

Oct. 22, 1944

Hello Joe + Joe,

I just stopped studying my history to drop you a few lines.

See, I'm going to have 3 tests on Wednesday. History, English + Short hand. Gosh, I sure am scared of History.

We're going to have a foot ball game here in Mangum on Wednesday, too. It's going to be with Big Pine boys who are coming here to play. They are having a six man tackle game and the "Boys of Mangum" actually have uniforms. Some camp in Arkansas closed so they gave their uniforms to the Mangum boys.

The uniform color is yellow + black. They have helmets, too. Man do they look silly. Just the way you used to look, Joe.

A lot of people are coming home from Furlough + they camp is getting large again. Oh yeh this camp is going to close for sure. If we don't get to go back to Sid. I guess we'd better start planning to relocate.

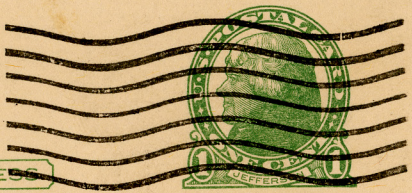

Last night we saw Alan Ladd, Veronica Lake, Brian Donlevy in the "Glee Key." next week we're expecting to see Henry Aldrich, Well I guess this is about all for now. Well, so long,

P.S. How are <sup>Just</sup>mas the pictures? or did you get them back yet from the drug store?

P.S. Received bulbs if they are okay, also sent book to Daisy. Go long.
