ACTION COMMITTEE TO COMBAT UTAH TENSION

Salt Lake City.—To combat the growing racial tension in the State of Utah and Salt Lake City and its neighborhood in particular, a new bureau of investigation has been organized. It is to operate under the name of the Citizens Committee for Interracial Racial Tension in the State of Utah.

On The Other Hand

In his loving battle to oppose appropriation for the FEPC, Senator McClellan, Ark., declared the other day: "When white and Negro women are compelled to sit side by side at their work, use the same toilet facilities, eat at the same table, it is an encroachment on the constitutional rights of both races, either wants to be segregated from the other."

Senator Bilbo of Mississippi, for years, has advocated resettling American Negroes in West Africa. He alleges that two to three million Negroes not to his idea.

Senator McClellan's talk about "segregation" is interesting, if remotely, for two of the WRA groups have been located in his state, one of which, Jerome, is being closed.

Murmured aftermath of Los Angeles Mayor Bowron's housing program in the former Japanese quarters by the Bronzeville Record quarters has been located in his state, one of which, Jerome, is being closed.

"We will wager that Hitler didn't look for the best spot in those Ghettoes, just as our mayor didn't look for the cleanest places in this little city to commend. Dirty places that these people have made clean. Places that reek with Japanese filth, the so clean sons of heaven left for Americans to clean up. Filth that these Americans have cleaned up and who are proud of the results."

Apparently an inheritor of "tough" jobs, often ticklish and tense commands, Lt. Gen. Delos C. Emmons, perhaps may prefer to get an equally tough, or tougher assignment.

The general this week relinquished his position as commanding officer of the Western Defense Command. He was assumed the Hawaiian Department post shortly after Pearl Harbor debacle. Then he took over the Western Defense post succeeding Lt. Gen. J. L. DeWitt.

Emmons' predecessor had left something of a sour taste in the mouths of the evacuees following the closing of the "Jap's a Jap" phrase. Emmons, according to most reports, has had fair understanding in inter-Americanism, minority groups, equal economic opportunities, cosmopolitan aims and allied topics.

Folks Want Film Repeat

Due to repeated demands for another showing of the 442nd Infantry in Training at Camp Shelby, the local JACL has scheduled showings of the 442nd movie film titled "Go For Broke," and the WRA film, "Challenge for Democracy," and also an informational film on Social Security.

The public is invited to this open meeting to be held at the YWCA, fourth floor in Camp Shelby, at 8 P.M. This film is of particular interest because the 442nd Infantry, composed of approximately 6,000 Nisei, is now in combat and ready for combat, presumably in Italy.

Barron B. Beshoar of the War Manpower Commission and formerly Consulting on Minifilms will be the featured speaker on "Japanese American and Other Minorities."

Self appointed representative groups of California are picketing with officials in Colorado over the return of Japanese to the West Coast. The Californians are asserting that certain officials in Colorado are promoting the return of Japanese to the West Coast in order to get rid of them now in Colorado.

Meanwhile, the evacuees sit still and smile. The Native Sons of the Golden State charge that if the Japanese are permitted to return, it will be an easy matter for them to count the ships leaving out ports for the Pacific war zones. They are quite confident that the Japanese with false bands and dark glasses will line the pier in coast harbors, abacus in hand.

Meanwhile, the evacuees sit still and smile. An editorial in the San Francisco Chronicle states that while West Coast boys are fighting the Japanese of Japan, the West Coast, so-called, is no place for those of Japanese origin. Individuals of Japanese origin are living in more than 40 other states.

Meanwhile, the evacuees sit still and smile.—Mantamar Free Press.

Farm Hands "There seems to be an adequate supply of help on farms in eastern and northern Colorado," Floyd K. Reed, agronomist for the Bureau of Agricultural Economics said upon his return from an inspection trip in that area.

Reed said regular workers drafted off by military service have been replaced to a large extent by Mexican nationals, prisoners of war and domestic supply of volunteers and high school youths.

Reed described crop conditions as "spotted but good," with an unusually large acreage of entire. Prospects for winter wheat are promising and a good yield of sugar beets can be expected, he added.

Excesses are still working on flood levees— notable in Greeley, Colorado and Brighton districts, according to reports.
