On The Other Hand—

By Roy M. Takano
The first step in not passing on your prejudices," Alvin W. Griffin of N. Y. U.'s education department admonishes, "is to know you have them."

On The Other Hand—

Following three years' schooling in the camps, the adjustments which a child of the third generation of Japanese must make are not without their difficulties. The eggshell of the projects, will present an absorbing study in human relationships, a factor which Miss Kaibara admits has been left out of our educational system which operates on the "factory" plan.

COMPENSATION SOUGHT

ICKES REPORTS ON RELOCATION WORK

Washington, D. C.—WRA's report to wind up its affairs before the war ends, made in this agency's annual report for the fiscal year ending June 30, released today, is being translated into action by a 100 per cent increase in relocation of evacuees over the past seven months. Secretary of the Interior Harold L. Ickes said. Secretary Ickes said that in the plan to work itself out of a job as early as possible by resettling the 60,000 evacuees remaining in its eight relocation centers, the WRA will be greatly aided by the recent War Department order which permits the great majority of evacuees to settle anywhere in the United States.

Report Given by Clapp

Boston—At least 10,000 evacuees are expected to settle in New England and elsewhere along the Eastern Seaboard, an important source of manpower for war industry and farms, Relocation Supervisor Roger F. Clapp told the Boston Herald last week.

DEATH THREAT TO RETURNED EVACUEES IN OAKLAND INVESTIGATED BY POLICE

Oakland, Cal.—Oakland policemen were called last week to investigate a telephone death threat to Kakuhiko Sadamune, 45, and his wife, Clara, who recently returned from Poston, in Arizona. Sadamune said the phone rang at 2:30 a.m. His wife picked up the receiver, and a man's voice said: "You and your husband are to get out of town, or I'll cut your throat!" The Sadamunes have three sons in the Army.

Have They Forgotten Their Secret Oath?

Editor of San Francisco Chronicle—The article concerning the departure of Miss Masako Takayoshi, Japanese-American nurse, from Seattle, conceived by pressure from a group of nurses who objected to working alongside anyone of Japanese ancestry, conjures an ironic picture. Is it not strange that a group who have taken the sacred medical pledge to serve all humanity exclude an individual, because of physical race characteristics, from serving with them? Susan Atkinson Fischer, San Francisco.

Georgia Iseii Farmer Praised By Neighbors

Atlanta, Ga.—"I'd rather be in an American prison the rest of my life than go back to Japan," declared S. Iseii, 60-year-old Iseii farmer who is busy raising truck produce on a plantation near White Oak, Ga. Right after Pearl Harbor his money was frozen by the government for about a week, but Camden county citizens vouched so strongly for his integrity that his fund was released.

MERCHANTS BEAT CASTLE ROCK, 38-31

Displaying a close defense and accurate shooting, the well-balanced Downtown Merchants dented a taller Castle Rock team in the first round of the Rocky Mountain AAU tournament by a 38-31 score. Jumping to an early 7-point lead, the nisei all-star aggregation never once relinquished the lead as they earned the right to enter the second round of the coveted class B title, last year won by the San Kwo Low Bears.
