DILLON MYER RAPS COAST AGITATORS

Seattle—Promoters of anti-Japanese American organizations, particularly those asking membership fees, were rapped last week by WRA national director Dillon Myer here. "It is quite evident the promoters want to take money regardless of how they may affect the country," he said.

WAITS ARMY CALL

San Francisco—Sumio Ito, nisei rancher who was a recent victim of an Auburn terror raid, is awaiting a report on a pre-induction physical examination taken in Sacramento. He was the principal prosecution witness in the trial of three men who were acquitted on arson trial.

On The Other Hand—

By Roy M. Takano

JOURNEY'S END

It was well-nigh toward the eve of the ignominious death of Mussolini that the nisei troops were switched back to the Italian front in the Franco-German line. And that was of some significance, when we look back upon the inter-related incidents.

Some of the remnants of the original 442nd Combat Team which fought in Italy and convalescing now at Camp Carson, near Colorado Springs, may be seen walking down Larimer Street here on their 48-hour passes. These Hawaiian nisei boys, and their buddies who lie in the hastily erected cemeteries dotting the west coast of southern and central Italy, cannot have realized when they enlisted and shipped out of Hawaii, that they would have a part in bringing about the miserable downfall of the ill-fated II Duce. Today, only a skeleton force of that original combat team remains still fighting in Italy.

These boys, and the niseis from the mainland who comprise that contingent, are still fighting as of the moment of this writing. Once more, the daily casualty listings of the niseis in Italy, are running high; and it may continue to run high until the last full measure of the "old man" has been spent; the remnant Fascist-Nazi forces in Northern Italy.

SEEKING WORKERS

Poston, Ariz.—Twelve men are wanted for the U. S. foundry, and 20 turret lathe operators are wanted for a machine shop at Denver, Colo., according to Harley Asari, former resident of Unit 1, who is here from Denver.

20% Favor, 20% Oppose Evacuees' Return

Twenty per cent of the West Coast people today are angrily opposed to the return of the evacuees, Carey McWilliams states in the PM newspaper, New York.

About 20 per cent are actively in favor of their return and the remaining 60 per cent are indifferent, or inclined to be fair. The author suggests that the hostile 20 per cent be whittled down appreciably, and eventually eliminated if the forces in favor of their return speak out boldly, take firm position, then organize to defend this position now.

Perfectly Plain?

"Now it is assumed that you will have a spasm over the verdict of the jury acquitting the Auburn boys (in the Do case). Well, have your fun. But you can't get away from the fact that this verdict makes it perfectly plain to you, to Mr. Ickes and WRA, that the people who have had members of the Japanese race with them long enough to know what they really are, do not want them to return."

CONVALESCENTS

Baron H. Beshaw of the Rocky Mt. News yesterday told the story of two nisei war veterans, Staff Sgt. Henry M. Goshu of Merrill's Marauders in Burma and Pfc. James Yura of the 442nd Combat Team. Both are convalescents at Filizsimons Hospital.

16 SHOOTING CASES IN FOUR MONTHS

Washington, D.C.—The WRA has reported, according to C. A. Michie of PM newspaper, that between Jan. 2 and April 22, there have been 16 shooting incidents in California.

REPEAT PATTERN

"The exclusion of each group has, in turn, merely resulted in the importation of some other group when the next emergency developed. Thus the exclusion of the Chinese was followed by the influx of the Japanese; the exclusion of Japanese by the importation of Mexicans; by the exclusion of Mexicans by the influx of the so-called 'Okies' and 'Arkies.' The same pattern is being repeated today (in California). For the exclusion of 110,000 persons of Japanese descent has been a factor in stimulating the influx of more than 200,000 Negroes."—Carey McWilliams in PM.
