## CLEVELAND JACD EXPANDS QUICKLY

Cleveland, O.—Rising growth of the newly organized branch of the Japanese American Committee for Democracy here is being emphasized here. It recently held a symposium on the subject, "What is the Employment Situation Among Issei and Nisei in Cleveland?"

Participants included Shochi Aizawa, employees and grievance committee member of the CIO local of the American Bifocal Co., with Mrs. Ann Kunitani as moderator.

## Prize Conciliation

Out of the Chicago Conference on Home Front Unity has come an admirable program of interracial conciliation which should be of benefit to the heart of problems—to the tensions arising from inequalities in housing, in recreation, in education, in educational opportunity. The charter of objectives is the work of our own citizens. What remains is to put the program into action.

It is noted that the conference included an interesting discussion on the Nisei's original report on restrictive covenants which the attorney would be the legal force in 1947. The Nisei community's present report was under the leadership of the Nisei Superior Council. The declaration on fair employment practice was effectively adopted. It is applied to unions and management.

Washington — Turkey available at Thanksgiving should add up to five pounds for everybody in the nation not counting stuffing and gravy. Agriculture Secretary Anderson said today.
