Amache Colorado

Polls for the election of block representatives will be open tomorrow from 12. noon to 7 p.m. in the respective block information offices, announced W. Rey Johnson, chief of community services.

This election is to select a representative and not a block manager, Johnson emphasized.

If a block now has a manager who is also the representative, it will have to decide whether it desires this person to be the manager or the representative, Johnson further explained. After tomorrow, an individual will not be able to hold both positions.

RFCRUITING EFAM

WASHINGTON, Feb. 3 .-- A general registration at relocation centers of all evacuees who are 17 or more years of age will start next week, E, M. Rowalt, acting director of the WRA, announced here today.

At the same time, the War department announced that teams of Army representatives left Washington yesterday for Granada and other centers to obtain questionnaires from all male American citizens of Japanese ancestry who are 17 or more years of age.

War department's The action follows the announcement last Thursday by Secretary of War Stimson that a combat unit of American citizens of Japanese ancestry will be formed for active service in a theater of war.

All nisei at the Granada project who desire to volunteer for service in the combat unit will have an opportunity to do so while the Army representatives are there. Nisei who to not desire to volunteer at sei member of the Army's this time or who are beyond military age will be considered for jobs in agriculture or industry, including jobs in plants producing war materials.

Included in the WRA registration to be made at the same time will be all females, regardless of citizenship, who are 17 or more years of age, and all alien Japanese men over 17.

No registration will be made, however, of persons have applied for rewho patriation.

Rowalt explained that through this general registration : the WRA expects to get clearance on a large number of employable persons before they apply for leave and thus be able to speed up the relocation program.

"We are not trying to force any person to relocate who does not desire to do so," Rowalt said. "But there are increasing opportunities for evacuees to get jobs and if we can get a backlog of registrations on which we can be working, we should be able to get clearance for indefinite leaves for many people who later will want to relocate."

Registration will-start not later than Wednesday.

RATIONING MORE INTO EFFECT

More restrictions to be observed in the purchase of food for the center was the text of the communication received by Project Steward William Wells from E. M. Rowalt, acting director of the WRA in Washington, DC.

Until further notice, oleomargarine shall be used for all purposes for which butter has been used. Purchases of smoked ham or bacon shall also be stopped.

Other rationing in effect in the center are as follows:

Children under 6 years to 3/41b. of are entitled meat per week.

Children from 6 to 12 entitled to 12 years are lbs. per week.

All persons over 12 years are entitled to 22 All persons lbs. per week. These figures are based on gross weight of meat, bone and fat included, and cover such meats as beef, pork, bologna, and frankfurters.

Sugar is limited to 8 oz. per person per week.

Coffee is rationed to 1 per person for a five lb. week period for persons 15 years of age and over.

The mess division appreciates the cooperation of the center in observing the rationing cuts which have been announced from time to time, said Wells.

To alleviate the shortage of vegetables here, an order has been sent to Gila for some of their home-grown Chinese cabbage . and giant white radish, Wells concluded,

There's a Difference

When you go to the polls tomorrow, be sure that you have a clear idea not only of the candidates qualifi-cations but also of the position for which he has been nominated.

W. Ray Johnson, community services chief, remphasizes the fact that tomorrow's election is for block representatives and not for block managers. The latter are appointed by Project Director Lindley and are responsible to him.

The duties of the representative are purely legislative. He is to attend meetings at Town hall once a week to formulate ordinances for the center and is not

paid for his work.

The block managen, on the other hand, is always on duty and receives a Class C work order. It is his responsibility to take care of all block affairs, to act as a mediator in disputes, and to handle other duties essential for a smooth-running block.

Keep these facts in mind when you vote tomorrow.

And don't forget to vote.

er TO THE EDITOR

TO THE EDITOR:

It has been ably said that if from our experience here in this center we are to gain the greatest possible benefits there must be understanding, co-operation, and a feeling of mutuality not only among the residents, but also between the administrative staff and the residents. The running of the center cannot be a one-sided affair.

.The WRA's announced aim is the relocation of the evacuees in American society. This is possible only if the public accepts each us as individuals. An orportunity, is, afforded, the administrative staff in all the centers to set example for the precepts it advocates by implication.

Isn't it possible for the staff and residents to share the mutual problem of making the most of life here? This is impossible, however, as long as we know each other only as ro-, bots in an office and a double standard is maintained and segregation is practiced. Now, more than ever before, it is well to. remind ourselves that democracy lives not by lip service but by actually living it in our lives.

Ironically, within the center proper our former position of minority group has been reversed. We are now the majority group. How do we treat members of other races? Do we accept them as individuals whose motives and hopes are basically the same as ours? We are too prone to think of members of another race not as individuals but as one of a group to which we have ascribed different cheracteristics based on limited contacts and prejudices.

It is the hope of each of us, that we might be accepted in the total American society; that eventually we might be as free as any other individual of American society.

Now in this relocation center is the opportunity to share with Caucasians; to get to know others and become better fitted to take our place in American society,

It is as we live now in the building of an ideal community that we will be living toward the future. .

LAPAYETTE NODA

TOWN HALL

A pathetic lack of interest in tomorrow's election has been evidenced by the unwillingness of dapable people in different blocks to run for the position of block representative.

Without doubt, the position of the councilman is a thankless job. It is vol-untary work that frequently becomes a target for criticism, but it is work that must be done.

The block managers in many blocks had difficulty in obtaining the acceptance of nominees. It does not speak well for any block that civic interest is at such an ebb that candidates must be railroaded into accepting nominations.

The lack of interest on the part of the candidates undoubtedly arises from the indifference of the people.

The center is still in the formative period. A great deal of work has been done but much still remains.

This is our home. For how long, none of us knows. It is time the residents evinced interest in making it a better place to live.

The election will fill the seat of the first permenent council. Make your choice a man that will work not only for your block but also for the good of the center.

Disappointing was a question asked of Masao Satow, council chairman, by the AP newsmen who were in the center on Tuesday.

He was asked what he thought of our position here as compared to that of Americans in Japan. For some reason even well informed newsmen fail to realize that the majority of us in this center are citizens.

There is no comparable situation to ours in Japan. Americans in Japan are enemy aliens. We are Americans of Japanese ancestry, it is true, but nevertheless Americans in America. To try to compare us with Americans in Japan shows that a lack of understanding of unique situation still prevails on the part of the public.

EDITORIAL N.Y. PAPER SYMPATHETIC

Sympathy for the position of evacuated nisei was voiced by the New York Times in an editorial, "Japanese-American 'Yanks, "Saturday.

The text of the edito-

rial:

"It has been easy to understand why American-born Japanese -- the so-called-Nisei-had to be removed from Pacific coastal areas and also why there has been hesitation about enlisting them in the Army. In this country they have almost always been segregated. In spite of the fact that they are talker and more robust than their parents, they still look Japanese. It was hard to tell whether not they still thought Japanese. The wise method of dealing with them was that of patient individual inquiry into cases. This has now gone far enough and yieldedresults encoureging enough to justify Secretary Stimson's an-nouncement that qualified ones among them will be enrolled in a new Army unit in which they can share their share in the fight against the nation's enemies.

"The episode touches . one's sympathies. These Japanese are American citizens, just as are the young men of German and Italian descent who are loyal members of our fighting services. Their education has been American. They would not be at home in Japan, nor even in time of peace would there be a place for them there, When the war is over they may help to interpret America to a chastened and sobered Nippone Their eagerness now to bear in the nation's battle may ameliorate their rather lonesome lot in this country."

SEIZED ARTICLES

SKETCHES

Ten years ago the los 7:00 p.m. -- Besketball games, Angeles Examiner and a large Pasadena newspaper carried bold headlines about the new infant wender of the movies.

The novel discovery was hailed "the eighth wonder of the world" and "the answer to the movies' grayer."

This tiny Japanese baby who rose to sudden fame at the early age of two was Walter Phillip Horimoto who now lives at 12G-6E.

The story of Phillip's rise to the heights of moviedom reads like another

fairy tale.

In 1952 when the Paramount studios began their search for a child to play in their film version of "Madame Butterfly," some of Mrs. Horimoto's friends urged her to take her son down to the studio for a try-out.

All the hopes Phillip's mother dared to have for his getting the role were. lost when she and her son were turned away from the

cesting office.

Tired and dejected, Phillip and his mother started for home but after walking a block or so they. were hailed by two men from the studio. They had come to call the little boy tack. In the ensuing few minutes Phillip's contract was signed and he became a full-fledged actor.

For the next six weeks Phillip worked with Sylvia Sydney and Cary Grant on the picture Madame Butterfly." He captured the hearts of all those who saw him perform and he received special gifts from such famous actors and actresses as Clark Gable, Fredric March, Carole Lombard and Claudette Colbert.

His natural ability and talent astonished the directors and critics. When the script called for a sleeping scene he acted it

out perfectly.

Today Phillip is a grownup youngster whose major interest, besides being model Boy Scout, lies in the execution of some fancy jitterbug steps.

MIG TOURNEY ENTRIES OPEN

Sign-ups for a marble tournament to be held by contestents in all the 11 and 12 blocks begin today in the recreation halls of those blocks, announced Mitch Heshiguchi of the recreation department.

There will be a junior and senior division in the tournament. The junior division will be open to those up to 9 years of age while the senior division is open to all contestants.

According to Hashiguchi, an entry fee of one marble will be assessed in the junior division and two marbles in the senior competition.

These marbles will be awarded to the winners in the tournament:

The tournament is to start on Feb. 13.

Ducats to be Sold at Gate

Tickets for the hoop contests between the Amache Indian and the Wiley Panther A and B quintets Saturday night at the Granada high gym will te sold at the main gate, revealed Head Coach John C. Hoke.

They are also being sold at the principal's office at 8H-5F.

A complete first-aid kit has been received for the use of the physical education department.

500 PERMITS MUST 500 BE SECURED

Permiss for all gatherings must be secured through the 7% recreation office at least three days before the event, announced the recreation department.

SKOOKUMS * MEET LANERS

Two AA league cage battles are scheduled for tonight at the Granada high school gymnasium.

The initial contest at 7 p.m. will bring together the Royal Araians and the Lindy Hoops.

Proving themselves to be one of the top teams in the AA bracket when they held the strong Skookum five to a mere 3-point win Monday, the Araians are expected to dump the Hoops with ease. The Hoops looked weak in their last game against the Rockets.

In the second fracas, the league's two undefeated teams, the Skookums and the Kau Kau Laners, will fight it out for the top position.

In an exhibition game played last week by these teams, the underdog Skookums came through with an easy win and established themselves as the team to beat.

Tonight, the Leners will be rlaying the role of the underdogs and will be out to avenge that previous defeat. With a smashing win over the Sepol five tucked under their belts, the Kau Kau boys have shown vast improvement and should give the Skookums a tough battle.

Tickets for tonight's games and other games to come will be sold at the 7E recreation hall from 9 a.m. to 6.30 p.m. unless otherwise stated, according to the recreation department.

ASK RETURN OF CASABAS

Persons who have recreation department basketballs were today requested to return them to the 7E recreation office this week end

The basketballs will be checked and inspected. After the check-up the balls will be released to the holders again, the recreation department promised.
