TOWN HALL
TALK

For the Community

Of service to the community--with this in mind the YWCA will open the doors of Hospitality House today. Like the USO centers throughout the nation, Hospitality House was set up to give soldiers a place to visit with relatives and friends in a nice homey atmosphere. And it is also for the use of everyone in the community.

The YWCA hopes that you will call at Hospitality House, for its open door is a personal invitation to each and everyone of you.

Let's join in welcoming and dedicating a worthwhile addition to our community.

--T. A.

The call is out for more farm workers. The farm project knows it has a tough fight on its hand in securing men to turn out for work, so the problem has been thrown into the laps of the block managers. They too realize that the going will not be easy, but they are doing their best.

Lucrative offers from the timber and railroad companies plus the WRA policy of relocation are rapidly draining the center's available manpower, especially the younger men. They are not interested because they intend to leave camp soon and many of the older men are already working.

The only solution seems to be to transfer labor from other departments to the farm project. Departments with more workers than necessary and units that can suspend work temporarily will be investigated. The carpenter shop, warehouse, and the landscaping department are a few examples.

The manpower in the last-named department should be put to immediate use. Landscaping can wait but planting and irrigating must be done now.

The second step is persuasion. The important job of the block managers is to bring the people face to face with the seriousness of the situation. They must emphasize that the farm project is the only productive department in camp and undeniably the most important. Vegetables are becoming increasingly scarce on the outside. In turn our share is decreasing.

By supporting the farm project we can overcome this shortage. In addition, it will mean that there will be a greater assortment of greens on our tables.

A project which benefits the entire center should be supported by the people.

Project Director James G. Lindley returned Thursday from a meeting in Denver.

A naniwabushi program will be presented by the recreation department at 7:30 p.m. today at the 11F mess hall.

George Tashiro, Scout commissioner, left the center for outside employment Thursday.

Seizo Usui will handle the subscriptions and distributions of outside newspapers at the variety store, according to Consumer Enterprises.

Vern Campbell, fire protection chief, returned to Amache Sunday after a short business trip to Colorado Springs.

Philip T. Koshi, a labor agent from a sugar company, has established quarters in 6E-8D. He will remain in the center for about a month.

Mark W. Radcliffe, senior transportation and supply officer, is spending his annual leave at his home in Salt Lake City. He is expected to return here the first of next week.

The stockroom behind the 7H mess hall caught fire Tuesday, but damage was slight, according to Chief Sullivan. The blaze was attributed to a lighted cigarette that was carelessly left in the room. The volunteer firemen extinguished the flames.

Henry E. Reed and William M. Case from the Washington WRA office, agricultural division, are here conferring with local farm project officials.

Tickets will be given to drivers who park vehicles too close to buildings or in between barracks, the police department announced yesterday. The only time drivers are permitted to do so is for loading and unloading purposes and emergency cases.

MARY OYAMA SPURNED BY AUTHORS LEAGUE

DENVER, April 6--The Denver Authors league was brought face to face with a crackup when many members cancelled reservations to a luncheon in honor of Mary Oyama, nisei writer, arranged at the suggestion of Frank Clay Cross, connected with the national relocation commission.

Miss Oyama was presented to the league by Cross as a star attraction, "who is as American as any of the rest of us."

Objected Mrs. Bessie W. Ruble, one of the founders of the league,

"...We have three sons in the service (all on active duty)...so not yet, after all our sleepless nights and heartaches and tears, can I do homage to a Japanese, even though she may be American-born...."

William E. Barrett, president of the league, stated that "the fact that a woman of the Japanese race was to speak should not commit the league to any course

JAPANESE EVACUEE BEGINS SENTENCE

FLORENCE, Ariz., April 4--Joe Tsugawa, 46, Japanese evacuee began serving a term of 15 to 25 years in the Arizona State prison for the second-degree murder of Jinkichi Nitao, 49, his neighbor at the Gila river relocation center.

MILITARY SERVICE FOR LOYAL JAPANESE LIKELY

WASHINGTON, DC, April 2--Compulsory military service for loyal Japanese-Americans in relocation centers, with the Army deciding which individuals are trustworthy, appeared probable.

The idea of requiring all of the evacuees of military age to report for induction seemed likely to be adopted by the War department, following a conference between Secretary of War McCloy and Senator Chandler of Kentucky, chairman of a senate military

JOBS OPEN IN NEW YORK

NEW YORK, April 2--Two employment services report that there are more jobs available to Japanese-Americans in the New York metropolitan area than there are applicants to fill them.

S. J. Sakairi, proprietor of the Japanese-American Employment agency, declared approximately 85 per cent of the families here that discharged Japanese servants after Pearl Harbor are once more seeking Japanese employees.

appeared in a recent issue of the SF Chronicle.

The editorial further stated that, "Since this internment of American-born citizens is wholly extra-constitutional and justified only by military necessity, nothing could be more incongruous or illogical than to try to end it by a legal measure.

"Release of these people," the editorial said, "is going on now as the FBI separates the loyal from the disloyal. This release may not be rapid enough to suit our Kentucky counselor, but he should remember that under the circumstances the separation is not easy. The matter had better be left in the hands now engaged with it."

affairs committee group investigating the handling of evacuees.

The Senator thinks that the WRA and the Japanese settlements can be abolished "in time but not right away."

He urged that all the Japanese who will volunteer or who can be drafted be put in the Army; that the disloyal be imprisoned in concentration camps; and that the loyal who are able to work be certified by the FBI and allowed to take jobs.

Thumbail SKETCHES

Francoes Shuck, Amache schools' supervisor of student teachers, is one of the most popular faculty members among the elementary and high school students.

Her popularity is due to her unusual sense of humor, her love for practical jokes, and her dynamic personality. One of the employees in the education division claimed that film actress Kay Francis is the perfect double for Miss Shuck.

With 16 years of teaching and supervising experience, she is handling the all-important role of instructing the student teachers the methods and technique required to teach at Amache. She goes further by taking these young instructors to classrooms to witness her work as she takes charge of the class.

Miss Shuck received her BA at Central Missouri Teachers' college, and later earned her MA at Colorado State College of Education at Greeley. She later gained teaching experience at Colorado and Missouri schools.

Prior to her arrival here, she was supervisor of the student teachers' training school at Big Bend which is operated by the Colorado State College of Education. While there, according to co-workers, she gained reputation as a most persistent heckler whenever Dr. Enoch Dumas, new elementary school principal here, rose to speak at faculty meetings.

During the summer, she served as supervisor at the New Mexico Highland university located at Las Vegas, N.M. It was there she collected historic Indian antiques and studied Indian lore during her leisure moments.

Having traveled through 16 states and having met countless numbers of interesting people, she can speak for many hours on the different sections of the United States. Her whole family is serving the country's war effort in one way or another.--Suyee Sako

SOFTBALL TEAMS SIGN UP

WE LIKE IT

Little has been said of the short-pants boys' sportsmanlike acts during the dizzy and riotous basketball season. It has come to this writer's mind that there wasn't a single display of dirty tactics seen on the maplewood... Occasionally, the officials made questionable decisions, but the players took it like true sportsmen when they could have acted otherwise. We liked such display of sportsmanship.

GIRLS, PLEASE

We were disappointed in learning that there are only five teams in the girls' softball league and four in the volleyball league... In order to further the interest of girls' sports activities, we would like to see more of the teams "ink-up" at the rec dept. How about it, gals???

RESPECT FOR UMP'S

Softball has finally taken the center limelight, and accordingly an umpire's club is being formed... The fellows who will be asked to call the "balls" and "strikes" will be undertaking a difficult task and they will be sacrificing their precious time to be of benefit to the players and fans... By all means, readers, they aren't going to stand out in the hot sun and be ridiculed. Of course, they are bound to make some faulty decisions and that is to be expected... This writer believes that those who tackle this "thankless" job should be given praise --they deserve it...

ESSENTIAL

Time and again, we have seen accidents occur at softball games, and it was in these instances that we have felt that there was a need for one or two persons who knew first aid...

SO SORRY

We received a letter in regard to the result of the 12F girls vs. rec-boys volleyball tilt published Wednesday... The letter stated that the rec-boys mentioned were not official representatives of the rec-dept at

3 IN AA LEAGUE, TWO MORE EXPECTED
