FARM WORKERS

The shortage of laborers for the farm project is critical. To alleviate this serious condition, the counissei advisory board and the block managers are planning a campaign to impress upon the people the importance of the project. The residents must be shaken from their state of complacenov and brought to the realization that the farm project must be a success.

What to do about the dust problem is the major concern of all Amacheites. At present there seem to be two solutions: the erection of barriers and, more important, the extensive growing of rye grass, shrubs, etc. (Complete information as to the barriers have not as yet been divulged.)

As you know, the planting of rye seeds and trees have already begun. Effective landscaping will probably follow. But an increase in our water supply is necessary in carrying out this work successfully. Our present domestic water supply is inadequate for this need.

New wells have been dug, but the acquisition of necessary pumps and pipes require the approval of the WPB. This will take time. But a high official assured me that the materials will be obtained.

BULLETIN BOARD LISTS SOLDIERS

A clever, glass-covered bulletin board to be used for listing the names of the various visiting servicemen is now hanging in the south administration building.

On it, the soldier's previous residence, his present location, date of stay, and his host in camp are listed with his name.

Mae Uno, receptionist, is in charge of keeping the bulletin board up-to-date.

TRANSFERS MADE IN ESCORT GUARD

Second Lieut. Carl O. Johnson of the 335th Escort guard left last week for Omaha, Neb., where he will be stationed with the post engineers. He has been replaced here by 2nd Lieut. John Kellogg, a transfer from Camp Clark, Mo. Kellogg is now in charge of the Supply and Transportation office.

Second Lieut. Paul Anderson is due here this week from Camp Clark to fill the vacancy created when 1st Lieut. Winford W. Carter was transferred to the 742nd MP battalion, Fort Leavenworth, Kan.

CHICAGO Y AIDS IN RESETTIONS EVACUEES

The Chicago YWCA will aid in the WRA resettlement program, together with the Friends Society and the Federation of Churches, by helping girls to find jobs and a place to live, according to word received from Chicago.

The four Chicago Y's have such long waiting lists for permanent rooms that only temperary accommodations may be made. However, the Room Registry, which aids girls in finding rooms in private homes or in girls' clubs, is making a special effort to help evac-

The YWCA Service department is a point of contact for evacuees seeking outside positions. This department includes an Employment and Placement bureau, Vocational and Personal counselors, and a Room Registry:

Any girl interested in the Y's services may contact and notify them of her coming before she leaves the center. Arrangements will be made to have a Y member meather train. Let-

ters should be addressed to Mrs. Miette Cummings, Director of the Service Department, 203 North Jabash avenue.

Thrembruil SKETCHES

Hana Uno's insatiable curiosity and interests make her leisure-time projects both interesting and successful. The Girl Reserves secretary of the YWCh uses her spare moments in knitting socks for her three brothers, adopted brother Chris Ishii, and her fiance, all of whom are serving in Uncle Sam's armed forces.

Her name is familiar to all girls, and her contagious friendliness and eagerness to help have made her immensely popular among her associates and admirers. Her close friend, Fumiko Fukuyama, sums it up in this way, "Hana is the ideal girl in the minds of all the girls."

Hana's birthplace is Salt Lake City, but she received her education in Los Angeles. She attended J. H. Francis Polytechnic high school and gained experience in journalism as feature editor on the school paper.

After graduation she enrolled in post-graduate work, and later was employed by a number of firms as a clerical worker. Then followed an extensive trip through the Far East over a period of two and a half years.

Ever since her high school days she has been a member of the YWCA in Los Angeles, and the experience and knowledge she gained have been a great benefit for the center girls. The work she and the Y organization are doing is an important factor in the resettlement program.

Her popularity may be exemplified by the stacks of letters that she receives.

Whenever there is a meeting for the welfare of the community, one may be sure of Hana's presence.

Årmy Acquires Automobiles

LOS ANGELES, April 6-Disclosure that the Federal
government had requisitioned
a number of automobiles
left by Japanese evacues
for the use of the Army
spurred State officials in
their efforts to acquire
Japanese-owned farm equipment.

Previously, Governor Warren had revealed that a bill will be proposed to the legislature providing for the seizure of farm implements and machinery left by evacuated Japanese.

New impetus was given the State move by the revelation that 61 Japaneseowned automobiles, parked at Santa Anita when the Japanese were moved, had been requisitioned by the government, after appraisal.

ONE MILLION ARE JOBLESS

WASHINGTON, DC, April 3
--The census bureau reported a total of one million jobless persons--approaching what it described
as "the irreducible minimum."

The total was based on a nation-wide cross-section survey made in mid-March.

The bureau said that the number of employed male workers decreased by 100,000 between February and March, but that the number of female workers increased by 200,000 sending the 'total labor force to 51 million.

Shige Ishigaki chucked for the Zephyrs and Georgo Taira twirled for the losers.

CHOEF STEWARD WELLS EXPLAINS POINT RATEONING FOR PROJECT

The following method is in use in all WRA centers, to account for all processed foods such as, (canned or bottled fruits, juices, vegetables, frozen fruits, vegetables and juices, canned baby foods and dry beans) coffee, sugar, moats, fats, oleomargarine butter, cheese and oils under the rationing regulations of the Office of Price Administration.

Each project will receive ration points for processed foods, sugar and coffee, based upon the total number of meals served at the project, over a period determined by the Office of Price Administration in Washington. Meals served at the administrative mess and hospital will be included in this total.

ISSUANCE OF FOOD

Processed foods will be issued on the same basis as that used in civilian rationing; namely, forty-eight (48) points per person per month. Coffee will be issued on the basis of one (1) pound per person for each five-week period. Sugar will be issued on the basis of one and one-half $(1\frac{1}{2})$ pounds for ninety meals. A few examples of point values on processed foods are as follows:

Total Pounds	2=	16	Points

Or by omitting bacon and cheese and substituting oleomargarine for butter almost an additional pound of beef can be added. It must be remembered the point value quoted on beef. hindquarters

is the gross weight with kidney and suet in, flank on and all the bone. The point rationing per 1b. on ready cut steaks is much higher--example:

Sirloin (boneless) S points per lb.
Round Steak 8 " " "
Rib Steak 8 " " "

Therefore, if we would serve a twopound steak to one person, his whole ration allowance for one week would be gone not only for meat, but cheese, butter or oleomargarine and the fats to fry it in.

The use of milk is limited to comply with Washington instructions, which are as follows:

"The following regulations will be used in regards to the consumption of fresh milk on all WRA projects:

Fresh milk, pasteurized, will only be ssued to:

Infants

Small Children (under 10 years)

Nursing mothers

Hospital and special diet cases

Pregnant mothers
At a very early date complete rationing point values on all rationed items, will be posted in each mess hall, showing clearly the exact amount we are able to receive under rationing. These quantities are the same in all camps, and any rumors that other centers receive greater quantities are nothing but idle talk of misinformed persons. No one, be he a privite citizen or the head of a large institution has the power to change the ration allowance of the OPA. Therefore, these rumors should be treated as such.

RECORDS ARE OPEN

The mess division is always glad to show any qualified center resident the record of our purchases, methods of distribution, and cost accounting. We are endeavoring to offer you the very best menu that our limited budget and ration points will allow.

It must be remembered that our country is at war and we can no longer have all of the things we have been accustomed to having. According to all reports on the subject of food, we are faring much better here in the center than many other countries on both sides, Allies and enemies alike.

mies alike.

FARM PROGRAM SUPPORT ASKED

In view of the high point value placed on canned vegetables the mess division feels it is imperative that the center residents give their whole-hearted support to the farm program. We will be able to save both points and dollars, which can be used in the purchase of food-stuffs that are impossible for us to grow here on the farm.

All of the gold in the US Treasury cannot buy fresh vegetables for us if they are not on the market. Therefore, the safest, surest supply is to grow them ourselves. --William Wells
