BILL TO CURB  
ISSEI FISHERIES

Sacramento, Cal.—The state assembly on April 20 passed and sent to Governor Earl Warren for his signature a bill entitled the State Fish and Game Commission from issuing sports and commercial fishing licenses to persons ineligible for citizenship. The bill was introduced by Senator Donnelly of Turlock, and is aimed at preventing Issei from operating commercial fishing boats.

**\$200,000.000 Property**  
Honolulu, April 20.—H. D. Johnson, mathematics and physics professor at the University of Hawaii, told a large gathering at the university on March 2 that the removal of 113,000 people of Japanese ancestry from the West Coast in 1942 was largely based on selfish economic interests using race prejudice as its weapon. He declared that the evacuees, over 100,000,000 in property and that certain anti-Japanese groups have already appropriated much of it.

## JOHNNY-COME-LATELYES

Sound business investment advised for the dispossessed evacuees, who managed to save their money before they arrived, is hard to come by today as an extra "A" gasoline coupon.

How many of them are staying the country on their own in an effort to find modest, but sound, proprietor-entrepreneur establishments, only the WRA may know. They are Johnny-come-latelyes on the scene. They are trying to start the cleaning, dusting of the camps by re-establishing themselves before next winter.

These are not the people who can be tempted to take the run of the mill employments offered today by the relocation offices. They need the special kind of counsel which perhaps, no single Federal or local agencies are providing.

The resettlers are anxious to establish themselves in their own business; but they are apprehensive about seeing their hard-earned pre-war savings wiped out by riding in, as it were, on others' inflated buyers' market, only to find substantial white elephants on their hands after V-E or V-J days.

COLORADOANS DONATE  
TO CITIZENS LEAGUE

Salt Lake City—Treasurer Hito Okada of the JACL last week reported these Coloradoans as having donated to the League: Mrs. I. Ozamoto, \$20; Denver; Robert Hiramoto, \$10; Hoechler; Jimmie Kanamitsu, \$11.50; Longmont.

SAY SANSEIS TO BE  
MORE ASSIMILABLE

San Francisco—Belief that the niseis will be much more assimilable than the Issei was expressed yesterday by Miss Noriko Sawada, WRA office receptionist. It is her belief that the niseis will feel particularly nostalgic in comparison with the Issei. With them, as with other newcomers to America, it is the familiar story of progressive adjustment to new standards.

She thinks only a part of the relatively small group will return to the coast. She cites the case in San Francisco where Japanese Americans had owned 140 parcels, of which 28 were occupied by houses; while there were 6200 living here before the war.

HOUSING PROBLEM  
FOR RESETTLERS

New York City permanent homes must be found before the end of the year for 55,000 Japanese Americans who have been housed at War Relocation Authority Centers in the Western States, the Rev. Tora Matsumoto, director for resettlement of the Home Mission Council of America, told an audience of New York social workers yesterday.

Mr. Matsumoto said the exodus would be accelerated after June when the schools were closed at the centers, which themselves will be closed within nine months.

He pointed out that the Japanese Americans traditionally had cared for their own but that education had destroyed the economic foundation for self-sufficiency.

Harold S. Choute of the Washington staff will direct the middle Atlantic area, with headquarters in New York, to take a new assignment as special relocation office detailed to the San Francisco area director, Malvina E. Pitts, acting director of the War Relocation Authority, has announced.

Wash. D. C.—Lou T. Simmons has been transferred from his post as acting relocation supervisor of the middle Atlantic area, with headquarters in New York, to take a new assignment as special relocation office detailed to the San Francisco area director, Malvina E. Pitts, acting director of the War Relocation Authority, has announced.

Nathaniel A. Snyder, relocation adjustment adviser for the Middle Atlantic area of the Authority, said the problem was to provide "opportunities for normal living."

Joseph Platzker, director of the City Council, Brooklyn, N. Y., reported that he had located land to find living accommodations here "for more than 1,000 loyal Japanese Americans."
