AID: FAIR DEAL

Dis-harmonious, who still may be pipe-dreaming about the so-called \$400,000,000 indemnity, won't be satisfied with subsidies or tenor of WRA comments on the 21-point recommendation made at the Salt Lake City evacuee delegates' conference. The reasonable elements among the evacuees will recognize in the WRA's initiative suggestions contained in the replies this fact: that no governmental agency charged with various services give their attention to the empty or waiting demands from evacuees; and that there is no short-cut to securing the various types of services which they will need.

It was announced by Taki Domoto, Jr., chapter president.

Washington, D. C.—It seems unlikely that Congressional approval could be secured for a proposal that a special agency actually is needed. JEALOUSY, RIVALRY CAUSE OF PETITION

Chicago—Petty jealousy and economic rivalry on the part of a few local critics in Shelton, Neb., area were apparently the causes leading to the circulation of a petition recently signed by 91 persons to discourage immigration of Japanese Americans into Platte River Valley, Miss. Prudence Ross of the WRA office here said yesterday.
