

Dear Joe

We recieved your letter which you wrote on Mar 5th.

How are you feeling O.K? you did not say anything about your health this time. Please take good care of yourself and don't worry about us.

We are very well, of course I don't know what is going to happen tomorrow, but I believe God helps us always as you know.

Joe, you told about your job this time, but I think it is too much for you. So papa says that he will send \$60 for this semester as soon as possible.

Please don't take ^{the} job this time. Mr Fertig sent the Japanese book last week. It is not the same to which you were using before. But it seems nearly ^{the} same. I sent a post card to Mr Fertig to thank him for it. If you need it right now I will send it, but if you aren't going to be using it, I would like to see it until you want it. What do you think about it?

Here's Mr Fertig's address.

120 No Sanpedro St,
Los Angeles Cal,

Joe, I forgot to answer about the suit cases. You don't have to send them back because we can use ^{the} trunks if we need any, but there are no rumors about moving now. Every day many young people are going out.

(back)

of ^{the} camp. Well, I'll close today.
I think Lawrence & Masako will write
on the week end. Please take
good care of yourself. I say again.
good bye

We are sending you the Mather,
letter which came from ()
Wisconsin.

Hi Joe!

I still don't catch on to
that joke about the farmer.
(I guess it's too deep for little girls.)
I went to the show & saw
Sun Valley Serenade. Super picture
