this center will vary slightly from those previously made, and were established as follows:

Appointed personnel: 8 a.m. to 12 noon, and 12:30 p.m. to 4:30 p.m., Monday through Saturday.

Evacuee personnel: 8 a.m. to 12 noon, and 12:30 p.m. to 4:30 p.m., Monday through Friday, 8 a.m. to 12 noon on Saturdays.

Any schedule of hours varying from those outlined above, must be reported to and approved by the project director in advance.

It is expected that all employees will report for work at the established hours and will be on their jobs during their regular established work schedule. This is necessary, more so now than before, because of the additional workload brought about by the demands of selective service and the acceleration of the relocation program, stated Lindley.

READY TO RENEW FIRE INSURANCE

Since the majority of evacuee property fire insurance policies issued by the Co-op has expired, renewals are now taken at the Co-op office, states Dr. T. Miyamoto, educational director. New policies may be bought by those who wish them.

Further details concerning the fire insurance may be obtained at the Co-op office, which is located in back of the store.

LOCAL NISEI WAR CASUALTY

Pfc. Nacye Togashi, 25, was wounded in action in Italy on July 17, announced the War Department to his parents, Mr. and Mrs. Shinaburo Togashi, 12E-7E.

Private First Class Togashi volunteered for service from this center in June, 1943, and went overseas with the 442nd infantry after receiving his training at Camp Shelby, Miss.

OVERTIME PAY CLARIFIED AGAIN

Contrary to previous statement by Roy Nakatani of the farm section, regular farm workers putting in overtime must liquidate same through the regular channels. Only in Unusual or emergency circumstances will cash payment be made, provided the time cannot be liquidated within the 90-day period. Nakatani disclosed that his statement in the Aug. 5 issue of the PIONEER was in error.

216 FAMILIES RECEIVE COUNSEL

Two hundred and sixteen families received counseling at the welfare section during July, according to Jacob Gerrild, counselor. Twenty-two were new cases.

SHORTAGE OF LABOR RETARDS FARM HARVEST

Wide variety of vegetables are fully matured and ready to be harvested, but with the present labor situation, it is impossible to meet the demand of the center consumers, wailed Roy Nakatani of the farm office. Unless this critical manpower-shortage is eased by additional workers, the supply of fresh vegetables for center consumption will be drastically curtailed, added Nobuo Sakamoto, supervisor of crops.

Listed below are figures released by the mess and farm divisions, which show the variety of crops, weekly mess requirements, and number of men needed to harvest — continued on page 3 —

208 INDEFINITE LEAVES ISSUED LAST MONTH

During the month of July, 208 indefinite leaves were issued to relocation-minded Amacheans, according to the relocation office. This was an increase of 27 as compared to the previous month.

So far this year, a total of 1,338 indefinite leaves were granted to evacuees, while the grand total shows that 2,976 were issued since the establishment of the project.

Those out on seasonal number 665 while 226 have taken short term leaves. Center population has dropped to 5,916 as of July 31.

As "all good things must come to an end," I must bid farewell to all my associates and friends with this "thirty" column. It's difficult to express my sincerest appreciation for the splendid cooperation I have received from the various department workers and section heads during my past two years with the news staff.

To Project Director James G. Lindley, Assistant Project Directors Henry F. Halliday, W. Ray Johnson, Relocation Officers Walter J. Knodel, Willis Hanson, Lewis, Fanslan and "Che-a-day" Vecchio, Project Steward William Wells, Chief Medical Officer Dr. William Carstarphen and many other WRA officials, I extend my heartiest thanks for their whole-hearted support during my editorship.

And above all, I can't find words to thank my genial boss, Joe McClelland, for all he has done for me. He is tops as far as top man goes--none comes better than he.

As a cub reporter I can't forget the swell time I had with the CA movie division--especially with grand people like Min Iwamura, Sam Morishita, Eleanor Tani and Taka Aratani. In the realm of sports, there are my good friends, "Fefty Nishijima" and Joe Nakatogawa.

Those who had to take the beating from a sour-puss like me are my willing co-workers--especially Roy Yoshida, my successor; Johnnie Tsuruta, jack-of-all-trades; and hard-working secretary, Yayeko Morita.

As editor I witnessed the fast-moving events of the past year. First, was the terrible polio epidemic, then, the re-institution of Selective Service for nisei, the 442nd Combat Team going overseas next, and finally, but regretfully, the nisei soldier casualty reports.

I know this is just a goodbye for awhile. Our trails will meet again.

CIVIL SERVICE POSITION LISTED

"A job of the month" is offered by the Veterans Administration hospital at Wood, Wis. (near Milwaukee), to a man or woman who is a qualified and experienced clinical laboratory technician. This is a civil service appointment, and the salary is \$1,970 a year.

The hospital cares for disabled honorable discharged wartime veterans and service connected peace-time soldiers. This offer promises congenial working conditions, parti-

"The blood and lives of a gallant band of adopted Clevelanders are proving on the battlefields of Italy, the loyalty of the Japanese-Americans for the land of Uncle Sam," wrote Maxwell Riddle of the CLEVELAND PRESS in Aug. 7 issue.

The article is on front page with pictures of five nisei soldiers, Lieut. Kei Tanahashi, 25, and Pvt. Nobuo Kajiwara, 25, who were killed in action; and Sgt. William Oda, 23, Sgt. Mike Hagiwara and Sergeant Ito, who were seriously wounded in action.

"They are adopted Clevelanders because their families now live and work in Cleveland, after evacuation from the Pacific coast," stated Riddle.

Not pictured but also mentioned were Sgt. Edward Kiyota, who died at Cassino, Pvt. Ray Nomura, 24, wounded in action, and Pvt. Koo Ito, whose right leg was amputated.

NO CHANGE IN POLICY

Although the driver has been changed--perhaps to a less experienced hand--the vehicle remains the same. Therefore, the policy of the PIONEER remains the same. The PIONEER will continue to follow the path of FREE PRESS, as hewed so vigorously, so faithfully, and so sincerely by the tireless efforts of previous editors.

The PIONEER will function on the "old formula"--with changes only when such is to the mutual advantage of the paper and its readers. Because we are working under the handicap of being under-staffed, we may see a let-down here and there. But we shall continuously strive to do our best to be of public service.

Playing through Monday night is "Stormy Weather," with Lena Horne, Bill Robinson, Cab Calloway and his band. It's a movie full of pop, hep, rhythm and romance, portraying Bill Robinson's hectic climb to dancing fame.

"Mr. Lucky," starring Cary Grant and Laraine Day, begins its showing Tuesday. The two stars are at their best in a tug-of-love presenting an unusual and highly entertaining story of romance between an earnest socialite welfare worker (Laraine Day) and a happy-go-lucky professional gambler (Cary Grant). Don't be too hasty in leaving at the seemingly sad conclusion of the movie, for in reality it ends happily with love winning over evil, and both stars in each other's arms.

CAREY McWILLIAMS UPHOLDS JAPANESE ASSIMILABILITY

Speaking on the affirmative side on the subject of "Can Japanese Be Assimilated?" Carey McWilliams, noted author and sociologist, vigorously defended the Japanese in the Town Hall of the Air radio program on Aug. 3. Program originated in the Sacramento (Calif.)- Bee radio station.

Dr. Knowles, president of the College of the Pacific, uphold the affirmative with McWilliams in the verbal exchange and counter-exchange of arguments. Wayne Willington, former president of the Native Sons and Daughters of the Golden West, and Robert Foulk, Sacramento attorney, spoke on the negative side.

The negative speakers stated that Japanese were not to be trusted, and the

disloyals were too strongly rooted to the emperor and Japan to be assimilated into the American way of life. That treachery was a Japanese trait.

McWilliams emphatically countered that the misdeed on Italian battlefields was undeniable proof of their loyalty and showed their assimilability with their lives. To this the opposition averred that the nisei were valorous because they were fighting white men, but would act differently if confronted with soldiers of their own race. Whereupon, McWilliams pointed out that Japanese Americans were seeing action in the Southwest Pacific.

The opinion of the studio audience, on the basis of the applause heard, seemed to be equally divided.

"GO EAST, YOUNG MAN"

RELOCATION SOCKS SAKO

And so our dear old Sako left. The man who has been preaching relocation for two years finally took his own advice and decided to see the outside world. Excelsior Springs, Mo., is his first stop. From there, no one knows, but "Go East, Young Man" seems to charter his way.

Hailing from Sebastopol (Calif.), Suelo Sako has been in newspaper work ever since evacuation. He started as a cub reporter in Merced assembly center, began to write his own column, and acquired the name "Thumbnail Sako" through his "Thumbnail Sketches" in the PIONEER. Through this column, Suelo has known, by interviewing, Amache's noted personalities, including almost all of the appointed personnel staff members.

Not only is he a smooth writer, but Sako is also a smooth talker. Potency of his reasoning is realized even by a stubborn debater when he actually argues on a debatable point.

Suelo is a man with many names. He is more often called Sako, which sounds like a first name. One time a friend of his went to see him. As he knocked on the door of his apartment, Mrs. Sako appeared. "Is Sako home?" the friend asked her, naturally. "Who?!" she questioned. The "boy lost all his composure, "I mean, -- oh, Suelo, I mean!"

"Sophomore Sensation Star Suelo Sako" is another of his many significant names. This he acquired by his athletic pursuit as a baseball pitcher and an endeavor to become a regular on a basketball team. But this reason I've given you is not the real reason. It's only a "good" reason. I want to withhold the truth to spare embarrassment.

Sako was the fourth editor of the Granada PIONEER. He became an editor when the staff has been reduced entirely of its original members through relocation, and later by selective service movement. He trained the new recruits with tact and patience. He even came in the nights, alone, to the office to make last-minute corrections and do away with whatever that should have been done. He's weathered the storm. And we think he deserves a sniff of the outside air.... --Kats. Arimoto

SPURS INSTALL NEW OFFICERS

Installation of new cabinet members of the Spurs was held at an outdoor get-together meeting at Arkansas river on Aug. 4. Nan Yamamoto was the general chairman.

Officers installed were Nan Yamamoto, president; Sadayo Washino, vice-president; June Kumasaki, secretary; Yoneko Koohi, treasurer; and Helen Toyama, historian and member-at-large.

Grace Okamoto and Jane Nagai were initiated into the club.

TO DISCUSS FORMING OF USO

Plans for the organization of Amache USO will be discussed at the Tuesday meeting of the Blue Star Service club, 7 o'clock, at the Hospitality House.

There is a great need for an organization of this kind in this center. However, a movement of this nature requires the backing of all the residents to make this initial effort a success. All those interested -- parents, sisters, brothers and friends of servicemen -- are urged to attend this meeting.

FAREWELL PARTY GIVEN TO TURK

Harvey E. Turk, former community activities supervisor, was given a farewell party at the Wilson farm on Friday, Aug. 4, by members of the recreation department.

Among the many happy picnickers were W. Ray Johnson, assistant project director, and Mrs. Johnson, and Harlow Tomlinson, chief of internal security, and Mrs. Tomlinson.

Turk, who has been on the staff since November, 1942, departed Monday night for his home in Englewood, Colo.

HOSPITAL REGISTERS FOURTH SET OF TWINS

"Whenever it's early twilight, I watch a star break through, Funny it's not a star I see, it's a 'twin.'"

That's what Dr. Higa of the project hospital must have been singing early Tuesday morning when he aided Dr. Stork in delivering the first set of twins born this year. This was the fourth duplicate birth to be registered in the annals of the Amache hospital.

Proud but bewildered parents are Mr. and Mrs. Ralph Takao Sugimoto, 7F-9B, formerly of Walnut Grove, Calif.

The long-legged visitor

brought the first lassie and all of her three pound and eight ounces at 4:50 a.m. And 20 minutes later came back for a repeat performance with a four pound five ounce counterpart of the first baby.

Papa Sugimoto is reported to be working in Lemont, Ill., and will he be surprised to learn that he is a father of a twin!

VANDALISM

WE know that love and hate run very deep in a human being, especially when some principle, mistaken or otherwise, is involved, but from Portland, Oregon, comes a story of hate that seems bottomless in depth. And just as pointless. Certainly a crying shame of misunderstanding.

The incident in mind is the desecration of the Japanese cemetery for the second time within a year by some vandals with black hearts. Because of the ponderous gravestones damaged, the juvenile authorities are inclined to believe this to be the work of adults. It makes one wonder just what kind of a mind churns in people who would wantonly defile the final resting place of the dead. The fact that these were Japanese dead does not make this act any less dastardly.

If these thoughtless vandals figured that such an act would contribute to the war effort or could be considered as patriotism, they are truly bummathematicians. If they believed that such ruthless vandalism would atone for what happened at Pearl Harbor, they are weathering under an illusion bordering on insanity.

Yes, we know hate can run deep and make a person do things--at times--uncontrollable, but to take revenge in such a manner is unAmerican to the core. To run wild in a cemetery and ruin beyond repair the graves of innocent dead--shakes one's faith in humanity.

MAN has progressed by leaps and bounds in worldly goods; like radio, airplane, medicine, automobile and science, but in human kindness many of us have retarded to the dark ages. Civilization certainly takes it on the chin when people like the Portland vandals let war-hysteria get the better of their sanity. It must have made God very remorseful when He saw what was going on in that ceme-

MIDWEST LISTS NEW SERIES OF JOB OPPORTUNITIES

North Central area-- Illinois, Wisconsin, Minnesota, eastern North Dakota and Indiana--once again comes up with an increasing series of job opportunities. More and more communities are ex-

SPECIAL AUTO MECHANICS CLASS TO START MONDAY

Special training class in engine repair and maintenance will begin this Monday night at the high school auto mechanic shop under John LaFave's instruction, from 7 o'clock, according to James Walter, supervisor of vocational training.

This course is offered to persons above high school age and those showing definite interest in auto mechanics, which also includes welding and lathe work.

The class will meet four nights a week during the first three weeks and then will be reduced to two meetings a week. As number of trainees will be limited, all applicants must apply at the garage for interviews with Robert Smith or Elzie Brown of the project garage or LaFave immediately.

SCHOOL PUPILS TO SEE PICTURE

All elementary school children will be shown a delightful free movie, "Through the Rockies," this Monday morning at Terry Hall from 9:15 o'clock. Pupils are urged to see this interesting picture.

ADDRESS WANTED

Mrs. William Wells of the office services is in receipt of a package addressed to Albert Hatten from Mrs. Thomas Fisher of Deluth, Minn. As the owner cannot be found in the center, anyone knowing his whereabouts is asked to notify Mrs. Wells immediately.

PSYCHOLOGY CLASS TO MEET

Class in "Psychology of Adolescence," which is sponsored by the vocational training department, will meet in room 22 of the high school building this afternoon at 1 o'clock, announced Herbert K. Walther, secondary school principal.

All interested persons, including those already signed up, are urged to attend the meeting.

GILA-BOUND ALL-STARS IN DOUBLE BILL SUNDAY FACE ROCKY FORD IN AFTERNOON

Gila-bound local All-Stars will play a double-header this Sunday against the left-at-home All-Stars in the morning and the invading Rocky Ford baseballers in the afternoon at the 10F diamond. Morning tilt will start at 9 o'clock and the afternoon game is set for 1:30 o'clock.

Coach Harry Yonemura, leading the at-homers, will have the following players on his roster:

Flu Inaba, Norio Matsukawa, Jiro Tani, John Tsuruta, Yasu Hirano, Shig Sugano, Bill Matsumoto, John Arishita, Allan Asakawa, Harry Nishijima, Tad Morishige, Asao Takata, Isao Tokunaga, Jack Otani, Sharkey Matsuda and George Nakano.

Visiting Rocky Ford Tossers will be led by two former Amaheans, Harry Shironaka, erstwhile Delban star shortstop, and Kenji Umekubo, also of the Delbans; otherwise nothing much is known of their strength. On the other hand, the local All-Stars studded with sterling performers and backed by five-man hurling staff should be able to turn back the Rocky Forders without too much trouble. Taka Aratani will be in charge of the All-Stars.

ALL-STAR NINE SET ONCE AGAIN FOR GILA TRIP

After two weeks delay due to last-minute change in plans, the local All-Star horsehiders are finally set to leave Tuesday on their purported five-game junket to Gila River relocation center. Boys had their bags all packed to go on Aug. 1, but they had to sadly retrieve their toothbrushes. This time the recreation department states that it will be a sure thing, and not another "false start."

The All-Stars have benefited through the delay by the addition of Bobby Umekubo, the left-handed fireball pitcher, who is now able to accompany the team. With many of the players awaiting active duty induction calls, the invaders are expected to snap through the series and return as soon as possible.

SCHOOL ASSEMBLY FEATURES MUSIC
