Joe I am sorry you got flu again.
How you feeling now? are you still well?
Did you absent from your school while
you were sick? I was flu too.
I couldn't get up almost one week, but
now I am alright. We (14 3rd residents)
went to the field few miles south of
camp, where fire destroyed 2 miles square,
6-7 feet tall weeds burned and new short
grass grow like lawn. It is so nice.
I stretch my body on the grass and look
at blue sky for a while. I walked about
two miles along the creek. Fukuda the
fat guy you know, he caught few
trout. Lowry could get none. I wish
I trip once a while. Manzanar climate
is wonderful. One month ago I thought
best time in the year, but still we have
best climate yet. We don't use stove
for a long time. Maybe we don't need until
this winter, last year oil delivered May
15. You remember. I heard that there
are bad feeling against Japanese.
We must remember this there is never
better feeling to us until war ends.
We expect more more worth than ever.

2 specially paper & politicians talk
big loud and try to rise high morale,
I glad you had good easter service too
There were 100 people over the creek
in the morning Mr Merritt and other
officials joint to the service, I couldn't
go. Food is O.K. not much difference since
you left here? I believe you receive the
money that is part of clothing provide
We got \$72⁰⁰ altogether. It's not bad eh?
I think this year wind not so hard
like last year. I think manzanar is best
place among the camps. I don't think
we would move other place or at least
we wish not. Dike mama came & told
that Dike caught by drunker and forced
to ask that you Jap or Chinese, is that right?
Did you hear about (Doshio die) 15 years
old brother of Shiguo who is now working
with Takemura san. He is said to
be buried under cave in. Sorry! very sorry
How. Shigesan (mama) and Shiro san are
sorrowfull. This is greatest traggy in
their life. We can tell what happen in

Tomorrow, Shigeru Yamamoto. you know
He crash other boy when he play baseball.
He was almost 12 hours unconscious.
He became better now, but need few
weeks until recover, one child 2 years
old is serious condition on account of
run over truck. This is all manzanar
case. This is so called Rafty zone, but
some boys met traggy last december.
A moving picture stage is start 14
fire flake. We are soon be enjoy the
picture or phonograph again. Now is
very good time if there not storm.
Judo now open every nite at 10 o'clk.
Now, Kendo (fencing) house is start to
next gokaiشو under big tall tree.
Are you going to miss Elise this summer?
You better write to her once a while.
She is nice lady. When you got time
you better call Mr. Temple too.
Don't forget their favor which
you received from them. This is
most beautiful character of our country.
Yours, Daneyama
