Pearson recalled an incident which occurred in Pottstown, Pa., sometime before Pearl Harbor. He mentioned that Willard Dorang had received a letter from a Japanese on the West

#### EDITORIALS BACK NYA'S REFUSAL TO ACCEPT NISEL

"We do not particularly blame the National Youth administration for not wanting to confuse the is-sue of training Japanese American youngsters from relocation camps. "declared an editorial in the June 3 issue of the Des Moines Tribune.

"The NYA is having a struggle of its own to get its appropriation renewed by congress...."

Continued the editorial: "It is merely unfortunate that this relatively small group was led to believe that it would be given a chance to prove useful and ".aliable, and that the chance was then suddenly snatched from it for reasons entirely apart."

The Chicago Sun commen-

"It is a source of concern that the NYA suddenly withdrew from the arrangement for training American born Japanese as war workers. # TOMO MOL TAIK

The Council passed resolution Monday delegating the police department with the power to issue dog licenses and to collect the fees. Maurice Silverman, acting center attorney. claimed that the delay in giving the department the power to act was not due to red tape on his part but simply the inability of the Council to act promptly.

Project Director James G. Lindley spoke to the block managers on Friday and to the Council on Monday concerning his recent visit to Washington. Directors from all relocation centers and the Leuppe camp spent six days in conference with Dillon Myer, WRA director.

Segregation was a topic of utmost importance to many of the directors who felt that the evacuee employment situation in the centers could not be remedied until the undesirables were weeded out.

Although in some of the centers the number of segregation cases run into four figures, Lindley felt that the estimate of 200 for this center was slight-

ly high. Tentative plans call for separation of those who openly oppose the administration (this does not concern the Granada center), those who expressed a desire to repatriate or expatriate, those who answered "no" to question 28 at the recent registration (14 cases in Amache), and the passive resistors who won't work and won't relocate.

One of the 10 centers now in operation may be used for the segregation camp if segregation becomes a reality. This, declared will necessitate Lindley, a consolidation in the other centers to take care of the population from the chosen center.

Among the other topics discussed at the conference were evacuee employment program, internal security and self-government, relocation and leave clearance, and project organization and food problems. --K.K.

### ALIEN LABOR USE URGED

WASHINGTON, June 7-The full use of all aliens in the United States, irrespective of national origin or citizenship, in war plants was urged in a joint statement issued, by the War, Navy, and Justice departments and the Maritime commission.

The statement, signed by Secretary of War Stimson, Attorney General Biddle, Secretary of Navy Knox, and Maritime Commissioner Chairman Landis, further stated that failure by a contractor to employ such an alien is a breach of the contract anti-discrimination clause and contrary to national policy.

The announcement also shortens and simplifies the procedure whereby holders of government airplane and "classified" contracts may obtain permission for hiring aliens within two weeks or less.

#### RESETTLEMENT PROBLEMS GIVEN

Five articles, by writers who have been actively interested in the evacuation program and its resulting problems, appear in the "Democracy Begins At Home" symposium in the current Summer issue of Common Ground out this week.

The major aspects of evacuation and the present dispersal resettlement program is discussed.

The introduction to the symposium is written by M. Margaret Anderson, editor of Common Ground, who states that resettlement "is no program for the government alone...it is ultimately the responsibility of the individuals at the bese of American communities, for it is there that the evacuee must eventually find job, his housing, his community acceptance--his assimilation into the American scene."

Other writers include, Robert W. Farse, assistant chief of the employment division of the WRA; Robert'O'Brien, formor director of the National Student Relocation council. Alice L. Sickels, secretary of the St.Paul Resettlement committee.

# TOWNSEND REVEALS IRREGULARITIES IN POSTON CENTER

L(S ANGELES, June 10-That the Japanese in the
Poston Camp cached bread
and other food in the desert
for invasion forces and
paratroopers, was revealed
in a testimony given by
Harold H. Townsend, former
chief supply and transportation officer, before the
Dies congressional subcommittee.

Townsend said, "The information was furnished me by certain friendly groups (Japanese who were endeavoring to get special favors)..." He described a riot at the camp last Nov. 18 and said that "amid catcalls the Japanese flag was hoisted on a polo in front of the jail. Loudspoakers, stolen from the warshouse, had been installed and the Japanese national anthom was heard through the camp."

Townsend further stated that the riots continued because the WRA, the War department, the Department of Justice and the Indian service "would not assume responsibility."

That the Japanese were allowed to leave the camp et will, that they used government cars for picnics, that they stole lumber and gasoline were also revealed.

#### LA EVANGELIST PROTESTS RELEASE

LOS ANGELES, June 9--A protest against the release of Japanese from relocation camps, to return to California, was filed by Aimee Semple McFherson, president and founder of the International Church of the Foursquare Chapel.

Their return "would incense the people and would createriots and bloodshed," said the evangelist. to ascertain whether there is any relationship between publishers of certain Jape, nese-American papers and Communist "front" organizations.

Immediate attention is being paid the Pacific Citizen, assertedly under the auspices of the JACL. The tone of the editorials in the paper, which has lashed out at various legislators, the Dies committee and other groups, "is very much like the line followed by the Communists," according to Robert E. Stripling, chief investigator of the House committee.

#### GOVERNOR OPPOSES EVACUEES' RETURN SACRAMENTO, June 11--

SACRAMENTO, June 11-Governor Warren opposing the return of the Japanese to Californie said that it would be a "body blow to our security."

He continued: "I believe the evacuation of the Japanese at the time it occurred was one of the things that saved our state from terrible disorders and sabotage to wreck our industry. It also was a protection to the Japanese themselves."

#### ALIEN LAND BILL. SIGNED BY WARREN

SACRAMENTO, June 8-California's alien land law, prohibiting the ownership of land by aliens ineligible for citizenship and aimed directly at the Japanese, was strengthened when Governor Warren signed a bill sponsored by Senator Clair Engle of Red Bluft.

The governor's office said the legislation was drawn to outlaw "the wide-spread practice indulged in by Japanese before the war of farming California's agricultural lands by acting as guardians of their children."

The new act, making any violation a felony, prohibits an agreement made in the name of a wife or child when the alien guardian himself enjoys beneficial use of the property. Guardians must farm or manage lands for the exclusive benefit of their wards.

SKETCHES

Traveling down a gravel road in an automobile on a rainy day is her idea of pleasure; sitting on a sandy beach, watching the ocean waves roll in is her idea of restfulness. Such are the whims of Alma K. Folda, chief nurse at the WRA hospital.

Prior to her arrivalhere, Miss Folda was the assistant director of the School of Nursing at St. Joseph's hospital, Omaha, Neb., for six and half years. It was there she recalls that in one class of nurses there were two sets of twins for the past three years.

During a period of 15 years, she has helda number of high positions in various hospitals at Nebraska and New Jersey as instructor and director. She graduate of St. Teresa college in Winona, Minn. and St. Joseph's hospital, School of Nursing, where she received a Bachelor of Science and Nursing degree in 1928. A year later, she attended summer school at University of Chicago, and matriculated for a Masters degree at Columbia univer-

sity from 1932 to 1936. Miss Folda belongs a number of organizations; her professional affiliations are countless, and her activities are all in line. with the nation's welfare.

Omaha is the best place in the United States, according to Miss Folda. Until her arrival at Amache she didn't appreciate the value of trees and flowers, but now she admits it is a different story. She has traveled extensively from

coast to coast. When Miss Folda isn't playing bridge, her favorite pastime, she is sewing. She is enthusiastic about meeting and working with people and this may be attributed to the fact that she always lived and worked with large groups. She enjoys her work at Amache.

She has a sister and two brothers. One of her brothers is a major in the US Army's field artillery soms where in the South Pacific. --Sueo "Suyeo" Sako

# all-stars

Having watched all of the AA players in action, and having weighed carefully the ability of each. we're picking the mythical AA softball team of the center.

For pitcher, we'll choose Pomeo Kitagawa of the chamrionship Dodger team, who has a perfect pitching record of four straight wins. Kenny Ohki, of the Dodgers and Tom Ioka, Deltans, are on a par but Tom's superior batting places him in the number one spot for catcher. Old-timer George Kawamura, Deltans, is picked to cover the initial sack. At second, we like Mas Uyesugi, Duster, who was shifted from the short petch. The hot corner is held down by Flu Inaba, Deltans. Fred Kishi, Dodgers, with his .714 hickory average can't be best at the short-stop berth.

In the outfield we like Su Fukuyama, Wahoos! heavy sticker, Kanemi Ono and Tosh Shimizu, Dodgers, and Sat Uyekubo, Dusters. Erch noted for his hitting and fielding ability.

Honorable mention must be given to speedball chucker Ted Mukaihata, Wahoos, who wrecked his arm efter winning his first two games. With Tad on the mound, the Wahoos may have copped the AA pennant.

# four AA; Four A Teams Signed

Four AA and four A teams have signed up for the baseball leagues expected to start next month. They are the Dodgers, Knines, Dusters, and Deltans in the AA and Sepol, Skibos, and two teams from the Motor Pool in the A league.
