

GOOD NEWS TO THEATRE-GOERS

35 MM Motion Pictures to be Shown in the Auditorium

The management of the Rohwer Cooperative Enterprises takes great pleasure in announcing the showing of 35 MM motion pictures in the Auditorium in the near future. An agreement was made with the Center's Auditorium Committee, whereby, the auditorium will be available for the showing of pictures four nights a week on Mondays, Tuesdays, Wednesdays, and Thursdays. On Saturday afternoons, however, a matinee show will be presented as soon as provisions have been completed.

The type of pictures, which will be shown will be the latest productions of MGM and Warner Brothers. Another good feature of this change in motion picture shows is the reduction of admission. The admission will be 7 cents for adults plus one cent for Amusement Tax and 4 cents for children. This will mean a reduction of 3 cents in the price of adult tickets and a lowering of one cent in the price of children's admission as compared to the present rates. The lowering of the admission fees was made possible after a careful analysis of the past months attendance. We believe there is a further possibility of reducing these admission prices if the results prove favorable. Therefore, it should be remembered that our new prices will be subject to change depending on the number of patrons hereafter.

The Auditorium Committee has strictly advised us that No Smoking will be permitted in the auditorium. In addition, they have also advised us that the number of admittance shall not exceed the number of chairs which are in use there. This means that the seating capacity in the auditorium will be about 1,200. And we do believe that this capacity will be fully capable of handling the theater-goers during any one night's performance. In case, however, there should be an over-flow of attendance, the management will have to refuse those late-comers who want to see the show.

PLEASE WATCH THE ANNOUNCEMENT OF THE OPENING DATE IN THE OUTPOST.

REBATE

On Sept. 30, 1944, the Co-op distributed its third refund checks to all its members in this Center. At present, we are mailing out checks to the members who have transferred to Tule Lake and those who have relocated. With the completion of this payment, the amount of this third refund will be \$8,407.44. As we have paid \$5080.96 in January, and \$8,313.04 in July, the grand total of refunds which will be paid to date will be \$21,801.44 and this represents the complete refund payment on members coupon purchases during the period of February to September 30, 1944.

As we have announced previously the refund on Cash Purchases during the first fiscal year will be made shortly, we find that this amount, which will be paid with our fourth payment approximates \$9,700.00.

According to the audit made by Messrs Stewart and Rogers last fall, there was a sum of \$41,167.72 as declared patronage dividend. Of this amount, \$21,801.44 will have been paid back to members as their refund on coupon purchases and approximately \$9700.00 will be reserved for future payment as a rebate on Cash Purchases. This leaves a balance of approximately \$9,600.00 on hand which the amount have been allocated to non-members. However, since these non-members have never requested to be members by September 30, 1944, their allocation will automatically be transferred to the Co-op's Educational Fund according to the By-Laws. This means that these non-members cannot claim their refunds on the 1942-1943 fiscal year rebate even though they become members of the Co-op later on.
