THE PARTY NAMED IN

Amache, Colorado

June 26, 1943

## OPEN HOUSE PRESS INVITED

This center will play host on July 1 and 2 to a group of representatives of the press, radio and newsreel, who, under the joint auspices of the WRA and OWI, will be given an opportunity to observe the actual conditions existing in Amache.

The visitors, coming from the Colorado and neighboring state areas, will not be taken on a conducted tour of the project site, but instead will be accorded complete freedom to roam the premises as they please, thus enabling them to obtain a more intimate knowledge of all phases of evacuec life.

A similar "open house" conducted in the Tule Lake relocation center for the benefit of 16 Pacific coast newspapermen resulted in much favorable publicity on the evacuees in the various bay area papers.

The residents of Amache are asked by James G.Lind-ley, project director to extend all hospitality to these people and to cooperate in furnishing information which they may seek.

# HIGH SCHOOL TO BE DEDICATED JULY 2.3

A pageant, "Better Amer-Through Education," icans will be the theme of the dedication ceremonies of the new high school July 2 and 3. The elementary students will present a play, "Young Americans About Being Amer-Learn icans;" the high junior school, "Youth's Day in Amache;" senior high,

## New Recruits Are Sought

A meeting of all persons interested in signing up for Camp Savage, Minn., will be held at 7:30 p.m. Tuesday in Terry hall, announced Walter J. Knodel, local selective service officer.

A representative from Camp Savage, Miss., will be in Amache in the near future to interview prospective candidates for the Army school there. Kibei are the ones whom the Army is anxious to contact. A new class is scheduled to begin in July.

## MYER REFUTES CHARGES OVER 'MARCH OF TIME'

WRA Director Dillon S. Myer, appearing on the March of Time program Thursday, on a nation-wide hookup, said that the evacuee problem "is not only of concern to the WRA, but it is vital to the entire nation."

He stated that the basic principle of Nazi oppression of racial minorities must be avoided, and the rights of citizens and aliens loyal to this country must be protocted.

"Let's not do as Hitler would do--let's do it in the American way," Myer declared. In reply to a statement made by a member of the Dies committee on the same program a week carlier, that no check was being made on the loyalty of the Japanese Americans being released from the centers, Myer said evacuees who are pro-Japan or who are considered dangerous are not allowed to leave the centers.

He stated that 14,000 evecues have been granted leaves after being checked as to leyalty, and not one case of sabotage or disloyal activity on their part has been proved.

"Youth's Role in America."

The resume of the program will be given in Japanese for the benefit of the issei.

Tom Okamoto is in charge of the posters, which will be made by the silk screen project.

Committee members are:
Paul J. Terry, S. Clay
Coy, Herbert Walther., Dr.
E noch Dumas, Gerald V.
Griffith, Orin Hascall,
Robert Dierlam, Samuel J.
Gordon, Lucille Friodman,
Grace Lewis, Tom Okamoto,
Dr. Takashi Terami, Frances
Shuck, Enola Kjeldgaard,
Stanley Tsuchiya, Mrs. Tamiko Muro, Harry Naka,
Goodwin Peterson, and Kate
Watanabe.

## DIPLOMAS PRESENTED

One hundred and seventyfour graduates of Amache
senior high school, the
girls dressed in white caps
and gowns and the boys in
navy blue, were presented
their diplomas by Paul J.
Terry, superintendent of
education, at commencement
exercises at the new high
school auditorium Thursday
evening.

Joe Kamiya, senior class president, presented two class gifts, a speaker's stand and a yearbook, to Akira Sameshima, student body president, who accepted them in behalf of the school.

Marion Konishi and Mitsuye Oshita were the studont speakers.

#### SR. HIGH HEAD RESIGNS POST

S. Clay Coy, principal of the senior high school, resigned his position to accept the principalship of the junior and senior high school at Grand Junction, Colo.

## Let's Be Normal

Newspaper reporters will be visiting Amache on July 1 and 2 to observe conditions existing in a relocation center.

For most of the visitors this will be their first visit to a center and their first contact with the evacuees. Despite newspaper and magazine articles their conception of evacuees and relocation centers are on the hazy side. They will be coming here with an open mind anxious to obtain first hand information.

Their reactions and the subsequent publicity Amache will receive will depend on each and every one of us. The chances are we will encounter them at our jobs or in our blocks. Be natural, help them get a true pieture of the center life.

# TOWN HALL

The recent election results were surprising in the number of nisei voted into office. Only four of the 29 blocks expressed preference for issei councilmen.

The recent Washington ruling giving issei the right to hold elective offices and the subsequent overwholming vote approving the action in the charter a mendment election, might have been interpreted as a desire to have the first generation hold positions in the self-government set-up, but apparently this was not so.

The election was decided strictly on the basis of personal qualifications and no 'issue was made of the fact that the candidate was issei or nisei.

In Poston I, however, the result of the new ruling was evident when 20 issei representatives were elected against 12 nisei.

The harmony that has prevailed between the issei and nisei in this center is apparently the reason no desire for a change was shown.

The new shoe ration coupons will not receive extensions this time, says willis J. Hanson, leave officer. On the outside, the only limit on the use of the coupons is the expiration date of Oct. 18, but 30 days are all the evacuees are allowed. This should be more than enough time to buy a pair of shoes—if we get the 30 days.

Two things necessitated the extensions of the last shoe coupons: people weren't told to apply for the tickets as the need arose, nor were they made aware of the time limit.

The primary reason, however, was the inefficiency with which the applications were handled. Two-thirds of the allotted period was gone before the applicants received the coupon leaving them a little more than a week in which to purchase shoes.

Give them the full 30 days from the time the coupons are in their hands.

# *`TIME" TELLS OF NISEI*ACTIVITIES IN COLLEGES

The June 21 issue of the Time magazine carried a story in the Education section titled, "Okuda, Kojima and Company."

Said Time: "Whatever trouble alien Japanese may cause in the US, government officials seem relatively calm about most nisei...At Camp Shelby, Miss. last week an allnisei group was training for US Army combat service. More than 1000 young nisei were enrolled in about 125 colleges in 37 states, finishing educations interrupted when they were evacuated from the West Coast in 1942."

Citing Kenji Okuda (formerly of the Granada center), now attending Oberlin college, as a typical nisei student, Time said that Okuda was the "son of a former Seattle expressman, he was raised as a Protestant, stood second in his high school class of 500...At Oberlin, Kenji heeled the .college paper, made a hit, became student-council president. Declared the paper: 'He was elected primarily on the basis of merit....'"

## WARNS AGAINST COAST RETURN

LOS ANGELES, June 16J. W. Buzzell, secretary
of the Los Angeles Central
Labor council, told the
Dies sub-committee that
nothing would please the
Jap government more than
an order permitting Jap
evocuees to return to the
vital defense area.

"All Japanese look slike,"
Buzzell said. "If they
are permitted to return
here, what' is to prevent a
Japanese submarine from
landing saboteurs who could
easily change places with
the evacuees?

"Many of the Japs are in Army uniform. This uniform could be donned by Japanese so landed, giving them access to our Army

"There is no way to" judge their loyalty or dis-

tioned in the story were Setsuko Matsunara, USC Phi Beta Kappa, now at Wash ington university in St. Louis; Masamori Kojima, relocated from UCLA to Haverford college, Penn.; and twins Eva and Hannah Sakamoto, UC students, now studying nursing at University of Colorado.

A picture captioned "Nisei and friends (Caucasians) at the University of Nebraska," was also shown. PROGRAM HONORS SIXTH GRADERS

One hundred and thirtyfive sixth graders were honored by the fifth graders at an elementary school assembly program yesterday morning at the new high school a uditorium. Paul J. Terry, superintendent of education, and Dr. Enoch Dumas, principal of the elementary school, addressed the group.

Selections were presented by the fifth grade choir.

# WRA CHIEF REPORTS ON EVACUEES, RELOCATION

WASHINGTON, June 16--WRA Director Dillon S. Myer told a House Appropriation sub-committee in a testimony that about 11,000 in-

Dies Group Ends Hearing

L(S ANCELES, June 19The Dies sub-committee investigating subversive activities of Japanese in
America wound up its twoweek Pacific coast hearing
and headed back toward
We shington.

The group concluded with charges that the URA used government funds unwisely, that it treated the evacuees too lightly, and warned that the dams and public utilities near relocation centers be adequately protected.

"The preponderance of testimony before the subcommittee indicates administration of the Japanese relocation centers has not been satisfactory," members concluded.

loyalty," he said, "and we are strongly opposed to taking any chances with any of them."

Evidence that Japanese kitchen workers hoarded groceries and traded them for liquor was presented by Earl A. Best, now of Denver, a former steward at the Ht.Mountain center.

Best said that he was threatened by a Japanese chef when he attempted to take inventories of food stocks. ternees have gone out on work leaves without one reported case of disloyalty.

He also disclosed that he plans to move 30,000 Japanese Americans out of relocation centers in 1944.

Myer said about the Plack Dragon society:

"There hes been a great deal of discussion about the size of the membership of the Black Dragon society. I cannot say how many members there are or as to whether there was a Bleck Dragon society in this country. Thenever we have evidence of people being members of such organizations, of course, we are not releasing them from centers."

Other highlights in Myers' testimony:

The best information indicates that Americans interned in Japan ere suffering no particular mistreatment.

About 6000 of the 100,000 persons of Japanese ancestry have requested repatriation.

The yearly cost of maintaining a Japanese evacuee is \$439.

Approximately 1300 evacuees volunteered for service in the US Army during February and March.

Twenty-four per cent of the evacuees have answered no to the questionnaires asking them to swear total allegiance to the United States.

About 8000 Japanese Americans now in this country visited Japan, most of them only briefly. Thursbrail SKETCHES

He was a little shaver when the bandits of the infamous Tom Horn's days roamed the hills and towns of Colorado. He attended the memorable trial of Queen Anne Bassett, notorious cattle rustler of the early 1900's.

The little tike is John N. Spencer, chief of agriculture and industry, in Amache. Born and reared 43 years ago in Hayden, Colo., Spencer spent his boyhood watching his dad herd sheep into an unfriendly cattle country.

Although he was a cowboy, sheep herder, and farmer for many years, Spencer was a man of great foresight, who decided a day would arrive when education would prove invaluable. Thus, to prepare for such an occasion, he attended the

an occasion, he attended the Colorado State College of Agriculture and Mechanic Arts in Fort Collins.

But his education wes interrupted temporarily when he was called to serve in the US Army in 1918. After his release from service, Spencer devoted the next 10 years to farming near Fort Collins.

Determined to complete his college education, he returned to the same institution and in 1931 received his BS in agronomy. Since then, Spencer held various positions at his alma mater, and was employed by the Federal government in the Soil Conservation service. His work required him to travel extensively throughout Colorado and NewMexico. Since 1939, he was employed in Washington, DC.

One outstanding thing about Spencer is that he never sits back and tells his workers what to do but gets out and works with them. Any day, one may find him stacking hay or digging irrigation ditches.

Spencer is a very sincere and sociable man. Once, he picked up a lad on the road, provided him with room and board at a hotel. Spencer's only reward was to have the lad pull a pistol and rob him of his wallet.

Of Evacuees

LOS ANGELES, June 18--Immediate return of all all loyal persons of Japanese ancestry to the Pacific Coast was urged upon the Dies committee by the A-merican Civil Liberties union through Attorney A. L. Wirin.

Wirin argued that the evacuation was motiva ted not so much by military necessity but rather by race prejudice, and the influence of pressure groups of an economic character.

The attorney went so far as to say that Lt. Gen. John L. DeWitt in issuing his evacuation order "became the victim or ad-hered to the feelings of the prejudice of the pres-sure groups" and that he shared the racial prejudice against the Japanese.

French quotes Fujii as saying that "the only thing to do is to put all Japanese into interment comps. The loyal Japanese accept internment willingly because they know there are dangerous kibei in their midst."

Fujii asserts, according to the author, that "it is better to inconvenience 117,000 Japanese than to imperil 130 million Americans."

"Manifestly he didn't when he told a Dies sub-committee that the removal of the Japanese from the Pacific area was dictated by racial prejudice rather than military necessity."

left out Nagoshi, senior, running in the century, was gypped out when he came in second but was "overlooked" by the officials. They didn't see him come in because he was running in the inside lane, was their explanation. The spectators (mostly seniors) gave out a protesting yell but the big-wigs of the meet ignored them. Choppy Kanagaki, junior, was given second spot and the 11th graders won the meet by three slim points over the seniors. The three points if awarded to Mikio would have meant the meet crown for the seniors by one -. point. Nagoshi didn't even place in the event.
