## NAKANO TRIES TO END LIFE

An unsuccessful attempt at suicide was made Thursday by Yoshinosuke Nakano, 63, 12F-7C, who was found late that afternoon lying beneath the Arkansas river bridge with a slashed throat.

When found by Housing Superintendent Paul Freier and Plumber W. S. Keith, Nakano could only utter two words--"Manzanar" and "Granada." His clothes were soaked, indicating that he either fell or jumped into the river, according to the police.

He was taken to the center hospital and treated by Dr. Benjamin Higa, who disclosed that Nakano would live if he had not suffered too great loss of blood. He added that the knife used by Nakano had missed the jugular vein, but almost slashed the larynx.

Nakano was the 12F mess yard cleaner.

## FOOD ALLOTMENT IS DECREASED

Although money for food ration is 45 cents per person per day at present, beginning June 1, only 31 cents of this allotment can be used to purchase food on the outside market, announced the mess division. The 14-cent difference must be produced by the center farm.

## DETERMINE STEPS TO SPEED INDUCTION

A meeting of all the volunteers who have not yet received notices was held Thursday in Walter J. Knodel's office to determine what steps should be taken to speed up the induction of nisei enlistees.

It was decided that Project Director James G. Lindley would contact all the Selective Service boards and if necessary the War department.

## CO-OP SETS CHECK CHARGE; MOVES CLOTHING STORE

Consumer Enterprises announces that effective Wednesday, a service charge of five cents will be charged for all checks up to \$100 cashed at the West end of the PIONEER building. For checks from \$100 to \$200, the charge is 15 cents, and 10 cents for every \$100 thereafter. The booth will be closed Monday and Tuesday.

Beginning Wednesday, the hours will be from 9 to 11:30 a.m. No checks will be cashed at the co-op stores unless the individual sale is equal to or greater than the amount of the sale.

The clothing store has

moved its merchandise into the 8G recreation hall, and will remain closed until Thursday, announced the co-op.

## BOY SCOUTS TO CONDUCT CEREMONY

A Memorial Day parade and Flag raising ceremony will be conducted by the Boy Scouts of Amache at the high school grounds tomorrow, 9 a.m.

All Scouts are asked to attend whether they have uniforms or not. Troops are urged to bring troop and American flags with them.

The public is cordially invited to attend.

## GRANADA PIONEER

Published Wednesdays and Saturdays by the WRA and distributed free to each apartment. Editorial office: PIONEER building, Amache, Colorado. Telephone: 63. Editor: Khan Komai.

## Short TAKES

Residents wishing to relocate in Cincinnati should apply to G. Raymond Booth, relocation officer, for job opportunities. His address is 922 Union Trust building, Cincinnati, Ohio.

Boy Scouts will work on the project farm Saturday and Monday to alleviate the labor shortage.

All residents desiring transportation to Granada are asked to notify the police department 24 hours in advance in order to alleviate the gasoline shortage.

Tak Koge of the police department warns residents against using the east-gate entrance to the center. Only the west-gate entrance may be used, he said.

## OVER A BUNDANCE OF SPINACH SEEN

The recent rains stimulated the growth of the spinach to such an extent that there will be an over abundance of it on center menus shortly, according to William Wells, chief, mess division.

Although the spinach was planted at intervals to assure a continuous supply, the sudden growth of the plants necessitates immediate harvesting of the whole crop.

Davies.

He also discussed the element of "good and bad" within the camp and mentioned that Tule Lake has more representatives in the isolation camp at Lauppe, Ari., for American-born "incorrigibles" than any other center.

The need for present and post-war readjustments was emphasized by the writer.

## VITAL

## STATISTICS

## BIRTH:

To Mr. and Mrs. George M. Kawaoka, 6G-9F, a boy, May 26.

## We Must Produce

The Washington office of the War Relocation authority warns each center that it must produce the maximum quantity of farm crops if present quantity and the quality of food-rationing are to be maintained.

A letter from Dillon S. Myer, WRA director, states that the money for food rations to be purchased in the domestic market has been reduced from 45 cents to 31 cents per day. The difference between these amounts--14 cents per day per person--must be produced on the farm, which means that the farm must grow at least \$51.10 worth of food for each man, woman, and child in the center. However, because of the steady increase in the price of food, it would probably be necessary to produce far more in order to maintain the kind of diet needed to protect the health of the people in this center. The steady increase in the cost of food is rapidly withering the purchasing power of our allotment; but even if the money were available, the center might have to go without the needed food were it not for the farm. Some foods, especially meats, cannot be purchased regardless of the amount of money.

The slaughter of 600 head of cattle, 2,000 head of hogs, and 16,000 chickens, and the production of 2,455,000 eggs, as well as thousands of pounds of vegetables, will be required to furnish the needs.

The farm can be made to produce this food, providing the center turns out in full force immediately. Acres not planted within the next 10 days will not be planted. Right now planting is delayed by the lack of workers.

Further purchase of cattle will be withheld until the corn can be planted, because it would be useless to have cattle and no feed. The prospective loss in pounds of beef resulting from lack of feed may cause a serious shortage of nutritious foods necessary this winter.

Certain departments have announced cuts in their personnels to relieve the farm manpower situation; but to date there has been few transfers to the farm.

The problem is entirely in the hands of the residents.

## BETROTHAL OF VOLUNTEER TOLD

The engagement of Lily Matsushige to Sam Takahashi was announced Wednesday at a supper party. The bride-to-be is the daughter of Mr. and Mrs. Rinzuchi Matsushige.

Takahashi is the son of Mr. and Mrs. Terumi Takahashi. He left for Camp Shelby, Miss., yesterday.

## JOHN COPITHORNE VISITS CENTER

## N.Y. TIMES

## PROMPTS NISEI RESETTLEMENT

A feature story on the Tule Lake relocation center by Lawrence E. Davies, special correspondent, appeared in a recent issue of the New York Times.

Davies stated that an eagerness of the nisei to find outside jobs was becoming more and more evident, but at the same time, many were afraid that they could not overcome discriminatory attitudes and practices of American communities and were in favor of staying in camp.

"Those who go are convinced that now, and not after the war, is the time to get on their own again and win the acceptance from white Americans," wrote

## Negotiations For Internees.

WASHINGTON, May 22--An exchange of approximately 1,500 American civilians for an equal number of Japanese civilians may be arranged, announced the State department.

Negotiations for further exchanges of Americans held in Japanese-occupied territory and the Japanese in the United States had been under way since the first transfer took place last summer.

The State department is locating the Japanese in the United States whom the Tokyo government desires to repatriate, the announcement said. Until the task is completed, it cannot indicate the date when the exchange may be accomplished.

## SC SURVEY FINDS MUCH MACHINERY

LOS ANGELES, May 25--With the way now cleared by State legislation for condemnation and purchase of Japanese-owned farm machinery, Harry R. Oakley, local representative of the WRA, reported a recent Federal survey revealed approximately 1100 pieces of equipment in Southern California.

Among all of this idle machinery, there were only about 100 tractors, said Oakley. His explanation for the comparatively small number of tractors was that many Japanese apparently had sold their more valuable machinery before evacuation.

Fresno county has taken steps to seize all such machinery. Other counties were reported to be planning similar action.

## HOSOKAWA WRITES ON RESETTLEMENT

Featured in a recent issue of the Christian Science Monitor magazine section was an article by Robert Hosokawa, formerly of Seattle, Wash., now employed as Copy Editor of the Intercity News, Fairmont Station, Mo.

The article titled "An American with a Japanese Face," presented Hosokawa's observations and reactions to the problem of resettlement.

## FRANKENSTEIN CONDEMNS RESOLUTIONS OF NSGW

An editorial by Alfred Frankenstein, condemning the resolution made by the Native Sons of the Golden West calling for an amendment to the Federal Constitution barring the first generation of American-born Japanese from citizenship, appeared in a recent issue of the SF Chronicle.

Wrote Frankenstein:

"This proposal would, of course, repeal the 14th and 15th Amendments. It would also repeal science, American history, and Christianity. There is no anthropologist on earth... who will pass a moral judgment on a race. There is not a Christian teacher... who would agree that any race is inherently and unregenerately dishonest.... the whole American system of law and education is based upon the principle that the individual tran-

## NISEI SOLDIER SEIZED ON JAVA

Frank Fujita, Jr., a member of the "lost battalion" of the 131st Field Artillery which was on Java when that island was overwhelmed by the Japanese more than a year ago, is now a prisoner of war of the Japanese government. Confirmation of previous similar reports was recently received in a War department telegram by Mrs. Frank T. Fujita, Sr., his mother, in Abilene, Tex.

Frank's brother, Herbert Leo, is a member of the special combat team at Camp Shelby.

## WPB BANS SPECIAL TYPES OF GARMENTS

WASHINGTON, May 24--The War Production board decreed a ban on the manufacture of women's double-breasted suits and some other special types of garments, limited cuff buttons to two, and instituted a 2-way control of use of fabrics aimed at trimming the sweep of evening gowns.

Also brought under restrictions are maternity dresses and all types of neckwear.

scends all considerations of race and class.

"That such an amendment would, if passed, establish a precedent for the disqualification of any minority group against which any other minority group might choose to raise a clamor is obvious enough. That the amendment has no chance (of passing)... is also obvious. Nevertheless, it is disturbing to see it published as the considered opinion of a representative California group.

"One hopes that the recent remarks of Governor Warren are more representative: 'Now as never before our faith in the democratic form of government must be sustained to the utmost in unity against enemies who would divide us along lines of race or creed or origin.'"

# Incubail SKETCHES

On the last Japanese luxury liner, Tatsuta Maru, bound for the United States in the summer of 1941 from Japan, was Miss Elizabeth M. Evans, case worker in the Public Welfare department. For 30 years she was a teacher in the Northern Star Girls' high school in Sapporo, a city situated on the island of Hokkaido.

Those three decades that she spent in Japan gave her an opportunity to acquaint and adapt herself with Japanese culture, festivals, ways of living, and the people themselves. She is able to converse fluently in Japanese, but modestly claims she is not able to read or write the language.

As a teacher in the girls' high school, Miss Evans found that Japanese girls are exceedingly good actresses and fond of drama. Her ability as an enthusiastic participant in student activities, plus her sympathetic nature, won a place in the girls' hearts.

Miss Evans was raised on the western prairie for her parents were home missionaries among the Sioux Indians in South Dakota. There she climbed trees, rode horseback, and slid down hills in old worn-out dishpans with the Indian boys and girls. This experience proved invaluable, for she has been able to make closer contacts with the Japanese girls by, skiing, skating and hiking with them.

Miss Evans graduated from Huron college, S. Dak., with a BA in history. She later did some post-graduate work at the University of Minnesota.

Her belief is, "one should know a little about everything and everything about something." Once she served as an interpreter between a Japanese doctor and his American patients during two major operations.

reminiscing

Before we begin saying or doing anything, we wish to pay tribute to our past six sports' editors, who labored so hard to keep this page going.

Our first 402 went to Harry Ioka, now working in Salt Lake City; then came Jiro "Jib" Sumita, who covered the beat through the busy football and basketball season with his co-worker, Joseph Patrick Ide. Jib is now doing farm work in Ordway, while Patrick is holding down the "Outside News" desk here in the office. Elmer Ioka, now a gardener in Boulder, came next in line and Hiroshi Ito right after him. Hiro is at present, an accountant in the fiscal office. Our number six man, Yoshi Fujita took off for Cincinnati, where he will do nursery work.

lucky seven?

Ah yes, we have seen them come and go, and take our word for it, they were all experts in this line. Whether the number means anything, we don't know, but here's hoping that we will be able to carry on the good work done by our former editors.

Johnnie presents

Youthful Romeo Kitagawa, chucker for the Dodgers, turned in a 2-hit performance against the powerful Wahoos last week end and toppled them from the AA league lead. By virtue of this win, the Dodgers' clinched the lead for themselves and are now tabbed as the "team to beat."

Rookie Bob Umekubo, former infielder for the A league Granders, made his debut as an AA player caving for the Dusters Sunday. His 2 for 3 batting was the best in the 5-inning Duster-Deltan tussle.

AA LEAD AT STAKE

DODGERS FACE DUSTERS

The Dodgers will be after their fourth straight victory tomorrow afternoon when they meet the up and coming Dusters at the 10F diamond at 1:30.

This game will be a crucial one for both teams. If the Dodgers should win they will cop top honors in the AA league without dispute.

Wahoo-Deltan Game Slated

The second AA game at the 10F field is scheduled for 3 p.m. and will bring together the Wahoos and the Deltans.

The Wahoos were beaten by the Dodgers last week end and lost their lead, but they are expected to take the Deltans, who have been tripped in three straight contests. The game: however, may turn out to be a thriller.

Yas Hara, Joe Fujimitsu, or Mas Okuda is expected to start on the mound for the Deltans, while either Shig Fukuyama or Soapy Miyeshima will twirl for the Wahoos.

MEETINGS CALLED. B. AA MANAGERS

To organize a B softball league for boys under 15 years, a meeting will be held Friday from 7 p.m. at the 7E rec office.

From 7:30, AA league managers will meet to discuss whether or not to have a split or straight season.

SWANS ARE VICTORS

Aided by errors and luck, the Blue Swans scored five and four runs in the third and fourth stanzas respectively, to thump the Hayseeds 10-6, Wednesday afternoon.

Evelyn Miyeshima of the Swans hurled five-hit ball as compared to the eight-hit delivery of Mesaye Sugioka.

PREP AWARDS GIVEN

Certificates were awarded to the senior high school's A and B squads at Wednesday's assembly. C awards are due at the next assembly.

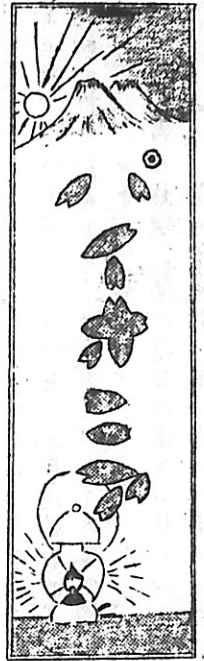

However, if the Dusters come through, they will grab the lead; providing the Deltans can take the Wahoos. A Wahoo victory will mean a tie for first place between them and the Dusters.

With slugger Fred Kishi of the Dodgers' hitting a neat .692 and with the addition of veterans James Kubochi, Tosh Shimizu, and Kanemi Onoto to their already formidable lineup, Duster chucker Chick Kunisaki will have his hands full trying to stop them. The Dodgers will start their regular battery of Romeo Kitagawa and Kenny Ohki. This duo is one of the reasons for the Dodgers' string of victories.

The Dusters with Mas Uyesugi, Tok Kunimoto, and Sat Uyekubo leading the batting parade will be out to upset their tough opponent and avenge the 8-1 lacing they took in the first round. The team has been augmented by new additions, Miles Hamada and Bob Umekubo. If these boys can pellet the offerings of Dodger pitcher Romeo Kitagawa, they will no doubt snap the winning streak of the league leaders.

私は館内の他の母親と同様、幼き子供の爲より以上の滋養分必要上、度々果菜類を賣店で買つて居る一人では御座います。

一般居住民の便宜上新鮮果菜類を賣店で取扱つて下さる事に對しては、非常に感謝してゐるので御座います。が腐敗し易き品物にも拘はらず各店員の一般果菜類に對する注意が十分で無い様に思はれます。

お互に日本人同志である關係上信用して品物を受取るのを常としてゐるので御座います。が掃宅して調べて見ますと往々にして腐敗品が入つてゐるのを発見する事が御座います。

先日一個五仙のアツアルを六個買ひました。が其の内四個は腐敗してゐました。之が一度や二度の事なら我慢も出来ませんが殆んど買ふ度毎にあるので御座います。

特別高價を支拂ふ果菜類に對しては其の價格に準じた品物を載さ度いと思ひます。此の事に就いては店員にも話したので御座います。

其の度毎に店へ持つて来れば取替するとは言つてくれませんが十二K方面からお出でになる母親等が赤キンを連水て一日二度も売店との向を往復するとしたら其の多忙な母親等の一日の半日は無駄に費さなければなりません。僅か十六弗の月給を以て、幼兒の健康を保持せんとする各母親の心境を御理解下さる當業者の方々の再考をお願ひする者で御座います。
