## 10 LOCAL DRAFTEES WILL BE INDUCTED

### CAPTURE OF TURIN BY 442ND TOLD

ROME--The capture of Turin by the Japanese American troops was announced last Monday by Allied headquarters, according to INS report.

ROME--Gen. Mark Clark, 15th army group commander in Italy, announced the capture of Milan, Venice and Genoa, three of Italy's greatest cities.

The US Fifth Army entered Turin last Monday.

The 442nd Infantry, composed of American troops of Japanese descent, entered the great industrial city of 629,115 and found it completely under control of Italian patriots.

Center service flag was given a boost of 10 additional blue stars with the reporting of 10 Amache selectees for army induction in Denver, according to the internal security office. Eight left yesterday morning, while two were already in Denver.

## LIST SERVICES FOR NISEI GI DEPENDENTS

The American Red Cross home service division has sent instructions to every chapter--one in each county in the United States--in regards to the WRA's post-exclusion relocation program, pointing out how local Red Cross chapters can assist evacuee resettlers with family members in service.

Home service division workers have been advised to provide any needed service within their program to evacuees who are veterans, members of ex-service men's families, or members of families of active servicemen.

Importance of the home service providing reclassification of dependency allotments when servicemen's dependent families relocate was emphasized. Upon relocating, the family may be eligible a higher allotment.

In addition to assisting in the application for family allowances, claims for

pensions and other benefits, the home service program provides additional services and assistance to soldiers, veterans and their families. Chief among these —continued on page 3—

## HERE AND THERE

WE HAVE IN OUR OFFICE a "teletype" which is connected to various news sources. It is a contraption in the form of a very recalcitrant portable radio. Once it gets going it is a very efficient servant, but like all wartime servitors, it can get very stubborn.

Last Wednesday afternoon it was in a rare form, and through its voice "portal" passed one of the most welcome news in a month of Sundays. The news was the announcement of unconditional surrender of the German army in Italy.

No more shooting and no more casualties from enemy fire.

This was good news in many ways. But chiefly because the Fifth Army's 442nd Infantry was "spearheading" the bitter show-down against the desperate Germans.

Relatives and friends of the men in the 442nd can feel thankful that the fighting in Italy is over.

SOMETIMES AGO IN PARKER, ARIZ., a barber "kicked out" a disabled serviceman. And now comes to light another equally disturbing story from Indio, Calif., in Imperial valley where residents' temper at times gets as hot as the weather.

A soldier, winner of the Bronze Star and the DSC, went into a barbershop there to satisfy his hunger.

The man behind the counter, after sizing up his would-be customer, said harshly:

"We ain't serving no Japs here."

Both of these battle-scarred veterans were refused service because they were Americans with Japanese faces. It must have hurt them deeply to be so mistreated.

But the story goes deeper than that because persons of Japanese descent have always suffered from discrimination. It shows that those self-styled barons of self-interest can't see the trees of democratic principles because they are lost in the forest of hate and racial intolerance. Their anti-Japanese feelings are so

## ASSISTANCE

### CASE CITED

The Los Angeles area WRA office cited, through Mrs. Esther Wood, adjustment advisor, a case where the first grant helping a Southern California returned had been made, thus putting an end to skepticism concerning availability of the Federal Relocation Assistance Fund.

A woman returning residing in Riverside (Calif.) county, who has been referred to the area office as a correspondence case, in urgent need of a tonsillectomy was operated upon, and all costs of the surgery was paid for out of the Relocation Assistance Fund.

The case was handled through the Riverside county Department of Social Welfare.

A sure way to fall down on the job is to lie down on it.

strongly entrenched in their mind that it has no room for rational thinking. Those misguided "patriots" refuse to realize that their discriminatory actions are the very things Uncle Sam's nephews of all ancestry are fighting against on foreign soil.

OWN IN CALIFORNIA'S SOUTHLAND in a little town of Azusa reside the Nakadas. They haven't much claim to fame. They don't own a barber shop or a greasy barbershop -- they only have a small farm. But more than worldly goods, they have something which should make them justly proud. They have given seven sons to the US Army. Six of them, four volunteers, entered the service from a relocation center, while the seventh is on ERC awaiting his call.

It can be truly said the Nakadas are doing their part in the war effort.

## Letters

### TO THE EDITOR

#### TO THE FRESNO BEE:

Editor--Sir: While enjoying a weekend pass in the valley something very distasteful came within my sight. It was an automobile carrying a placard saying "No Japanese wanted in California."

To a soldier just returning such goings on are very disillusioning in the sense that we saw men of all creeds, colors and nationalities die for our country. American Japanese have died in Italy--not one but hundreds--so bigots here in California can live in peace.

The very things we are fighting for are those we wish protected when we get home.

Conditions which existed in Germany, Spain and Argentina are what we do not want here. If one minority is subjected to vile intolerance, others also will be next on the list. A bullet does not know race or creed at the front.

Fresno. A SOLDIER.

Editor--Sir: Hate is an emotion which destroys the soul. In her first great grief, perhaps, a mother hates the enemy who destroyed her son, but soon she feels only the better emotions and tries to adjust herself and help others to bring peace to a war weary world. We must not allow ourselves to hate our enemies.

If some mothers do not want the Japanese back at this time, it is not because of hate. It is because we love our country and do not want her in danger while our boys are doing such a marvelous job overseas.

Amache is among 200 or more Colorado cities and towns which will roar under the impact of a half a million "bombs" next Sunday, May 13, as the opening blast of the mighty Seventh War Loan drive, announced James G. Lindley, project director.

The paper bombs will bear the words, "I have bought an extra bond to blast Japan," and also have a space for the purchaser's signature. After each bomb has been duly signed, they will be mounted on huge map of Japan to blot out the glare of the "rising sun." The map will be located in room 10, North Ad. building.
