Dear Joe,

How are you? we are all fine and hope you are the same.

Thank you for the post card. Today we are in with bad weather as it is just as dusty as it could be. The sun is shining but it doesn't look half as beautiful as on the warm days. Yesterday was also the same way.

On Saturday there was a wedding at the buddist church. One of our kitchen workers got married. If you can remember he was a bachelor by the name of Hataka. It was a real simple wedding. Also there was a shave at 19 kitchen. The

Name of the picture was: "The Road to Singapore" also with a popeye cartoon.

Also we had a picture in our block. These pictures were not the regular kind of movie films. These pictures were taken by Joe Lani and they really were good.

We managed to get this picture for the little kids in our block. The little boys. If you remember, the ones that were playing for black & P. Benny Goshwara

organized this club.
 Since the boys were
 starting to reform and
 not swear he decided
 to have the movie.

The pictures are really
 interesting because it
 shows the district
 near Venice and also
 in Venice. Next Sat-
 urday we are going to
 have another one
 about ocean park &
 Venice pier. Boy but
 that's going to be inter-
 -esting. Tonight we are
 going to have a show
 in our kitchen. Its
 going to be "Who Done It"
 with Abbott & Costello.
 We hardly have shows
 that are good but

I guess we shouldn't yell about. Can you buy candy & gum out where you are? Teresa wrote and said it was awfully hard to get gum and candy at home.

Right now I'm in study hall with nothing to do but write to you. I

have all of my home work finished so far.

This semester I didn't take no elective so I only have my required subjects. Those are Math, social Living, gym science. That's all because school's getting pretty hard especially with a lot of competition.

I should have took algebra last semester but I guess I didn't know what I was really doing. Now I'm really sorry. I don't know if I'll really be able to go to collage.

How I wish I could get out of this corny camp and be with you. Have you seen Mr. Takekura yet. He's living someplace in Melrose park.

Last night I ate at kitchen 20 because 14's was lousy. They had roast, potato (mashed), salad, rice, and atsukomono.

Do you ever get hungry for Japanese food. The kind of things like gobaun and okaki? W. you get a chance to eat it?

about the wrong
address you were
the one who gave it
to us by mistake.

They ^{are} fixing the streets.
They are plowing and
smoothing them down
but they haven't taken
any dirt to put on the
streets as yet. As I
told you in the last
letter that I have a
new teacher from the
south she is very very
interesting. Today she
told us quite a bit of
jokes but one Friday I
heard this joke.

There was a math
teacher assigning
problems to the child-
ren in class. Here's
how the joke goes.

Teacher: 7-

Now you do number 1
on this page and you
do number 2 on the board
on the same page and the rest
of the class ^{do} yours in your
seat.

Teresa sent up this one.
It by did the moon cut
off his arms.

Because he wanted
to learn how to play the
piano by ear.

Have you heard any
funny jokes lately?

You sure are lucky to
get to ride a bicycle
around. Gee if I had
only saved mine and
not sold it, and also
the washing machine
must really be handy.
Do you like to cook?

We are all glad that
there is plenty of milk!

for you. I drink 2
glasses of milk daily.
The other day I told
momma to cut my hair
but she wouldn't so I
to a hunk of my own
hair and chopped it. Boy
not looking at it and
accidentally cut off 2
inches of my hair boy
I sure looked like a
mess. So long.
